GLENARM

During the prevalence of a thunderstorm which passed over Glenarm district about 12 o'clock noon Wednesday lightning struck a tree in Mr. G. McFadyen's garden, about three yards from the house. The shock knocked Mrs. McFadyen down, but beyond the fright received she was not injured in any way.

SOUTH OPS

A jolly party drove from Fenelon Falls on Sunday last to Mr. John Shannon's, South Ops, to spend the day. The party comprised Mr. John Jones, Misses Lala and Dolly Jones, Mr. Sydney Bellingham, Misses Martha, Florence and Clara Bellingham, and the Misses McCabe of Peterboro, who are yearly visitors with South Ops friends. Their appetite being sharpened by the long drive, needless to say ample justice was done the merriment spread. All returned home in the evening well pleased with their visit.

CANNINGTON

Monday morning last, July 9th, Thos. Ferguson, an old and respected citizen of the township of Brock, aged sixty-seven years, arose at an early hour, dressed, went out into his garden and took a clothes-line which was attached to an apple tree and a post, and proceeded to the barn, where he fastened one end to a beam and the other around his neck. He then stepped off the threshing floor into the snow and was strangled to death. The deceased was discovered by his son Edward at six o'clock in the morning. He obtained the assistance of Mr. Wm. Harvey, and together they cut down the body. County Coroner Dr. Bingham was notified and after viewing the body and making thorough enquiry, deemed an inquest unnecessary.

EDEN

Mr. and Mrs. House of Toronto, are spending a week with their friend Mr. W. J. Greenway.

OAKWOOD

The concert held last year was such a success, a committee has been appointed to make arrangements for the very best talent that can be secured for a concert again this year on fair night.

GRASS HILL

The directors of the Agricultural Society held a meeting last week to revise their prize list for the show to be held here on Wednesday, Sept. 26. The prizes on horses speeding in the ring were raised from \$40 to \$60 this year and quite a number of changes have been made in the ladies' work, several new articles being added and some old ones struck off. Fourteen new stalls have been added to the cattle sheds, and the track graded up nicely, so that everything will be in excellent shape for the fall fair.

RETURNS

Returns for the last half of May and for the month of June have been made to patrons of the cheese factory, and

We are all glad to see Mr. Hughes succeed in South Africa. The maturing crops, barley and fall wheat, will soon bring harvest. None from here are going to the Northwest this harvest. The Rev. P. Currie occupied the pulpit of St. Andrew's church, Eldon, last Sunday. A clever rev. gentleman from Montreal is expected for next Sunday, 22nd inst. The Rev. Dr. Watson, Beaverton, is expected at the induction in Eldon church. The familiar face of that veteran minister will be highly reciprocated by the Eldon congregation, of which he has been a life-long friend.

GELETT

Mrs. H. Austin spent last Monday night with Haliburton friends. Mr. and Mrs. G. Hawkins, Dutch line, spent Sunday with Gelett friends. Mrs. Harrison, who has been sick for the past few weeks, is improving slowly. Mr. and Mrs. Assa Clarke, from Baptiste Lake, are visiting relatives here at present. Miss Bertha Brandon of Toronto is visiting her brother, A. H. Brandon here at present. Mr. A. H. Brandon left on Tuesday morning for London for a few days to attend the Grand Lodge of the Masonic Order.

LORNEVILLE

Haying is seriously interfered with here, owing to the unfavorable weather. The induction of Rev. N. A. McDonald into the pastoral charge of St. Andrew's church, Eldon, will take place on Tuesday next, 24th inst., at 2:30 p.m. A large number of the ministers of the Presbytery of Lindsay are to be present. The reception to Mr. McDonald will, if the weather is not too favorable for work at home, be largely attended by the congregation, the ladies of which will amply provide for the occasion. Wet or dry (the day) the congregation should attend in a body to welcome their new pastor.

make a very satisfactory showing: Milk delivered 182,472 pounds; cheese made 16,755 pounds, sold for \$1,589 48. Average price 9.48 cents a pound, yielding an average of 75 cents for 100 pounds of milk to patrons, and a net average of 66 cents per 100 pounds after deducting 9 cents per 100 for drawing. Last year butter was made in June instead of cheese, and the patrons did not realize 40 cents per 100 pounds for their milk.

BURY'S GREEN

Road master Wilkinson is to be congratulated on his efficient and substantial manner of road-making. His capabilities in this respect would vie even with Pilkie's.

On the morning of the 12th about one o'clock Mr. Albert Pogue heard considerable racket in the vicinity of his barnyard and someone calling for help. Jumping hastily from his bed and running to the door he soon discovered the early visitor to be Mr. Chris. Lamb in search of Mr. Pogue's milk can. On being told the time of day and directed to the milk stand Mr. Lamb soon sped away while Mr. Pogue rolled himself in the blankets and dreamed it would be a good day for the walk. Our busy milk drawer hastily gathered in the cans and on arriving at the factory found the cheesemaker missing. After some little rambling around, sizing up the moon and counting what stars he could see, he struck off in search of someone to open the factory. Up to Mr. C. Tiers' the wild driver went and soon found Mr. Robertson, who rubbed his eyes and felt quite annoyed to be thus disturbed while dreaming that there would be lots of rain and that the flow of milk would be increased 40 per cent. Mr. Lamb is not to be outdone by any of the early birds even if he does sleep with hats and boots on.

NESTLETON

The old Methodist church of this place having done duty as a place of worship for about forty-five years the trustees and friends of the congregation have decided to erect a more convenient and imposing place of worship and for that purpose the foundation has been laid and material placed on the ground for its erection. On Sunday and Monday, July 8 and 9, the services in connection with laying the corner stone were held. On Sunday two able sermons were preached at 10:30 and 6:30 by Rev. Jos. Philp, B.D., of Pretoria, an old Sunday school boy of this place who cherished loving memories of old Salem. At 10:30 he preached from Gen. 28-2 and at 6:30 from 2 Cor. 9-7. His discourses were able, pleasing and eloquent, and we think he would at least make a good financier for his church. On Monday the services were again resumed at 3 o'clock when a platform meeting was held with our genial pastor, Rev. E. E. Howard, in the chair. An address was made by Rev. Jos. Philp, B.D., after which the ceremony in connection with laying the corner stone was proceeded with by Mr. C. W. Jones of Port Perry, assisted by the reverend gentlemen present. Then the pastor announced tea was ready, which ran well into the evening, till the large crowd was all attended to. After tea speeches were delivered by Revs. R. L. Edwards of Pontypool, a former pastor; R. J. Fallis of Weston, an old Cartwright boy; R. M. Phalen, B.D., and J. Creighton, B.D. Singing at all the services by the church choir. Proceeds of tea and collections, including \$100 given in by the Ladies' Aid, about \$235 00. The new church is to be a solid red brick structure built on a stone basement, 30x45 feet, with alcove, to cost when completed about \$1,500, \$900 of which has been provided for. The members of building committee are: Rev. E. E. Howard, chairman; A. H. Veale, secretary; P. Wright, treasurer; J. M. Emerson, Robt. Jackson, Jno. Edwards, Wm. Samells and Wm. McCrea. The church is to be completed by Oct. 1st.
