

# CURED OF THIS HORRIBLE DISEASE

## Edmonton Girl saved By "Fruit-a-tives"

EDMONTON, ALTA., Nov. 20th 1911. "I had been a sufferer from babyhood with that terrible complaint, Constipation."

"I have been treated by physicians and have taken every medicine that I heard of, but without the slightest benefit. I concluded that there was no cure for this horrible disease."

"Finally, I read of 'Fruit-a-tives' and decided to try them, and the effect was marvelous."

"The first box gave me great relief, and after I used a few boxes, I found that I was entirely well."

"'Fruit-a-tives' is the only medicine that ever did me any good for Chronic Constipation and I want to say to all who suffer as I did—'Try 'Fruit-a-tives'—why suffer any longer when there is a perfect cure in this great fruit medicine'."

(Miss) E. A. GOODALL.

"'Fruit-a-tives' is the only remedy in the world made of fruit and the only one that will completely and absolutely cure Constipation."

Box a box, 5 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

### CHASED BY BULL

MAN JUMPED CLIFF, BUT WAS STILL PURSUED.

Port Arthur, June 13.—Ernest Cross, of Silver Island, 18 miles from here, yesterday saw a moose acting in a peculiar manner.

Investigating he found a calf had been killed by a bear. The frantic cow moose on seeing Cross, bellowed with rage and charged him. Behind Cross was a bluff 35 feet high; in front was the angry animal. He took his only chance and jumped. Fortunately, a small tree broke his fall. However he split his kneecap and dislocated his shoulder and was badly cut. The moose also leaped and broke one foreleg, but continued in pursuit. Cross ran until he reached an old stump mill, where he sheltered among machinery, the moose still trying to get at him. The bellowing of the animal attracted Cross's dogs which chased the moose into the forest.

# SUNDAY SCHOOL.

Lesson XII.—Second Quarter,  
For June 23, 1912.

## THE INTERNATIONAL SERIES.

Text of the Lesson, Luke vii, 36-50.  
Memory Verses, 37, 38 or 40—Golden  
Text, I Tim, i, 15, R. V.—Commentary  
Prepared by Rev. D. M. Stearns.

This anointing of Jesus by a penitent  
woman is recorded only by Luke.  
There is another anointing later in His  
ministry which is recorded by Mat-  
thew, Mark and John, but not by  
Luke. That was at Bethany, and  
Mary, the sister of Martha, anointed  
Him for his burial. This was prob-  
ably at Nain, and the name of the woman is  
not given. Both anointings were in  
the houses of men called Simon, but  
the one is called Simon the Pharisee  
and the other Simon the leper. In to-  
day's lesson the woman washed His  
feet with penitential tears, wiped them  
with her hair, kissed them and anointed  
them. At Bethany Mary anointed  
His head as well as His feet, but there  
is no record of her washing them.  
They are manifestly two wholly dif-  
ferent incidents at different times and  
in different places, but Jesus Christ  
Himself is the center in each, as He is  
in all the Bible, and everywhere and at  
all times revealing God the Father. In  
our lesson He is in the house of one  
who knew Him not nor treated Him  
with common courtesy, as we learn  
from the words of Jesus in verses 44-  
45, "Thou gavest me no water for my  
feet; thou gavest me no kiss; my head  
with oil thou didst not anoint." At  
Bethany He was in the house of those  
who loved Him. This Pharisee reminds  
us of the one in chapter xviii, 11, 12,  
and in verse 20 of our lesson chapter we  
read that "the Pharisees and lawyers  
rejected the counsel of God against  
themselves." In chapter xvi, 14, it is  
said that the Pharisees derided Him and  
His teaching. He went wherever He  
could do good and heal a sick soul  
or a diseased body, never thinking of  
Himself or His unkind treatment by  
others. He did not hesitate to touch  
the world in any form for its good, but  
He was as separate from it as light  
from darkness. He came to save sin-  
ners, to seek and to save the lost, and  
inasmuch as He Himself said, "There is  
joy in the presence of the angels of  
God over one sinner that repenteth"  
(Luke xv, 20), He was no doubt full of  
joy when He found any one like this  
woman, or the woman of Samaria, or  
Nicodemus, or Zaccheus, or the penit-  
ent thief, willing to be saved. Per-  
haps she had heard His "Come unto  
me" or His words to another, "Daugh-  
ter, be of good comfort; thy faith hath  
made thee whole" (Matt. xi, 23; Lk. 22).  
Somehow she had heard and believed  
and had wasted her opportunity to  
thank Him. Now it had come within  
her reach, and she hastened to do all  
that was in her heart. It mattered not  
to her that the house was that of  
Simon the Pharisee; she was not think-  
ing of either Simon or his house, but  
of just one person who had made her  
blind to all but Himself. She knew  
her sin better than Simon did, and so  
did He to whom she had now come.  
How unusual such tears and such devo-  
tion, and how refreshing all must  
have been to Him. She washed His  
feet with her tears, but He had washed  
her soul by His precious blood, soon  
to be shed for her. See her humility, at  
His feet behind Him; see her contri-  
tion, weeping over His feet and think-  
ing how her own had wandered. Some-  
one has said that the essence of her  
heart was distilled to bathe His feet  
and the glory of her head unbound to  
furnish Him with a towel. Had she  
kissed His feet, but she did her  
best, and He accepted. She did not  
send by another. She rendered per-  
sonal gratitude. She was so occupied  
with Him that Simon's frowns were  
nothing to her. There is no record of a  
word she uttered; but oh, how the  
tears, the disheveled hair, the precious  
ointment, did talk for her! She had no  
thought of calling any one's attention  
to her; she cared for no one's opinion;  
she was endeavoring to thank Him.  
He accepted her gratitude. He looked  
at her. He took her part. He spoke to  
her and said to her, "Thy sins are for-  
given; thy faith hath saved thee; go in  
peace" (verses 48, 50). Her name we  
know not but it is written in heaven  
(Luke x, 20). May the joy of sins for-  
given be a reality to us and a whole  
world devoted to Him be seen in our  
daily lives. Simon thought that he  
knew her, but that Jesus did not know  
her, whereas Jesus knew both of them  
as they did not know themselves. He  
would have saved Simon as readily as  
He did the woman if Simon had con-  
fessed himself a sinner, but there is  
neither salvation nor a Saviour for  
self righteous people. He came not to  
call the righteous, those who think  
they are righteous, but for all who  
know themselves sinners and bankrupt  
there is salvation. Many who are called  
Christians seem never to have been  
forgiven much, for there is no devo-  
tion to Him in their lives. How very  
different the devotion of this one, or  
the woman of Samaria, or Paul, or  
Peter, or John! Why are we not con-  
strained by such love as His? Do we  
know Him?

Rev. Dr. Sparling, Principal of  
Wesley College, Winnipeg, died after  
a short illness.

Harry Wilson was sentenced to  
life imprisonment for killing his  
brother at Digby, N.S.

Several tariff changes are announ-  
ced at Ottawa. A large number of  
articles used in manufacturing are  
placed on the free list and the duty  
is reduced in case of others.

# Abolishing the Canteen

All temperate and law abiding  
citizens will heartily approve the de-  
cision of Col. Sam. Hughes, minister  
of militia, that the canteen at our  
Canadian military training camps  
go, says the Stratford Herald.  
Every one who knows the minister  
will realize that the decision is not  
made for the purpose of playing to  
the gallery or aimed at appealing to  
Methodist conferences for vote catch-  
ing purposes, as some other so called  
temperance policies apparently  
are, but is a determined effort on the  
part of a patriotic military man to  
stamp out an abuse which has mar-  
red the efficiency of our volunteer  
training camps many times in the  
past.

The presence of liquor at these  
camps serves absolutely no good pur-  
pose and inevitably appeals to the  
lower elements in the young men who  
are present with their regiments. The  
object of the camp is to give the  
young men some training in the  
requisites of a soldier and the first  
of these must be self restraint and  
obedience, two things which liquor  
more than anything else will drive

out of them. The presence, there-  
fore, of the canteen is so antago-  
nistic and contrary to the purpose of  
the camp and undoubtedly does much  
to minimize its usefulness, that we  
must give the credit to the man who  
has the courage to stand up against  
the interests of those who have  
backed the canteen and who shows  
that he intends to place the training  
of our young volunteers on a plane  
that will be of benefit to them while  
at the same time all the evil influ-  
ences which have surrounded such  
camps at times in the past will as  
far as possible be removed.

Canada is fortunate in having a  
man at the head of her militia de-  
partment whose heart is in the work  
and who may be depended upon to  
look after the morals of our young  
soldiers. This is of much more im-  
portance since it is proposed to send  
our school cadets to these camps.  
Col. Sam. may not look quite so  
much of a dandy as the Laurier min-  
ister, Sir Frederick Borden, but when  
it comes to looking after the phys-  
ical and moral interests of the  
volunteers we will be able to trust  
him infinitely more.

# Capt. Fee Has Largest Company at Barriefield

(From our own correspondent.)

Barriefield Camp, Kingston, June  
15.—Capt. H. Fee, O.C., D. Com-  
pany, 45th Regt., Omemeo, is the  
most talked of officer in the Barriefield  
camp, he having a company of  
ninety-seven men and when the roll  
is called Saturday morning it will  
total one hundred men. This is the  
largest company that ever went into  
camp in the history of Eastern  
Ontario, and the jolly captain is be-  
ing highly congratulated by the D.  
O. C. The famous Ed. Samson is in  
charge of the right fatigue and has  
everything in apple-pie condi-  
tion. Samuel English, the old war  
horse, is chief cook of the right half  
battalion, or popularly called the  
"Omemeo Boys."

Lieut. Thorn is a busy man these  
days attending to his duties and  
drilling the right half company.  
Tim Henry has been doing a lot of  
preliminary work in preparation for  
the coming of Ringling circus on the  
14th, and has secured the necessary  
seats for the Omemeo company.

Pte. E. Clarke is chief chef for the  
signallers and medical corps and is  
proving his ability, he having put  
the famous Ven. Brown out of the  
running for a tin pail. Pte. A.  
Brooks is called the world's broncho  
buster, he having broken the chargers  
of the major of the 46th Regt.,  
when all their famous riders had  
failed. Col.-Sergt. W. Mitchell, the  
"Coronation man," is on the job  
and has received many a welcome  
shake from, many of his comrades  
who were on the trip. Pts. R. J.  
Adams is chief clerk for Capt. Fee,  
and is kept busy making out the  
daily returns and parade slate, and  
he has asked for an assistant as the  
work is too heavy. He says Capt.  
Fee has too many men. Sergt. F.  
Cunningham is the hero of the  
camp, having secured a private from  
the cookery. "Capt. Fee and  
Omemeo," is the talk of the divi-  
sion, and here's all luck and good  
wishes to the Omemeo company and  
their young Capt. Havelock.

The latest organization at Barriefield  
camp is a regimental baseball  
league, which has developed by the  
co-operation of the officers of each  
regiment, who have contributed the  
sum of \$25 to buy a trophy cup.  
The committee, who were appointed  
to take charge of this league, Major  
Birdwhistle, Major Adams and Mr.  
Kneale, have instructed Lieut. Col.  
Rogers to order a suitable cup, and  
Col. Rogers telephoned to Toronto  
to have one made. The games will  
be played in five series, of which the  
first series began last night, and the  
finals will be pulled off on Wednes-  
day next.

The first series was played last  
night.

The first game was between the  
40th of Cobourg vs. the 45th of  
Lindsay, resulting in a win for the  
Lindsay boys by a score of 7-6. The

game was called after the fourth in-  
nings.

By a close score of 11 to 10, the  
16th Regiment, of Port Hope, de-  
feated the 16th Regiment, of Pic-  
ton.

The last game was called after the  
fourth innings on account of dark-  
ness. The Perth Regiment (42nd)  
managed by a close shave of 7 to 6  
to knock out their foes, the Glen-  
garry boys (59th.)

Barriefield Camp was almost de-  
serted Friday night, for everybody  
that had been granted leave of ab-  
sence made tracks for the city to  
see the Ringling circus.

The Roman Catholic service was  
held at 9 o'clock Sunday. The  
preacher was the Rev. Father Han-  
ley. The Protestant drum-head ser-  
vice was at 10 o'clock and was con-  
ducted by Rev. A. H. Creggan and  
the sermon was preached by Chap-  
lain McLaughlin of Lanark.

Inspector General Otter inspected  
the A.S.C. lines Friday afternoon  
about 5 o'clock. He found the  
corps a very efficient regiment.

A standing board will assemble  
when required for the purpose of in-  
specting rations and forage. It is  
composed of Major D. Cameron, 59th  
Regiment, president; Captain J. J.  
H. Fee, 45th Regiment; Capt. E.  
Zeland, 46th Regiment.

Mr. John Willcott, who has been  
engaged in agriculture to a large  
extent for many years, could not  
state definitely how the bee indus-  
try would pan out this season. He  
has not taken any of the product  
from the bees as yet but anticipates  
a good season. The past two years  
have proved unfavorable, having to  
supply the busy workers with sugar  
the greater part of the time.

VICTORIA ROAD  
Victoria Road, June 13.—Mr. J.  
Pollard, and Mr. Macdonald, teacher  
at Me Lake, spent Sunday with  
friends at Bexley.

Mrs. Hazelton, of Glandine, spent  
Sunday with Mrs. W. J. Alton.  
Mr. Conlin's sale on the 6th of  
June was largely attended.

Mr. and Mrs. J. W. Lytle spent  
last Saturday in Lindsay. We are  
sorry to hear they were both hurt  
in the train wreck which occurred at  
Grass Hill on the homeward trip.  
Rev. Mr. He attended conference  
at Cobourg and is spending a week  
at his home at Centretown.

Mr. Macdonald and Miss Dorothy  
Macdonald spent a week at their  
summer home here. All the family  
are expected up this week.

The girl who thinks she is in love  
may be better off than one who is  
afflicted with the real thing.

has not taken any of the product  
from the bees as yet but anticipates  
a good season. The past two years  
have proved unfavorable, having to  
supply the busy workers with sugar  
the greater part of the time.

Mr. John Willcott, who has been  
engaged in agriculture to a large  
extent for many years, could not  
state definitely how the bee indus-  
try would pan out this season. He  
has not taken any of the product  
from the bees as yet but anticipates  
a good season. The past two years  
have proved unfavorable, having to  
supply the busy workers with sugar  
the greater part of the time.

# Criminal Record for 1910

The criminal statistics for Canada  
in 1910 have not come to hand but  
they do not furnish any indication  
that crime is decreasing. As compar-  
ed with 1909 there is an increase in  
both serious and minor offences. The  
figures are:

1909	1910.
Indictable offences.....	11,448 11,700
Summary convictions	68,503 91,208
Total.....	89,951 102,908

The indictable offences are of  
course, the more serious. These fig-  
ures do not show the number of  
charges made, they only show the  
convictions. Many persons were ar-  
rested and not convicted.

Among the more serious crimes  
there were 145 charges of murder  
and of these there were 66 convic-

tions for murder, 17 for attempt to  
commit murder and 28 for man-  
slaughter. Shooting, stabbing and  
wounding added 220 more to the  
crimes of violence against the per-  
son, while the number charged with  
burglary, robbery and house-break-  
ing, totalled 1,151.

It is a singular thing, that in  
spite of the number of places in  
which local option has been carried,  
the arrests for drunkenness are  
steadily increasing. Thus in 1909  
there were 31,105 convictions, while  
in 1910 the number had risen to  
34,046. Those who favor the reduc-  
tion of licenses ought to find some  
reasonable explanation for this con-  
dition of affairs, otherwise their ar-  
guments in the future for banishing  
the bar will scarcely be convincing.

# The Country Cemetery

Frequently the resting place of the  
dead in the country, presents very  
strange contrasts, monuments cost-  
ing hundreds of dollars set in flour-  
ishing back grounds of rubbish and  
weeds, borders on the ridiculous.  
Were we to hear of heathen doing  
such, our indignation would be  
aroused, but in our own surround-  
ings we have become indifferent.

Last year the Presbyterian com-  
munity around Woodville, becoming  
aroused to the discredit of their  
cemetery's condition, appointed a  
committee to remedy matters. A  
large measure of success has re-  
sulted. A neat and substantial fence  
has been built, the ground has been  
levelled and the preparation of the  
surface for seeding to grass was car-  
ried on last season, and the cultiva-  
tion is continued this summer. The  
committee's appeal for funds, meet-  
ing with such generous and far-  
reaching response, led them to de-

termine on securing if possible, suf-  
ficient cash to form a permanent  
fund to invest so that the yearly in-  
terest would pay for keeping the  
cemetery in proper order. As last  
year's balance was increased by a  
couple of \$400 contributions, making  
a total of over \$1,200 the committee  
recently made a further appeal to  
the interested parties in order to  
secure a permanent fund of \$2,000.

Already several \$25 and one \$50  
remittances have been made to the  
treasurer, and there is every indica-  
tion that the desired amount will  
be secured shortly.

Such splendid generosity, clearly  
shows the real esteem in which the  
present living hold the memories of  
the ones who have gone before.

The committee are delighted with  
the readiness of the kind helpers  
who are making their work of over-  
sight a pleasure and not a task.  
Well kept burial plots are far finer  
monuments than granite and weeds.

# The Annual Question

The periodical fuss is on regarding  
the question of whether the soldiers  
will be allowed to have beer in camp  
during the annual training of the  
militia. From the manner in which  
it is being discussed in some quar-  
ters the general public might sup-  
pose that a militia training camp  
was one fine large, scarlet orgy when  
the refrigerated fact is that a militia  
camp is a place where some thou-  
sands of officers and men gather to  
do a lot of serious work, under very  
adverse conditions, for the benefit  
of the country. The question of beer  
or no beer is a minute incidental.

From the standpoint of the citizen  
soldier, he does not see why because  
he puts on a uniform and goes out  
for military training he should be  
penalized by being deprived of his  
personal rights, any more than be-  
cause he puts on his best suit of  
clothes and attends a convention of  
a big fraternal organization, cer-  
tain people should demand that dur-

ing the period the assemblage was  
in session compulsory prohibition  
should prevail.
