BETHEL

July 6.—One of the happiest afternoons in the lives of Bethel people was spent in the beautiful grove of Mr. Wilfred Jackson, on Wednesday last.

Everything that could delight the heart of man—or even of woman, was provided, save a platform to dance on, and we all saw how incun-uous that would appear in a Methodist centre.

At about two o'clock in the afternoon the people began to aggregate and come gay maides, not's seats, old gentlemen, old ladies, little boys, little girls and in fact people of all classes, sizes and conditions might be seen reclining lazily in the soft grass, swiftly vibrating on swings sauntering carelessly through the park or eating refreshments at the booth.

In this pleasant way the afternoon was gliding away when the supper bell rang and all repaired to the supper tables. (Excuse us, we meant table-cloth.) Well, it doesn't matter anyway. What was thereon alone concerns us, and we believe it will suffice to say that every dainty that would entice the palate of an epicure was provided and in sufficient quantities to.

After supper everyone quietly took his leave of the grove and resorted to the campus just across the road where the races now commenced. All these were well contested, and entries in each race were numerous. The sack race was probably the most comical performance. It is not often we are permitted to see bull-frog racing. Probably the best contested race was the three-legged race. The entries were very numerous and the race had to be run three times. The girls' walking contest also was worth seeing. The girls walked so fast and became so anxious that nearly all finished by running.

Football now commenced, and the Bethel file and drum band began to play, so that everyone became interested. With these diversions the evening began to close, and those young fellows who were very fortunate enough to possess a horse and buggy chose their lady friends and departed. So ended Bethel's last picnic.

Mr. Walter Moncrief lost a mare and foal one day last week.

BETHEL-EMILY

July 6.—All Bethelites should attend St. John's church, Orange Corners, on Sunday, July 12th. The singing should be exceptionally good as their choir will be assisted by Bethel, and Mr. Teney's sermons are always above the average.

On Thursday evening last two of our worthy young gentlemen and their lady friends left Bethel to attend a banana festival at Gilmour Memorial church. As the said couples are rather young it was thought best not to let these young people wander too far away without guides. This being the case it was decided to send two staid sober bachelors after them so that, should anything untoward happen, these fellows were making all speed to overtake them. We believe they succeeded and that all the party had an enjoyable evening.

Crops are now thriving and we think that despite the backwardness of the season that the harvest will at least be an average one.

Miss Brien, sister of Mrs. Eve Mitchell, has been visiting in town in this vicinity.

Two of our young men had narrow escapes with their lives lately. One fell off a barn roof and the other just saved himself in the nick of time from falling from the roof of a house.

Miss Annie Mills, who but a few days since graduated from the State Hospital, Rochester, N.Y., is at present of a social nature, and the barn raising was heartily enjoyed. Supper was served on the lawn after the raising, and all thoroughly enjoyed the sumptuous repast.

A dance was arranged, and a jolly time spent by the guests. Cards also added to the fun of the evening, and the gathering broke up at an early hour this morning.

The framework of the barn was built by Mr. Neil Gray, of Lindsay.

Big Barn Raising in West Ops Monday

A barn raising took place at the farm of Mr. John Cuddebo, a progressive West Ops farmer, Monday afternoon. The extension to his barn has been in course of construction for the past while, and the frame was successfully raised yesterday.

There were fully two hundred present at the raising, and everything went off without a hitch. The presence of fifty ladies gave the affair a social nature, and the barn raising was heartily enjoyed. Supper was served on the lawn after the raising, and all thoroughly enjoyed the sumptuous repast.

A dance was arranged, and a jolly time spent by the guests. Cards also added to the fun of the evening, and the gathering broke up at an early hour this morning.

Mr. John Watson, fish and game inspector, of Caesarea, reports excellent fishing in Scugog Lake. There are plenty of good bass and "lunge" in the water.

"I have seen more fish caught," said Mr. Watson, "but I have never seen such good ones. This goes to show that the two years of closed season has been very fruitful in its results. The parent fish were well protected."

It is gratifying to hear such favorable reports from a man who is competent to judge, inasmuch as there has been much talk to the contrary.
