Curtain Scrim

See our large range of white, cream and colored, extra wide for kitchens, bed rooms etc., only per yd **7c**

J. W. WAKEY, Kent St.

New Health Districts In The Province

Toronto, June 7.—The Province of Ontario, for the purpose of safeguarding the public health, has been divided into seven districts. The older portion of the Province is given five of the districts, and Northern Ontario the other two. London is the central point for the western district, while Palmerston has also been selected. Hamilton has also been selected for the third district. The fourth health centre will be at Peterboro, including Victoria County, and the eastern one at Kingston North Bay and Fort William will be the points from which the district health officers will work in the north. The men upon whose shoulders will fall the bulk of the responsibility for protecting the public health will be big enough for "the job." The Government have taken a strong stand upon that point. In addition to selecting their doctors with the greatest deliberation, Hon. W. J. Hanna, and Dr. J. W. S. McCullough, Provincial Health Officer, have given careful attention to the means by which their work can be made most effective. Each one of the seven appointed will be required to take a six months' course of instruction in public health, and pass an examination prescribed by the University of Toronto. The district officers will receive a salary of \$2,500 a year and expenses, and they will not be permitted to engage in private practice.

NEW STREET SWEEPER

Mr. Scott, representing a company manufacturing street sweepers, was heard at the town council meeting held last night. He strongly recommended that Lindsay purchase a steel sweeper, which would cost \$340. The fibre sweeper would cost \$290. Mr. Scott contended the town would save money by using a sweeper, as very little street sprinkling would be required. The water spoiled the streets, while the sweeper protected the streets. After considerable discussion the council decided to purchase a steel sweeper, the terms of payment being quite satisfactory.

Sylvester Co., Want Loan of \$50,000

"We have the best engines on the market and the demand for auto threshers and gas plowing engines is brisk, but we have not the capital, and we want a loan of \$50,000 from the town."

The above remark was made by Mr. Rich. Sylvester, of the Sylvester Mfg. Co., at the meeting of the town fathers held Friday. Mr. Sylvester further stated that owing to the antagonistic stand taken by the banks in Lindsay the Sylvester Company would be forced to call upon the town for a loan of \$50,000 on which the company would pay interest at the rate of 5½ per cent. per annum, and will pay back the loan, commencing Nov. 1, 1917 at the rate of \$10,000 per year. The company proposed erecting a large factory and equip the same and would manufacture auto threshers and plowing

engines, for which there was a large demand throughout the West. The company would also require a railway siding across Russell-st., connecting with the siding at Flavell's coal shed. The new building would be so constructed that it could be enlarged and 100 or possibly 200 hands would be employed within a year.

Continuing Mr. Sylvester stated that the company had offered to move to Fort William and Winnipeg, and as most of the business was done in the West, the offers were tempting, but naturally they wished to remain in Lindsay where they had been doing business for years. The company did not wish to hold up the town in any way. The company could rent the Tudhope building in Lindsay but it was not satisfactory for the purpose required. However, capital was needed to put the company of its feet, which would be

paid back as stated above. The company would also want a fixed assessment on lots 15 and 16, north of Russell-st., and would give security to the town in the shape of a mortgage on the plant, machinery, tools, etc., for the loan.

Mr. Valentine was heard and stated that he was in control of the Sylvester gasoline engines, and that it had been proved that the Sylvester gas engine competed very favorably with the other engines on the market. There was a good demand for such engines and the people should put forth extra efforts to keep the concern in Lindsay.

Mayor Wood stated that the question would be carefully considered. He thought it should go before the industrial commission and also to the people, and on motion the question will receive a further hearing at a meeting to be held Monday night.

Closing Session of County Council

Saturday's county council proceedings which were held at 9 o'clock in the forenoon were practically taken up with the reading and adopting of reports which had been passed in committee on the previous day.

Moved by Coun. Robertson and seconded by Coun. Morrison, that a by-law to confirm by-law 107 and 108 be now read. This was passed for the purpose of closing a road allowance on the 10th concession to the satisfaction of all parties interested.

Moved by Coun. Bottom and Mulligan, that report of the committee appointed at January session to make provisions for the painting of the county bridges be received and read.

Moved by Coun. Michael, seconded by Coun. Lewis, that the council adjourn to meet in November. The council arose to their feet and at the request of the warden the national anthem was sung, which closed the proceedings of the session.

Old Victoria Boys

(Toronto Star Weekly.)

Victoria county, the constituency which has sent Col. the Hon. Sam. Hughes, Esq., M.P., Minister of Militia and Defence, to parliament at Ottawa for over 21 years, is the home of many celebrated men, including: J. W. Leonard, vice-president of the Canadian Pacific Railway; James Ross, the Montreal millionaire coal baron, and donor of the Ross Memorial Hospital and Nurses' Home, Lindsay; Sir William Mackenzie, president of the Canadian Northern Railway; Senator Geo. McHugh, of Lindsay; Judge Hugh O'Leary, of Port Arthur; Judge J. J. McIntyre, of Whitby; Prof. Ed. Kyle, of Toronto University; Ernest Thompson-Seton, the renowned Canadian naturalist, and others. It is not generally known, but nevertheless said to be true, that Ernest Thompson-Seton in his "barefoot boy with cheek of tan" days often received severe "spankings" administered by a hardy father, for taking what the pater thought too great an interest in the dense haunts and nooks of the forests surrounding the Scugog waters, and the animals that roamed at large therein. Ernest Thompson-Seton was a resident of Lindsay many years ago, his parents having resided in Ops township about the year 1861, and it was while roaming about in the forests of Ops that the great Canadian writer of fascinating animal stories gained his first knowledge of animal life and natural history. They were the pioneer days when the forests roundabout were frequented by wild

animals, including the ever-hungry wolf, and Ernest Thompson (the name Seton was his mother's maiden name, which he took by choice) received many a gentle rebuke and severe strapping from a stern father for running away into the dense forests, where he would wile away hours. He was a lover of woods from his very infancy, and whenever the chubby little fellow was missed by his anxious parents he was invariably found in the dense woodland surrounding the Scugog, and along its tributary streams. At school he was quick to learn, but farm life did not seem to appeal to him. He longed to get away into the bush and study nature, and he since has penned many a thrilling and interesting story of animal life.

Lindsay Orangemen Going to Peterboro

Arrangements for the big demonstration on July 12th, the anniversary of the Battle of the Boyne, are progressing satisfactorily at Peterboro. The answers which have already been received by the Orange district, give assurance of the affair being a huge success. Peterboro will be filled to overflowing, and it will be no easy task to provide food for so many. It is expected that from 15,000 to 20,000 visitors will visit the city on that occasion, including Lindsay and Victoria county lodges.

DEATHS.

CALVERT.—In Lindsay, on Saturday, June 8, 1912, Nellie Calvert, beloved wife of Garfield Babcock, aged 29 years.

Petition in to Pave South Cambridge-st.

In all probability in the course of a few weeks there will be two or three petitions before the town council asking that certain streets be paved and it is understood that the first petition is from the residents on Cambridge-st., south from Kent-st. to Melbourne-st., who have already presented their petition which is properly signed, to the warden.

It is understood that the Kent-st. merchants will again present a petition for a pavement on the main thoroughfare, and that residents on Bond-st. will also get out a properly signed petition for a permanent pavement. It is also stated that residents on Cambridge-st. north favor the paving of Cambridge-st., from Kent-st. to Colborne-st.

The paving question is an important one and that the town council of Lindsay will soon have to grapple with.

Township Assessors Should Enforce Law

At the session of the county council Thursday on equalization of assessments, Coun. Graham was voted to the chair. In Emily a case was cited, when no income tax was paid over \$400. This was a farmer, Mr. Peter Murtha, who was rated at being worth several thousands. The Emily assessors also should be compelled to pay income tax on \$975, but nothing was collected. In Verulam \$1,025 should be subject to tax and only \$469 was subject to tax.

This, it was pointed out, was all the fault of the assessors, who are not discharging their duties conscientiously and violating their oath of office in every instance where they fail to make all parties taxable pay their amounts.

Coun. Mulligan said in Omemeo they taxed the clergymen on anything over \$700 and considered it was cheating the preachers in doing so.

The debates were worn at times and it is evident that a laxity of enforcing the law is in a way responsible for so much useless discussion by the county council. The assessors should each look after the assessors and thus save much friction and antagonism in council. Had the assessors looked after the business in its primitive stage it would never devolve upon the members of the county council to lose time in settling such a question.

A NEW SILO

TO BE ERECTED BY LINDSAY COMPANY ON COUNTY FARM

A new silo is to be erected on the County House of Refuge farm by the National Concrete Co., of Lindsay, at a cost of \$250, and the Board of Management, of which Reeve J. J. Devitt, of Verulam is chairman visited the farm this morning to select a suitable site. Chairman Devitt states that the silo will be a modern one and will fill a long felt want at the county farm.

DEATHS

LAMB.—At Lindsay, on Tuesday, June 4th, 1912, William Lamb, aged 48 years and 9 months.

ONTARIO WOMAN'S FORTUNE

Freed From That Weak, Languid, Always Tired Feeling, by Lydia E. Pinkham's Compound.

Thessalon, Ont.—"I cannot speak too highly of your medicine. When my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a blessing to women, and I cannot speak highly enough of it. I take pleasure in recommending it to others."

Mrs. ANNE CAMERON, Thessalon, Ont.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over 30 years ago by a woman to relieve woman's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Omemeo Branch A. C. HODGETTS MANAGER

NO CANTEN FOR THE CAMPS

Niagara-on-the-lake, June 10.—The Government will not act as a bartender and serve fellows who are foolish enough to be addicted to the liquor habit," stated Col. the Hon. Sam. Hughes, minister of militia last evening, after a conference with all the field officers in regard to the charges which a morning newspaper has preferred that liquor was being sold within the camp lines and was in the officers' messes and other regimental institutions in the camp.

"So long as I am Minister of Militia," he declared, "there will be no intoxicants sold in camp. Canteens will not be restored. Experience has shown that selling liquor within the camp lines is a mistake. If the men wish to drink, the hotels down town are open to them. I am a temperance man myself, but if some of the men are fools enough to drink, they cannot get the liquor in camp—and the Government will not sell it to them. The talk of making the hotels out of bounds is childishness. The military authorities have no jurisdiction outside the lines and selling liquor to soldiers is a matter for the province to deal with. The Government is not responsible for any soldiers who patronize hotels outside the lines.

"If I were commander of a regiment," he concluded, "I wouldn't be afraid to leave a barrel of whiskey in the vicinity of the tent lines. No officer who knows his business and has his men properly trained would be afraid to do the same thing. There has been too much talk, and silly talk, by people who don't know what they are talking about. Clergymen, officers, Y.M.C.A. officials and others are unanimously of the opinion that the rural regiments are the finest that ever attended camp."

The Imported Clydesdale Stallion

SIR BEN

Bred by Peter Algies, Old Mains, Renfrewshire, Scotland
PRESENT OWNER

EDWARD COSTELLO

WHITE HOUSE, FARM, DOWNEVILLE

Sir Ben (5408), (12739), Vol. 14, sired by Sir Simon (5406) (10465) he by Sir Everard, he by Top Gallant and Top Gallant by Darnley.

First Dam Lily of Old Mains (74444) Vol. 27; sire of Dam, Kyles of Bute (7896) Vol. 12, Second Dam Nancy (3966), sired by Darnley (222), Vol. 1. Third Dam Jean by Scotsman (759) Vol. 1 Fourth Dam Lily by Prince Royal (647), Vol. 1.

Sir Ben is a dappled brown with stripe on face and four white feet. He stands 17 hands and weighs about a ton.

Sir Ben is a great producer and it is claimed by those who are in a position to know that he has left more high-class colts than any stock horse of his time. His progeny are of good size and conformation thus proving the great producing families from which this horse came—the Darnleys and Sir Everards are counted amongst the first in Scotland.

Sir Ben will stand at his owner's stable all week except Friday afternoon and Saturday when he will be at the King Edward Hotel, Lindsay.

Owing to the less expense of not routing this stallion, I am able to reduce the fee to insure a foal, \$10, giving my customers the benefit of the same.

All accidents at risk of owners of mares.

Horse Racing and Baseball at Port Perry

Following is the result of the horse racing events held at Port Perry last Monday, 2:35 class:

Brown Hall, S. Hallett, Sunderland	1 1 1
Mabel D., J. A. Davis, Stouffville	2 2 2
Halmore, McNeil, Janetville	3 3 3

In the baseball games Oshawa defeated Janetville by 8 to 3, Gilson and McGill being the battery for Janetville. In the second game Cannington defeated Port Perry by 7 to 3, while in the final game Cannington beat Oshawa by the same score of 7 to 3, Harry Keslick and Andy Dixon being the battery for the winners.

A Collingwood hotel has been turned into a moving picture show.
