

Forced to Vacate from September 1st, 1906, to March 1st, 1907.

Reasons Why There is Another Downfall in Prices in Ford's Great Forced Sale Every Person Should Know These Facts.

THE constant readers of our announcements will readily know our position. We have no lease of this store from September 1st to March 1st and our Landlord says he is going to force us out, even for the six months, to give his new tenant possession.

At present the only available store will only hold about half our stock, and unless we rush out the goods before September 1st we will be obliged to pack half of it up or secure a larger store in another town.

These are stubborn facts which we must face and be prepared EVERYBODY COME EARLY AND OFTEN.

Time is slipping along and the only thing we can do is to Cut the Prices so deep that the people will relieve us of the goods

It's the wise buyer who will stock up on such occasions as this for our Store is a Veritable Mecca for Saving Shoppers, and everybody should understand the condition and thousands should appreciate the unusual opportunity.

We hold up a few sample prices which go into effect Monday morning, June 11th, and are good while the goods last.

The Fine Silk and Dress Goods will go at Sacrifice Prices.

QUEER EASTER CUSTOM.

The Way Filipino Penitents Torture Themselves. One of the many curious customs practiced by some persons in the Philippine Islands is the way in which they observe the week before Easter. For the Thursday, Friday and Saturday before Easter the streets or roads on the outskirts of some villages and sometimes the principal streets of the town itself are filled with crowds, who have come to see the natives inflict self torture. The willing victims are stripped to the waist, their faces are covered with a thick cloth and around one hand is a heavy hemp rope, with a cluster of from fifteen to twenty smaller hempen cords. To each of these is fastened a small piece of hard wood. The whole thing is just long enough so that when hung over the shoulder it will not quite reach to the waist. When the penitents are ready to start out a Filipino, who has been appointed as a sort of overseer, takes the flesh of the back between his thumb and first finger and cuts the skin with a long bolo. This is done all over the back. He then cries, "Alia, sigla" ("Go ahead"). Then the penitent begins to beat his back by lashing his cluster of little pieces of wood and cords first over one shoulder, then over the other, until the back is so lacerated that it somewhat resembles raw beef. All the while the onlookers and victims also are singing, or, rather, chanting, a most dismal, unearthly funeral chant.

FOR SALE

FARM FOR SALE.—West half lot 22, con. 2, Ops. 100 acres more or less, situated 3 miles west of Lindsay on Oakwood road. The buildings are first-class with all modern improvements. This is a rare chance to secure a first-class farm in a good locality. Terms for improvement in their position, as the desire to revel in the glamor of exciting and pleasurable sights. Stay home, youngster! You are a thousand times better off. The writer has had twenty-five years of Toronto, and after ten months of country life and a return to the city for the last two weeks I would not come back again to a kingdom. The awful struggles for place, and to keep up appearances is driving into bankruptcy and insanity. I notice hundreds of pale, wan girl faces, in the offices, on the streets, everywhere. Every nerve and muscle of the young man, or woman, is strained to the utmost in order to keep pace with the fast city life. Stay where you are, young man and young woman. City life is a mere bubble, a delusion, and a snare.—Methampton Beacon.
