SUFFERED THREE YEARS
THU Dr. Morse's Indian Root Pills cured his Kidney Trouble
There are few diseases that cause more suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had caught my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull pain across the kidneys was always present, my urine was thick and cloudy, and I tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes effected a complete cure. I now enjoy the blessings of good health, which is due to this medicine."
Do not suspect kidney trouble—it's too dangerous as well as too painful. There is a reliable family remedy, Dr. Morse's Indian Root Pills, which has cured thousands and will cure you. It is equally effective in curing constipation and the attendant ailments, such as indigestion, headache, and in purging the blood. It is a best of your druggists.

"WAS FADING AWAY"
A YOUNG WOMAN - SCARCELY THIRTY - SEEMED TO BE DYING ON HER FEET.

DR. HAMILTON'S PILLS CURED
"I think it should be the duty of the schools to teach children how to keep well," writes Miss Nannie E. Naydon, a well-known and highly esteemed resident of Bristol. "Ignorance of the laws of health and the use of improper remedies destroyed my vigor and led me to the verge of invalidism. I was as a girl ruddy and strong. Nothing seemed to affect me until I was about thirty. Then gas began to form in the stomach. I suffered with bloating and a general failure in strength set in. If I went upstairs my breath hurt. My system was very irregular and until I grew pretty bad I didn't pay much heed to my condition. Then I got blue, worried all the time, wakened in the night and couldn't get to sleep again. None of the medicine I took helped me. One day I was reading of a very interesting case like mine cured by Dr. Hamilton's Pills. I took the same treatment. It was just right—didn't physic me to death but took hold of the weak, sick parts of my system and set things right. It seems as if Dr. Hamilton's Pills have made me young again and all my color, spirits, vigor and health of former days have returned to stay."
Every girl and woman should use Dr. Hamilton's Pills regularly. They help a woman in many ways. Beware of the dealer who asks you to take an inferior pill on which his profit is larger than on Dr. Hamilton's. Sold in yellow boxes, 25c per box, all dealers, or the Cattarhogue Co., Kingston, Ont.

SUMMER TOURIST RATES TO THE PACIFIC COAST.
Via Chicago and North Western Ry. Special low rate round trip tickets on sale from all points in Canada to Los Angeles, San Francisco, Portland and numerous other Pacific coast points, during July, August and September. Excellent train service. For illustrated folders, time tables, and full particulars address B. H. Bennett, general agent C. N. W. Ry., 46 Yonge-st., Toronto, Ont.

\$20,000 FROM BARS.
The receipts from the hotels of the Province computed on five per cent. of the bar receipts over \$50 a day, amounted for the month of June to something over \$20,000. This is a little above the average monthly return.

Changes in the National Anthem
London, July 13.—A change has been made in the national anthem. In these days, when the main thought throughout the civilized world is peace, one of the old verses of the anthem is said to have struck the king as sounding a somewhat discordant note. It runs:
"O Lord our God arise, Scatter His enemies, And make them fall: Confound their politics, Frustrate their knavish tricks, On Him our hopes we fix, O save us all."
That verse has now been replaced by the following, written by Dean Holt, and breathing a more peaceful spirit:
"O Lord our God arise, Scatter His enemies, Make wars to cease, Keep us from plague and death, Turn Thou our woes to mirth, And over all the earth Let there be peace."
The alteration has been specially sanctioned by King George, and is therefore of national importance, seeing that it is now likely to be universally followed.

MR. THOS. HARTLEY.
The residents of the town and surrounding vicinity were shocked Friday morning to hear of the sudden death of Mr. Thomas Hartley, who dropped dead of heart failure at Mr. Wilford's C.P.R. construction camp, one mile south of Reaboro. Deceased was a blacksmith at that camp, and this morning rose and was eating his breakfast about six o'clock when he suddenly dropped, and was dead when picked up.

LOST NASAL ORGAN.
A row in the C.P.R. construction camp at Bethany was responsible for the appearance in the Millbrook police court of Michelo Malgiere. It appears that during a scuffle in the camp on July 1st, Domenica Festa lost the greater portion of his nasal organ, which, he claims, was bitten off by Paulo Malgiere. He also incriminated Paulo's brother, Michelo, as one who very ably assisted in this unusual surgical stunt. Paulo skipped for parts unknown, however, and has not been heard of since. A warrant is at present out for his arrest.

DR. ROSS IS SAFE.
Another Lindsay boy who went through the horrors of the fires in New Ontario was Dr. Jack Ross, son of Mr. and Mrs. Alex. Ross, King-st. who resided at Cocheane. Word has been received that Dr. Ross is safe.

DEATHS.
MITCHELL.—On July 9th, in Bobcaygeon, Hazel Irene Mitchell, aged 15 years, daughter of Wm. Mitchell.

One More Unknown Not Accounted For--The Prospector

What will be the toll of death in the great territory swept by fire, where it is known that perhaps 3,000 men have been prospecting for gold?
The miners and prospectors have to keep fairly close to the streams and the fire-stricken townships are dotted with rivers and lakes. One man pins his faith to the resourcefulness of the miners and prospectors and does not believe that many of the men would leave themselves to be hemmed in by the fire when they have the streams and lakes to fly to.
The value of the streams as a refuge from the fire is problematical, unless they are good sized rivers and good sized rivers are none too numerous even in the Porcupine country. They lakes offer safety if the men only started in time. A prospector who is only a mile or two miles from the safety that water affords might be hemmed in and cut off before he could escape.
The woods are full of prospectors, claim workers and miners, and what the death toll will be will not be known for weeks, for in that country news travels slowly and no man's movements are known for a certainty in the bush.

PROSPECTORS NO CHANCE.
Picture a prospector overtaken by a bush fire driven by a fierce gale. The woods are as dry as tinder. Weeks of burning sun have dried up muskies, the foliage, and the moss-moss underneath. He hears the ominous cackle in the distance, and realizes its import. Tired though he may be, and perhaps at night, he knows he has to fight for it, and he racks his brain to think of the nearest water.
He snatches a bit of food to take along, and makes all speed towards his only safety—water. He may reach it, and in that case he may escape. He may be miles from any, and the country he has to traverse

HYMENEAL.
PRATT-STRICKLAND.
A very pretty wedding took place at St. John Baptist church, Lakefield, at two o'clock on Tuesday afternoon, when the marriage was solemnized by Miss Edith Boper Strickland, second daughter of Mr. R. C. Strickland, to Rev. C. E. Pratt, of Minden, Ont. The Rev. H. A. Ben Oild performed the ceremony and Miss Atwood presided at the organ. The bride, who was brought in and given away by her father, was gowned in white Duchesse satie, trimmed with exquisite old lace. Her veil was held in place by a coronet of orange blossoms, and she carried a shower bouquet of white roses. Miss Dorothy Hilliard, assisted as bridesmaid, and wore a gown of blue organdy, and carried a shower bouquet of pink roses.

LINDSAYITE GOT INTO A TRENCH
William Fowler, a Toronto prospector, living at 58 Harbord-st., son of Mr. and Mrs. John Fowler, of 17 Sussex-st., Lindsay, and brother of Mrs. Thos. Connell, Glenelg-st., has returned to Toronto from Deloro Township, where he was with a prospecting party of eight. After two fire scares, which drove them back each time to Pottsville, they were caught by the raging flames, too far out to reach the town.

"We had all finished out midday meal on Tuesday," said Mr. Fowler, to a reporter, "when I heard a roaring in the distance. I told the others, and we watched, while in a few minutes a big cloud of smoke blew up. A wild wind was blowing, and one of our party, an old Denver miner, warned us that it would travel a mile a minute in that breeze."
"We dropped everything but a few grips, containing food, and ran for our lives. The flames were hemming us in, and just when things looked hopeless we ran across an old camp where a trench had been dug. We piled into the trench, which was about five feet deep, and found that there was a well of water in one end. We rigged up a blanket over the top of the trench, and soaked it with water, while we all kept low.

"We had hardly got fixed when the flames blew through the tops of the trees, and the fire all around us became hotter and hotter. We took turns in throwing water on each other from the well, and in dashing water up against the blanket. Several times sparks came through the flaps of the blanket, but we were able to put them out with water. We lay there for four hours."
As soon as the blaze passed by the party began their long hot march to Pottsville. Fowler's eyes were unable to stand the heat, and he went temporarily blind, having to be led by his fellows. Thursday was the first day since the fire that he was able to see at all clearly.

THROWN FROM HAY RAKE.
The many Lindsay friends will be very sorry to hear of the bad accident which befel Mr. Wm. Channon, of Mariposa, on the 8th concession, last Wednesday afternoon, when he was thrown off a hay rake and somewhat badly injured.

DONATED FINE CUP.
The Home Bank of Canada have donated a handsome silver cup mounted on an ebony pedestal, to the Lindsay Central Fair, and will be contested in whatever event decided on by the directors. The cup is being manufactured by the Toronto Silver Cup Co., and is a splendid donation which is greatly appreciated.

Tourists at Powles' Corner - Presentation

Powles' Corner, July 13.—Mr. and Mrs. Jas. Hardy and son Gordon, of Ope, visited their daughter here last Sunday.
Miss Irene J. Hardy, of Fenelon Falls, returned to her home Tuesday morning after spending a pleasant vacation with her aunt, Mrs. J. S. Brown.
Mrs. M. McNeil and her two children, of Lindsay, spent a few days last week with Mr. and Mrs. John Moore.
Miss Leona Parrish was up to Lindsay a couple of days last week visiting her brother, Mr. Bert Parrish.
Mr. N. C. Hart, of Argyle, is holding day at Mr. J. B. Powles'.
Miss Leta Copper is home again after a lengthy visit with Zion friends. The many friends of Miss Clara McGee were glad to see her out again after being confined to the house since early spring, owing to the after effects of lagrippe.

Dr. Cavan and family, of Toronto, have once more taken possession of their beautiful little summer cottage and are enjoying the cool and invigorating breezes of Sturgeon Lake to their fullest extent.
Mr. Morton and family, of Toronto, are also summering in their cottage adjacent to Dr. Cavan's. This is certainly an ideal spot for tourists.
Our baseball team have been very busy this season playing with or against all the neighboring teams of the township, and we are glad to be able to report very favorable results in nearly all the games.

On the evening of June 30th the people of this neighborhood gathered together in large numbers in the beautiful school grounds here to bid adieu and present Miss Parker, our estimable school teacher, with an address and a small token of remembrance, as she intends attending the Normal school in Peterboro after the holidays. The address was read by Miss Leona Parrish, while Miss Ruby Powles presented Miss Parker with a handsome gold-headed umbrella and watch fob.

To Miss Parker.—It is with feelings of deep regret we realize that the coming vacation means a separation of more than the usual two months. Though your stay among us has not been lengthy, the kindly spirit with which you have entered into the social life of the neighborhood, your hearty co-operation in the league and Sabbath school as well as your faithful fulfilling of your daily duties, have endeared you to us all. We feel that we cannot have you leave us without some token of our appreciation, and beg that you will accept these little gifts as a reminder of the happy days we have enjoyed with you.

Trusting that you may be spared to a long and happy life and that we shall often see you among us again, we remain
Yours most faithfully,
THE YOUNG PEOPLE
of Powles' Corner.

ESCAPEE THE GALLOWS.
Ottawa, Ont., July 14.—Angelina Neapolitano will not hang. The official announcement of the cabinet's recommendation to the deputy governor-general will probably not be made until the order-in-council is signed by Sir Louis Davies some days hence, but the decision of the cabinet was reached this morning, on the advice of the minister of justice, and so the woman of the Canadian Soo, who killed her husband while asleep is saved from the gallows.
Her sentence will be commuted to life imprisonment and she will probably be released on parole within a very reasonable period.

Grist Mill and Two Saw Mills at Mount Pleasant Wrecked by the Swollen Waters

Omsceen, July 13.—As a result of Monday's terrible downpour of rain, a report of great destruction comes from Mount Pleasant. On the stream of water passing through that village as a tributary of the Ottonabee river, there are two mills, the farther one up stream being owned by Mr. George Jamieson and the other by Mr. Thos. Best. Mr. Jamieson's mill receives its power from a race which taps the main dam, and the mill is some distance from the large dam, which, though waste gates were opened, could not allow sufficient water to escape to prevent a breach in the main dam. The foundation on two sides of the mill was undermined and collapsed, but the

building still stands, in a precarious condition, supported by the remaining portion of the foundation. The great volume of water freed from the upper dam rushed on towards the lower dam of Mr. Thos. Best, and despite the opening of waste gates, and allowing the water to run through the pipes of the mill, which had been blocked to prevent the machinery from running, the irresistible force of the water carried away the embankment and rushed down under the mill. The custom saw logs floating in the water were carried along, and these acted as mighty hammers to destroy the underpinning of the grist and saw mills which soon were torn in pieces and washed down the course of the enormously increased and maddened waters to the lower level in the swamp. Mr. Best tried to enter the mill to recover some books from the office, but the door being jammed out of position, prevented his ingress, and fortunately, for in another minute down tumbled the whole structure. Besides the destruction of the dam, the grist and chopping mill, and the saw mill are a total loss to Mr. Best, who is unable to recover any indemnity. The loss to Mr. Jamieson will be the breach in the dam, and the wrecking of the foundation of his mill. The loss of these two important industries is a sad blow to the commercial enterprise of Mount Pleasant.

Constipation
Is The Cause of More Sickness Than Anything Else.
If You Wish To Be Well You Must Keep The Bowels Open. If You Don't, Constipation Is Sure To Follow.

MILBURN'S LAXA-LIVER PILLS
act on the bowels and promote their free and regular action, thus curing Constipation and all diseases arising from it.
Mr. Harry Reedy, Stanick, Ont., writes—"Having been troubled for years with constipation and trying many remedies without success, I finally purchased Milburn's Laxa-Liver Pills and found them most beneficial. They are indeed splendid pills and I can heartily recommend them."
Price 25c. per vial or 5 vials for \$1.00. at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Young Man May Always Be Blind
The friends of Mr. Wm. Eastman, of Ingoldsbay, have been anxiously waiting for some word that would carry with it the assurance that his eyesight may eventually be restored, says the Minden Echo.
It will be remembered that this is one of the young men who was so seriously injured by an explosion while blasting stones on their father's farm, nearly three months ago, when he and his brother only escaped death as by miracle. Elmer, the brother, lost one eye entirely, and is otherwise scarred for life, but his life, but William's case was quite different, for, besides suffering severe cuts and bruises the marks of which will be carried to his grave, the shock to his nervous system was very great, and his eyesight did not return, although he was treated by his local physician till his strength returned sufficiently for him to be taken to a Peterborough hospital. Later, he was taken to Toronto, where a specialist was consulted, who says the best has been done that could have been done. He could, however, hold out very little hope for a restoration of sight. After remaining at home for a time, he is again in the Peterboro hospital.

MY DAUGHTER WAS CURED
By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. CORKRAN, 1103 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.
Young Girls, Heed This Advice.
Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.
Write to Mrs. Pinkham, Lynn, Mass., for advice, free.
