HAPPENINGS ABOUT TOWN

Little Local Lines

—Mill Wood.—Prompt delivery by the Rathbun Co.—30.

—Ketchem'sliveandholdemfast at Higinbotham's, next to Daly House. —28-4.

—Coal.—All sizes of best hard coal at $6.50 per ton, delivered by the Rathbun Co.—30.

—Workmen are engaged replacing the shingle roof on Alderman Sinclair's blacksmith shop with one of iron.

—On Wednesday next, July 31st, the Port Perry Fire Brigade will excursion to Fenelon Falls per steamer Lindella.

—Crayon portraits, first-class and at about half the price charged by others. A dozen different styles of frames. Call and see samples and prices before ordering. Fowler & Co., photographers, Lindsay.—30-1.

—Messrs. M. McGowan, A. E. Stafford and Capt. Staples of Woodville were in town on Saturday last in the interests of the Eldon Agricultural Society. The boys did a landoffice business, and after selling all the tickets sold the stubbs.

—A man in Philadelphia says he pays bills by the Christian science method, that is, he just fixes his mind on the matter and the disturbing debtor waltzes up and pays. Newspaper men will give him an answer if he can prove his method is good.

—The sale of lands belonging to the estate of the late Donald Campbell in the township of Eldon was held in the Court house on Saturday last. Mr. Eli Budd purchased lot 3, concession 3, containing 100 acres for $980. The remaining 530 acres were purchased by sons of the deceased. Mr. Peter Brown officiated as auctioneer, and the lands realized some $300 more than the price placed by the valuators for the estate.

—Mr. G. H. Hale of Orillia writes: "It is my privilege to acknowledge the receipt of another contribution of $5 to the Irish Society from the Rev. C. H. (Rural Dean) and Mrs. Bean. The mission of this society is to instruct the Irish population of Canada in the Bible, chiefly through the medium of their own tongue. A splendid work has been carried on since 1851, the value of which only eternity can reveal. Reports or other information may be obtained by applying to the Rev. Canon Greene, Orillia or to the Rev. E. A. Langfeldt, M.A., Toronto.

—Mr. James. Robinson is the first purchaser of a ranch horse at the recent sale to demonstrate that they can be domesticated if the proper system is adopted. He purchased a mare and grey and after giving it a few days to get acquainted with the changed conditions, he went at it and rode over a week or ten days has been driving it about town.....We learn that Mr. Reynolds of Sunderland has succeeded so well with a fine pair of black ponies that he is able to drive them to the station attached to a light omnibus. Some of the other owners have not been so successful. Mr. King purposes having another sale on Saturday, August 3rd.

—Mr. C. A. Hooper of J. Sutcliffe's Sons, is an ardent horticulturist, and almost a specialist in the culture of sweet peas. Some few years ago he was rewarded with a bloom of 5 flowers on a single stem, which was considered remarkable from the fact that while three flowers on a stem was considered good, four was remarkable. His find of five was not permitted to be a record-breaker very long, for just at that time another gentleman discovered a stem with six flowers, which was deemed a marvel by florists generally. On Monday last Mr. Hooper's enthusiasm was rewarded by finding a stem with seven handsome purple flowers—truly a record-breaker. He picked this bloom carefully and forwarded it to the Messrs. Burbee, Seedsmen, of Philadelphia.

—Mr. John Davidson of Balsam and Mr. J. C. Johnston of Winchester, Manitoba, were in town on Friday last. Mr. Davidson is a leading breeder and importer of live stock and will be known to many horsemen in this district as the owner of the great Clydesdale sire, Lewie Gordon. Mr. Davidson was the first Canadian to export a carload of stockers when the quarantine regulations were removed by the American government and has been dabbling in the business ever since. During the months of April and May he shipped 1,000 head of stockers to Mr. Johnston at Winchester for the Canadian Northwest that averaged $13 each. They were one and two years old. It is pleasing to note, for the people interested, that our own ranch lands of the Northwest will prove a profitable market for the stockers of old Ontario.

Little Local Lines

—Charcoal in sacks or bulk at the Rathbun Company.—30.

—Perfectly pure Paris Green at Higinbotham's, next to Daly House. —28-4.

—If your eyes trouble you, call and have them tested free. P. H. Coad.

—Lime, Cement, Plaster Paris, fresh and first class. The Rathbun Company.—30.

—A whip was left at this office a few days ago. Owner can have it by calling.

—The Beaver brought up twelve loaded cribs from the lower lakes on Tuesday.

—Builders can get everything they require in lumber and timber, doors and sash, at the Rathbun Company's yards.—30.

—Last Saturday Mr. Carew shipped a scow load of square timber to Contractor Conroy at Lakefield for use on the Trent Valley Canal works.

—Chief Nevison is taking his holidays. His duties are being performed by Constable Reeves, while special Constable Nelson keeps law and order at night.

—In digging the new sewer on Russel-st., opposite Mr. G. H. M. Baker's residence, the workmen struck the old corduroy road at 8 feet from the surface.

—One day last week Mr. Carew shipped two cars of lumber to the General Electric Co., at Nassau near Peterboro, for their new works. Also a carload of square timber for the Grand Trunk to Sundridge.

—Rev. Robt. Johnston D.D., of London, Ont., conducted services in St. Andrews church on Sunday last, morning and evening. The congregations were large and the rev. gentleman's discourses much appreciated.

—The "Willows" and the "Nimbles" of the south ward played an exciting game on Tuesday for a bottle of soda water in the field near the station. At the conclusion of the fourth innings the score stood 7 to 14 in favor of the "Willows."

—On Friday last Mr. Johnston Ellis and man were loading hay, the former being on the wagon while the latter did the pitching. In raising a forkful to the top of the load a prong of the fork was shoved through the palm of Mr. Ellis' hand inflicting a painful wound.

—Napanee Beaver: Madeline Cathro, the four-year-old daughter of Mr. and Mrs. J. A. Cathro, was playing on the verandah in front of the house on Friday morning last, when she fell off and was so unfortunate as to cut a gash in her cheek with a pair of scissors she was carrying.

—Mr. F. C. Baldwin, 169 Kent-st. west, states that if the council will provide seats for the ladies at the park on band nights he will, without charge, look after the seating, and also erect a shed at the east side of the fence in which to store the benches. This is certainly a gallant offer.

—Dr. A. T. Embury of Bancroft, Ont., and Miss Hessie Jarman of the same place were married Tuesday morning at Kingston, by the Rev. J. K. MacMorine. Dr. Embury is a graduate of Queen's, and the bride is a daughter of George Jarman, lumberman, Bancroft. The couple left for Montreal and eastern points.

—The Canadian Cordage and Mfg. Co. of Peterboro are preparing to erect two substantial brick buildings in that town, the machinery for which will cost over $45,000. The plant will have a capacity of five tons of binder twine and three tons of rope and cordage per day. Many farmers in this section have taken stock in the company.

—The Band committee have arranged to have about 150 chairs placed in the park this evening on the occasion of the open-air concert. These seats will be reserved at five cents each, proceeds devoted to band funds, which are at low ebb at present. This is a good idea and will afford an opportunity of contributing to the funds and at the same time enjoy a comfortable seat while listening to the excellant program.

—"King" Thomas Benson of Ballyduff, who will be 95 years of age in October next, says the Port Hope Guide, walked from Ballyduff to Pontypool, a distance of 4 1-2 miles, on the hottest day in June, the thermometer registering 95 degrees in the shade. Mr. Benson has a garden of three-quarters of an acre, all in hoe crop which he works himself, and in which not a single weed is to be found. The old gentleman has received his second sight and can read the smaliest print in the Bible without glasses, and is in full possession of his faculties. He appears to be good for many years yet. Politically he is a tory and vehemently declares he was born that way, and that way he will die.

Sturgeon Point Notes

—There are a number of dead trees and trees with decayed trunks along the line of promenade that should be removed by the council. They are liable to tumble during a storm.

—Rev. L. S. Hughson preached here on Sunday. The lake was very rough and the rev. gentleman and party, who were brought across the lake in Mr. R. Morgan's yacht, got quite a shaking up and more water than even a Baptist cares for.

—There is much complaint at the way in which the wharf, and also the gangway of the Esturion, is obstructed on the arrival of the steamer. It is at times almost impossible to get on or off the boat. White duck trousers and lawn dresses would look just as fetching, and more so, a few feet back as crowded around the edge of the wharf or obstructing the obliging crew in their duties.

—Judge Barron of Stratford, who is holidaying at H. O'Leary's cottage in the east end, has had his usual good luck fishing. Some of the best catches of bass have been made by the judge. The other day while fishing for bass he hooked on to a 12-pound lunge, which after a few minutes exciting play was landed with the aid of a net. It is not often a lunge this size is caught with a pole and bass hook and successfully landed.

—One of our cottagers had quite an experience the other day with a ground hog. His dog (a terrier) tackled the animal near the house, and the fight was in favor of the dog so long as he fought a rear guard action, but the g.h. being a mobile force, soon had the terrier's head "in chancery" and was backing away towards its den when the owner of the terrier took a hand in the scrimmage. Several sticks were broken over the g.h's. head before it loosed its hold on the terrier's jaw, which was badly torn. The ground hog was finally dispatched and buried.

The Pea Crop.

The past two weeks of hot dry weather has played havoc with the pea crop in this section. Mr. Squiers informs us that in the beginning of the season he calculated on a return of 75,000 bushels from the seed given out; now he feels he will be fortunate if he gets 40,000 bushels. He has been compelled to notify his European and American customers that he cannot supply more than 50 per cent. of their orders. In some sections of Manvers the crop has turned out all right, but elsewhere the rank growth of weeds that is everywhere this season has smothered the crop out one-half.

—20,000 Harvesters wanted in Manitoba. One Excursion only, Aug. 5th. $10 going and $18 returning. Come in to me for tickets and all information. T. C. MATCHETT, Agent C. P. R., Lindsay.—29-2.

Canadian Cordage and Mfg. Company of Peterborough

THE BINDER TWINE furnished to the shareholders of this company is "PER POUND is giving good satisfaction." A number of leading farmers in Mariposa have used it and state it is the best twine they ever used.

Farmers can be furnished with the twine supplied by the company at a low price at our office at Oakwood, and on Wednesdays and Saturdays at the office of JOHN P. CUNNINGS at the rear of the Dominion Bank, Lindsay.

Why pay more for your twine than we can supply you at, when the verdict of a large number of leading farmers is that the twine we are furnishing is the best and cheapest. JOHN F. CUNNINGS, special agent.

Oakwood, 23 July, 1901.—30-4.
