E. E. W. McGAFFEY, KENT ST.

IF YOU ALREADY OWN

A Heintzman & Co. Piano

The only way to get a BETTER instrument is to get a newer or Higher-Priced one of the same make.

After even a short acquaintance with the Heintzman & Co. Piano, you'll take no interest in mere "piano talk" or in claims of superiority for instruments that still have their reputations to make.

The Heintzman & Co. Piano would be YOUR piano if you investigated, studied and compared the different "makes" of instruments for years. The more you "know" about pianos the better you like the Heintzman & Co.

SUNDAY'S BIG WIND STORM

Havoc Wrought Throughout Surrounding Country

Manilla, June 12.—The severest electrical storm of the season accompanied by a terrific wind passed over this place on Sunday at five p.m., causing a great deal of destruction to property. Trees were uprooted, fences levelled, chimneys blown over, and several barns and sheds were partly unroofed. Mr. John Short's barn, east of Manilla, was completely demolished, but strange to say the granary, with a cutter standing on it, was left undisturbed. Mr. Asaph Edwards' and Mr. John Keefer's barns were partly unroofed and sheds belonging to Mr. Neil McDonald, and the stable of Mr. Wm. Barry were stripped of their shingles. The barn of Mr. Dan McLean, of Brock, was struck by lightning and burned to the ground. It is understood there is no insurance on it.

AT WOODVILLE.
Woodville, June 13.—Below will be found a further report of the damage done by the wind storm in Elmdale township on Sunday: Mr. and Mrs. Archie Carmichael were milking their cows in the basement of the barn when the great storm struck it and completely demolished it. Mrs. Carmichael was dazed for a time, but soon realized that something awful had happened as everything was in darkness. She managed to crawl to a small opening and by hard work got out of the debris, and with an axe chopped a hole for Mr. Carmichael to get out. They secured help and got their horses and cattle out. Mr. Hugh McArthur had three hogs killed when his barn fell. The windmill which fell from Tretheway's carriage shop just missed falling on Capt. Neil Patterson's house by a few feet. The sheds at the Presbyterian church are badly wrecked, and the high fence around the agricultural grounds is badly damaged.

AT HARTLEY.
Hartley, June 13.—The storm wrought much havoc in this vicinity, and a daughter of Mr. David Brown was slightly hurt. Mr. Brown and his family were sitting in the kitchen after supper, when the storm struck the house and lifted the kitchen off its foundation and dropped it out in the field—a mass of ruin. Miss Brown was badly hurt, but Mr. Brown came out of the ruins smoking his pipe and no one else was hurt.

IN VERULAM.

Bobcaygeon, June 13.—That Bobcaygeon and Verulam had got into the cyclone and tornado belt was not known till Sunday. Then we knew—a great many to their sorrow. Besides the damage already reported other parts of the village suffered. The wind got under the iron roof of Mr. Bottom's hardware store and buckled and warped it so much out of shape that a new roof will be necessary. The plate glass of Mrs. Cain's millinery store was cracked and splintered as if hit by a stone. Mrs. Baker's iron roof was damaged and one of the plate glass windows broken. At Mrs. McCamus' cottage, occupied by Mr. R. A. Kennedy, a tree was torn out by roots, taking with it the verandah platform. It was in the country though that the storm did its worst.

A cyclone coming from the southeast swept across the country from Mr. Curtis' beehive farm. Mr. Curtis' barn was partially unroofed and a fine grove of trees on his lawn practically destroyed. The barn of Wm. Kelso on lot 19, con. 9, was completely wrecked and blown to the next farm across the road. Mr. Thos. Cosh's fine bush was levelled to the ground. Mrs. Finlay's barn on the Fenelon road was moved on its foundation till it almost collapsed, besides fences were flattened and crops beaten into the ground. Telegraph and telephone lines are a complete wreck. One farmer stated this morning that the country over which the storm passed—about half a mile wide—is one great commons. He had fenced last night till twelve o'clock to keep his cows from his crops. Other farmers were early south side of the lake were early purchasers of wire to rebuild their fences. Joseph Capstick reported a portion of his barn unroofed, besides other destruction in the vicinity. There was such a rush of water down

AT CAMERON.

Cameron, June 13.—Among the chief sufferers in this immediate neighborhood are: Isaac Perrin, house unroofed and blown over; John Mark, barn unroofed, windmill destroyed and kitchen blown down; Peter Hewie, windmill broken down, one side of barn roof taken off and other damaged; John Suggitt, sheep pen broken down, barn partly unroofed; Thomas Henry's barn a complete wreck. Large elm trees were twisted into shreds, maples uprooted and much serious damage done to orchards, while fences were blown in all directions. Of all the sufferers, no doubt the greatest loser is Mr. John Mark, and much sympathy is felt for him through his disaster. The Methodist church, too, lost a chimney and part of the west end was blown in.

AT PENNELL.

Pennell, June 12.—During the severe electrical storm which visited our neighborhood on Saturday morning and evening a couple of barns were struck. In the morning Mr. Geo. Copeland's barn was struck and damaged, but not fired, and at night Mr. Geo. Gilson's barn on the west farm was struck and the end badly shattered, and also four cattle killed. Several others had fence posts, etc., damaged. On Sunday evening, June 11, a tornado struck our vicinity and did a great deal of damage. Following is the list of those whose buildings were damaged: Mr. Neil McLean's barn and windmill completely demolished; Mr. Thos. Smith's barn, roof blown off; Mr. Clarke Smith's barn, roof off and chimney off house; Mr. John Nance Kierell's driving shed demolished; Mrs. Jas. Wright's driving shed gone; Mr. Harvey Brentnell's roof of building; Mr. Peter Kinne, two chimneys off house; Mr. John McKague, fine hip-roof barn, barn roof flattened and windmill injured; Mr. W. J. Wright's windmill injured; Mr.

Mr. C. E. Weck's barn, (east one) roof off; Mr. Fred Nance Kierell, barn roof off (on west farm); Mr. Whitney's orchard all demolished; Mr. A. Murray's chimney off house; Mr. Henry Whetter, gable end of barn blown in, chimney off house; Mr. G. Coolidge's silo demolished; Mr. Geo. Gilson's barn, end blown in and chimney off house, also driving shed badly shattered; Mr. S. S. Squires, two chimneys off house; Mrs. G. Gilson, sr., chimneys off; the government tower erected at Mr. Hy. Whetter's is levelled to the ground.

AT LITTLE BRITAIN.

Little Britain, June 13.—On Saturday evening during the thunder storm the lightning struck Mr. Will. Gleney's barn and knocked a few shingles off. On Sunday considerable damage was done. Mr. A. E. Webster had the misfortune to have the windmill blown off his barn.

AT HARTLEY.

Further details of the damage done by the storm on Sunday in Hartley and vicinity show that it was very bad in that part of the country. Mr. Robt. Campbell had part of the roof of his house and barn blown off; D. Spence, part of the roof of his barn; John Kenner, the roof of his stable; Robert Morron, part of the roof of his barn; Harry Boys, the south side of his barn wrecked; John Kenner had the roof of an old log barn destroyed; John McNabb had his barn destroyed; Thos. Spence's barn was unroofed; Dan Graham, roof of pig pen blown down; Oliver Nelson of Islay, part of the roof of his barn damaged very badly; Sam. Wright, of Islay, had his barn completely unroofed; Thos. Ferguson, pig pen turned over; David Graham, roof of pig pen blown off; Geo. Campbell, of Hartley, roof of barn blown off; Alex. McMillan, roof of barn; John Koe, of Hartley, had his barn completely wrecked; Gilbert Lovett's barn was unroofed; D. B. McFadyen's barn and stable were torn down; Alex. McLeod, of Glenora, had his barn and implements totally wrecked, while the fences were blown down, besides many valuable fruit trees.

Brothers Mixed Up In Shooting Case

An interesting case came up before Police Magistrate Moore Monday in which a young man from Downeyville was charged with shooting his brother. G. H. Hopkins, K. C., appeared for the accused and Crown Attorney Devlin for the prosecution. It seems that the father's estate, with the exception of a fanning mill, had been divided between the two brothers, both of whom live within a short distance of each other near Downeyville. The two brothers came to an agreement with regard to the mill by which each was to use it when needed, both having equal possession of it. This arrangement seemed to satisfy both parties for some time, the fanning mill being exchanged once or twice but finally the accused took the mill and when his brother came to get it he refused to give it up.

HYMENEAL.

SHERIN-FEE

Omenec, June 12.—A quiet wedding was celebrated at the home of Mr. Geo. Fee on Wednesday of last week when his daughter, Miss Margaret May was joined in hymenaeal bonds to Mr. M. Sherin. Mr. Havelock Fee, brother of the bride, was groomsmen and Miss May Fee, cousin of the bride, was bridesmaid. The wedding march was rendered by Miss G. Grandy, Rev. H. Earle, M.A., Rector of Christ church, was the officiating clergyman. After a sumptuous wedding feast, the young bridegroom and his bride were escorted to the 8.30 train for Port Hope and other points. The bride and groom were very pretty and each of the celebrants is of our popular society and their home will be here. May they have many years of conjugal felicity.

Sage and Sulphur Cures Dandruff

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome, and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents and Wholesale Distributors, E. Gregory and W. G. Dunoon. The Eastern Canada Paper & Pulp Co. will increase its capital to \$15,000,000, and try to have its stock listed on the Paris Bourse.

INSPECTED PUBLIC SCHOOLS.

For the first time in a number of years the schools of Lindsay were visited Wednesday by the members of the county council. They were accompanied on the tour of inspection by several members of the board of education and expressed themselves as very much pleased with the condition of affairs in regard to the various schools. They were particularly pleased with the two new schools and also with the Collegiate Institute.

At the Collegiate Institute the gentlemen were met by Principal Kirkconnell and a very enjoyable and entertaining hour was spent in speech-making in the assembly hall, where the pupils assembled for the occasion. Principal Kirkconnell was in the chair and first called on Mr. Thos. Stewart, chairman of the board of education, who was followed by Warden R. A. Callan.

Mr. J. R. McNeill, county clerk, referred briefly to the time when he attended the Collegiate Institute, after which Coun. Graham, of Carden, was heard. He stated that although education was a help and an advantage it should not keep the students and others from work, the speaker pointing out that work was one of the greatest things in life, and that idleness was a hindrance in every respect. Mr. Graham spoke very highly of the excellent work being done by the board of education and also congratulated the teachers.

Dr. Sims, reeve of Fenelon Falls, spoke of the great changes which had taken place in educational work since he was a pupil. He referred to the physical work and its advantages and congratulated the staff of the L.C.I. on their success in passing so many students in the departmental examinations.

Reeve J. L. Michael, of Mariposa, after saying a few words, was followed by Mr. G. A. Jordan, town, who made an excellent speech. Mr. Jordan stated that throughout the entire province the name of the Lindsay Collegiate was a by-word, the institution having turned out a large number of very efficient teachers and students for all walks of life. Graduates of the L.C.I. are at the present time occupying some of the highest and important positions in public life in Canada, and although he was not a member of the county council he would always work in the interests of the Collegiate Institute and would endeavor to use his influence with the county fathers, where the L.C.I. was concerned.

Second Deputy-Reeve Dobson, of Lindsay, advised the pupils strongly to make the best use of their time. They were there for work and the time was short and he advised them to enter into their work and studies with a heart. As a member of the board of education Dr. Wood stated that he was flattered to have the members of the county council present on a tour of inspection of the town schools. He was pleased with the attitude which Principal Kirkconnell took in regard to physical development for to-day the country wanted strong, wise men.

R. L. MORGAN'S

Dr. Blanchard, of the school board, in a few remarks stated that education was not all book knowledge. He congratulated the staff on the fine physical development manifested in the students. It was always well to learn something about everything in the Collegiate than to pick out

HOLD YOUR HAIR

Go right down to the drug store and get a bottle of SAGEINE. Philip Morgan sells it with a positive guarantee to stop falling hair, itching of the scalp and to eradicate dandruff, or money back. Dandruff is the cause of hair troubles and Sageine kills the dandruff germ. There is no other preparation known to science that is so quick and certain as Sageine. Don't confuse Sageine with other preparations. Ask Philip Morgan for the great dandruff germ killer and hair grower. Sageine is a delightful dressing and is not sticky or greasy. A large bottle from Morgan costs only 50c, and it is guaranteed to give satisfaction.

CAMBRAY.

Cambray, June 12.—Mrs. Jesse Armitage and family of Hartley, visited Mr. and Mrs. Allan Blatchford. Mrs. Pollars was the guest of her friend Mrs. James last week. Mr. and Mrs. Wilson James spent Monday at Oakwood.

The children of the Methodist Sunday school are busy preparing for the picnic on July 4th. Mr. and Mrs. Albert Gilson spent Sunday with Mr. and Mrs. Robert Burton of Ops. Mr. and Mrs. McKinnon, of Islay, had an exciting experience during the storm Sunday, which they will not soon forget. When at Mr. Thos. Douglas' gate the storm came upon them, and thinking it would be just an ordinary storm Mr. McKinnon turned the back of the buggy to the storm, but they soon wished for a safer shelter, so he got out and led the horse and started for Mr. Douglas' house. Mr. McKinnon going ahead with the little baby. On reaching the house he found that Mrs. McKinnon was not following him, so leaving the child he went in search for her only to find she had lost her way in the storm. When they finally reached the house both were exhausted.

The Women's Institute picnic on Wednesday last was well attended, despite the inclemency of the weather. A large number witnessed an interesting game of baseball, Glenora and Woodville being the contesting teams, Glenora winning by one run. Proceeds in aid of cement walks amounted to \$42.

Miss Feir, of Omenec, is visiting her cousin, Miss Vera Feir at present.

Dr. Martel's Female Pills

Eighteen Years the Standard Prescribed and recommended for Women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.
