Not How Cheap, But How Good

With the great majority of clothing, little or no attention is paid to important details. It is a question of "how cheap," not "how good." We have found that cost looks after itself in the satisfaction the wearers of "20th Century" and "Progress Brand" Clothing enjoy, and the persistence with which they demand these garments.

The makers permit no extravagance or waste, and they never allow prices to debar betterment

OMEMEE The Thriving Metropolis of Emily

Omeme, June 12. — Mrs. Wm. Cottingham, Mrs. (Dr.) Sutton, and Mrs. J. A. Wylie were representatives to the general meeting of the Women's Institute held in Lindsay last week. The first named lady, who is president of the local organization was elected Vice-Pres. of the larger society.

Mr. Wm. Smith and Master Gerald Greig, of Mount Pleasant, were in Omeme one day last week. The town hall construction gang is a negative organization of local activity. Somnolent silence broods over the newly finished fountain.

Mr. G. Stevens, of Peterboro, made a business trip to town in his auto on Wednesday. Mr. Wm. Lamb, of Peterboro, paid our town a business visit last week. Mr. and Mrs. Byers, of Lindsay, were guests of their daughter, Mrs. White.

Railway arrangements are being completed for a grand excursion on the Anniversary Celebration of the Battle of the Boyne.

Reeve Mulligan attended the meeting of the County Council in Lindsay. Mrs. Jas. McLean, her daughter, Mrs. Wm. Greig, and Jean Greig, of Mount Pleasant, visited on Thursday with Mr. and Mrs. T. W. McLean.

The Board of Education held a meeting on Wednesday evening and among other matters of business considered the resignations of two of the staff of teachers.

The Presbyterians are making preparations for a grand garden party on the evening of Dominion Day.

So many of the citizens of Mount Pleasant were in town last Thursday that an Omemeite naively enquired if that enterprising suburb has celebrated its civic holiday.

Mr. Ernest Ballour has returned from a visit at Toronto. Promotion examinations will be held on the 20th, 21st and 23rd. Entrance begins at mid-day of Monday, 26th and continues the following two days.

Dr. Colebourn is the recipient of a very flattering and remunerative offer of a position in the civil service department of the Federal Government.

The W.F.M.S. of the Presbyterian church held a largely attended and interesting meeting on Friday afternoon.

The showers to date have bestowed upon us but sparingly of the much needed moisture.

Mr. and Mrs. W. S. Graham visited with their daughter, Mrs. C. H. Shield, on Sunday.

Mrs. Porter has returned from a visit with her son at Janetville. Local "Isaac Walton's" have this days counted till the 16th inst. brings in the legal taking of certain species of fish.

A small cyclone accompanied by light rain passed over our town on Sunday afternoon. Some glass in windows was broken and many branches torn from trees.

Capt. Fee with his officers and privates of "D" Company of the 45th regiment entrained on Monday

Mining For Molbdnite at Mud Turtle Lake—Mr. Lee Makes Valuable Find

Very few of the citizens of Lindsay ever heard of Messrs. John Lee & Sons, of Norland, Ont., who could add to the title, if they so desired, Miners and Farmers. However, if the present propositions, calculations and dreams of Messrs. John Lee & Sons come true then there is a fortune in store for each of them.

In brief, on Thursday night of last week they found what they had been searching for twenty-three years to find—a mine. This mine they state, contains molbdnite, which apparently is used for coloring silks and tempering steel.

As is generally known throughout the northern townships there is an unlimited quantity of rock, with miniature "Rocky" mountains and for years past speculative and aggressive miners have been digging in various parts of the country in quest of valuable minerals.

Year in and year out the search was continued and at last, it appears the efforts and hard work of Messrs. John Lee and Sons are about to amount to something worth while for the hidden treasure has been found.

Mr. Lee, sr., forthwith decided to go to Toronto with a sample of the mineral and did so on Friday. At Toronto he visited the Department of Mines and Crown Lands and there showed the authorities his samples, which Mr. Lee states, were pronounced to be the purest and best they had ever seen.

Mr. Lee, sr., stated that some time ago he was offered \$35,000 for his property and that he accepted. The company arrived and were about to ship in a large amount of machinery and also send in some sixty Italian workmen, when the neighbors prevailed on the sons to intercede and the deal was stopped.

Thomas, Promoter of Shoe Factory Bubble in Lindsay, Arrested in the States

D. B. Thomas, the slick swindler, who operated in Lindsay several months ago, when he promoted the Thomas Shoe Factory bubble, has been arrested at Breckenridge, Minnesota, where he was also seeking to "do" the people. The morning Acting Chief Constable Short received the following letter from the County Attorney, E. H. Elwin:

Board of Trade or Chief of Police Lindsay, Ont. — Gentlemen:—We have one David B. McCain in jail here for forgery; he tells us that he operated in your town as a shoe manufacturer, and that the people put up a bonus for him in starting his projects; that he operated there under the name of D. B. Thomas; and that he forged some notes at the Home Bank of Canada, in Lindsay. I wonder if you can give us any information as to his doings there if any; he is about 25 to 30 years old, 5 ft., 10 lbs., tall, weight about 180 to 190 lbs., dark complexion, smooth spoken and good appearance.

Word from the notary in Fergus Falls brought back the fact that Myers had forged his name as Francis Lory. The penalty for the crime charged is imprisonment in the State penitentiary for not more than twenty years.

Myers was confronted and positively identified as the man who swindled a Fergus Falls party out of \$1,000 last February under the name of Ed. D. Bell.

In fact of the identification the prisoner broke down and confessed to a string of operations since his release from the State prison where he served a term of two years for forgery. Since March 1910 he admitted that he operated under the following names: C. E. Hollingsworth, at Hawley, Minn.; Ed. Thompson, at Swanville, Minn.; E. D. Bell, of Fergus Falls, and David Myers in this city. His real name is David McCain, age 25, and he has a wife

Was So Bad With Heart and Nerves Could Not Sleep At Night.

Many men and women too tight after night upon a sleepless bed. Some contract additional disturbance, worry or disease has so debilitated and irritated the heart and nervous system that they cannot enjoy the refreshing sleep which comes to those whose heart and nerves are right.

Mrs. John Gray, Lima Lake, Ont., writes:—Last summer I was so bad with my heart and nerves that I couldn't sleep at night. There was such a pain and heavy feeling in my chest that I could not stoop, and at times I would become dizzy and have to grasp something to keep from falling.

In the meantime Myers went to Fergus Falls Thursday where he said that the stranger wouldn't leave, Francis Lory, of Payneville, Minn., and complete the deal. He returned the following day with the deed properly executed and an abstract of the title was being prepared when Burrows & Shepherd be-

Excellent Work Being Done by the Women

At the annual meeting of the Women's and Farmers' Institutes of East and West Victoria held on Friday afternoon in the Academy of Music, Mrs. Webster in responding to Mayor's Beal's address of welcome made an excellent speech. She was not advocating women's suffrage but at the same time claimed that the women were just as capable, and perhaps more so, of voting as the men were.

Mrs. Webster referred in the highest terms to the excellent work being done by the Women's Institute and claimed that throughout the country the women were doing work that the men had left undone and that they were, doing it well. The women could accomplish much if they went the right way about it and the old saying was true, "that the hand that rocks the cradle rules the world."

The work entailed by those who prepared papers for the meetings should be appreciated by the ladies and their husbands should be co-operation. In fact a little honest praise would not be amiss at any of the meetings, when a good paper was read. The speaker regretted the "adulteration" that was practised in the world to-day, especially in the manufacturing world.

She deplored the fact that although wool grown on the farm and sold pure to the buyer that when it was made into goods it often fell away short of the mark and although sold for pure wool was often very shoddy.

Mrs. Norman who followed spoke chiefly on the work being done in the various towns and cities on behalf of the children. She deplored the fact that too many young boys and girls were allowed to roam about the streets at will nightly, which could not but result in their learning bad ideas. Once the children get walking the streets at night they soon get out of the control of the parents and there is bound to be trouble ahead for the boys and girls and many parents with sad hearts.

Mrs. Norman advocated the building of play grounds for the children with proper superisors.

A brief address was given by Mr. C. F. Bailey, B.S.A., of Toronto, who compared the attitude of the pioneer times and the present day farmer in the matter of agriculture. In the olden times the farmers had plenty of bees and were on very neighborly terms but of late years matters had changed largely, because of the fact that as the farms lands became cleared the farmer became independent and began to distrust his neighbors and this trust gradually crept into the home life.

With the result that as a rule the farmers were not on the very best of terms. However, stated the speaker, with the organization of the farmers and Women's Institutes, the farmers were again gradually getting back into the co-operation idea and were on more friendly terms again.

This was a good thing for the country, and the farmer, Agriculture was to-day followed largely in many sections as a profession, and up till to-day the ladies of the farm always worked harder than their husbands, but times were changing and the ladies were beginning to assume their proper places in the home. The Women's Institutes were inaugurated twelve years ago and they had been doing excellent work ever since.

Two excellent solos were rendered by Mrs. G. F. Blackwell, of Lindsay, and Miss Glendenning, of Fenelon Falls.

Dr. McLaren uttered a warning at the General Assembly regarding the growth of Mormonism in Canada. The Canadian Northern Railway has been fined \$1,000 for contempt of court in delivering papers to the returning officer in Beautiful Plains against the court's order.

Emil Barnhardt, of Berlin, Ont., was killed by a street car near Preston.

Michael McCutcheon was run over by a train at Woodstock and killed.

and three children in Marion, Indiana. Thomas also has a brother and sister in that city. He admitted that he had left his family and is spending his money on fasts also. The authorities of Fergus Falls also want him, they having spent \$500 in endeavoring to trace him, but the Breckenridge authorities are undecided as yet as to what will be done.

JAMES JONES, Mgr. first it was seen that M. Berteaux was fatally hurt and that M. Morris was seriously injured. After the ministers had been cared for the surgeons dressed the wounds of those who had received minor bruises.

CORONATION STAMPS.

The contract for printing a special issue of postage stamps to be known as the coronation issue has been awarded to the American Bank Note Company, and it is expected that they will be distributed throughout the country by June 3rd, the King's birthday. These stamps will be double the size of the ordinary postage stamp and only a limited number will be printed, as in the case of the Quebec Tercentenary issue. The new two-cent stamps for ordinary use bearing the head of the new king will not be ready for some time.

BARNs DESTROYED.

On Sunday afternoon Fowler's Corners vicinity was visited by a heavy wind storm and among other damage the barns belonging to Mr. Kelly Mitchell were completely demolished.

A WELCOME VISITOR.

In renewing his subscription to The Watchman-Warder Mr. Roxey Windian, of South River, Ont., states that "The Watchman is a welcome visitor in our house and we could not do without it."

plain a number of the little foxes that were creeping in and spoiling the vines. First, the critical habit; second, ill temper; third, discontent; fourth, ingratitude; fifth, greed for money. All these little foxes were injurious to the vines of love character, and we allowed the little things to worry us and make us discontented when we should accept with patience the things we cannot change.
