Hold to Old Faith

Cobourg, June S .- The keynote

sounding through all the discussions at the sessions of the Bay of Quinte Methodist Conference here, is the stress aid upon the word, "evangelism." If any importance can be attached to the arguments used by different speakers, there is a striking revolt on the part of Canadian Methodism against the onslaughts of new theologists and the new philosophers upon Christian doctrine Dr. S. D. Chown sounded a warning note to the ministers not to pay to too much attention to he apretentious claims that the modernists were making for their teachings, and more than one speaker declared that

the only salvation for the Methodist

church was to revert to the plain

old evangelistic faith. In the reports on the state of the work, presented this afternoon, was shown that the Methodists the Bay of Quinte Conference in the past twelve months increased their givings for Sunday school and Epworth League work and gave more toward the salaries of the ministers, but their givings for missionary work had fallen off considerably and by Dr. Hamilton's Pills. it was regarding this last fact that statements were made to the effect that the Church was growing mater-133. It was fit that their jubliee should receive appropriate recognition and Rev. Prof. A. H. Rey-/nar, of Victoria University, was asked to address the conference. Reynar, in a brief address, referred to his fifty years in the ministry. Rev. J. C. Wilson, who a few years ago was transferred from Bay

Quinte to Toronto Conference, was next called upon, and accorded an equally cordial reception. Resolutions expressing thankfulness for the fifty years' service given the conference and Church by Dr. Reynar and Mr. Wilson, and congratulating them upon their jublice in the work, were manimously passed.
