GRAIN FROM THE WEST.

Mr. Henry McCausland, of Ops, received a letter from his brother, in Manitoba this morning, and found enclosed a stalk of wheat a foot or more in length, grown on his brother's farm, near Turtle Mountain, in Bosavin. The seed was planted on April 21, and the letter was mailed on May 20. He states that the ground in the prairie provinces is very verdant and covered with the grain stalks shooting up.

BOUGHT ANOTHER STALLION.

Mayor Begg has purchased another fine grey French Percheron stallion from Mr. F. J. Sullivan, representing Souers and Sons, of Huntingdon, Ind., who has been in town for some time disposing of a number of first-class horses. He is a fine type of horse and is called Guelin. He is only a colt, three years of age and weighs 1800 pounds.

FOR REFORM IN SCHOOLS

THE MOTION

The following motion was carried at the public meeting held Thursday to discuss the building of new schools. The sum and substance of it is a request to the council, without going to the people, to pass a by-law authorizing the expenditure of \$15,000 for the enlargement and improvement of the Collegiate Institute.

Moved by Dr. Wood seconded by A. L. Campbell: That this meeting after hearing explanations of the board of education as to the requirements of the department of education in regard to the Collegiate Institute building, in order that it may be in a position to maintain its standing as an approved school, approve of the proposal of the board to enlarge the present building and erect a gymnasium, and would also respectfully request the town council to pass the necessary by-law for the raising of the amount required for the said purpose, forthwith.

About one hundred and fifty rate-payers, out of the 1,000 asked for, turn up at the public meeting Thursday. The meeting was called to give the men who pay the taxes an opportunity to say what was uppermost in their minds regarding the proposal to spend \$65,000 in the building of new schools. Quite a few of them did air their views and with one exception all were in favor of new schools. Some were in favor of building schools on the installment plan, a building now, another a year

or so hence, and more wanted the whole improvement plan to be started at once.

The motion passed by the meeting asked the town council to give \$15,000 for the Collegiate Institute improvements without asking the rate-payers to vote on it. This was because the repairing and enlarging of that school is an imperative and pressing duty.

The rate-payers will vote on the expending of \$50,000 in building three new Public schools, next January.

CANED THE POSTMASTER.

The staff of the post office, including the mail carriers at Peterboro, presented the retiring post master, Col. H. C. Rogers, with a beautiful walking cane.

FIVE YEARS IN "PEN."

St. Johns, Que., May 28.—Mr. H. P. Roy, late president of the defunct Banquet de St. Jean, found guilty yesterday of having sent false statements of the bank's affairs to the Finance Department at Ottawa, was sentenced to-day.

The evidence showed that Roy had loaded the bank up with notes signed by persons of little or no substance, his brother, C. S. Roy, who is indebted to the bank for about \$300,000, admitting on the stand that he was not worth, and never had been worth, more than a couple of thousand dollars. All this paper had been signed at the request of Roy. As it became due it was renewed, the interest being added to the principal. Though it was worthless, it was returned to the Government as current loans and discounts. After addressing the court for an hour and a half in his own defence, Roy was sentenced to five years in the penitentiary, the maximum term.

NO POLITICAL PARTY.

Peterboro, May 28.—At to-day's session of the Grand Lodge it was decided that a monster petition should be promoted against the proposed amendment of the coronation oath.

One item of business transacted by the Grand Lodge to-day which is of particular interest to members of the order was the decision to restore the blue and purple degrees to the ritual.

After a discussion that waxed warm and kept the Grand Master's gavel going frequently, the proposal that an Orange platform should be drawn up for submission to political candidates was snowed under to-night.

Deputy Grand Master Lieut.-Col. J. H. Scott moved that a committee consisting of the Grand Master, himself; Controller Hocken, of Toronto; J. Whitely, Grand Organizer of British Columbia; W. G. Webber, Grand Master, Alberta, and J. H. Delamere (Minden) Supreme Grand Auditor, should be appointed to draw up the platform for consideration at the next meeting of the Grand Lodge.

Col. Sam. Hughes, M.P., opposed the proposal strenuously. Political candidates should be dealt with, he contended, on their record. Personally, he objected to having any platform thrust upon him.

A delegate pointed out that in the case of Col. Hughes and Dr. Sproule they had established records, but it was desirable to bind new men to some principle.

NEW CARETAKER.

Mr. H. Sabin and family, of Newmarket, arrived in Lindsay the other day, and have taken up residence at the corner of George and Duker streets, where they will reside for the future.

WILL BE PATROLLED.

The placing of the steam yacht Navarch on the Bay of Quinte—Hudson game district route has released the Naiad, which will now do duty upon the midland district chain of lakes.

The course of the Naiad, which will be in control of Capt. R. W. Carson, will extend through seven counties and illustrates the wealth of the water routes in Central Ontario. The boat will start in Couchiching Lake, go down into Lake Simcoe, out by the Trent Valley Canal into Balsam Lake and on through Sturgeon, Cheong, Stoney and Rice Lakes Lake Scugog will be visited during the duck season.

The counties through which the Naiad will pass in her long winding course are: Ont., Ontario, York, F.-t. John, Victoria, Durham and Northumberland.

Dodd's Kidney Pills cured Dan. McGee's Backache

HE USED THE OLD RELIABLE KIDNEY REMEDY AND FOUND A SPEEDY AND COMPLETE CURE FOR HIS TROUBLE.

James River, Antigonish Co., N. S., May 28.—(Special).—It has again been proven in the case of Mr. Dan McGee, a well known farmer living near here, that backache is only a symptom of kidney trouble, and that Dodd's Kidney Pills cure it quickly and completely.

"I suffered from backache for two months," Mr. McGee states. "It started from a strain and grew steadily worse. I also had occasional attacks of lumbago. I was always tired and at times my eyes were puffed and swollen. In the mornings I had a bitter taste in my mouth.

"Then I decided to try Dodd's Kidney Pills and the result is that to-day I am a well man. I advise all persons suffering from backache or lumbago to use Dodd's Kidney Pills."

Mr. McGee caught his kidney disease in its early stages, and Dodd's Kidney Pills cured it almost at once. Neglected kidney disease develops into rheumatism, dropsy, bright's disease, or heart disease. Dodd's Kidney Pills will cure any and all of these.

PILES FOR FOUR YEARS

Only those who suffer from Piles can know the agony, the burning, throbbing, shooting, stabbing pains which the ailment causes, and the way it wrecks the sufferer's life.

Zam-Buk is blessed by thousands who used to suffer from piles, but whom it has cured. One such grateful person is Mrs. Elizabeth Taylor, of Greenwood Avenue, Toronto. She says:—"For four long years I suffered acutely from bleeding piles. During that time I spent an immense amount of money on 'remedies' and doctor's prescriptions but got no case. Zam-Buk was different to everything else I had tried, and it cured me. I am grateful for the cure, and as I have never had piles since, I know the cure is permanent."

Another thankful woman is Mrs. E. A. Gardiner, of Catalina, Trinity Bay. She says:—"In my case Zam-Buk effected a wonderful cure. For twelve years I had been troubled with blind, bleeding, and protruding piles. I had been using various kinds of ointments, etc., but never came across anything to do me good until I tried Zam-Buk which cured me. That this may be the means of helping some sufferers from piles to try Zam-Buk, is the wish of one who has found great relief."

Zam-Buk is a purely herbal balm and should be in every home. Cures cuts, burns, bruises, eczema, ulcers, blood-poisoning, prairie itch, sunburn, blisters, sore feet, summer sores, and all diseases and injuries of the skin, etc. All druggists and stores at spec. base, or from Zam-Buk Co., Toronto, for price.

TWO MEN DROWNED.

Halifax, May 26.—Capt. Hervey Hines, John Vanenberg, and a boy named Shaw, thirteen years old, started from Argyle for Yarmouth in a large sailboat towing a dinghy. A gale coming on, they anchored in the lee of Murder Island. At dusk the gale increased, and they attempted to put out another anchor with the small boat, when the latter upset and both men were drowned. The Shaw boy, alone in the large boat, could do nothing. The bodies were recovered and taken to Argyle.

NEW BRANCH.

The Winnipeg Telegram says: This week two large companies involving \$1,500,000 have been incorporated in Winnipeg. One company is incorporated at a million dollars and the other at half a million.

One company is the Sylvester Auto and Threshing Co., with a capital of half a million dollars. The purpose of the company is to manufacture threshing machines and engines of all kinds. The directors of the company are Robert Henry Sylvester, manufacturer; Richard Sylvester, manufacturer, Lindsay, Ontario. George A. Bull, broker; Edward James McMurray, barrister-at-law, and Thomas Kells Moore, student-at-law, all of Winnipeg.

Mr. Bull, speaking to The Telegram, said it was the intention of the company to erect a plant in Winnipeg and start manufacturing. He was not in a position, he said, at present to make public any of the company's plans.

The new company is a branch of the establishment now located in Lindsay, Ont. Recently the firm has placed on the market a combination thrasher and engine. It is understood the new company has been formed to manufacture the new invention in the West, and a big factory, it is expected, will be erected.

One Way Lindsay Is Advertised

The Canadian Newspaper Directory for the year 1909 contains the following reference to the town of Lindsay:

LINDSAY: Population 8,000, situated in the county of Victoria on the Scugog river, a link in the Kawartha Lakes chain, on the G.T.R. and C.P.R., 78 miles south-east of Georgian Bay and 70 miles north-east of Toronto; also 24 miles west of Peterboro. Telegraph and telephone exchange, banks. Chief industries: Flour, oatmeal, woollen, saw and planing mills, tannery, agricultural implement foundry, turbine water wheel foundry, saw mill machinery and other factories, lumbering and farming. The town contains six fine churches, a Collegiate Institute, schools, public buildings, opera house seating 800, hospital, house of refuge and a public library of 4,000 volumes. An ozone filtration and purification plant has recently been installed in connection with the waterworks system. The town has well-equipped fair grounds, on which a splendid county fair is held annually. SCRATCHED PIMPLE; IS DEAD.

After scratching a pimple on his face, Arthur E. Young, aged 15, son of Jos. Young, a farmer, near Brockville, contracted blood poisoning and died.

SENTENCED TO BE HANGED.

L'Original Ont., May 27.—Salem Asaly, a Syrian pedlar, who murdered his brother Joseph at Hawkesbury, in December last, was tried at the Spring Assizes here to-day. A mixed jury brought in a verdict of murder, with a recommendation to clemency. Judge Teetzel, of Toronto, who presided, sentenced Asaly to be hanged at L'Original, on July 23rd next.

The evidence showed Asalay was not demented at the time the crime was committed, but that he and his brother had quarrelled over the business in which they were partners. Asaly, who is only 22 years old, had his legs so badly frozen before being captured that both had to be amputated below the knees.
