we're races for the children and also for those who are not children. These were much enjoyed by all. Although, no doubt, the many attractions elsewhere prevented many from being with us, still the attendance was very large, and all went home well pleased with the day's outing.

INGOLDSBY
Mr. R. M. Baker, agent for the Singer Mfg. Co., started to-day for Bancroft, where he will do business until next week.

Our school will close a ten months term Friday. We regret very much having to lose Mr. Thomas Scott, our efficient teacher, who has taught so satisfactorily for the past three years. Mrs. I. W. Puffer and children of Wellington, Illinois, arrived at Ingoldby last Thursday evening, where they will make an extended visit with Mrs. Puffer's parents Mr. and Mrs. A. Baker, also brothers and sister and other friends.

We regret to have to report the death of Mr. Geo. A. Congdon, a young man of some 30 summers, who died at his mother's residence in Snowden on Thursday, 22nd of June, after a painful illness of several weeks. The funeral procession proceeded to the Ingoldby cemetery on Saturday where the body was quietly laid away. The obsequies were conducted by the Rev. Mr. Ryerson of Muden in the Methodist church and at the grave, after which the Orange burial rites were conducted by J. H. Delamere, P.G.M., assisted by R. M. Baker P.C.M.

NORLAND
Mrs. A. B. H. Carl of Cobocok is renewing old acquaintance at Norland. We are all pleased to see her smiling face again.

Mr. R. A. Adair left early in June for Lake Temiscamingue, and intends moving his family there in the near future.

On Friday evening just after six o'clock the saw mill owned and run by Stephen E. Argue was burned to the ground. The fire was started by a spark from the engine, lodging in the sawdust. The loss is universally regretted, as such an industry was a great boon to our village. Many are thrown out of employment, and all heartily wish to see the mill rebuilt. No insurance.

Our village has had quite a gloom cast over it by the death of Minnie Simpson, wife of Albert Staples, and eldest daughter of Wm. Simpson of this locality, who died June 24th at the age of 26 years. The deceased had many warm friends and her early demise is regretted. She was highly respected and beloved, for her kindly disposition and gentle manner had won her a host of friends who attest her worthy life. Her young and sorrowing husband is the subject of much sympathy. She left an infant son only two weeks old. The funeral was largely attended, and many a tear and sigh was mingled with those of the bereaved ones.

JANETVILLE
Miss Effie ...
The Methodist church purpose holding their annual ...

The picnic in connection with Pleasant Point school for 1899 is now a thing of the past. Saturday, July 1st, was the date chosen, and a favorable day it turned out to be. It was decided to draw the pupils of the school in carriages to the grove instead of marching them, as in previous years. There were quite a number who kindly offered the use of their rigs and went to the trouble of decorating them. Those who took part in the procession were Messrs. Geo. Endicott, Geo. Kennedy, Geo. Milligan, John Kennedy, Albert Hore, Sam. Endicott and Robert Sampson. All the drivers had gone to a good deal of trouble in preparing their teams and rigs, and much credit is due them for the success of the procession. A very good program had been prepared, but on account of the rather high wind, it was difficult to hear some of the recitations. Mr. James Jackson presided as chairman, and ably fulfilled the duties of the position. After tea a short game of baseball was played, after which there

we had a very happy time.

EDEN-MARIPOSA
Miss Stella R. ...
A terrific electrical storm passed over here on Thursday night last, the worst of the season yet. No damage was done excepting the road gate post at Mr. Robt. Jordan's farm was struck and splinters hurled across the road.

The anniversary in connection with the Eden church and Sunday school, came off on Wednesday 21st. The day being fine everything went likewise. On Sunday the services conducted by Rev. Mr. Clarke of Woodville, were listened to by a large and attentive audience. The neat little church seemed smiling with bouquets of all kinds and varieties of flowers. The chief feature of Wednesday's sport was a lively return game of base-ball by L.C.I. club and our Eden boys. The field was lined with a large crowd of people from all around the neighboring vicinities and from a distance who witnessed the boys bravely. After a hot 24 innings were played the game stood in favor of the home team. When all was over, every one made for the sheds where all the good things provided by the ladies, were waiting in readiness, the large steam swing keeping pace to the people as they did ample justice. It was really amusing to behold the scene—

The married man taking his wife to swing and some fair lad his daughter. The true lover holding his sweetheart by the wrist, and widower's firmly clasping their betrothal.

The program was given in the church in the evening, consisting of music, choir singing, recitations and dialogues. The singing by the choir was excellent; any church should be proud of them. The organist deserves credit for her management. All was over at a late hour and everyone went home pleased with a good day spent. The proceeds amounted to \$36 net of expenses.
