

Colds Cured In 24 Hours

Any cold can be cured in a day if you start curing the first day. Can be done with a simple remedy that does nothing but good. There are other cures that sometimes cure, but none so safe and prompt as **Laxo Quinine Chocolates**. If you wish to avoid colds altogether, keep this remedy on hand and you can stop the cold almost with the first sneeze.

Price, 3 oz. box 25c. 10c. oz.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.-5-52.

LITTLE LOCAL LINES.

News of Town and Country Briefly Told

—Verulam fall show will be held at Boleysaycon, September 27-28.
—Some thirty-five people joined the pilgrimage to St. Anne de Baupre on Tuesday.
—Mr. J. L. Prineau purchased a carload of choice steers from P. B. McMillhargy this week.
—The Sons of England will run an excursion to Haliburton on Thursday August 9, the civic holiday.
—Three Peterboro hotels—the Oxford, Southern and Palace,—will be closed by the commissioners on August 1st.
—The people who are summering at Sturgeon Lake are looking forward with pleasurable anticipation to the regatta on Aug. 16.
—A special meeting of the library board is called for Monday evening, July 23, to consider the subject of heating the building.
—St Paul's Sunday school had a good day yesterday for their outing to Graham's Landing, and many took advantage of the excursion.
—Ten handsome imported fillies, consigned to Mr. R. E. Gunn, Dunrobin stock farm, Beaverton, passed through Lindsay via G.T.R. on Friday.
—Prof. Walter Rauschenbush, Ph. D., professor of church history, of Rochester, N.Y., Baptist Theological Seminary, will preach in the Baptist church on Sunday next, July 29.
—Port Hope has passed a by-law exempting the Central Foundry Co. from taxes. The company is incorporated with a capital of \$250,000, and their annual wage list will be \$25,000.
—Rev. G. H. Welch, of the Baptist church, preached at Sturgeon Point last Sunday. Notwithstanding the heavy storms, that occurred in the afternoon, the audience was the largest assembled this season.
—The annual meeting of the Peterborough and Lindsay Councils of the Knights of Columbus will be held this year to Kirkfield. The trip will be on Thursday, August 2nd, and the boat will be taken at Lindsay for Kirkfield.
—St. Catharines is waking up to the necessity of beautifying principal streets in the city. Some Lindsay people are already alive to this question, but the agitation must be kept up some time yet before it will take general effect.
—The Ven. Archdeacon Warren, M. A., of Lakefield, has arranged to visit Cameron and Cambray on Sunday next, and will (D.V.) preach in St. Paul's, Lindsay, in the evening. The Archdeacon is a clear, vigorous and earnest speaker.

—A short session of the water commissioners was held on Monday at 4.30, present Chairman J. D. Flavelle, Mayor Vrooman, Messrs. McNeillie, Brady, and Secretary Ray. The adoption of the meter system of reckoning the supply to the churches is contemplated and test will be made before it is decided. The question of Mr. Horn's supply for boiler washing and emergency purposes, which has been before the board for some time, was discussed with Mr. Horn. Mr. Johnston, his former engineer, and Mr. Hesse, will be heard before the case is decided. The secretary was instructed to ascertain the price of Mr. Smith's patent tapping machine for tapping pipes under pressure without cutting supply off. The following accounts were passed: Thos. Bryant, \$6.87; Jas. Mitchell, 95c; Jas. Kent, \$7.90; C. G. Express Com., 30c; Thos. McGahey, \$15.00; G. W. Beall, \$1.25; G.T.R. Co., \$3; Libett Manufacturing Co., \$3; Baker & Bryans, \$1.08; men's wages to July 14, \$17.90; to July 21, \$29.57.

—The contract for the new P. R. branch running through Orillia from Victoria Harbor to Peterboro, has been awarded to the Toronto Construction Co. The distance is 92 miles, and the work of construction will be commenced within a few days. It is estimated that it will take at least two years to complete the line.
—Some people in Peterboro are agitating for a public swimming pool, and their plan is to use the rink for that purpose in the summer. This seems to be a good idea and it has been suggested for some time in Lindsay. Such an institution would afford the opportunity of learning to swim under conditions not so dangerous as the river.
—The Grand Trunk pay car was here on Saturday, arriving at 5.15 p.m. An innovation in the manner of banking checks was made possible by Mr. Loosmore, of the Standard Bank taking the cash up to the depot, and exchanging it for the checks as the men received them. This was highly appreciated by the G. T. R. officials both here and in Montreal.
—Mr. P. G. Pilkie, formerly of Lindsay, has removed from Saskatchewan to Vermilion, Alta., which he calls the bull's eye of the west. He writes that he regrets very much the death of Mr. George Lytle, as he was among the few friends in Lindsay from whom he would like to hear good news. Mr. Pilkie is in business as a lumber merchant, and is a magistrate of the town.
—A folder just received from the Winnipeg Telegram, gives the information that the volume of advertising in that journal has in the last four months increased 26 per cent, and the earnings show an increase in the rate per line of over seventeen per cent. This is a proof of the effectiveness of that daily, and it also shows that the thriving westerner gets there by advertising.
—Considerable damage was done to grain crops in the south of Fenelon township by the storm on Sunday afternoon. The width of the tract affected by the wind and rain was only about a mile and a half wide, and the storm spent itself before progressing very far. The oats and wheat were laid flat in that area, but the wheat is rising and will not be greatly damaged. Much of the oats will not rise.
—The Sylvester band went to Janerville on Tuesday evening to furnish music at a garden party. Mr. Roenick's forces numbered 24, and the band never played better. In fact, one man was heard to say that they played better than they ever did in Lindsay. This is saying much, but it can easily be believed when we reckon what improvement the band has made of late. The other bands had better look to their laurels when the tournament comes. A short program was given in the park on Monday evening as a supplement to the program of Friday evening which was shortened because of the thunder shower.

—Gravenhurst people are discussing water power and electric schemes.
—The annual picnic of the Flavelles Limited Employees will take place at Sturgeon Point on Saturday next, July 29th. The steamer Esturion leaves the town wharf at 9.15 and 1.30 p.m. Tickets 25 and 15 cents. There will be the usual good program of athletic and aquatic sports at the Point.
—Editor Gale of the Bowmanville News gives a fine report in his paper of the demonstration in Lindsay on the 12th, which he attended. He says that for train and boat facilities Lindsay is an ideal town. Referring to the bands he says: "The Lindsay Band paid every attention to the D. O. & P. Co's band, exhorting them to the station in the evening, where they played a program while the train was being made ready. When the conductor called "all aboard" they gave three cheers for our boys, which were promptly responded to, and on the train moving off they played "Auld Lynne Syne." Bandmaster W. Roenick seems to be popular with everyone in Lindsay, and certainly deserves credit for the excellent band he has there."

—Mr. A. E. Ross, merchant, Hamilton, and Mrs. Ross, are spending a week at Oakwood, the guests of Mr. and Mrs. David Dundas.
—Miss Maye Morrison, accompanied by her friend Miss Ethel McLeod, of north ward, are visiting the former's grandfather, John McDonald, Scotch Line.
—Mrs. T. G. Reazin, of Stayner, Ont., and her daughter, Mrs. Harry Andrews, of Havelock, were guests of Mrs. Fred Pepper, York street, last week.
—Mr. R. G. Galbraith, of New Philadelphia, Ohio, accompanied by Mrs. Galbraith, was the guest of his brother, Mr. Wm. Galbraith, town, for a few days this week.
—Mrs. J. P. Sutherland, of Nanaimo, B.C., is visiting friends in town. Her son Charles, at one time connected with The Watchman, is editor of a daily paper at Nanaimo.
—Mr. H. Chambers, of the D. Adams staff, left yesterday morning for Toronto, where his second son, George Edward, lies very ill. His many friends hope for his speedy recovery.
—Rev. L. S. Hughson, Mrs. Hughson and four children were in Lindsay for a few hours yesterday, at the home of Mr. Wm. Warren, on their way to Pleasant Point, to spend holidays.
—Rev. G. H. Welch left yesterday for a five weeks' vacation. He will go to Port Keweyatin, Muskoka Lake, to visit his brother, Mr. J. Welch, then to Dwight, on the Lake of Bays, Muskoka. His family went to Muskoka some time ago.
—Miss McKay, who has taught three and one-half years in Lindsay public schools, having the primary class in south ward, is going to Lethbridge, Alta., to teach. Her work here has been of the best, and her many friends wish her success in the Lethbridge school.
—Mr. W. H. Stevens, inspector of public schools for West Victoria, is away on a western trip, which he will make partly by railway and partly by boat. He will visit Winnipeg, Prince Albert, Saskatchewan and Regina in the North-west, and some points in North Dakota.

—A short session of the water commissioners was held on Monday at 4.30, present Chairman J. D. Flavelle, Mayor Vrooman, Messrs. McNeillie, Brady, and Secretary Ray. The adoption of the meter system of reckoning the supply to the churches is contemplated and test will be made before it is decided. The question of Mr. Horn's supply for boiler washing and emergency purposes, which has been before the board for some time, was discussed with Mr. Horn. Mr. Johnston, his former engineer, and Mr. Hesse, will be heard before the case is decided. The secretary was instructed to ascertain the price of Mr. Smith's patent tapping machine for tapping pipes under pressure without cutting supply off. The following accounts were passed: Thos. Bryant, \$6.87; Jas. Mitchell, 95c; Jas. Kent, \$7.90; C. G. Express Com., 30c; Thos. McGahey, \$15.00; G. W. Beall, \$1.25; G.T.R. Co., \$3; Libett Manufacturing Co., \$3; Baker & Bryans, \$1.08; men's wages to July 14, \$17.90; to July 21, \$29.57.

—The Canadian team of twenty marksmen, who went to Bayley, England, under Commandant Lieut.-Col. Wilson, of Montreal, to represent the Dominion, will bring back to Canada with them in prize money the sum of \$1,300, or \$65 apiece on the average. These figures do not include very substantial earnings of the three first lance-sergeants, Bayles of Toronto, Sergt. Stewart of Ottawa, and Capt. Mitchell.

Horse Owners, Attention!

Have you a horse that is nervous and sometimes scares at a sound? Is he restless when standing? Does he kick without a good reason? Will he run away? You can have him cured completely and permanently, and have from 25 to 50 per cent added to the value of the horse. Consult W. WESTER, Machinist, or DR. McLEAN, V.S., at Dr. Broad's, Peel street—30-2.

Lindsay, Ontario

The Checkerboard Town.

Improvements, a St. Paul said of science, is often "falsely so called." If the real estate man would but forget the checkerboard idea in laying out a new town and would take a good landscape gardener into their confidence and the contour of the land into their consideration and plant trees accordingly suburbanites would rise up and call them blessed.—Country Life in America.

An Optimist Hotel Keeper.

Hotel Keeper—What did the stranger say when you gave him the bill? Waiter—Such monstrous prices he never saw. We were an abominable gang of thieves. Hotel Keeper—Good. So he didn't become abusive, was he?

Why She Took Him.

Mother—Why did you accept Charlie from among all the young men who have paid you attention? Daughter—Because he was the only one that had the good taste to propose.

Explicit Trust.

"Do you trust your husband implicitly in all things?" "What a question! Of course I do to a certain extent."

True politeness is perfect ease and freedom. It simply consists in treating others just as you love to be treated yourself.

The Beauty of the Snowflake.

The thin snow now driving from the north and lodging on my coat, consists of those beautiful star crystals, thin and partly transparent. They are about one-tenth of an inch in diameter, perfect little wheels with six spokes, without a tire, or, rather, with six perfect little leaflets, fernlike, with a distinct, straight, slender midrib raying from the center. On each side of each midrib there is a transparent, thin blade with a crenate edge. How full of the creative genius is the air in which these are generated! I should hardly admire more if real stars fell and lodged on my coat. Nature is full of genius, full of the divinity, so that not a snowflake escapes its fashioning hand. Nothing is cheap and coarse, neither dewdrops nor snowflakes.—Henry D. Thoreau.

I Love You.

A Danish paper compares "I love you" in many languages. Here are some of them—the Danish paper is our only authority for their correctness: The Chinese says, "Uo ngai ai"; the Armenian, "Ge shrem es bes"; the Arabian, very shortly, "Yehabebek"; the Egyptian, similarly, "Nacheek"; the Turk, "Sist arsejorum," and the Hindoo, "Main tym ko pjar karyu." But overwhelming is the declaration of love of an Eskimo, who tries to win the chosen one by the pleasing sound of the dainty little word: "Univigsserarditualeturimajungnarigujak."

Call in and get acquainted. **U. S. YEREX,** Manager

Western Bank of Canada

LITTLE BRITAIN

Authorized Capital \$1,000,000

A branch of this bank has been opened at the above place where a general banking business will be transacted.
