HAYING GOING ON.

Chief Ramsden, of the county police force, was out at Beaverton over Sunday. Like the true son of the county that he is, the chief was very greatly interested in the crops.

"The farmers have begun haying all along the line. The crop looks very good, but the straw is short. The lack of rain has caused this. The grain straw will be short also. It could rain every other day after they get the hay and nothing would suffer."

Woman's Needless Suffering

Full of Aches, Frightful Back Pains, Pale and Nervous

WITH THE USE OF DR. HAMILTON'S PILLS, A WIFE AND MOTHER SAVED FROM DEATH.

A few years ago doctors considered that only back pains and bladder disorders were traceable to the kidneys—but to-day science proves that many of the most fatal and dreaded diseases have their source in irregular kidney action.

For perfect health use Dr. Hamilton's Pills frequently—avoid all food which seems to distress and take as much exercise as possible.

No greater medicine exists than Dr. Hamilton's Pills for the cure of indigestion, constipation, flatulence, liver, bladder and kidney trouble.

Valentia are Champions— Dick Gray Struck Out Twenty-two Men

Valentia are champions of the Mariposa League for the season of 1909. They clinched their right to that title Monday afternoon by defeating the fast Cresswell team by the score of 12-0.

Mr. Richard Gray, the star Lindsay twirler, made a new record by striking out twenty-two batsmen, which is nothing short of marvelous, in nine innings. In the last two games he has pitched, within a week, he has fanned forty-three men, which is a record equalled in no other league in existence.

In his present form Gray, with good support, would hold his own with the best of them. He is certainly too fast for the amateurs in this vicinity.

Valentia played their final game yesterday and have won the league without a defeat. They have also won several tournaments and have yet to taste defeat this season. Only two more games remain to be played, between Little Britain and Cresswell and they will have to be content to battle it out for second place.

Cresswell's defeat yesterday was due to the good pitching of Gray; they could not solve his delivery and only got a couple of scratch hits. On the other hand Cresswell made numerous errors that the Valentia outfit took advantage of and in the first innings scored three runs on errors. Harry Keslick pitched good ball for seven innings, when he gave way to his brother Harold, who finished the game. Valentia have a well-balanced team and deserve to win the cup, for they played good, consistent ball throughout the entire season.

Valentia—W. T. Thompson, F. Perrin, R. Gray, W. Suggitt, J. Found, H. Thompson, N. Hicks, L. Parkin, F. Hood.

Cresswell—A. Dixon, Harry Keslick, Harold Keslick, D. McIntyre, P. Osborne, W. Rodman, W. Moase, W. Grant, H. Grant.

Score by innings: Valentia—3 0 3 0 1 1 0 1—12. Cresswell—0 0 0 0 0 0 0—0. Umpire—R. Butler, Lindsay.

JANETVILLE JOTTINGS

DRY SPELL HINDERS HAYING— OTHER NEWS.

Janetville, July 5.—The hay crop which promised an excellent yield in the early part of the season is now not likely to be so good on account of the prolonged dry spell.

Miss Minnie Howe intends to leave for the Canadian West in August. Another patch of cement sidewalk has been added to the street. It's very good if it were longer.

Minerals Discovered at Hotspur

Hotspur, July 6.—Mr. Sandstrom, mining engineer of Detroit, examined the mine on Mr. O. Stertag's property, and was highly pleased with the result of his investigation.

If we judge his ability by the salary he receives, which is \$35 per day, and expenses, his opinion should be highly valued. Mr. Sandstrom was here from Wednesday until Friday of last week and sent several bags of the mineral to his laboratory to be assayed. Mr. Austin accompanied him.

Two prospectors visited the southern part of Hotspur on Dominion Day and located graphite and mica. One of the prospectors stated that he discovered enough mica to keep him busy for the next twenty years.
