They actually make new, learn they do that they do th

Most housewives judge the purity of a flour by its whiteness. White somehow signifies purity. But while pure flours are always white, white flours are not always pure.

Royal Household Flour is the whitest flour that is milled. It is also the purest. You may think the flour you are using is about as white as flour can be. Yet if you place it beside Royal Household Flour it will look yellow by comparison. Ask your grocer for Royal Household, and make sure that he understands that you mean it.

Ogilvie Flour Mills Co., Ltd.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never published before. Your grocer can tell you how to get it FREE.

arriving regularly.

It is nature's warning that something is wrong with the eyes.

Good eyes mean a living to most of us and can't be neglected.

An examination will show whether they are actually diseased or merely tired out. In either case I can look into your eyes and see what the trouble is and give you the advice you need. The examination is free.

C. Hughan, Optician and Jeweller.
