ARTICLES FOR SALE

CREAM SEPARATORS.—A good Separator, will add at least 25c. a hundred to the value of your milk. Then there is a saving in labor and the satisfaction of knowing that you are getting all the butter. Can you afford to care for, feed and milk cows and then each day lose 25 per cent. of the fat produced? Many people hesitate to get a Separator because the old style complicated machines are so hard to clean. But the new Sharpless Tubular Separator entirely overcomes this difficulty, and notwithstanding the fact that there are no discs, zig-zag plates or other contraptions in the bowl, it is absolutely guaranteed to skim clearer than any other make of separator. A free trial given. Come and see the machine in operation any time on my farm adjoining Cambray or at Massey-Harris shop, Lindsay. Send post-card for descriptive matter and price list to P. J. WILKINSON, Cambray, or to GEO. HUNTER, Lindsay.—4-6m.

North Victoria Agricultural Society

The annual June meeting of the North Victoria Agricultural Society was held at Kirkfield on 6th inst. From the volume of business transacted by the well attended board of directors, the cheerful way they did it, their buoyant discussions, a prosperous fair is the outlook for 1902. The prize list was duly revised, and many other improvements calculated to boom the society for next year were pleasantly approved. Don't forget the date, Tuesday and Wednesday, the 23rd and 24th September next; the two days in which the people of the north take part in the two days that all factions of partyism, all arguments, strifes and comment are brushed away, and a sturdy yeomanry of the north, the sons and daughters, drive to the fair to meet as citizens, competing Britons with a smile and a shake according to the style of the age.
