ARE LUMBERING

SEVERAL DONGOLA RESIDENTS WORKING ON DRIVES.

Dongola, May 29.—On Wednesday, May 20th, Miss Alice Woodcock started for Shelburne, where she intends staying with friends for the summer.

On Tuesday, May 19th, the stork left a fine baby girl at the home of Mr. and Mrs. Jas. Rummerfeld. He hovered around the settlement somewhere, and on Wednesday, May 20th swooped down with another baby girl for Mr. and Mrs. John J. WeGee.

Miss Rose Quinn and Mrs. Alfred Lloyd, of Toronto, also Mr. and Mrs. Chas. McNichol and family, of Toronto, have been visiting their respective friends here during the holiday. Mr. and Mrs. McNichol returned on Tuesday and Mrs. Lloyd and Miss Quinn on Wednesday.

Some of the Dongola people were at the Pine Grove cemetery at Norland on Monday, as it was decoration day.

Robert O'Brien has gone to Haliburton, where he joined the drive of logs being taken down the Burnt River by Craig & Austin Co.

Willie Davis, Arthur Barkwell and Fred Pogue, started on Monday for Dudley township to work for Craig & Austin until haying.

G. H. Barkwell was putting in his crop on the McKee farm last week.

On Thursday and Friday this week most of the men in this settlement were at Kimmount loading ties for Mr. John Austin.

Mr. Robert Chadwick has been visiting at Mr. John Pogue's, but has now gone to Craig & Austin's.

Jas. Quinn, sr., Willie Quinn and Arthur Barkwell, were at Fenelon Falls on business last Tuesday.

Mr. Wm. Woodcock, Albert and Orval Woodcock and Ernie Fountain went to Corben's Creek, below Cobocok to fish.

There was no school here last Monday as it was Victoria Day, a day dear to all the loyal hearts around Dongola, although our late Queen in whose memory it is kept, has gone to her reward nine years ago. She will not be forgotten in many generations.

We are getting plenty of rain and we are again bothered with those "pesky moskitters." The trees are nicely leaved out and everything is looking spring-like now. The crops are growing rapidly.

Mr. G. H. Barkwell has cleaned up a new fallow of about three acres.

If The Watchman-Warder staff could have seen the traffic here last Sunday they would certainly think that "In the spring a young man's fancy lightly turns to thoughts of love," was true. Now when so many of the boys are away it leaves more driving for those who are left.

An Icelander plasterer was killed on the C.P.R. track near Kenora. A Calgary sectionman shot a tramp who insisted in breaking into the section house.

Crops Are Good Says a Former Manvers Farmer

Prospects for a bounteous harvest, which will probably exceed that of last year are now pleasing the farmers of Western Canada, and Mr. Simpson Shaw, of Gainsborough, Sask., is looking forward to a splendid year. Mr. Shaw is Grand Master of the Grand Orange Lodge in the Province of Saskatchewan, where it is making good progress and under the present regulations should rapidly grow in strength of numbers and worth. He attended the sessions held in Peterboro last week.

Mr. Shaw, who left Manvers about thirteen years ago to improve his position in the West, stated to a reporter that a higher standard was being demanded in accepting members, and a fine class of citizens were being received. The results would not be apparent for some years to

come, but the order would in a few years begin to appreciate a new strength.

CROPS ARE GOOD.

Mr. Shaw was not worrying about the weather or the crops. He was, in fact, well satisfied. The spring had been rather backward, but latterly the weather has been ideal, and growth has been rapid. There has not been a large increase in the amount of land sown with grain, but it will be sufficiently appreciable. Mr. Shaw is well satisfied with the West and looks forward to railway facilities and a general opening up of Southern Saskatchewan. The increasing number of farmers from the United States is still experienced, and they are proving good citizens and farmers of the most desirable type.

KIRKFIELD.

Kirkfield, May 31.—Kirkfield senior team had a fine practice of baseball last Wednesday night. Hope to have a game soon.

Miss Kate Weinnis and Mr. S. B. Elson spent the 24th of May in Bolsover. They report having a good time.

Mr. M. B. Connor spent his holidays in Little Britain.

Glad to hear that our boys won a number of races in Cannington on the 24th of May.

Some of our young folks are going to spend the 9th of June in Beaverton.

KICKED BY HORSE.

Mr. Andrew Ranson, of Minden, was kicked on the knee by a horse a few days ago, but is now able to be about without the aid of crutches.

MOVING TO FALLS.

Lindsay has lost many valuable and prominent citizens during the past few months, and is about to lose another well-known family in the persons of Mr. and Mrs. Thos. Sadler, and their little daughter, Miss Mona Sadler, who will leave next week for Fenelon Falls, where they will reside in the future. Mr. Sadler has accepted a position with the Light, Heat & Power Co., of Lindsay, at their power house in Fenelon Falls, and will commence his new duties in the near future.

Mr. and Mrs. Sadler have been residents of Lindsay for many years during which time they have made a host of friends, who will regret to hear of their departure. Mr. and Mrs. Sadler were members of St. Andrew's Presbyterian Church, and the congregation feel that they have received a great loss in their removal from Lindsay.

They will leave for their new home next week, and will carry with them the best wishes of a very large circle of friends.

ONCE GET A Lindsay team in the Mariposa league and then you'll hear a bouquet of rude jibes coming from Peterboro way. Let them throw mud! We don't care!

INFANT DIED.

The baby girl at the House of Refuge, for whom the Children's Aid Society were seeking a foster home and, for whom they have already had several applications, died at that institution Friday.

WILLIE BROWN INJURED.

Master Willie Brown, son of Mr. A. Brown, of the north ward, met with a painful accident yesterday by being run over with a team of horses and wagon, while playing on the street.

BROKE HER LEG.

Mrs. McGee, who lives about a mile east of Lindsay, fell and broke her leg to-day just before noon.

The ambulance got a hurry call to bring the injured lady to the Ross Hospital here.

How serious the injuries are have not yet been ascertained, but it is said that her arm was also fractured.

INSPECTED BRIDGE.

A deputation from the County Council were at the Mud Lake Narrows bridge on Thursday on a trip of inspection and to meet a deputation from the County Council of Ontario county. The Victoria county council have thought that Ontario county should assist in the maintenance of this bridge and the deputation explained why this should be done to the councillors from the neighboring county.

Those in the Victoria county deputation were: Warder Jordan and Councillors Graham, of Carden, Young, of Dalton, Howkins, of Eldon, and J. R. McNellie, county clerk and treasurer.

It is thought that Ontario county council will consider the proposition of contributing to the expense of maintaining the bridge in a favorable light.

A Camden, N.J., girl, who went to a magistrate for a marriage license, was married without her knowledge or consent to a man who accompanied her.

The International Fisheries Commission met at Washington yesterday to consider the regulations for fishing in the boundary waters between Canada and the United States.

A Leamington youth was fleeced of \$520 by Windsor pool sharks.

Miss Mary Parrott was found dead in her house at Guelph by neighbors, who had not seen her about for some time.

Mr. W. S. Alward's design for a memorial to Mr. Bell, the inventor of the telephone at Brantford, has been recommended by the committee.

The failure of the French postal strike has been followed by the breaking up of the General Federation of Labor.

The Canadian lumbermen are believed to have been drowned in Long Pond, near Ogdensburg.

The books of the United Copper Company, wanted in connection with the trial of F. Augustus Heinze, have disappeared.

The secretary of the London Temperance league condemns the old boy celebrations, and says it takes some time for the moral tone of the city to be restored after such gatherings.
