

# The STYLE SUBJECT

**T**HE value of good style in the clothes you select cannot be over-estimated. To give clothes that certain touch of correctness which you are desirous of seeing in your garments, is distinctly a question of ability on the part of the maker of the clothes. The quality is largely a matter of honesty. We believe you will get what you pay for, in the matter of fabrics and linings, if you buy clothes of a reliable make; but if you want style combined with quality, it is a question of ability, not honesty. The makers of "20th Century" and "Progress Brand" garments have the ability, hence the style you always find in our clothing. Let us show you the splendid values we are offering at prices:

CONDITIONS IN CANADA.

Wheat in Canada gives excellent promise. The seed was in the ground on May 1, over probably 80 per cent of the land to be sown.

General Europe shows but fair prospects. Winter wheat is rated average in Germany, but eye in under average in Austria and Hungary are satisfactory conditions. Russia shows the whole has fared very well except in some parts of the north where extensive replowings were necessary.

### This furnace is built to keep gas, dust and smoke out of the house.

No matter how cosy your home, an odor of gas, however slight, is unpleasant and sometimes dangerous. The health of your whole household demands a furnace that will give pure warm air without gas or dust. Gas cannot escape from a

"Hecla" Furnace. Every place where experience has shown that gas might otherwise find an opening has been made absolutely tight by our Patent Fused Joint. The constant expansion and contraction of the steel and iron parts cannot break this joint.

### "Hecla" Furnace

The "Hecla" has other safeguards against gas. The cast iron Combustion Chamber will not burn through and allow fumes from the fire to pass into the house. The air jets in the door assure proper burning of any surplus gas. The Automatic Gas Damper prevents danger from gas puffs. There is a special dust flue to carry the ash dust up the chimney.

### THE FUSED JOINT

In the "Hecla" the steel slides of the radiator are fused by our patented process to the cast iron plates at the top and bottom. This process welds the steel and iron into one piece, making an inseparable joint—one that cannot spread with the heat, and one that has proven perfectly gas and dust proof, even after years of service.

### Jardine's Life In a Balance

Ottawa, May 29. — The Justice Department has under review the evidence in the capital case of Edward Jardine—under sentence of death at Goderich on June 18. The matter hinges largely upon the sanity of the condemned man. Many petitions are being received for clemency to Angeline Napolitano, the woman sentenced to be hanged at the Sault. Suffrage and women's associations are particularly active.

### Bride and Groom were Both Deaf

Kinnmount, May 29. — The crops and gardens in this vicinity got a severe set-back last Tuesday. About 4.40 the western sky indicated a rain storm, but the clouds parted, one going north and the other south. Everybody thought the rain had passed, when without a moment's warning down came the hail and for about five minutes, it was simply awful. The hail was very large, some of it about the size of pigeon eggs, the windows on the west side of dwellings coming to grief, if any way exposed. There was a big demand for glass to repair the damage. Several of our villagers took in the holiday trip to Lindsay last Tuesday. Among others we saw Mrs. J. Wilson, Mrs. Chas. Wellstood, jr., and Miss Dettman and Miss F. W. Henry.

Mr. Tom McEachern spent the 24th at his home here.

Several of our young people spent the 24th at Burnt River where the day was celebrated.

Miss E. Craig, accompanied by Miss Gertrude, visited in Lindsay last week.

Mrs. (Dr.) White and Miss Amy visited friends in Fegelon Falls during a part of last week.

Mr. Geo. Cottingham has moved to Mr. Hopkins cottage near the English church.

Mrs. Ed. King, having sold her residence to Mr. A. Y. Hopkins left this week for St. Joseph Island, accompanied by her family.

Mrs. Ellwood Roberts (nee Miss Bertha Hopkins) of Cupar, Sask., arrived here last week on a visit to her parents.

Miss Birdie Clark, of Fenelon Falls is visiting at Dr. White's.

Mr. Alex. Watson, of Toronto, spent the week end in our village.

Mr. and Mrs. R. A. Levia visited at Kirkfield last week.

Rev. Mr. Clarke, and Mrs. Clarke, stood last week. Mr. Wellstood is visited at Mr. C. Wellnot gaining his old form as rapidly as was expected.

Rev. Mr. Walker had a novel experience last week, marrying a couple who were mutes, the groomsmen and bridesmaid were also mutes, but the services of an interpreter having been secured, another couple were made happy.

### OBITUARY.

#### HANNAH O'CONNELL.

One of the first settlers in the township of Cavan and also one of the first in the township of Emily, passed away to her heavenly reward yesterday morning at 12.30 o'clock in the person of Hannah O'Connell, relict of the late George O'Connell. Death took place at the home of her devoted son, John O'Connell, with whom she has lived for the last twenty-five years, and at the time of her death she was 89 years of age.

The late Mrs. O'Connell, whose maiden name was Hannah Houllihan, has been ailing for the last four years, but not until about three weeks ago did her condition become at all serious. She was always ready for the end and was quite cheerful and bright up till her last moment on earth, as she was during her long life, and her demise will be regretted by numerous friends in town and country who will long remember her good works and deeds.

The subject of this brief sketch came to Canada from Ireland when but three years of age and her father and mother were the first settlers in Cavan. Here they had many difficulties to contend with and after being out for themselves a humble home amid the tall trees of the forest they commenced to clear a homestead. It was hard work and entailed many a long, wearisome day, and there being no neighbors around the life was a lonely one but by long days and hard work their home soon became a very substantial one and life was full of hope and promise.

Some years later (when 23 years of age) the deceased married the late George O'Connell, of Emily, and took up her abode in Emily. The population in Emily township at the time was sparsely settled and another home was built and the land cleared. Afterwards Mr. and Mrs. O'Connell moved to the township of Ops, settling about three miles southeast of Lindsay. Here she lived until about thirty years ago when her husband died. Three or four years later the deceased moved to the home of her son, Mr. John O'Connell, who lives just near the boundary line southeast of the town.

Of her family only two survive, viz., Mrs. William (Selia) Powers, of Pittsburg in the State of New York, and Mr. John O'Connell, Lindsay. The following daughters predeceased their mother some years ago: Mrs. Ed. (Lizzie) Daly; Mrs. David (Mary) Walker, of Ops; Mrs. P. J. (Hannah) Ryan, of California. Mr. Ryan having at one time been foreman of The Watchman-Warder; Mrs. T. (Frances) O'Keefe, North Dakota; and Daniel who was drowned about thirty years ago in a river near Rochester, N.Y.

One brother and two sisters also survive, viz.: Patrick Houllihan, aged 82, in the State of Iowa; Mrs. Ed. Moore, 80 years of age, in the State of Michigan; Mrs. Lyle, aged 78 years, in Peterboro.

The deceased was a devout Roman Catholic and the funeral, which will be held on Wednesday, May 31, at 8.30 o'clock, will proceed to St. Mary's church, where mass will be said, after which interment will take place at the R. C. cemetery.

### REARERO.

Rearero, May 29.—Mr. R. G. Alban, cheese and butter-maker, has hired Mr. Albert Marsh, formerly of Mr. J. L. Calvert's, for the summer. The patrons will be expecting some good cheese this summer. Mr. Marsh started to work the 25th of May.

Mrs. Thos. Reeds and her sister, Miss H. Pritchard, of Peterboro, visited friends in Cavan on Sunday.

Mr. George Burke had a yearling heifer killed with lightning on Jos. Hall's ranch, during the storm a week ago Monday night.

The railway company has started to work on Theodore Calvert's farm. Mrs. Calvert intends cooking for the gang this summer. Mr. Calvert is hired with the company.

### SONYA.

Sonya, May 28.—Miss Nellie Leask spent the 24th with friends in Toronto.

The S.O.S. held service in the Presbyterian church here on Sunday last. Mr. McKay, of Wick, officiated.

Miss Meta Williamson spent the holiday at home.

Miss Connie Ferguson is at present visiting at home.

A large number from Sonya attended the anniversary at Zion on Sunday 21st, also on Wednesday 24th. Sonya and Valeria played ball, Valeria winning, the score being 11-7.

The May meeting of the Women's Institute was held at the home of Mrs. Jas. Leask. The meeting was opened by singing "The Maple Leaf Forever." The annual report was read by the secretary. The officers for the coming year were then appointed. They are as follows:—President, Mrs. Jas. Watson; 1st vice-pres., Mrs. H. N. Konkle; 2nd vice-pres., Miss A. Leask; sec.-treas., Mrs. Melville Gilson; district directors, Miss Eva Dure and Mrs. Fred C. Western; district representative, Mrs. F. C. Western; branch directors, Miss Nellie Leask, Miss Clars

### HOW TO LIVE.

So live that when thy summons comes to join The insubmersible caravan which moves To that mysterious realm where each shall take His chamber in the silent halls of death. Thou go not, like the quarry scoured to his dungeon, but sustained and soothed By an unflinching trust, approach Thy grave Like one that wraps the drapery of his couch About him and lies down to pleasant dreams.

—William Cullen Bryant

### WHY OATMEAL VARIES

Only One-Third of the Oats Are Fit

To make a really delicious oatmeal, one must use just the plump, rich grains. Common oatmeal, made of oats as they run, lacks flavor and richness. And it lacks, above all, that wealth of energy element which makes one "feel his oats."

Thousands of people eat oatmeal without ever knowing what a vim-producing food it is. They never know how enticing it can be. They buy oats in bulk without even a brand on them to guarantee the grade they get.

The choicest oats are sifted 62 times in getting the grains used for Quaker Oats. Only ten pounds in a bushel—the choicest third of the finest oats—is good enough for Quaker.

The Quaker process makes these grains into an oat food worth having. One who once eats it will never again care for a common oatmeal.

Oats are the vim-producing food. But they who get the utmost effects are the eaters of Quaker Oats.

Made in Canada. (17)

The new two-cent stamps for ordinary use bearing the head of the new king will not be ready for some time.

### THERE ARE FEW PEOPLE Who Have Never Experienced A HEADACHE.

Headaches effect all ages and both sexes alike, but the female sex is naturally the more effected through the higher nervous development and more delicate organization of the system.

Burdock Blood Bitters has, for years, been curing all kinds of headaches, and if you will only give it a trial we feel sure it will do for you what it has done for thousands of others during the past thirty-five years.

Mrs. C. Meadows, Clarkburg, Ont., writes:—"For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine; now I feel like a new woman. I find I am completely cured, and I can truthfully testify that it is the best medicine I have ever used.

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
