NERVOUS DEBILITY

Thousands of young and middle-aged men are annually swept to a premature grave through Early Indiscretions, Excesses and Blood Diseases. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes, with dark circles under them, weak back, kidneys irritable, palpitation of the heart, head-dreams and losses, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, listless, distrustful, lacking energy and strength, tired mornings, restless nights, changeable moods, weak manhood, premature decay, bone pains, hair loss, sore throat, etc.

YOU WILL BE A WRECK
Our New Method Treatment can cure you and make a man of you. Under its influence the brain becomes active, the blood purified, so that all pimples, blotches and ulcers disappear, the nerves become strong as steel, so that nervousness, bashfulness and despondency vanish, the eyes become bright, the face full and clear, energy returns to the body and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. Don't let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

EVERYTHING PRIVATE AND CONFIDENTIAL
READER: No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"The Golden Monitor" (Illustrated) on Secret Diseases of Men.

CHIEF CHILTON ON DUTY.

The new chief of police, John Chilton, of Ingersoll, arrived in town on Saturday, and on that night got the confession of the man named Staid, charged with shooting. The chief is a strong, husky looking man, one who will be able to handle the rough characters from the railway camps, if necessary. As he has appeared only in plain clothes, his uniform having arrived yet, but he commended the duties this morning. It is feared that the citizens of the town will give the chief every possible aid, and not hold back information, as has been done frequently in the past.

Robert Leach's barrel, which was sent over the falls on a trial trip, made the journey all right, but disappeared soon after reaching the foot of the falls.

The Dominion Government is sending militia tents and blankets into Porcupine, with a detachment to distribute them. Parliament will be asked for a vote to aid the sufferers.

SUMMER COMPLAINT

Is one of the most troublesome troubles of the Hot Summer Days. The Old and the Young, the Strong and the Weak are all affected alike.

DR. FOWLER'S Extract of Wild Strawberry

Is the most effective remedy known for the cure of

DIARRHÆA, DYSENTERY, COLIC, CRAMPS, CHOLERA MORBUS, CHOLERA INFANTUM, AND ALL SUMMER COMPLAINTS.

This sterling remedy has been on the market for over 25 years and has yet failed to do what we claim for it. Be sure and ask for Dr. Fowler's and insist on being given what you ask for.

Mrs. C. E. Mills, Teulon, Man., writes: "Just a line to let you know that I have a little girl five years old, and during the hot weather of last summer she was very bad with the Summer complaint, in fact I thought we were going to lose her. We tried everything we could think of, but without success. One day one of our neighbours asked what was the trouble with the little girl, and we told him. He advised us to try Dr. Fowler's Extract of Wild Strawberry, which we did. I honestly believe it was the only thing that saved my little girl's life. I don't think there is anything better for Summer complaint than Dr. Fowler's Extract of Wild Strawberry." Price 25c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Estimates made place Toronto's population at about 368,000.

Successful Barn Raising Friday

One of the most successful barn raisings ever held in the township of Marlborough took place at the beautiful home of Mr. Lorenzo Davidson on Friday afternoon when his new barn was raised from the foundation without a hitch or the slightest sign of an accident. The huge structure, which is 99 x 90 with a large straw house at the rear, was erected by Kennedy Bros., of Little Britain, and it was due to their good work and management that the barn was raised in such short order and without accident.

Over one hundred and fifty men from all sections were present, and the ladies were also out in large numbers which added to the appearance of the affair. At the conclusion of the raising a sumptuous repast was served on the lawn by Mrs. Davidson and her lady friends, and the many good things were appreciated by the large gathering. It will be remembered that Mr. Davidson's barn was blown down by the terrific wind storm a month ago.

A number of Lindsay citizens were present at the raising, including: Mr. and Mrs. A. M. Tulton, Mr. and Mrs. (Dr.) Rich, Mr. and Mrs. W. McLennan, Mrs. J. Boxall, A. Gamble and H. A. Holmes, H. Butler, Ross Jones, Mrs. J. A. Williamson, John Carew, and others.

DRANK CARBOLIC ACID.

What might have been a fatal poisoning accident was averted just in time Sunday afternoon, when the young daughter of Mr. and Mrs. Jno. Grims, William-st., drank carbolic acid. The poison had been left standing in a window, and when it fell to the floor, the young child, aged one and a half years, picked it up and drank a spoonful and a half. Dr. White was at once summoned, and succeeded in saving the young life after a hard fight, and the child is to-day out of danger.

GAVE AN ADDRESS.

At the meeting of the Scarlet Order of the Orange Association held at Toronto an address on "Standing Fast by the Faith" was delivered by Rev. F. J. Barber, of Bobcaygeon, who told of the formation of the Orange Lodge, from which sprung the Scarlet Order.

Piscatorial Don't's

Don't walk right up to a riff and fish it, stay above it and let your line float down, to it and if you don't get a strike hold your pole still and reel your line in and let it run out again two or three times, then swing your pole from side to side.

If using red worms don't put on a big bait. One nice worm is enough. Start about three-quarters from the head and string worm on the hook, let the head stick out so there are ends to wobble. Pull point of hook out so the worms can't come off.

Don't jerk hard to hook a fish.

Don't pull too quickly. Don't let the line slacken.

When a fish is hooked don't get excited; if a big fish is hooked give him time. Time is golden.

Don't take any intoxicating drinks.

Again, don't stand so your shadow is on the water if it is a still day and nothing is moving, and don't forget that time and patience make the best fishermen.

Don't swear if you lose a nice fish; it's no use, he is gone.

Don't use lead on the line when fishing for trout.

Don't use a heavy line.

Don't use white lines and a good many other things too numerous to mention here.

SUDDEN DEATH OF WM. LePAGE

A very sad accident occurred last night by which Mr. Wm. LePage met his death by falling down the steps of the Grand Union Hotel. Deceased had not been feeling well and it is stated had been warned by Acting Chief Short to go home. Last Thursday night LePage was beaten by a gang of toughs and on account of his injuries was in a somewhat weakened condition.

On Wednesday about 8 p.m. the deceased went into the Grand Union hotel and remained there for some time until he was ordered out by the wine clerk, a young man who was taking the place of the regular clerk, Mr. Joe Jacko, who was in Fenelon Falls all day, only arriving home this morning. After ordering the deceased out two or three times the clerk took him to the door of the bar about nine o'clock and told him to go home. LePage left, but apparently became unbalanced, falling to the pavement and hitting his head.

He was carried into the sitting room of the hotel and carefully cared for although nobody thought he was seriously hurt. About 11 o'clock he lay on the right side of his head, a large lump appearing on that temple and after doing everything and nothing. After doing everything possible for a half an hour or so, as he did not gain consciousness it is said that two doctors were telephoned for, both failing to respond to the call. The wine clerk then went to get a doctor, who, however, did not go to see the injured man, stating that he would be alright.

Mr. LePage was cared for in the sitting-room by a young man who did everything that he could for him although he did not know that LePage's injuries were serious. A short time after ten o'clock the hostler noticed him sitting on the steps in the rear hall, but thinking he was sleeping did not disturb him.

This morning shortly after five o'clock the hostler in passing that way and noticing him still apparently sleeping, decided to wake him up, but was horrified to find him dead. The proprietor was called and the coroner communicated with.

After examining the affair Coroner Blanchard came to the conclusion that no inquest was necessary, death being caused by falling down the steps.

Mr. LePage was an employee of the Baker Lumber Co., and was an excellent workman, but had not been working for a week or so. He was 32 years of age and leaves to mourn him one son, Verne, his wife having died some time ago. His father, Mr. Joseph LePage resides on William-st.; his mother being in Toronto. He also leaves to mourn him two brothers and two sisters: Mrs. John Bush, of Toronto; Mrs. Harry Ingram, of town; Albert, of St. Catharines and Alfred, of Coldwater.

The priests of London diocese have presented Bishop Fallon with an automobile.

A charge of murder has been laid against E. D. McKee of Bridge Road, and his preliminary hearing is in progress at Cornwall.

Crops Good In West Says Ex-Resident

(To the Watchman-Warder)
Dear Sir,—As I have been reading the home paper, looking for news from our Ontario friends, it reminds me that perhaps some of the home friends might like to hear a little of this new country. We arrived in this new country on the 2nd of April. The snow was gone around Lindsay when we started for the West, but when we arrived here we were met with sleighs, and used sleighs for two weeks after that time. During the summer of that year we entered on homestead land some twenty miles from here, and in order to reach our homestead from here we had to swim our horses across the rivers and stream where now we can pass over without getting our feet wet, so much of the brush has been removed and the land put under cultivation, which of course means less water and less danger of frost.

In passing from my homestead to my home near town I was impressed with the difference four years ago made in the country. Yesterday I was making the trip, and when I looked about I could see in all directions houses and land under cultivation and all looking well. About 5 miles out I came up with a large party, who were invited to wait, and join them, which I did, and was rather surprised to see so many people out for a day of pleasure, where four years ago there was so little to be seen for miles, but scrub, and just a trail with no road. However, I enjoyed the day and dinner and ice cream on the grounds. Some came with their oxen and wagons, and many with horses, and one motor car arrived well loaded. All seemed to have enjoyed themselves, and the man with the oxen looked just as happy as the man in the car.

The crops in this part are looking well, could not look much better, and if nothing comes to damage them before harvest, the people of this part will reap a heavy harvest. The country has opened up very fast, and though most people have many trials at first, in passing over new roads, or no roads, and many other difficulties which only the one who does it can quite understand, this all is soon a thing of the past, and things begin to look like civilization. Now, we hope to have good crops, and mean to send some samples of our grain to our home town if the results are what we look for.

Yours respectfully,
RICHARD WARREN.
Tisdale, Sask., July 7, 1911.

Sir Thomas Shaughnessy is to receive the degree of D.C.L. from Trinity university, Quebec.

Mr. Alex. Conn died at Ingersoll from the heat, and a young girl succumbed to sunstroke at London, Ont.

When things are going the other fellow's way it heats you up a lot to hit the fellow who tells you to hope for the best.

PILES

DR. CHASE'S OINTMENT

Storm Friday Last at Sturgeon

Sturgeon Point, July 15. — Miss Helen Scholes, of Toronto, is visiting Mrs. Jack Scholes, also of that city.

Mrs. (Capt.) Pearson, of Peterboro, is again spending a few days at the Point.

Miss Gertrude Vrooman, daughter of Dr. Vrooman, of town, is down now for the summer.

The Misses Rita and Kathleen Millar are the guests of Mrs. Jack Scholes.

Mrs. Morley and child are guests of Mrs. Ferran, of Toronto.

Mr. Smith, of Toronto, arrived this morning to spend his vacation.

Miss Ella Hogan, of Peterboro, is the guest of Mrs. Scholes.

A large number of Sturgeon Pointers took the Friday trip to Cobocook and state a very pleasant trip.

Last evening the Misses Beta and Hilda Harrington gave a delightful little supper party at "New-ropin" cottage, at which a number of the younger set were present. During the evening refreshments were served. All enjoyed a pleasant evening.

Shortly after 7 o'clock Friday evening a violent thunderstorm struck the Point from the southwest and everybody that was at the store getting man had to run to get home. Later on in the evening about 11:45 a worse storm struck here from the south, and the gale that blew much resembled a hurricane, while the lightning was very vivid. This morning Mr. Thomas Stewart's launch was found on the beach between Dr. Neelands and Mr. Clary's boat house, but as it is very gravelly it was practically uninjured. The strength of the wind had broken the chain that fastened the buoy to the cement anchor and both buoy and boat had blown on shore. Their canoe had a number of holes punched in it.

THE LINDSAY MARKETS

- The market was fairly well attended Saturday. Butter sold at 20 and 21c. and eggs at 18c. Raspberries sold at 15c. per box.
