Liberal-Conservative CONVENTION
A convention of the West Victoria Liberal-Conservative Association will be held in the Academy of Music, Lindsay Saturday, July 15th at the hour of 2 p.m. All supporters of the Whitney Administration are invited to attend. The meeting will be addressed by **HON. W. J. HANNA**, Provincial Secretary, and others. **Candidate Will Be Chosen** Owing to the death of the late Mr. J. Fox, M.P.P., it will be the duty of the convention to choose one of their number to contest the riding at the next election. **W. Channon J. Carew W. Warren** Pres. Vice-Pres. Sec.-Treas. Cheap Fares on all Railways.

Baker Lumber Co. Get \$15,000 From Railway
The Baker Lumber Company Limited gets \$15,000 in cash and other concessions from the Canadian Pacific Railway. The Georgian Bay and Seaboard Railway Co., which is an offshoot of the C.P.R. are taking sixty-eight one-hundredths of an acre of land from the Baker Lumber Company Limited for a railway purpose which has been a bone of contention between the two companies since last November and negotiations have been carried on since that time aiming at a settlement. The matter was finally settled Tuesday by which the Baker Lumber Company gets \$15,000 in cash and the railway company is to construct a roadway into the lumber yards of the company and pay the cost of moving the hydrants across the street. The land taken altogether is considerably less than an acre. The negotiations in this matter were conducted throughout for the Baker Lumber Company by T. H. Stinson, of McLaughlin, Peel, Fulton & Stinson.

A HEAT STORY.
Two travelers were discussing sudden changes in the weather. One said, "In Wyoming my cousin threw a snow ball at a man just as the sun came out. Result, the man was scalded with hot water."
If you want to feel people feel them by being sensible when they don't expect it of you.

Dr. C. Gordon Hewitt, Dominion Entomologist, says, referring to the infantile death rate from intestinal diseases and diarrhoea spread by the house fly, he believes that the so-called harmless fly is yearly causing the death of thousands of infants, as well as spreading the germs of typhoid fever.

WILSON'S FLY PADS

are the best thing to rid your house of these dangerous pests.

Newsy items from Pleasant Point

Pleasant Point, July 11. — The excellent weather still continues, although Monday and Tuesday were very deceiving in the appearance of what the weather would be. First, the mornings of both days were very bright and warm. By noon everybody was nearly cooked, but about half past twelve o'clock thunder began to peal and lightning flashed quite often. The farmers around here who had hay out hastened their teams to the fields and began building their loads as fast as possible, but before they got their load half on the sun came out again, but as soon as they got their load into the barn the day would darken again, and it remained the same way all afternoon.

Miss Ethel Greene, of Orillia, is visiting her friends, Mr. and Mrs. Mat Sisson, of this resort. Mr. George Campbell, of Toronto, residing at the upper end of the Point, landed four nice bass and a lunge this morning. Although the weather is hot the fishing is still good.

Miss Dorothy and Miss Fanny Baker, and Mr. Harry Reid, paid a visit to Sturgeon Point today and found it rough paddling. Mr. Dan Cinnamon's fine little launch "Ambe" run by Mr. William Cinnamon, broke down while its occupants were out trolling over near Hall Point and they were towed to Pleasant Point by a passing yacht. Mr. Cinnamon telephoned to Lindsay for a new pin, but when it came to Mr. Bell had to be too short and get a new one moulded. At last they got started and finished their journey to Sturgeon Point.

Mr. Harry Reid landed a fine fish yesterday which reminded the cottagers of the old fish yards of long ago. He had hard work finding a pair of scales large enough in Pleasant Point to weigh it. Mr. George Milligan paid our resort a flying visit Tuesday afternoon. Miss Moore, of Hayes' boarding house, sustained a very painful injury while engaged about her duties. The telephone in Hayes' store is quite an advantage to this resort as it connects with all points around, and enables people and cottagers with any business they have to attend to without leaving the resort. Time is valuable, but the man who figures on spending nothing else while on his vacation probably won't have much fun.

Terrible Fire at Porcupine and Northern Ontario

North Bay, July 11. — Terrible disaster has overtaken Northern Ontario as a result of the continued heat and lack of rain. The whole country is burning up with bush fires everywhere. The fires have been burning for over a week and reached a climax to-day, licking up in their fiery path everything before them. Fanned by a fierce gale of wind the flames swooped down on the villages and mining camps of the north country and the loss of property will run into immense figures, while the death toll must be great, as Porcupine district, where the fire is at its worst, contains thousands of prospectors whose camps are scattered over a wide area of country heavily timbered.

300 MILES OF FIRE
From North Bay northward for three hundred miles and covering a wide section east and west the flames are busy in their work of destruction and death, and miners, prospectors and settlers are in a desperate plight, if they manage to escape with their lives, for supplies, buildings and equipment are being wiped out of existence by the roaring wall of fire which illuminates the sky for many miles. The Town of Cochrane, at the junction of the T. and N. O. Railway and the Grand Trunk Transcontinental, which was nearly wiped out the other day, was leveled to the ground to-day, and the inhabitants are in a bad way for food and shelter and are asking assistance from neighboring towns to the south.

Weather Conditions Compared With Former Years

The following is a very interesting comparison of the weather conditions of 1911 compared with that of 1909 and 1910, submitted by Mr. T. Beale.

COMPARATIVE TEMPERATURE			
For 1909	Max.	Min.	Aver.
July 1st	84.6	59.4	72.1
July 2nd	71.6	54.3	62.9
July 3rd	82.6	48.2	56.2
July 4th	80.6	47.0	58.8
July 5th	80.6	46.7	63.8
July 6th	79.8	50.0	64.9
July 7th	78.5	49.0	63.7
July 8th	81.6	51.4	66.0
July 9th	83.6	47.5	65.5
July 10th	83.8	47.6	72.2
For 1910			
July 1st	82.9	56.2	69.2
July 2nd	84.0	69.8	76.9
July 3rd	85.6	62.4	74.0
July 4th	86.7	54.2	67.4
July 5th	82.9	47.6	67.5
July 6th	85.2	51.4	73.8
July 7th	89.6	52.4	71.0
July 8th	84.6	56.8	70.5
July 9th	82.8	59.7	76.2

SINGLE FARE.
On Saturday, July 15, the Liberal-Conservative will hold their convention at the Academy of Music. Single fare has been arranged for on the G.T.R. for all attending this convention so that a large crowd is expected.

WERE SUCCESSFUL.
The following former L.C.I. students have successfully passed their normal school examinations for teacher: Emily Haugh, Ada M. Lee, Alice Souch, Victor S. Bailey, Neva B. Dayer, Ethelina B. Dix, Helen G. Flavelle, Jessie A. Graham, Olive B. Jackson, Mabel B. Jordan and Elsie V. McEachern.

Arrests have been made in Paris of three men alleged to be organizing an anti-military propaganda in the army.

Another Water Power Back North

Having noticed by the local papers that the Town of Lindsay is in search of water power, Mr. J. Coad communicated to the town council to the effect that he was interested in water power at Black River in Inlayton township and about forty miles from Lindsay. He would be pleased to hear from the Town of Lindsay, should they desire to have power.

STOP KNOCKING

Criticism is fair and legitimate. Most of us need to be hit, and hit hard sometimes, principally because we often get the notion that we have a monopoly of wisdom. This is particularly true of those who are accustomed to have their own way because of the time being they are placed in a position of authority. But criticism should be constructive, rather than destructive. Most any fool can see the badness and the weakness in men and things. Faults are always glaring. But it takes a wise man to see the good which may be covered by the bad. Not to judge merely by superficial appearances requires knowledge. True criticism does not necessarily mean a pointing out of weakness. It may be the discovery of virtue. However, most criticism is of the other kind. It is just plain "knocking". Criticism of another generally acts as a boomerang upon the unjust critic because the critic is apt to point out in another the failing which is peculiarly his own. As a general proposition it is better to criticize yourself than to wait until another fellow gets a chance to criticize you; and be merciful to yourself in your criticism, if you expect mercy from another.

MARRIAGES.

MCGILL — FISHER — By the Rev. D. Balfour, at the Methodist parsonage, 33 St. Paul-st., on July 12th, Mr. Joseph Fisher, of Ops, to Lovina, daughter of Mr. Robert McGill, of Manvers.

WILL SAVE MONEY.

The town of Lindsay will not have a representative at the annual meeting of the Municipal Association of Ontario this year, some members of the town council holding the opinion that no good results from sending delegates to the convention. The annual fee is \$10, which entitles as many members of the council as see fit to attend.

FIGS

Are a valuable and nutritious laxative fruit, owing to an active medicinal principle.

Sageine Hair Tonic, Anti-Uric Pills, Rheumo for Rheumatism, Parisian Lash Lustre for beautifying the eyes, all genuine B.V. Marion preparations bear that name and we can gladly recommend and guarantee them. Philip Morgan, drug.

THE ART OF WALKING

THE ART OF WALKING GRACEFULLY A GREAT CHARM.
A startling fact that is constantly revealed by the present fashions is the almost universal lack of grace in the modern girl.
The short and narrow skirt so much seen is merciless in this respect. It boldly refuses to disguise the jerky, awkward stride of the average girl, and one is more and more impressed with the rarity of the girl who knows how to walk well.
This is astonishing when one considers how much the modern girl goes in for all kinds of sport and calisthenics, yet one scarcely ever sees a girl who walks correctly and the really graceful girl is unique. When she is seen she charms the eye and possesses an attraction that does not depend on youth or beauty.
Every girl should strive to walk well, and with patience and the observance of a few rules she can soon improve her carriage. And certainly it needs improving, for the hunched shoulders and protruding chin of the modern girl borders on the grotesque.
An old fashioned rule for attaining a graceful poise of the neck and shoulders, which many of our grandmothers practised daily, is to walk with a book on the head; and it should not be allowed to fall off. The heels, shoulders and back of the head should all be level when starting to walk, and the chest well thrown out. Swinging arms are never graceful. They should hang easily but were never intended to help propel the body along.
One should avoid the mannish stride as well as the mincing gait. There is a happy mean, and the length of stride a girl can gracefully take depends, of course, upon her height and length of limb. Walk from the hip, not from the knee. Swing with steady rhythm, heel well up. Don't meander aimlessly along or violently stride ahead.
When you go for a walk have an object in view and pursue it steadily and smartly, and you will find that your walking gains in poise and grace.
Do not fall into the habit of looking down when you walk, but keep the eyes lifted and fixed steadily to the front. Looking constantly on the ground cultivates unsteadiness and insecurity.
No girl with an atom of vanity will allow herself to cave in at the back. Nothing so quickly lands one in the middle-aged class. And just as much as the back sinks so much does the abdomen protrude, and that stamps one as hopelessly graceless.

FOR SALE OR TO RENT.

FOR SALE — ORGANS, ORGANS and gramophones. Intending purchasers of any of the above instruments would do well before buying elsewhere to call at 26 Wellington-st., Lindsay, and inspect my stock of goods, for not only do I carry the best lines made, but sell at the lowest prices and on the easiest possible terms. And my business expenses are away out of sight, less than those of any other dealer, so that the buyer can count on a profitable transaction. I have a number of A-1 second-hand organs for sale at \$5 down and the balance in weekly payments of 50c. Orders taken for expert piano-tuning. Thos. Brown, Gerhard Heintzman representative.

FOR SALE — HOUSEBOAT "POOCHOMAS"

row lying at Bobcaygeon. Beautiful floating cottage, seven rooms, bath room, fitted for electric lights, fully furnished and equipped. Launch and row boats. For further particulars see F. H. Kidd, 91 Kent-st., Lindsay.

LOST — ON JULY 8, BETWEEN Lindsay and Mount Horeb, on Mt. Horeb road, a black hand purse containing \$37.25 in a pocket book with elastic strap around it. Also small pocket book with 25c in silver. Also a parcel and two purple post cards. Finder will be suitably rewarded by leaving same at The Watchman-Warder office, or Jos. McGabey's, Mount Horeb.

FOBS FOR Ladies and Gentlemen

The Fob, which has survived a century's changes, reaches its highest development of beauty artistic qualities and practical worth in the richly varied designs which comprise our very large stock. We are showing a special fob with ribbon and gold mountings, also the safety catch and chain, this making your watch safe in your pocket. Call and inspect the goods.
