

A Bargain Department

This is a new department—to be brief, it is a system of clearing out odd lines and sizes, also special lines of footwear that we may pick up from time to time.

The system of displaying these bargains enables you to make a selection at a glance.

All kinds of men's, women's and children's footwear are represented—nothing wrong with the quality but they're just broken sizes.

Call and see our new BARGAIN DEPARTMENT

Call often and you'll always find something new on display.

THE WEEK'S NEWS of the COUNTY and DISTRICT

From our own correspondents.

DUNSFORD
Dunsford, June 8.—Mr. and Mrs. Silas Thurston spent Saturday in town.

Mr. and Mrs. Ed. Woollard and son visited with Mr. Woollard's mother, Church-st., Sunday afternoon. Mr. and Mrs. Fisher, of Bobcaygeon, spent Sunday at Mr. John P. Kennedy's.

Miss Ada Webster spent the week end in Oakwood.

The excellent ice cream, etc., for sale at Mr. W. J. Thurston's Saturday evening attracted a large crowd. We wish Mr. Thurston success in this undertaking.

Mr. Beall occupied the pulpit of the Methodist church, in the absence of Rev. Mr. Wilson. The large audience paid the closest attention to Mr. Beall's discourse, which was exceedingly interesting and instructive.

REABORO

Reaboro, June 8.—The first game of the Pigeon Valley baseball league was played at Franklin last Saturday between Franklin and Reaboro. The game commenced at three p.m. It was an interesting game, and the Reaboro team won out 14-9. Our boys have made a good beginning and hope to keep it up during the season.

Among those who took in the ball game at Franklin from here on Saturday last were: Mr. and Mrs. Fred Hickson, Mr. and Mrs. Alf Brown, Mr. and Mrs. Elias Calvert, Mr. and Mrs. Endicott, Mrs. T. Downey, Mrs. J. McNeenan, Mr. T. Hawkins, and many others.

Court Reaboro C.O.F. will attend divine service here next Sunday evening.

We are sorry to learn that Mr. D. Rea, who has been ill for some time is at present very low, and the doctors hold out little hope of his recovery.

Dr. and Mrs. Snelgrove, of Omeeneau, paid our village a visit last Sunday.

Several of our young people intend taking in the Mount Horeb garden party next Monday night.

VALENTIA

Valentia, June 8.—Last Sunday and Monday being the days of our anniversary services, attracted large crowds to the village. On Sunday services were held in the afternoon and evening. Rev. Mr. Welch, of the Baptist church, Lindsay, gave two splendid sermons. On Monday the church was crowded at 2.30 p.m. to hear the entertainment given by the Sabbath school children. Too much credit for this part cannot be given to Miss Lila Sharpe, Miss Cornell, Mrs. A. P. Mark and Mrs. John Swain, who trained the children. As soon as the concert was over the crowd assembled on the ball field to see the battle between Little Britain and Valentia. About 4.30 the two teams lined up, and as they are old rivals the excitement of the rooters was at a high pitch. O. Heattie was on the firing line for Britain and W. Thompson for Valentia. Both pitched good ball, and Thompson, with a little better support would have held the score even less than it was. Valentia score most of their runs in the first two innings, and shut out the "Britains" for four innings, when errors by Gray, V. Suggitt and Perrin started the scoring. However the score ended very creditably for Valentia, 11-4. For the visitors Jack Ferguson in left field played a brilliant game. He fielded well, and ran bases well. McPhadden, Rogers, and O. Heattie, were also in the limelight. For our own boys, W. Thompson's pitching, H. Thompson's and L. Parkins' fielding were

features. N. Hicks did some splendid work behind the bat. After the game all went to the church lawn where supper was provided by the ladies. After supper the people gathered once more in the church to hear the following program: Selection by the choir, a recitation by Vivian Glassford, a selection by the choir and an address by Rev. Mr. Welch on "The Dreadnought Church." Mr. Welch's address, although shorter than intended, was listened to with much interest. A vote of thanks was tendered to the speaker and to those who prepared the program, by Mr. F. Hoare and Mr. J. Swain. The singing of the national anthem brought a very successful anniversary to a close.

Miss Adair, of Norland, is visiting her sister, Mrs. Arthur Swain.

Mr. W. R. Swain has been attending conference at Belleville.

Mr. and Mrs. R. Robertson, Little Britain, spent Sunday at Mr. W. Suggitt's.

Mr. John Swain, of Lindsay, is visiting friends here.

Miss E. Crozier, Scugog, visited Mrs. C. Crozier Sunday.

Miss Malcom, of Nestleton, is visiting friends in this vicinity.

Mr. J. Geroux spent Sunday in Valentia.

BURY'S GREEN.

Bury's Green, June 5.—The beautiful weather is much appreciated by all farmers in this vicinity.

Eden football club was organized last Thursday night. John Lawson, president; managing committee, Herb. Nichols, R. Junkin, T. Devitt; captain, N. Graham; secretary, H. Nichols; referee, Dick Junkin. A first-class ball has been purchased and from the attendance at practice games this form of sport promises to be very popular. The young ladies and older ones are much interested and offer an inspiration to the boys playing. We hope they continue to turn out. The club will be glad to arrange with neighboring teams for friendly games.

Mrs. Samuel Sinclair is recovering after a recent severe illness.

We are glad to know that Mrs. S. Pogue is convalescent.

Mr. Wesley Pogue has in his possession nine downy wild ducks about a week old. The eggs were found in a swale and set under a hen. He intends trying to domesticate the young birds, and will give the boys a shooting match in the fall if he is successful.

A partridge was found sitting on a nest of thirteen eggs in Mr. Joe. Pogue's bush. Kodak flasks after many attempts have secured the coveted photos.

Mushrooms were found in considerable quantity in this vicinity and many have had eaten them for the first time.

On Thursday of last week the second meeting of St. John's Guild was held. After the minutes of the last meeting were read and adopted a program was rendered rather pleasingly. Miss Patton gave an instrumental solo, a hymn was sung by the choir and audience. Miss Ella Flett then favored the audience with an excellent recitation, well rendered. Miss Myrtle Flett also recited. The chief number was the address by Rev. C. S. Lord, on Dr. James Robertson. As an introduction he showed how much Canada owed to the work of the home missionary. The speaker believed that there could not be found anywhere six million people quite so good in every way as Canadians, which fact he declared to be largely due to the efforts of the home missionary. Nova Scotia held by the missionary for Presbyterians, Quebec for Roman Catholics, Ontario, along the Bay of Quinte, for Methodism. He then introduced Dr. Robertson to the audience by a few pointed illustrations, revealing the character and stamina of the man who laid broad and deep the foundations for Presbyterianism west of Winnipeg. The address was listened to with much interest. A solo was sung by N. Graham, bringing the program to a close.

Some time ago a blow-adder was killed in Mr. Billet's woods. It measured three and a half feet in length. This is the second one of the kind to be killed in that woods.

Navy Blue and Black Serge Suits

"QUALITY"

This year the Serge Suit is as strong a favorite as ever for summer wear.

Our stock was never more complete and the quality of clothing we carry, the fit, style and exceptional values we offer make inducements why you should buy your suit at this store.

Come in and let us show you these garments

M. J. CARTER

CLOTHIER and FURNISHER

Mullin's Steel Boats and Launches

MODELS—Designed exclusively for the W. H. MULLINS CO. by Whittelsey & Whitaker, the noted naval architects, of New York City. Clean cut—graceful—perfect lines—dry—seaworthy—fastest family launches in the world for their size and horsepower.

MATERIAL—The finest grade of new process double galvanized steel plates. Galvanizing is then chemically treated. This hardens the surface and prevents scaling. We guarantee our steel boats positively against puncture.

CONSTRUCTION—Built like government torpedo boats. The plates pressed to correct and rigid form in large steel dies by powerful drop presses. Plates are then countersunk, riveted and sweat soldered in practically the same way that the plates of a torpedo boat are fastened. Supported by rigid frame work.

POWER PLANT—The best marine gasoline engine in the world, the celebrated "Ferro," built by the Ferro Machine & Foundry Co. of Cleveland, Ohio. Equipped with Automatic Pressure Lubricating System—Automatic Quick Starting Float Feed Carburetor—complete electrical equipment of the highest order.

UNDER WATER EXHAUST—Does away with the disagreeable noise from the explosion. Almost as quiet as an electric motor. Eliminates disagreeable odor, grease and dirt. Does away with the necessity of a muffler. Fully water-jacketed—cool at all times. No back pressure.

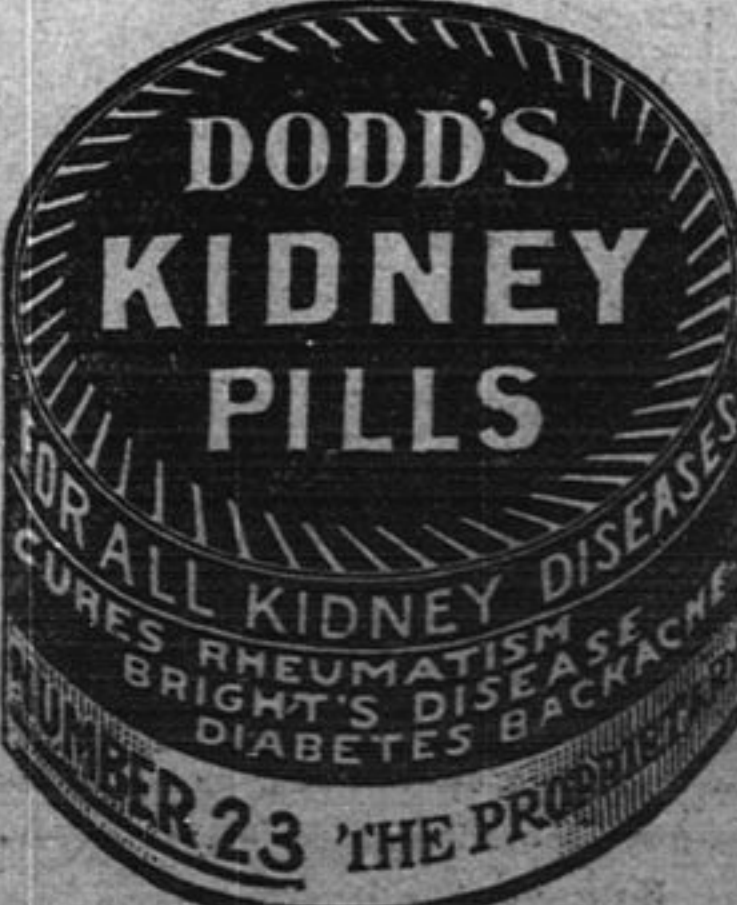

ADVANTAGES—Cannot leak, sink, water-log or warp. Never require calking, bailing or drying out. Always dry, clean, comfortable and safe. For Catalogue and prices of Boats and Engines write our Canadian Representative

J. B. HALL 115 Simcoe-st. Toronto - Ont

A \$25.00 Rifle for \$3.49

It is a perfect repeating rifle and is fully guaranteed. The magazine holds 12 cartridges, and barrels are made especially for smokeless powder. Sighted for long ranges, up to 1000 yards. Call and see them, or send your order at once, as the supply is limited.
