Can you afford to care for, feed and milk cows and then each day loose 25 per cent. of the fat produced? Many people hesitate to get a Separator because the old style complicated machines are so hard to clean. But the new Sharpless Tubular Separator entirely overcomes this difficulty, and notwithstanding the fact that there are no discs, zig-zag plates or other contraptions in the bowl, it is absolutely guaranteed to skim closer than any other make of separator. A free trial given. Come and see the machine in operation any time on my farm adjoining Cambray or at Massey-Harris shop, Lindsay. Send post-card for descriptive matter and price list to P. J. Canadian Northern Strike to Help Men Already Out.

Strike Extends From Port Arthor Westward-What the Fight Is About Succinctly Stated-The Great Variety of Classes of Workers Affected -Management Claim Many Will Return to Work.

Winnipeg July 1. - About 1,000 men employed by the Canadian Northern Railway, and members of the United Brotherhood of Railway Employes, went out on strike last evening, owing to the refusal of the company to receive a committee of the brotherhood and to recognize schedules for revision of wages presented. The machinists of the company have been out nearly six weeks, and to-day's walkout is the result of nonsettlement of their strike.

The classes of workers affected are: Freight clerks, freight handlers, trackmen, switchmen, stationary engineers, pattern-makers, carmen (including every department), washout men, engine watchmen, coalheavers, wipers, washout helpers, bridge and building department men.

The strike extends over the whole system of the Canadian Northern road, from Port Arthur westward. For Recognition of Union.

Winnipeg, July 2.-There were no of £1,500 (\$7,500) annually, very startling developments yesterday in the C.N.R. strike. Everything is practically tied up, and promises to remain so, as the various organizations seem to have been preparing for the worst for some time past. Will Beturn to Work,

Wilkes-Barre, Pa., July 2 .- At the William A. colliery, at Duryea, yesterday, Antonio Guisuepe, an Italian was shot dead by one of the Coal and Iron policemen, from behind the stockade of the colliery. Reports differ about the matter. The dead man's friends say he was walking on the road near the stockade, when fired upon, being on his way from Scranton to Duryea. Another report is that he tried to

get over the fence, would not heed the policeman's warning to go away, and insisted on making his way into the stockade. There is much indignation over the
