HAPPENINGS ABOUT TOWN

Little Local Lines

—Road Gough's advertisement in this issue in his regular space.
—Bluestone for spraying 10c a pound at Higinbotham's.—24-3.
—Men's Fancy Bosom Shirts, varied enough to fit all fancies. 29 doz. at Gough's Clearing Sale at 25c.
—30 gross of wash ties four-in-hand or string, generally sold at 15 cents each, on sale Saturday at Gough's for 5 cents. See window display.
—By a regrettable error of the compositor, the title "Mr." instead of "Dr." appeared in the heading of Dr. Herriman's letter in last issue.
—Paris Green, Bluestone, Hellebore and Insect Powder are fresh at Higinbotham's.—24-3.
—The Citizens' Band is again disorganized and the committee will conduct an investigation.
—Col. Hemming of Kingston inspected the local militia yesterday and will review the L.C.I. cadets this afternoon.
—Fenelon township bought a steel road grader from the Good Roads Company of Hamilton. Fenelon is waiting for the county roads to be laid out.
—Prakeman W. F. Kerr, had two fingers of his left hand taken off Friday while coupling cars near Beaverton.
—The county council began its summer session on Tuesday. The chief proceedings will be reported in the next issue.
—Dr. Broad wishes it said that his stallion Knight of St. Andrew's has been killed in an accident. Particulars are not at hand.
—Mr. R. J. McLaughlin is among the batch of K. C.'s appointed the other day by the Lieut-Governor of Ontario. Congratulations.
—The county council committee for the election was called for yesterday, but the members will tell you all about the horse race.
—A rig coming down from the race yesterday ahead of W. H. Simpson, turned a corner suddenly and had a rear wheel shaved off by Mr. Simpson's nifty buggy.
—The assize court was in session before Judge Dean on Monday and Tuesday. The only case was that against B. F. Jewett for keeping a gambling house. It was adjourned on account of absent witnesses.
—Heavily poisoned is what our Paris Green is. 25 lb 3 lbs for 75c, 5 for \$1.00. A Higinbotham's.—23-3.
—The citizens of Bobcaygeon will honor Mr. J. Carnegie, member-elect for the Legislature for East Jersey, a reception on Wednesday evening next the 18th inst.
—Beaverton Oddfellows' Excursion on Wednesday June 12th to Muskoka. Special train leaves Lindsay at 10 a.m. Adults, \$1.45; children 75c. Tickets good return following day.—23-2.
—Of the humorous literature published in recent years those Post-captains of the local politicians, make about the best example. The message that inspired them should mainly be suppressed by unanimous consent of both parties. They are meretricious Post absurdities.
—The body of St. Andrew's church was well filled on Tuesday evening to hear Mr. Macmillan lecture on London and Paris. The lecture was entertaining, instructive and an hour and a half long. Mr. Donnell moved, Mr. N. F. Black seconded a vote of thanks. Mr. D. R. Anderson was in chair.
—Architect Miller of Toronto estimates that a library building such as Carnegie's plans call for, will cost \$1,000 exclusive of all moving expenses. At \$10,000 the building would be smaller and without a proof vault. On Monday night the board decided that the estimate be revised.
—Government standard and our committee is the kind of Paris Green sold at Higinbotham's.—24-3.
—On Monday afternoon Mr. Jos. Adams an Ops farmer left his team in front of the Flavell mill. The wagon were several bags of manure and Mr. Holmes' 8-year-old horse, the harness ran away, and into McConnell's yard. Here the horse broke from the wagon. The girl was thrown high in the air and heavily to the ground. She was seriously injured. The horse and whiffletree, overturned and came to a standstill in the road.
—176 dozen of collars, stand up, down, roll or plain bands and the latest shapes and styles on Saturday at Gough's at 5 cents each. See window display.
—On Saturday last the board of Farmers' Union Mutual Fire Insurance Company in this county, passed \$200,000 of business that had been obtained in one month.
—At a meeting of the water commissioners on Monday afternoon, the report on the recent fire was read. After considering the board decided that the chief cause for failure to have water promptly lay upon the fire department, which sent no alarm to the house. The superintendent's order to make the engineer under criticism but it was decided that not been made aware of the fire, he did not understand Mr. Ferguson's orders.
—On Friday of last week a strong detachment of the delegates attending the Ontario Historical Society convention at Peterboro, arrived in this town. They made the trip from Hamilton by water and were greatly pleased with what they saw along the shore. Most of them took the 8 o'clock train for the Onabec town, but several remained for the night at the Collegiate Institute where Mr. Burham spoke on "The Fenel of the Huron-Iroquois." Mr. Frank Yeigh on "Historic landmarks of Ontario." Quite a good audience heard these speakers.

Little Local Lines

—Turnip Seed! Turnip Seed! Turnip Seed! Every variety at Higinbotham's.—23-3.
—Mr. J. C. Grace's new cottage at Sturgeon Point is nearing completion. It is a very fine residence.
—Remember the Collegiate Institute excursion to Fort Perry on steamer Kenosha. Boat leaves locks at 8 a.m. sharp.
—A fairly large crowd went on the Kenosha to Sturgeon Point on Tuesday night, under the auspices of the Collegiate Institute cricket club.
—The entrance examinations will be held on Wednesday, Friday and Saturday, June 15th, 27th and 28th. Thursday the 26th being a public holiday.
—The Salvation Army will run their annual excursion to Chemong Park on Friday, June 13th. Every-body is invited to take in this delightful trip. Boat leaves at 7.15 a.m.
—Mr. Jas. Dean, local agent for the Metropolitan Life Insurance Co., has for some time been among the most successful among the agents for that company in the Toronto district.
—Building lot 56x196 for sale on Peel-st west, well drained. On the lot is a new stone foundation 24x32 and 81 back. This lot will be sold cheap if taken at once. Apply at this office.—24-3.
—In a few papers of this issue the heading of the report of the council meeting at which the rate for the town was struck says it was fixed at 18 mills. That is a mistake: the rest correctly read 27 mills.
—The statement in last issue that Mrs. Hyames was in charge of the dining-room of the Kenosha should have been that she was employed by Mr. Fred Taylor of the "Big 20" who has charge of the dining-room and booths on the boat.
—Messrs. Harold Woods of town and Geo. Taylor, fourteen years with the Gurney Stove Co., have purchased the business of Mr. Geen and will open out in a few days in the old stand, Kent-st. with an entirely new stock. A share of public patronage is solicited. Attention is directed to their advertisement in another column.
—Mr. Malcolm Myles of Hartley had his residence and barn struck by lightning on Thursday, May 22nd, and a good sized storm squall blowing from the east, the family escaped harm. The end of the barn was completely wrecked. Mr. Myles had a policy in the Farmers' Union Mutual and secured a highly-satisfactory settlement.

The end of the barn was completely wrecked. Mr. Myles had a policy in the Farmers' Union Mutual and secured a highly-satisfactory settlement.
—The Boston Bloomer Baseball team played the locals on Saturday, before about 500 people. The girls were clever baseballists and but for one of their number having been hurt which made it necessary to put a local youth on third base, they would have put the Lindsay nine out of business. As it was the score stood 7 to 3 in favor of Lindsay with part of an innings to spare. The catcher for the visitors was man. The girls wore red suits and the readiness with which their unusual costume was forgotten by the spectators, easily proved that appropriate feminine attire is wholly a matter of custom.
—Turnip Seed—we have them all—Elephant Jumbo, Hartley's Bronze skinned, Bangholm, Sutton's Champion. A Higinbotham's.—23-3.
—On Saturday Mr. McDonald, a young man recently come to town, and an employe in the Rider and Kitchener excelsior works, had his hand badly jammed in the baling machine. A part of the machinery dropped down in front of the plunger that packs the excelsior into bundles after the manner of a hay press, and as Mr. McDonald tried to pick it up the plunger caught both it and his right arm and hand. The result caused by these caused the driving belt to leave the pulley or the young man would certainly have been badly disabled. As it was the hand was severely crushed and cut.
—Among the names of successful candidates at the recent examinations at Toronto University, those of the following ex-students of Lindsay Collegiate Institute appear: Graduates in Arts: Mr. A. G. Stacey and Miss M. A. McDonald; second year in Arts: Messrs. G. H. O'Leary, W. H. Vance, J. G. Workman and Misses H. G. Buck and A. L. Ward; first year in Arts: Misses M. A. McLaughlin, and S. C. McKenzie and Messrs. Fred Hopkins and P. B. McFarlane; second year in medicine: Messrs. A. L. Hore and J. W. Breen; third year in medicine: Mr. G. E. Greenaway; commercial: Mr. Clare Sootheran.
—The horse race yesterday for \$100 a side between Bert Weese's horse and a mare belonging to Mr. Brown of Fenelon uncle of Sam Brown, had been on about a minute when it wound up in one of the nastiest accidents ever seen on the Lindsay track. After some scoring the horse got away well together, the Weese horse at the pole with Bert driving. Geo. Curtis drove the rods gained a little on the pole horse. Then they drove too close together and at the northwest corner the wheels locked and a moment later sulkies, horses and drivers were mixed up in a heap on the track. Geo. Curtis was seen to fall inward between the struggling horses. He lost the lines and one shaft. The rig righted on the way back on the north side and just as she reached the gate the mare was caught by being headed against the fence, which at first she seemed inclined to take. She was only scratched a little. Meanwhile Bert Weese's horse had got behind with water and were greatly pleased with what they saw along the shore. Most of them took the 8 o'clock train for the Onabec town, but several remained for the night at the Collegiate Institute where Mr. Burham spoke on "The Fenel of the Huron-Iroquois." Mr. Frank Yeigh on "Historic landmarks of Ontario." Quite a good audience heard these speakers.

—The Cheese Board held its first meeting on Monday morning. Buyers Flavell and Fitzgerald were present. The former bought Cameron 42 boxes, Janetville 28, Pine Grove 25, Bobcaygeon 85, Palestine 28, Mariposa 90, and Red Rock 62. Mr. Fitzgerald got Star 56, Dunsford 70, Omamee 98, North Ops 18, Reabro 120, and Maple Leaf 40. The price was 94 cents. It was decided to recommend Maker Hall of Cambray to the association as instructor for this county.
—The closing exercises of the Collegiate Institute will be held on Friday, the 20th. Hon. Clifford Sifton, Minister of the Interior, will be present and lecture on "Boundary Questions Between the United States and Canada." The other exercises will be very interesting. No admission fee will be charged but the public is cordially invited to attend this important event in the course of our leading educational institution, and to hear one of Canada's leading statesmen, the Minister of the Interior.
—The G. T. R. are rapidly completing the demolition of the big Morrison grade between Beaverton and Lorneville. For a distance of nearly a mile the earth has been removed full width of the railroad allowance with an additional 50 feet purchased from Mr. Morrison. The grade has been lowered by some 15 feet. A steam digger with a large gang of men are rapidly completing the job after which we understand they will attack the town line Eldon grade which is also to be levelled.—Express.
—A 16-page pamphlet entitled "Concerning McMaster University" has been published. It contains extracts from two papers read last December at the first Alumni Conference of the University. The passages contain the testimony of professors of post-graduate colleges, Mr. Charters, principal of Hamilton Model School and also of graduates of McMaster, that the broader arts course of that college has put its students at no disadvantage as beside those who have read the narrower specialist courses of sister schools.
—On Sunday afternoon Mr. Harry Times and Mr. Allan Dougal of the Bank of Montreal staff left Sturgeon Point for Lindsay in a canoe. Off Pleasant Point they hoisted a sail which quickly overturned their craft. It had air-tight compartments and an hour later floated ashore with the boys clinging to it. They again set out and reached town just as the Laura Mac was about to leave to look for them because of their failure to arrive here so long after a telephone message said they had left the Point.
