 —Monday while getting his horse shod Mr. Ber. Weese met with a very painful accident. A "twitch" was arranged, and while twisting this Bert's right hand got into the animal's mouth.  —The annual garden party at Mr. John Graham's "Blythe Farm," Fenelon, under the auspices of the Baptist church of the tract village, was held on Tuesday night. The weather was a trifle unfavorable, but there was a big crowd and they had a splendid time. The Crandella took heavy load from town. About 30 more arrived at the Point. When the boat arrived a huge bon-fire was built at the Point landing. Mr. Graham and his family made model entertainers. The private excursion party went down in Sam. Parkin's boat, the Greyhound.

 —Mr. A. B. Terry has placed a magnificent mirror at the rear of his ice cream parlor. The mirror is 5 feet by 9 and will be much appreciated by the fair sex who take their refreshment at Terry's. They are many.  
 —James Capstick of South Verulam recently raised a fine barn 40 x 60. In the evening there was a social hop, at which all the young people of the district gathered and enjoyed themselves in dancing and games.  
 —Workmen are busy preparing the south side of Kent-st., between William and York, for the granolithic walk. Commissioner Pilkie is determined that this section shall be an object lesson that will lead to plenty more being put down in the near future.  
 —The Ontario Rifle Association matches will begin at the Long Branch ranges, Toronto, on August 22nd, and will continue for four days. The program, consisting list of prizes, regulations for firing and general instructions, has been issued, and may be procured from Colin C. Harbottle, 16 Victoria-st., Toronto.  
 —A couple of weeks ago Donald McGillivray of Cardiff was killed by lightning. The young man, who was about 20 years of age, had been driving with his father's team, and had just got home and put his team away, after which he went into the house, and a storm prevailing at the time, he went out to look after the sheep. Not returning as soon as expected search was made, his dead body being found lying in a fence corner beside the sheep, having been killed by the lightning.  
 —The annual picnic of the Dundas & Flavelle Milling Co. employees, on Saturday next, at Sturgeon Point, promises to be a greater success than ever. The steamer Alice-Ethel and palace barge and also the Crandella will carry the employees and their friends to the Point, leaving sharp at 9.30. A capital program of sports has been prepared. Mr. George Lunen of Eldon, whose performances on the bagpipes have been appreciated at the fall fair, will be present and play selections on his favorite instrument.  
 —The first of a series of Traders' excursions to Lindsay from points along the lower lakes, reached town Saturday. The number carried by the Alice-Ethel was small, owing to insufficient advertising and the farmers being in the midst of a busy season. However, those who came to town—about one hundred—were delighted with the sail, the treatment accorded them by Capt. Knowlson, and the bargains obtained at our well-stocked, low-priced stores. They will spread the good news among their neighbors on their return and the next excursion, which will take place in a few weeks, may be expected to be a success.  
 —The local examinations under the auspices of the Toronto Conservatory of Music were conducted by the representative of that institution here, Dr. W. H. Clarke, on June 30th. The results appeared in the Toronto papers on Saturday, July 15th. They are as follows: Piano—First year, second-class honors, Miss Sabina Martin (Fenelon Falls); pass, Miss Lillian G. Wilson (Fenelon Falls). Miss Violet M. Wilson (Fenelon Falls). Miss Josephine Staples. Vocal—Second year, second-class honors, Miss Beatrice Bowes; pass, Miss Cora E. Walters. Second year, second-class honors, Miss Evelyn McPhaden (Woodville); pass, Miss E. L. Flavelle.  
 —An old-fashioned barn-raising took place on Mr. Wes. Greer's farm, Fenelon, on Friday. The result is a fine hip-roof barn 40 x 80 on a 10-foot stone foundation. Mr. Wm. Endicott and Mr. Robert Wallace were captains of the rival sides. It was a great contest and never did beams, plates, braces and rafters find their places at a better pace. As in another notable contest between north and south the former under Mr. Wallace had rather the best of it, not in speed or skill, but on account of the south being short a few rafters, and thus unable to finish. Mr. Albert Hardy, tenant on the farm, entertained the 150 people present in fine style, and the tables set were not only the joy but admiration of those who sat down to them. Quite a number of young people from town were among the invited and report the pleasantest sort of time.

**Apply the Test.**

We insist that if goods are not as represented, you bring them back and get your money. Years ago we made that standard. The most reliable store in Lindsay, and we are growing to greatness along that line. Many merchants honestly think they are liberal, when they aren't invite any such comparison or apply any such test.

What we prefer above anything else is your good will. Profit is a minor consideration compared with the principle. That makes the store generally respected, and the idea applies to these things as well as any thing.

<p><b>Millinery Section</b></p> <p>In the Millinery section some very gains this week.</p> <p>—Parasols, we bid good-bye to—buy them without a profit.</p> <p>—Ladies' Straw Hats, etc., less than half price.</p> <p>—Flowers, etc., in the same sale.</p>	<p><b>Dress Goods</b></p> <p>—Some grand chances, 25c and 30c goods now 15c</p> <p>—50c and 60c goods, now 35c</p> <p>—Big cutting all through this stock.</p>	<p><b>Clothing and Gents' Furnishings</b></p> <p>—Some splendid offerings in Men's and Boy's Suits, broken lines at broken prices. Chance for close buyers.</p> <p>—Linen Hats, Straw Hats, Summer Underwear and all furnishings are selling at the cut prices.</p>
<p><b>Wash Goods</b></p> <p>—A money-saving chance. One lot of Crinkle Cloths, Tweed effects, etc., sold through the season at 15c, now 7c</p> <p>—One line Dress Muslins Wash Goods, etc., regular 15c and 20c goods for 9c</p> <p>—Special line American fast Prints, this week at 4½c</p> <p>—See our Shirt Waists at the low prices</p>		
<p><b>Carpet Remnants</b></p> <p>In Brussels, Tapestry, Unions, etc.</p> <p>—Best Brussels, \$1 25 goods, now 75c</p> <p>—Tapestry, 75c goods, now 50c</p> <p>—Wools, 60c goods, now 39c</p>		

That's enough to arouse your interest in goods and prices. The most we ever hope to do with advertising is to get you to looking. Advertisements merely point the way and your judgment does the rest. But whatever we advertise, apply the test. Your money back if you want it.

**Rev. Mr. Snowdon Writes**

Rev. Thos. Snowdon, Methodist pastor of Cambray circuit, and Mrs. Snowdon are now in the city of Durham, England, the reverend gentleman's native place. A letter from him says that they crossed the ocean on the "Callifornian," had a fine voyage and beat the "Scotsman" by three hours. Whales, icebergs and several schools of porpoises were encountered with. Mr. Snowdon says: "What a lovely old place Durham is with its great cathedral, fine old castle, lovely woods, the winding river Weir, the ancient houses— from every point of view my native city is a beautiful place. There are many changes, but some things are just the same as of old." Continuing Mr. Snowdon says: "We attended a S.S. anniversary (at the Wesleyan chapel. There was no preaching; the children took up the whole of two services, in reciting portions of scripture, dialogues, singing etc. We are well and enjoying our visit greatly."

**Lindsay Bicycle and General Repair Works**

Every modern equipment for first-class repairing. All work warranted. Tire vulcanizing a specialty. W. WEBSTER, Mech. Expert, 25 William-st. north.—11-tf.

**Sturgeon Point Notes**

—Bass and tunge fishing are particularly good.  
 —Mr. A. E. Morrow, B.A., will return from reading examination papers at Toronto on Saturday and spend a month here.  
 —Miss Josie McFeely of Minneapolis, is visiting the Misses Goodwin. Miss Olga Deechfield of Port Perry is visiting her sister Mrs. A. E. Morrow.  
 —Mrs. A. E. Morrow has been quite ill for several days but is greatly improved. On Monday evening Mrs. Haggarty was taken seriously ill and yet requires medical attendance.  
 —Assessor Hopkins has handed out his little schedule, and cottagers are spending part of the hot weather in contemplating the characters inscribed thereon. The rate is awaited with some apprehension.  
 —Cottager Begbie sent up a gun-cotton rocket as the boat was coming in on Saturday night. At a great height, it exploded with a tremendous report that sent the echoes rolling among the hills across the lake.  
 —Dr. Graham of Fenelon Falls was in attendance on two patients on Sunday. Mrs. Batty was taken seriously ill during Saturday night as was Clarence, the son of Mr. Alex. Fisher. Both were put on the way to speedy recovery by the doctor's skill.  
 —Col. N. C. Daly, American consul at Guelph, came down with Mr. Haggarty on Tuesday night. The colonel spends a couple of weeks hunting every fall with Mr. Haggarty and W. H. Simpson. He is down now arranging for next fall's outing and enjoying a few days fishing with Mr. Haggarty.  
 —Three young men, two of them Orillians, made a most thoughtless exhibition of themselves on Thursday afternoon when the E-turion was at the dock by clambering aboard the vessel in bathing suits that were decidedly scant and one case at least ragged. They should have shown more consideration for the many passengers on board.  
 —For a number of years Mr. William Needler has merited and received the gratitude of all east-end cottagers for access to his splendid well. Mr. Needler has done all these people great kindness in this respect and still continues to do so. It is now proposed to raise funds in the east end, sufficient to dig another well in some convenient place. It ought to be done.  
 —The Point looks better this year than usual. So far as can now be seen the

caterpillars were a benefit instead of an injury for the removal of the early leaves allowed the sun to reach the grass and undergrowth and these are more abundant than ever before. The second crop of leaves are particularly vigorous and altogether the Point is decidedly more pleasant than for years before.

—Clarence, the young son of Mr. Haggarty, had a narrow escape from drowning on Sunday. He was bathing with some others when on a challenge from his companions he jumped from a spring board into deep water and being unable to swim was soon on the verge of unconsciousness. Help arrived in time, however, and a few hours in bed put Clarence in as good shape as ever again.  
 —Rev. L. S. Hughson, B.Th., preached on Sunday. There was a very good audience, but church-going seems to be scarcely as popular as formerly. Those who do not attend, observe the day of rest very quietly for the most part, but the repeated whistling of a local steam yacht that was cruising along shore distracted the worshippers attention last Sunday. Avoiding unnecessary noise on Sunday is much appreciated by the cottagers.

**Strikers, Farmers, Townspeople**

merchants and laborers are all invited to call once a day, more or less, as you may require to buy your household wants, at the Oak Front Grocery. Why? Because you will save money and have the best goods.—25tf.

**Obituary**

MRS. CATHARINE WYLIE.  
 Catherine, relict of the late Malcolm Ferguson, another of Mariposa's early pioneers, passed away to join the majority at the residence of her son-in-law Dr. Thos. Wylie, 685 Spadina Ave., Toronto, on the 8th July, 1899. The deceased was the daughter of the late Arch. McFadyen and Ann McCormack of Eldon township, and immigrated to Canada with her family from Scotland when six weeks of age. She was married in the year 1838, since which time she lived on lot 2, 1st con. Mariposa. She is survived by two sons and five daughters, many grandchildren and great grandchildren who now mourn her loss. Mrs. Ferruson was a true Christian in the proper sense of the word and was a consistent member of the Presbyterian church since her girlhood days. She was unassuming, quiet in her manner, of a kind and benevolent disposition—no one was ever allowed to leave her house hungry and she had a good word for every one. She was a devoted wife and a loving mother. Few there are who possess so many Christian attributes. Her end was peace. A large concourse of relatives and friends followed the remains from her late residence to the Brook cemetery on the afternoon of their arrival from Toronto on Monday last. Rev. A. Currie, M.A., of Sonya officiated at the funeral.

**Church Notes.**

—The choir of the Cambridge-st. Methodist church has been granted three weeks' holidays. In the meantime a male quartette has charge of the singing.  
 —Rev. E. A. Langfeldt of Omemee conducted both services at St. Paul's on Sunday. In the evening Mr. Langfeldt preached on the words, "Having a desire to depart" and delivered a clear and forcible discourse. Rector Marsh was in Omemee.

**Hymeneal**

MARTIN—ANGUS.  
 The Huntsville Forester says: A very pleasing and attractive event took place on Tuesday, 4th July, in the pretty little church at Novar, when the Rev. Mr. Pardoe united in marriage Miss Victoria Adelaide, youngest daughter of the late Mr. Angus of Maple Hill farm, Fenelon, to Mr. Thomas Martin of Maringlen farm, Chaffey. The bride was assisted by Miss Mitchell, one of her Lindsay friends, and Miss Bertha Martin, while Mr. W. M. White and A. Paget, two of our respected townsmen, assisted the groom. The church was beautifully decorated, being a complete bower of flowers. The presents were very numerous and costly. The happy couple will reside at their new home Maringlen, in Chaffey.

**The Vote Postponed**

THE \$25,000 BY-LAW WILL NOT BE VOTED ON YET  
 At the public meeting held in the old Opera House on Thursday night to discuss the \$25,000 by-law about 150 ratepayers put in an appearance. Only a few of that number spoke, but so powerful were their remarks and so well received by the audience that the order of things was wholly changed and the council was asked to withdraw the by-law in its present form and postpone the vote. To this the council agreed. The speakers were the Mayor, Aldermen Jackson, Lennon and Horn, Solicitor Hopkins, Messrs. J. D. Flavelle and James Graham. Others asked questions and spoke briefly. The by-law was objected to chiefly on three grounds. It was held that instead of having the vote taken on raising money for a firehall, walks, parks and streets all together, there should be a ballot for each so that a citizen could indicate that he is in favor of one and against another if he so desired. Objection was also taken to the streets that it was proposed to build and the amount to be raised. Instead of \$25,000 it was held that \$20,000 is enough to spend on streets at present. It was also agreed that sufficient time had not been allowed in which the electors could become posted on the proposed expenditure. A good deal of valuable discussion took place and the vote will not be brought on for about a month.  
 —House to rent at \$1.50 a month. Apply to O. Bigelow or J. H. Sotheran.—19-tf.
