BRONTE, ONT., MARCH 1st. 1912. "Fruit-a-tives has made a complete cure in my case of Rheumatism, that had at least five years standing before commenced the treatment. The trouble was principally in my right hip and shoulder, the pain from it was almost unendurable. Not being able to sleep on that side, if I chanced to turn on my right side while asleep, the pain would immediately awaken me. This kept up until I started taking "Fruit-a-tives". I started by taking one or two tablets with a large glass of water, in the morning before breakfast and experienced pronounced relief very shortly. After a continued treatment for about six months, I was cured and am now in firstclass health. This, attribute to my persistent use of "Fruita-tives" and I heartily recommend your remedy to any Rheumatic sufferers." JAMES DOBSON.
