Sound as a Dollar

That's the only way you can afford to keep them, because any lameness means less work and less profit to you.

Spavin, Splint, Curb, Sweeney, Ringbone, Swelling or Lameness need not prevent your horses from working. Simply use Kendall's Spavin Cure.

It works while the horse works —takes away the pain—reduces swellings—makes legs and joints sound and strong—leaves no scars or white hairs because it does not blister.

Kendall's Spavin Cure

has been the horseman's standby for 40 years and is used all over the world.

THE BATTLE OF BANNOCKBURN

(Written by J. S. Robertson, Haliburton, during school days.)

King Edward, obeying his father's command,
 Marched to subdue the Scottish land;
 And with him took the strongest force
 That ever an English king produced.

The Scots were pitched at Bannockburn,
 Behind them a hill and in front a plain;
 Which truly was a crisis field,
 Soon England's fate would thus reveal.

Then arose the English in firm array
 Like the crimson sun on a bloody day.
 From the eastern horizon, grave and still,
 With muffled drums and bugles shrill.

The Scottish scouts, to ascertain
 Rode out to meet King Edward's men;
 They telescoped and scanned the plain
 Where naught but a moving mass was seen.

They then returned to Bruce, their king,
 And told him what they? could be seen;
 That all the country far and wide
 Was covered with King Edward's pride.

That flashing steels and pennons bright,
 Were proving a most glorious sight;
 Lut so fearful the show as they drew near,
 That all in Christendom might hear.

And then began the bloody fray
 Upon that bloody murderous day;
 When cannons roar and gun-shots peel,
 And clashing of life's reddened steel.

The English archers now let fly
 Their steel-clad arrows in the sky;
 Which rained upon the Scottish crown
 The deadly stroke of a fatal storm.

King Bruce, not given to dismay,
 Sent through them his force of cavalry;
 Sweeping them down like a field of rye,
 Until carnage proved their destiny.

The English horsemen dashed aright,
 But like falling leaves sank out of sight
 As they attempted their archers to protect,
 By crossing the field of fatal wreck.

The English in general disorder grew,
 Their colors wavered to and fro;
 And in defeat they broke and fled,
 Rushing o'er dying and through rich blood.

King Edward left the field of fight,
 And sadly sought his safety by his flight
 To Dunbar, where a friend remained,
 Who sailed him back to his own domain.

The greatest battle the Scots e'er won,
 The greatest freedom that e'er begun;
 A knowledge the English did dearly learn,
 Was of the battle of Bannockburn.

Omemece Young People Rode to Party on a Hay Rack

Omemece, July 15.—The garden party given by the Ladies' Aid of the Methodist church on Wednesday evening brought out a large number of people. The grounds were prettily illuminated and decorated, there was ample seating accommodation and refreshment booths to cater to the palate of the most exacting epicure. The 57th regimental band of Peterboro under the leadership of Prof. Gliddon, rendered a program of popular music that delighted the throng of pleasure seekers. The financial proceeds amounted to \$110.

The tennis club enjoyed a picnic down the river one day last week.

The G.T.R. strike is a topic of continuous interest. Our town was the recipient of poor mail service for a day or two after the strike began, but lately the trains are nearer schedule time. No freight is moving, and rates per 100 pounds delivery by teams from Peterboro have been quoted to our merchants.

Mrs. Kelly and Master Hillier Williamson have returned from a visit with friends at Lakefield.

We understand that Mr. Barron of Elora has been selected to fill the vacant position of principal of the high school, and Miss Feir that of assistant in the public school.

King-st. has been scraped, and is now in order for the oil which it is expected will keep the dust of that busy thoroughfare in confinement.

The new water tower for sprinkling purposes is erected and in working order, giving every satisfaction. New sheds for the Methodist church people are about completed, and the new parsonage is being pushed on to rapid completion under the expert and hustling management of Mr. Fred Dean, of Toronto.

Our local implement salesmen are very busy setting up, repairing and adjusting the requisite machinery for the farmers who have begun to reap a liberal harvest.

Fishing is good down the river and many of our local sportsmen and numbers of Americans are revelling in the delights of hooking bass and tuncge. There's the batch of wonderful yarns of the monsters that were nearly landed.

An innovation was presented a few evenings ago when a party of young ladies and their gentlemen friends participated in the pleasures of a hay-rack ride, going out to the garden party at Bethel where a delightful evening was spent. This form of locomotion for purposes of observation and genuine fun and oddity bids fair to supersede the auto.

The Rev. Mr. Woodyear has been appointed to the charges of the Bethel circuit, lately supervised by Rev. Mr. Griffiths. We extend a hearty welcome to the new pastor, regretting at the same time the departure of his predecessor who was very popular with all denominations.

Mr. Rehill raised a fine new barn on Friday. There was a large number present and the barn went up in excellent shape.

Miss Betty Bleasdel has returned from a visit with friends in the country.

The morning service in the Presbyterian church was conducted by three young men from Knox College and afternoon service at 2.30 o'clock under the same workers. The services were full of interest and zeal—fresh, uplifting and impressive and betoken a week of earnest effort that these young men will devote in missionary work at Lakevale.

COTTAGE RANSACKED.

During the past winter or spring the summer cottage of Mr. B. F. Reesor, of Lindsay, at Miner's Bay, was broken into and a number of articles carried off. Mrs. Gallo-way had a number of fowl stolen, and a cottage owned by Mrs. Baggs of Toronto, was entered and the fowl picked and roasted in it. The thieves left the premises in a filthy condition. This is a very serious offence.

The eastern portion of the Yonge-st. wharf sheds were destroyed by fire.

THIS IS IT!

Brantford Roofing has quality, and quality behind it, and there is nothing as good, nothing could be better. It covers new shingles time and time again, because new shingles leak. Shingles are not what they used to be. That is why Brantford Roofing is the cheapest to buy.

Brantford is better than metal because it will not rust, and better than shingles because it will not crack or rot, and the best roofing because it contains no Rubber or paper, but is 99 per cent. Pure Asphalt and Pure Felt.
