child of Memphis, Tenn., and Mr. and Mrs. J. Thompson of Hamilton are staying there this week.

Miss Tewlesley who has been visiting her friend Miss E. De Cew for some weeks, was called home on Saturday by the illness of her sister.

Miss Looose and Miss Copping of Toronto are visiting at Dr. D. Gould's.

Mr. D. Barr is back at his old post in Dr. D. Gould's drug store. His many warm friends are pleased to see him back again.

The heavy rain of last Friday cooled the air and was very badly needed as both dust and heat had reached a height when they were almost unbearable.

The departmental examinations of Part I. in the High School course took place here last week from Monday until Thursday. Mr. E. Mosgrove of Kirkfield presided and 11 candidates wrote.

The sacrament of the Lord's supper was dispensed in St. Andrew's church on last Sunday morning by the pastor, the Rev. R. C. H. Sinclair. Mr. Sinclair preached a most masterly sermon on love, comparing the love of God to that of a mother. The whole discourse was touching in the extreme and to those who have known a mother's love it must have been particularly welcome.

Dr. Neelands, dentist of Lindsay, will be at the McArthur house on Tuesday, 16th inst. Keep date in mind and come early.

The Orangemen of the village attended divine service in the Methodist church here last Sunday evening and listened to a most instructive sermon from the Rev. Mr. Garbutt. The band accompanied them. It will also go with them to Cobocook on Friday, July 12th. It is expected that a large number will go to Cobocook on the 12th per "Manita." She will not take her regular trips on that day, but will go to Cobocook instead.

One thing badly needed in our town is a watering cart. The rain made the walks passable but if we have another season of heat the dust will be as bad as ever. Who will move in the matter?

Mr. L. Deyman moved into his newly purchased residence last week. It has been much renovated, and will when finished be an exceedingly pretty and comfortable home.

We need a cow by-law here as well as a watering cart. The reporter met fifteen cows last week when passing down two streets. No wonder that we cannot have open lawns and hedge gardens, but are compelled to have stiff fences.

#### OAKWOOD NEWS BUDGET

##### Personal—Festival—Baseball—Accidents

Miss Nettie Perrin of the L. C. I. is home for vacation.

Many friends will be pleased to see Mr. Will Bingham, an old Oakwood boy, who has been in the Prairie Province a number of years.

Hogg Bros. have just opened two large crates of beautifully decorated toilet sets. Prices for pretty painted sets start at \$2 up to \$5.

Dame Ramor announces a few weddings in the near future.

A little girl has come to make her home at Mr. Fred Brass' who certainly thinks it is worth its weight in gold.

Another lot cotton working shirts selling at cost of making, 25 cents each, at Hogg Bros.

The strawberry festival on Tuesday evening under the auspices of the Oakwood Sunday school was a pronounced success and all agree that it was as pleasant and profitable as floating down the Scugog. The advertised sports for the afternoon afforded a little recreation and the program in the evening was well appreciated. Nearly everybody got a quarter's worth and was well pleased with the exception of a few cranks like some of those who took in the Lindsay show. The proceeds amounted to over \$60 which reflects much credit on the energetic committee.

Look at stamp on binder twine and see number of feet to pound, when asked to buy. You can get the best at Hogg Bros. as low as the lowest.

Friday afternoon the baseball team journeyed to Little Britain to play the return match. After a good deal of fumbling the "Britons" got their team on the field about 5 o'clock and although the weather frowned on the proceedings not more than a score witnessed the game which had been thoroughly advertised by the patrons of the home team. The game was one-sided from the beginning and notwithstanding the fact that Penny grouped himself with the little boys the score stood 14 to 27 in favor of the Oakwoodites, five innings being played. Throw up the sponge Britons, for you must be convinced that your sports are of an inferior quality.

Look at new stocks of Tweed Suits,

ings, Worsted and Serges Hogg Bros. have just received. Any orders guaranteed in fit workmanship and style. Mr. Brandon does the work up neatly and prices are right.

Quite a few attended the barn raising on Mr. Chas. Coad's farm on the 11th con. Friday afternoon. Two able captains were chosen in the persons of Messrs Geo. Graham and Richard Dale. No one was injured during the progress of the raising and Mr. Graham, who occupied the northern side was the happy winner.

Have you seen the big 11-4 grey and white cotton blankets Hogg Bros. are selling at \$1 per pair. Prints—wide, heavy and fast dyes, in 37 new patterns, at 10 cents are worth trying.

Passing down the Lindsay road it strikes the beholder that the farmers on the 9th line are not indifferent to appearances. Amongst others Messrs Channon and Graham are making extensive alterations which will greatly add to the appearances and comfort of their commodious dwellings.

Mr. Marquis Hisks who lately has been working on the section met with a painful accident Monday afternoon. While using a pry his fingers were jammed between two rails injuring two of them quite badly.

Read Hogg Bros. ad about 200 pairs King's sample boots just in. You will be able to depend on getting a full list of wants supplied any time visiting this store and get correct prices.

A few days ago Mr. Oscar Wakeley had the misfortune to injure his foot. While drawing some lumber to his shop he got tangled in the lines and a wheel passed over his foot. Oscar's locomotion is now maintained with the support of a crutch.

**CAMERON**

Most of the farmers around this section are done haying, they are now getting their hoes sharpened.

Miss L. Maunder of Lindsay is visiting her uncle Mr. J. H. Maunder of this village.

Quite a number from here intend to take the boat up to Cobocook on the 12th. Others intend to drive and others to wheel.

We must congratulate the widowers on the match made at the tea.

—Pure Paris Green at P.H.Coad's.

#### McGEE'S—EMILY

On Friday afternoon a pleasant entertainment and tea meeting was held in the school house and grounds under the auspices of the pastor and congregation of St. John's church of England. The Omeme brass band was in attendance and enlivened the proceedings with an excellent program. Visitors were present from Peterboro, Omeme and Lindsay. An excellent tea was served in the school room by the ladies. Col. Sam. Hughes, M. P. delivered his illustrated lecture on South Africa. The proceeds amounted to \$70 and will be applied to certain proposed improvements to the church.
