

Summer Visitors at Minden --Accident in Sawmill

Minden, July 13.—Miss Mabel Steinkrauss is the guest of her sister, Maggie.

Mr. Robt. Ranson, of Lindsay, has been visiting in this vicinity.

Mrs. M. Loucks, of Donald, accompanied by her five children, is visiting at her parents, Mr. and Mrs. W. Sawyer.

Mrs. H. McLellan arrived last week to spend the summer at her summer cottage on Gull Lake.

The citizens and Orangemen of Minden turned out in large numbers on Monday to celebrate the day at Kinmount. Although the morning was not very promising the afternoon was everything to be desired, and all appeared to have a jolly time.

Miss Ida Noice has been holidaying at Gull Lake.

On Sunday evening the Orangemen marched to the Methodist church. The evening being wet prevented many from going, but there was in the neighborhood of thirty in the parade.

Mr. and Mrs. Peter Grozelle, of Hall's Lake, were in town last Monday.

Mr. Soward with his wife and family are spending a couple of weeks at Killarney cottage on Gull Lake.

Mr. Richmond Hogg returned from British Columbia last Tuesday.

Mrs. Cully and son, of Gooderham, passed through Minden last week.

Mr. George Graham is building a large kitchen and woodshed to his

dwelling which is making quite an improvement.

A very painful accident happened yesterday in Mr. Stinson's mill here. Mr. D. Stevens, one of the mill hands, was down below putting on a belt and in some manner his hand slipped and was caught in a pulley.

He was immediately taken to the doctor's office, but the doctor being absent, Mrs. Boyce, his sister, dressed the cut. His hand was torn so badly that ten stitches had to be put in it.

Mr. Mark Rogers, who has been attending the Lindsay Collegiate Institute, returned home on Saturday.

Mrs. Taylor and her son and daughter, of Oakville, are spending the summer in Minden.

Miss Annie Gostling, of Toronto, accompanied by her friend, Miss Beasley, are visiting at the former lady's parents at Buskong.

Mr. and Mrs. D. J. Hartle and daughter, Gertrude, returned from Toronto on Saturday evening.

Mrs. Wm. Sawyer is visiting with friends in Lindsay.

Mr. and Mrs. Levi Hartle, of Fenelon Falls, are the guests of his uncle, Mr. D. J. Hartle this week.

The two Miss Waltons, of Toronto, are visiting with their sister, Mrs. Wm. Bate.

Mr. A. Pritchard, who has been in British Columbia for the last year, returned to Minden last week.

Robbery at Oakwood Postoffice

The post office department at Oakwood, which is situated in Pascoe Bros.' store, was entered by burglars Monday or early this morning, the till being rifled and a large quantity of stamps purloined.

When Mr. Pascoe entered his store this morning he was very much surprised to discover that some person or persons had been there before him and on further investigation he found out that the post office till had been robbed, and seven or eight dollars in loose change, and a large number of stamps missing. He quickly inspected the safe to see if it had been tampered with, but evidently the burglars were amateurs at the business, as the safe was untouched.

It appears that the burglars gained entrance through one of the second storey windows. A lady living next door stated that this morning about four o'clock she heard some unusual noise in the store, and also outside the store, but thought nothing more about it until she was told that the post office had been robbed.

The bookkeeper is also minus her purse, which was in the till and which contained a small amount of change. It is supposed that some person acquainted with the layout and the surrounding of the building committed the burglary.

LINDSAY STUDENTS AT NORMAL
The names of the successful Lindsay and Victoria county students attending the Peterboro Normal school who have obtained certificates, are as follows: Miss Margaret McGeough, Miss May Smith, Miss Mary Pepper, and Misses Mary L. McConnell, Omenee; Ella B. Macdonald, Lorneville; Ada B. Nokes, Oakwood and Lily J. Westlake, Woodville. The young ladies are to be congratulated on their success.

MICA IN HALIBURTON.
Mr. Robert Tamblin, Peterboro, returned yesterday from Haliburton, where he has been prospecting for the past two weeks in the vicinity of Gooderham.

Mr. Tamblin says he has met with splendid success and made some very encouraging finds of mica and iron, and also gold and copper to some extent.

The properties are owned by a syndicate, which has employed Mr. Tamblin to supervise the mining of the ore.

WON MEDAL.
Principal Scott, of the Toronto Normal School, announced Thursday that Miss Amy I. Bruce, of Valentia, Ont., wins this year's Governor-General's medal for the Toronto Normal school. The class numbered 215, of whom 12 were men. Mr. Bruce is well known in Lindsay, having attended the Collegiate Institute.

The many Lindsay friends of Miss Bruce will be pleased to know that the Lindsay Board of Education has secured her to teach in Lindsay on the Public school staff. Miss Bruce will commence her duties at the commencement of the next term.

LARGEST CHEESE EVER MADE.
Utica, N.Y., July 8.—A local cold storage warehouse company to-day shipped to Chicago what is believed to be the largest cheese ever made. Its weight was 1,950 pounds. It took about ten tons of milk to produce it, and it was pressed into shape by a specially constructed press by a Lowville cheese factory, where it was bought by the Chicago firm through the cold storage company. The company has shipped quite a number weighing as much as 1200 pounds, but this was the largest one it ever tackled. It has a tank which is large enough to paraffin a half-ton cheese, but to-day the monster cheese was paraffined outside the tank by carefully pouring the molten liquid over it. After the airtight liquid had cooled, the cheese was encased in a sheet iron covering.

SERG. MAJOR MARTIN.

One of the Old Stalwarts—60 Years An Orangeman.

Sergt.-Major Martin has been for sixty years an Orangeman. Monday was the sixtieth anniversary of his first Orange march, and very few share the distinction with the Crimean veteran.

He was born in the heart of Orangeism, in County Down, Ireland, and was a mere boy when first he joined the Orange colors. His mother lodge was Lower Iveigh and was the banner lodge in the banner Orange county. There are forty-seven lodges in that district and 253 in the county.

"The best turnout I ever saw in Lindsay," said the Major this morning to the Warder, "was on Sunday last when the local lodge paraded to the church. It was splendid."

Major Martin and three of his sons were in the church parade. Three sons were in the parade at Port Hope Monday, and three more sons out west were in different processions.

The veteran Orangeman can recollect celebrations in the good old days of the past. The battle of Dolly's Breys was fought within a few miles of where he formerly lived in Ireland. He was a small boy at that time but still distinctly remembers the occurrence.

Major Martin has figured in many celebrations in this country as well and has upheld the Orange principles as faithfully between the Twelfth as on that glorious day itself.

SELLING KINRADE HOUSE.
Negotiations are under way for the sale of the Kinrade home at 105 Kerkimer-st., Hamilton. The price is believed to be \$6,000.

JULY 12 AT PORT HOPE.

Port Hope, July 12.—A force of 3,000 Orangemen, Young Britons, Loyal True Blues, Prentice Boys and other branches of those orders invaded the town this morning, coming in by special trains from various points. They brought their friends with them and it is estimated that fully 15,000 people took in the "Glorious Twelfth," and in spite of somewhat unfavorable weather conditions earlier in the day, Port Hope had what will long be remembered as a record "Twelfth." The day opened with violent thunderstorms, but this did not dampen the Orange spirit in the least, and every special train bore its quota. The rain did not last long and on the whole the day was a perfect one for the 219th celebration of the Battle of the Boyne, and it is the general consensus of opinion that the Orange parade will rank as one of the most successful in the history of similar processions in the surrounding districts. From the moment the brethren of the orange and blue swung into line at 1.30 o'clock, until the closing of the celebration, there was not an untoward incident to mar the celebration.

There was no lack of decorations. From almost every house and business place on the main street were flags and gaily colored bunting displayed, and the Union Jack or the Royal Standard were flying from various flagpoles. The crowd was a happy one and thoroughly enjoyed the proceedings of the day.

Traction Engines on the Public Highways

In view of the large number of traction engines with threshing outfits passing around the country, the Chief of Police would call the attention of owners to the following clauses and regulate the use of traction engines on highways: "No engine shall be run through a city, town or village unless a messenger is sent at least fifteen and not more than thirty rods in advance, carrying a red flag by day and a bright red light by night. In case of any difficulty, or the prospect of any difficulty in the meeting or passing of an engine upon the highway by any mounted horseman or vehicle, it shall be the duty of the engine driver to stop the engine, and in every reasonable way to assist such mounted horseman or the person in charge of such vehicle, to pass the engine. The judge of the county court of the county within which the municipality is situated may make (when the municipal corporation applies to him) or refuse an order to prevent or regulate the running of engines upon certain streets."

The chief constable is suggesting to the town council that no traction engines be allowed to pass along Kent-st. in future, the number of business houses having their rigs tethered on the streets warrants such action. The chief will do his utmost to see that the law is respected, and calls upon the county constables to report any infractions of this act.

Another regulation states that no traction engine at any time must travel at a greater speed than six miles an hour and the speed limit in going through a city, town or village is three miles an hour.

The town steam roller is included in the category of traction engine and the chief will see to it that a man with a red flag or light goes ahead of the roller when it is in operation.

WILL NOT REBUILD.

The Methodist church which was burned at Haliburton some time ago will not be rebuilt this year. Rev. C. H. Manning, of Peterboro, secretary of the Missionary Society of the Methodist church, and Rev. J. P. Wilson, of the Cambridge-st. Methodist church, were in that village on Thursday and considered advisability of re-building the church. At present those of the Methodist denomination in that vicinity are worshipping at the Presbyterian church for which there is no minister at present. Both denominations will worship at the same church for the balance of the year.

DOWNEYVILLE BARN RAISING.

The framework of a commodious barn was erected Tuesday afternoon on the farm of Mr. Jas. McGahey, four miles north of Downeyville.

The new structure, which is 45 x 60 feet in dimension will, when completed, be one of the most modern barns in the county. Over 200 ladies and gentlemen, from all parts of the county were present, including a number from Lindsay.

The contractor, Mr. J. W. Hancock, came in for considerable praise for the masterly manner in which he conducted the raising, the huge structure being erected without a hitch.

In the evening a dainty repast was served by Mrs. McGahey and the ladies present. At the conclusion of the repast dancing was indulged in by the young people present.

VALENTIA BEAT ORILLIA.

The Valentia baseball team, winners of the Mariposa Baseball League, sought honors abroad Thursday and played a game at Orillia. They won by the score of 2 to 4, and had a good game into the bargain, as well as a good time. The team was not strictly Valentia players, as Manager Vic. Suggitt had to pick out players not belonging to the Valentia team, owing to the fact that all of his team mates could not get away. The feature of the game was "Hookey" Perrin's home run. One of the Orillia heavy hitters also secured a homer of Dicky Gray,

the elongated pitcher not being at his best in the game. The batters were as follows: Orillia, Robertson, James and Concord; Valentia, Gray and Hicks. Eight innings were played. The Valentia players accompanied the Sunday school picnic from Oakwood.

How Weak Girls May Grow Into Strong Women

THE BLOOD SUPPLY MUST BE KEPT RICH, RED AND PURE—BLOOD MEANS GOOD HEALTH.

Healthy girlhood is the only path to healthy womanhood. The merging of girlhood into womanhood lays a new tax upon the blood. It is the overtaxing of the scanty blood supply that makes growing girls suffer from all those headaches, backaches and sideaches—all that paleness, languor, despondency and constant ill health.

Unhealthy girlhood is bound to lead to unhealthy womanhood and a life of misery. Nothing by the blood-building qualities of Dr. Williams' Pink Pills can save a girl when she undertakes the trials and tasks of womanhood. That is the time when nature makes new demands upon the blood supply. Dr. Williams' Pink Pills actually makes new, rich blood which meets those new demands with ease. In this simple scientific way Dr. Williams' Pink Pills fill a girl with overflowing health and strength.

Miss Eva Dennis, Amherst, N.S., says: "Dr. Williams' Pink Pills have done me a world of good. I was completely run down, was very pale, easily tired and suffered from frequent severe headaches. Though I tried many medicines I got nothing to do me the least good until I began using Dr. Williams' Pink Pills. Even the first box of these seemed to help me, and after taking a half dozen boxes I was again a strong, healthy girl. I have not had any illness since, but should I again feel run down Dr. Williams' Pink Pills will be my only medicine, and I strongly recommend them to every weak and ailing girl."

Dr. Williams' Pink Pills are sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing to The Dr. Williams' Medicine Co., Brockville, Ont.

Mr. John Kelly, an old resident of this town, is another Orangeman who has been such for sixty years, yesterday's celebration completing the third score he has witnessed on July 12. Mr. Kelly came from the county of Down, Ireland.

MINING FEVER

RICH FINES HAVE BEEN LOCATED NEAR HOTSPUR.

Births.—To Mr. and Mrs. James McNeess, a daughter.

Deposits of gold, silver and mica, are being found in all directions. We predict big things and stirring times for Hotspur and vicinity in the near future.

Mr. Walter Travis is with us again after being in the west.

People all over this part seem to be getting the mining fever pretty badly.

BIRTHS

O'KEEFE.—In Lindsay, on July 9, to Mr. and Mrs. John O'Keefe, William-st., south, a son.

McMILLAN.—In Lindsay, on July 8, to Dr. and Mrs. J. W. McMillan, a son.

MANNING.—On July 4, to Mr. and Mrs. J. E. Manning, Detroit, Mich., a son.

MARSHALL.—In Lindsay, on July 12, 1909, to Mr. and Mrs. Wilbert Marshall, William-st. north, a son.

MARRIAGES

MILLER—GRAHAM.—At the Queen-st. parsonage, by Rev. J. R. Real, on Wednesday, July 7th, 1909, Mr. Henry Miller, of the township of Emily, to Miss Nettie Graham, of the township of Cavan.

McKINNON—VANSTONE.—At the Methodist parsonage, Woodville, on Wednesday, July 7, Elizabeth Alberta, youngest daughter of Mr. and Mrs. John Vanstone, of Hartley, to Neil McKinnon, of Islay.

DAVIDSON—BALDWIN.—In Lindsay, July 14, by Rev. C. H. Marsh at the home of the bride, Robert D. Davidson, of Toronto, and Stella Baldwin, of Lindsay.

FIRE AT MYRTLE.

A serious fire occurred at Myrtle station early this morning when the store belonging to Mr. Jas. Beacock was totally destroyed by fire. Few particulars are to hand, but it is believed that the building, which was a frame one, was struck by lightning.

Mr. T. J. Tilley, local manager of the Bell Telephone Co., left for Myrtle Station this morning to view the result, as the telephone central was located in the store.

Mr. Beacock is a brother-in-law of Col. Sam. Hughes.

Don't swim away from the shore, always along the shore. Don't swim without company if you have a weak heart, and only painless.

Putnam's Corn Extractor. Use Putnam's Corn Extractor. Use Putnam's Corn Extractor. Use Putnam's Corn Extractor.

The only explanation that occurs to me for this deviation from the results of the other tests is that a few minutes prior to the taking of the sample of ozonized water a fire

fever and kindred ills, the dollar outfit of Catarrhose is a cure specific. Small trial size, 50c., all dealers or The Catarrhose Co., Kingston, Ont.

a blood-vessel burst in his head. He fell to the ground and was taken to St. Joseph Hospital. He died at four o'clock, never regaining consciousness.

Mr. MacKenzie drove out south on Tuesday and procured one of the weeds. It had a root on it 29 inches long, and then he did not get it all out of the ground.
