Commissioner P. O'Neill  
the other day to explain  
the order to have the face of  
the walks plastered was not  
to him, as stated in these  
last week, but to Chairman

County of Victoria Histori-  
society tender thanks to Mr.  
Lyle of The Watchman-Wardee  
for a parcel of old receipts dat-  
ed back to 1857. Other old re-  
ceipts and documents will be gladly  
sent to W. H. STEVENS, presi-

his recent fishing exper-  
ence. Durrons used trolls with  
various baits. He caught one  
that was on the troll with  
various bait. Since coming  
the doctor has had a bait made  
of 1/2 inches long, and hooks and  
line to match.

Monday of last week Thos.  
and H. Westcott were  
at a barn belonging to Mr.  
Harlock, on the 10th conse-  
quently. The rope holding  
the support slipped and they  
fell to the ground. West-  
cott's arm was broken, and  
Harlock had three ribs fractured.

The 10th Victoria Regiment left  
Kingston on Tuesday

fully equipped. Headed by the

middle of the muddy  
road, as Major Sylvester is  
to have said, that there  
was no leather-bed soldiers in the

—On Sunday Messrs Harold  
Woods and two other young men  
left Sturgeon Point for Lindsay in a  
canoe. In the middle of the lake  
the canoe was upset by the rough  
water. Two hours later they drifted  
ashore near Willock's bay in a  
badly exhausted condition. A valu-  
able kit of plumbing tools was lost.

—Orilia News-Letter: Mrs. C. Gill  
the tallest girl of her age in Canada  
was engaged to accompany the Wal-  
ter L. Main circus, and left town  
with the show on Saturday night.  
For some years Miss Gill has been a  
conspicuous figure on the streets of  
Orilia. She refused an enticing offer  
to go with Lemon's circus some  
years ago. Her salary is to be \$25  
a week.

**Monster**  
—A few days ago Supt. Regbie dis-  
covered a big leak in the water-  
main at the corner of Lindsay and  
Melbourne-sts. The packing on the  
under side of a 6-inch pipe was found  
to be entirely gone. The water was  
getting away into a tile drain at the  
rate of more than 100,000 gallons  
per day. When trying to make re-  
pairs, Mr. Dan Dunnegan had a nar-  
row escape from being buried by a  
cave-in.

**Celebration**  
—The Federal Business College is  
offering reduced rates to students en-  
tering the first week in July. The  
demand for instruction at this tho-  
roughly up-to-date school necessi-  
tates the abandonment of all thought  
of a summer vacation. These are  
the times when it pays to have a  
practical knowledge of bookkeeping,  
stenography and typewriting, and  
the Federal College is the place to  
obtain it.

**at**  
—The Toronto Independent Odd-  
fellows will run their annual excu-  
sion to Lindsay again this year on  
Aug. 3. Writing of that day Mr.  
Ernie Short says: "Why not have  
Lindsay's Civic Holiday same day  
as Toronto, Aug. 3rd? We expect  
to take nearly half-a-thousand ex-  
Lindsayites down to see you then.  
We are trying for a baseball team  
composed of ex-Lindsay players to  
go with us. I expect to be in Lin-  
dsay the latter part of this month,  
and would like to make arrange-  
ments for some sport in Lindsay if  
we can have the holiday on the same  
day."

**Lindsay**  
—On Saturday night Miss Scott,  
superintendent of the Ross Hospital,  
heard someone outside the large  
plate window of the operating room  
which is one the second flat of the  
building. It was found that a man  
had put a ladder up and was trying  
to enter the building. Miss Scott  
called the janitor, but the man had  
gone leaving the ladder. While the  
janitor went to get a lantern the  
ladder was taken down and laid on  
the ground. It is supposed that the  
intruder actually sought to enter the  
operating room and steal the very  
costly surgical instruments kept  
there.

**on**  
—At a special meeting of council  
on Monday night Messrs. Thos. Con-  
nelly and Robt. Spier were appoint-  
ed assessors for this year. Ald.  
O'Reilly opposed their appointment  
and pressed for the appointment of  
an assessment commission. Even  
though it cost \$1,000, the alderman  
believed it would pay. The crook-  
edness of the new walks referred to  
in these columns last week, was ser-  
iously discussed by the aldermen and  
orders given to have more careful in-  
spection. Chairman Storer was also  
reminded that he was ordered to  
have the face of the walks plastered.  
The chairman, moreover, warned up  
under criticism of his failure to put  
down drain pipes along the outside  
of the walks to provide outlet for  
the laterals underneath.

**Dominion**  
—Mr. Robert Campbell's many  
friends of this county will be glad to  
hear that he has been promoted by  
his company to a prominent posi-  
tion in the life assurance field. He

**Day**  
is now manager of the state of  
Michigan, for the Manufacturer's  
Life Assurance Company. Mr.  
Campbell lives in Detroit. In a let-  
ter he says he likes the city and has  
high hopes for his work. In an in-  
surance paper the company says of  
the appointment: "Knowing of the  
splendid work that Mr. Campbell ac-  
complished for the company in his  
late field, we are confident that he  
can rest assured of a most successful  
agency in this our first venture in  
the United States. During Mr.

**Wednesday**  
Campbell's inspectorship, his dis-  
trict made more progress than any  
other in which the company does  
business." Mr. Campbell's energy  
and tact are having a fitting re-  
ward.

west of Fenelon Falls. They belong-  
ed to Mr. Smitheram's son-in-law,  
Mr. Henry Paul, of the Falls, and  
agent for the Massey-Harris Com-  
pany. On Friday a telegram from  
Lakefield said that the thief and his  
goods had been located there. It  
seems that a suspicious character  
had been hanging round the locality  
for a couple of weeks, and living in  
an old house. He had been guilty  
of some offensive actions, and it is  
believed he ended up by stealing the  
horse and rig. The neighbors who  
had seen this man about, and knew  
of his nasty deeds, failed to report  
him to the police. That sort of  
oversight is becoming too common  
in Ontario, and the results are to be  
seen in crimes all the way from  
horse-stealing, up to the murder of  
Glory Whalen at Collingwood. For  
their own protection it is the duty  
of the people of any neighborhood  
to report to the police any suspi-  
cious characters that may come  
among them.

**St. Andrew's Church Sunday School  
picnic will be held on Friday, July  
3rd, at Washburn's Island. The  
Steamer Kenosha will leave the locks  
at 9 a. m. sharp, calling at the brick-  
yard wharf. All parties interested  
cordially invited.**

bray returned on Saturday, after  
spending a month with her sisters,  
Mrs. W. R. Willis, and Mrs. C. Cur-  
rin, Toronto.

—Mr. P. W. Train, of Toronto,  
paid a flying visit to Lindsay and  
Kinmount last week, on his way  
back from the Grand Lodge of the  
Canadian Oddfellows, at Kingston.  
—Rev. W. C. Beer, formerly Metho-  
dist minister at Little Britain, but  
now superannuated and residing in  
London, spent a few days in town  
last week with Dr. White, Mr. Beer's  
nephew. He was accompanied by  
Mrs. Beer.  
—Dr. John Perkins, brother of Mrs.  
Jos. Parkin, and his wife, sister of  
Mr. D. B. Anderson, who have been  
visiting in town for a couple of  
weeks, left on Monday for Edinburgh,  
where the doctor will pursue his  
post-graduate studies for the sum-  
mer. In the winter he will walk the  
London hospitals.

**Sporting Notes**  
—The Auburns of Peterboro played  
the local baseball team a match  
here on Thursday. It was a gentle-  
man's game throughout. Though  
the visitors failed to score while the  
home team made 5 runs, they took  
home with them the good opinion of  
all who watched the game. McWil-  
liams, right fielder failed to show up,  
and Mr. Geo. Little took his place.  
Miller and Cinnamon, the local bat-  
tery did fine work and were given  
excellent support. The weather was  
chilly and threatening, hence the  
crowd was small.

This is what the Porte Hope Guide  
has to say about the trouncing the  
lacrosse team of that village got  
from the Lindsay team here: "A  
junior team from Port Hope went  
out to Lindsay yesterday and were  
defeated by a score of 7-1. The  
boys did not expect to win but soon  
after the game started they began to  
realize they could hold their own  
with the Lindsayites. The first  
twenty minutes was fast lacrosse  
and ended 1-0 in favor of Port  
Hope. The second quarter was some-  
thing similar, but at this time Lind-  
say secured the goal and at half  
time it stood 1-1.  
Lindsay didn't like the look of it  
at all and went in the third quarter  
determined to win. According to all  
players it was a rough house time  
and Lindsay scored five in this  
quarter. Several times the Port  
Hopers threatened to leave the field;  
but as it was a case of "play or no  
money" they were obliged to bear  
the treatment. The last quarter was  
cut short to allow some of the  
Beaverton importations to catch the  
train, and in this quarter Lindsay  
scored 1 more.  
"It is doubtful if the referee ever  
witnessed a lacrosse match before,  
but there is one thing certain that  
he will never act for a Port Hope  
team again."
