## You cannot expect good work from a furnace unless it is properly installed.

You cannot buy a Furnace like you do a Stove—send it home and have the "Handy-Man" put it up—not if you expect to get all the heat out of your coal.

Q Your heating system must be planned. The registers must be properly placed. The warm and cold air ducts must be a certain diameter. The furnace must be located in just the right spot—and it must be just the right size. Q We supply plans to you absolutely free and you do not need to buy a furnace to get them either.

## "Hecla" Furnace

The plan is essential, but it is also essential to have a furnace that will give you ample heat—one that will supply pure, fresh air without a hint of gas, and, for the lady of the house, heat that will be free from dust and smoke.

## Arren't You Really Tired of Some Pieces of Furniture?

Will not a few dollars invested in new things to live with—New Chairs, Tables, Beds or even Kitchen Furniture be the wisest possible use of some money just now? Haven't some of the old pieces served long enough? Wouldn't "Something New" be a real eye-comfort to every member of your household?

## Anderson, Nugent & Co.

FURNITURE UNDERTAKING  
A NEW "OOP" Mr. W. J. Austin, of Minden, took his declaration of office as constable on Tuesday at Minden, having received his appointment from Judge Harding, of Lindsay.

## Opening of New Central School—Excellent Addresses—A New Piano

Delightful task to rear the tender thought. To teach the young idea how to shoot. "The Seasons," (Jas. Thomson)

Ideal weather conditions prevailed for the opening of the new central public school on Thursday afternoon the result being that the beautiful new school of "Larain" was crowded with citizens, chiefly women and children, who listened with rapt attention to the various speakers and also to the musical part of the program. As was stated in an article in Thursday's *Warder*, which described the layout and the excellent accommodation of the new school, it is one that the citizens of Lindsay might well feel proud of being second to none as far as general appearance, sanitation, lighting, heating, etc., is concerned. It is modern in every respect and thoroughly in keeping with the modern trend in school building, and on the whole a fine example of what a school should be. This combined with the excellent staff of teachers that will take their place in the central school and the fine example of young Canadians that will attend the school as pupils, will make the school up-to-date and efficient in every respect. It surely can be classed as an "approved" or "A-1" school. Many were the complimentary remarks heard on all sides yesterday, and the various speakers enlarged these compliments and congratulations were in order.

The opening proceedings were under the thumb of Mr. Thos. Stewart, who is chairman of the Lindsay board of education, and the National anthem was first rendered after which Rev. Canon Marsh offered up a prayer in which he expressed the wish that the young people who attended the new school would early seek God, who was the Master asked all others. Canon Marsh asked God to bless the institution and all efforts to make the people strong intellectually and morally.

The theme of the Scripture lesson read by Rev. J. W. Wallace was, "Expect the Lord build the house they labor in vain who build it." Then followed Chairman Stewart's address, the speaker stating that he earnestly looked forward to the time when education for the rich man's child and the poor man's child would be absolutely free from the public school to the finish of the course in the university. The only burden the people had to bear in connection with the new central school was that of taxes, everything else being free except the text books, and he hoped the time would soon come when they would be supplied to all scholars free. Then they would have free building, free equipment, free teaching and free text books. The speaker also hoped the time would soon come when the 5th form would be taught free (as it should be according to law) either in the first form of the Collegiate or the 5th form of the public school. He also expressed the hope that they would in the near future have technical education in the Lindsay schools. It all meant money, but a good education could not be secured without the expenditure of money. The chairman thanked the ratepayers for the money used in erecting the two schools and was sorry that there was none left to either repair and make the south ward school up-to-date or build a new school. However, he felt sure that the citizens residing in other parts of the town would see to it that the south ward school was put in the very best condition, because of the fact that the ratepayers of the south ward had rallied nobly and aided materially in the erecting of the two new schools.

The Vice-chairman of the school board, Mr. J. D. Flavell, stated that he had been a member of the board of education for twenty-three years, but during all that time, the happiest time was the present when the new schools were formally opened for the children of Lindsay. The greatest asset the country had to-day was found in the children and their education should be well looked after. He congratulated the boys and girls and the teachers on having such a magnificent school in which to gather and work in. The only fly in the ointment was that there were not sufficient monies left to put the south ward in first-class shape, but he felt sure that the ratepayers would come to the rescue of the south ward and erect a new ward school. The two new schools in Lindsay were second to none in the Province, having excellent sanitation, lighting, and heating. The speaker also thanked the ladies for presenting the new piano to the board of education.

His Honor Judge Harding briefly compared the schools of to-day with the schools of years ago, when they were simply the log structures. He was pleased to know that the teachers did not have to do so much punishing to-day, but that they used their influence and powers to better advantage and sought to build up the character of the boys and girls so that they would be a credit to the school, themselves, the teachers, and the town. He was glad to know that they were being taught patriotic songs, as patriotism was the first duty of citizenship. Education was an excellent preventative to crime and he like the chairman, hoped to see the time come when education would be entirely free to all people. Representing the school board Mr. White said that he was very much pleased to be present at the opening of the new school. The opening of new schools in any town or city marked a step forward in the progress of education. The public schools were a stepping stone in the system of education, and as a medical man, he could vouch for the excellent equipment of the new schools as far as sanitation, lighting and heating country and a great responsibility rested with the boys and girls to be concerned. Canada was a great equip themselves for the big positions in life, then the education of the boys and girls would be laid broad and deep. The social conditions are bettered in new and up-to-date public schools, and they become a great centre for intellectual influence and a centre of great moral influence. In securing teachers the school board besides endeavoring to secure the very best teachers, also tried to get one having the very best character, who would be a help in uplifting the character and morals of the pupils. At this juncture Chairman Stewart called on Mrs. McCulloch, who in a few well chosen words presented the new piano to the school board, it being fully paid for. In fact there was a small balance to the good. An excellent instrumental solo followed, it being executed by Mrs. J. W. Lyons.

Hon. Senator McHugh expressed a hope for the good future of the school and those who attended it. The profession of teaching was laborious, but a noble work, and although not a supporter of the public schools, yet he was in sympathy, heart and hand, with the system. The children to-day had better advantages than their parents had, and the speaker likened the schools of to-day to the brooks, where the boys and girls could drink from the fountain of education.

Rev. J. W. Wallace in a few words stated that so far as possible and so far as practical free education should be given to all children, be they rich or poor. Knowledge was power. The speaker did not believe in the superficial education. He congratulated the school board for their enterprise and the people for their support, and hoped the new schools would be great centres of light for all the boys and girls. A patriotic song, "Soldiers of the King" followed, which was rendered in excellent manner by the class of boys and girls. The next speaker (Dr. Wood) said he was proud to be a member of the school board and proud of the citizens who gave the funds for the building of the schools. Dr. Wood referred to the coming of the thousands of immigrants, many of them with red assets, but to offset this Canada had to-day the boys and girls who were being given a good education. The speaker also believed in free education. This was not only Canada's century but also the young man's and the young ladies century, and the boys and girls should equip themselves for responsible positions. They should have the physical as well as the educational training, then we would have practical men and women in this practical age. The teacher's influence was not over the mental side only, but they had the chance to help build up good characters and also teach them to be loyal to their schools and to the great Dominion to which they belonged. Principal Kirkcconnell briefly congratulated the children on having such good schools. He suggested that the ladies committee form themselves into an art guild to help decorate the school room time to time. Principal McDougall, of the public schools, felt very grateful to the ratepayers and the school board for the new building. It was like getting out of an old world into a new one to pass from the old school into the new one. He thought the school children of Lindsay would compare favorably with the school children of any other town or city in the Dominion. With the singing of the National anthem the gathering dispersed.

With the singing of the National anthem the gathering dispersed.

—Mr. G. A. Jordan has returned from Goudbara and Tory Hill where he attended a division court and the court of appeal before His Honor Judge McMillan, re assessment of Carleton township and McEwan. When asked concerning how the country looked, Mr. Jordan stated that he never saw the crops in better shape at this time of the year, and that everything in the provisional county of Eglarville appears to be enjoying prosperity.

### OBITUARY.

THE LATE MRS. WILSON  
The news of the passing of Ada Helen Thorne, wife of Mr. William Wilson, 700 Water-st., at the Nicholl's hospital, Peterboro, Wednesday morning after a brief illness, will be received with widespread regret. The late Mrs. Wilson was born in Cavan township in 1869, the fifth daughter of the late Mr. and Mrs. Jos. Thorne. In 1889 she was married to Mr. William Henry Wilson, also of Cavan and shortly after their marriage they removed to Peterboro, where they have made many friends. The late Mrs. Wilson was a member of All Saints' Church, Peterboro. Always taking an active interest in the welfare of her church, she belonged to a Women's Auxiliary and was for a number of years its secretary. Deceased by the loss of all who knew her for her many and estimable qualities. She was always ready with sympathy for the afflicted and aid for the needy.

Those left to mourn her loss besides her husband are three brothers, Thomas and George, of Cavan, and John, of Lindsay; five sisters, Mrs. J. Nesbitt, Alameda, Sask.; Mrs. J. Heaslip, Peterboro; Mrs. M. Gardiner, Fort Hope; Mrs. H. Gardiner, Sutherland, Sask.; Mrs. Leonard Westwood, Toronto.

LATE WM. TRUMBULL  
A large number of friends and acquaintances attended the funeral of the late Mr. Wm. Trumble Wednesday afternoon. Service was held at the house at 2 o'clock, Rev. D. Ballfour officiating. Interment took place at the Riverside cemetery. The pallbearers were as follows: Messrs. J. Howard, John Devitt, Jas. Kearney, Dover, Bisset and Brick.

## Sunday Was Hottest Day On Record

Dominion Day in Lindsay was true to its traditions in respect to weather conditions. The town stifled under a blazing sun without any appreciable currents of air to fan the people. Yesterday in Ontario was the hottest day on record. The thousands of people who perspired their way through the steaming heat of the hours from morning till night are entitled to get out of that fact whatever consolation they can. The Dominion meteorological records at Toronto go back to August 24, 1854, to find the next hottest day. The official reading of the thermometer then was 99.2.

### HYMENEAL.

CHASE-ROBINSON.  
A very pretty wedding took place at the home of Mr. and Mrs. F. W. G. Chase, Victoria ave., on Thursday June 29, when their sister, Miss Helen B. Robinson, became the wife of Reginald M. Chase, B.A., of Kingston. The ceremony was performed by Rev. J. R. Robinson, of Toronto University, brother of the bride. Mr. and Mrs. Chase left on the evening train for Muskoka.

NEW FLAG PRESENTED.  
Above the new north ward school there will be unfurled to the breezes a monster Union Jack, the gift of His Honor Judge McMillan. The presentation of the loyal gift to the board of education took place Thursday afternoon at the opening of the new central school, and the judge was heartily thanked for the very much appreciated donation. The flag was donated under the condition that the new north ward school will be called the Alexandra school. The flag is a large one and a beauty in every respect. Three rousing cheers were given for His Honor Judge McMillan by the scholars present.

Mr. Borden spoke at Lanigan and Prince Albert, Sask.

## Was Terribly Afflicted With Lame Back. Could Not Sweep The Floor.

It is hard to do house work with a weak and aching back. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause. But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order. Doan's Kidney Pills are a specific for lame, weak or aching backs and for all kidney troubles. Mrs. Napoleon Larmour Smith's Falls, Ont., writes:—"I take pleasure in writing you stating the benefit I have received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back, and was so bad I could not even sweep my own floor. I was advised to try Doan's Kidney Pills, which I did, and with the greatest benefit. I only used three boxes and I am as well as ever. I highly recommend these pills to any sufferer from lame back and kidney trouble." Doan's Kidney Pills are 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Millers Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."
