PURCHASED NEW FARM. Mr. Daniel Murphy has purchased the farm lately tenanted by Mr. Thomas Hutton and will take possession this fall.

DEAD FROM INJURIES. A valuable colt, the property of Mr. Leo Cunningham, Ops, while on pasture rolled into a post-hole on the farm and died from injuries received.

NEW FRAME BARN. Mr. Jas. Cochrane, of Cambray, raised a large frame barn on Wednesday last. The barn will be closed in and completed at once so as to admit of this season's crop.

AN EXCELLENT SHOWING. Over 100 students in Lindsay who wrote at the entrance exams, 88 were successful, or 83.017 per cent. Hamilton had 71 p.c.

A HIGH PRICE. A Wilbert Walsh, of Millbrook, sold a young team of Clodes, 120 and three years old for \$550 last week. They were from Mr. A. J. Henderson's horse, which left all high prices, poverty.

ERECTING NEW BARN. Mr. James Patton had a large frame barn raised to-day on his farm in East Ops. Mr. Neil Gray, of Lindsay, is the contractor. The structure has a dimension of about 75 x 45 ft., built on a stone wall with concrete floors and mangers. The building will be ready to receive this season's grain crop.

HAS RENTED FARM. Mr. Thos. Hutton, who has been working the farm of the late Mr. Wm. Mesher, south of Lindsay, it is stated, has rented Mr. Peter Murphy's farm about two miles farther south on the 5th, con. and will commence duties on or about the month of August.

GOING WEST. Mr. Peter Murphy, of Ops, will remove to Saskatchewan this fall, having rented his property. A son of his is now engaged in farming there, and has become so impressed with the great wheat growing districts, that the entire family will move west to embark in agriculture on a broad basis.

BARN RAISING. About 35 men attended a barn raising at Mr. W. L. Reed's on Wednesday afternoon. As the frame is the post system for elevating the beams much heavy lifting was dispensed with. The new structure is an addition to his barn.

ENLARGING ELEVATOR. A contract has been let to the J. S. Metcalf Co., Montreal, for the erection of an addition to the grain elevator at Port McNicoll, Ont., the terminal of the line on Georgian Bay. The addition will have a storage capacity of 2,000,000 bushels, and will be similar in construction to the main building.

PRESENTATION. The new home of Mr. and Mrs. J. H. Handley, jr., was the scene of a pleasant gathering last Wednesday evening when the willing workers of St. Luke's church, Burnt River, attended in a body to offer congratulations to the organist of the church on her recent marriage. An address of appreciation was read by Mr. T. Brisbane, president, signed also by the secretary, Mrs. J. Adkin, recognizing the faithful services of Mrs. Joseph Handley (nee Miss Mattie Krishan) as organist and church worker, accompanied by a handsome Morris chair. Refreshments were served and a very enjoyable hour spent.

WANT MORE HOTELS. More hotels are badly needed in Toronto. The Board of Trade issues a statement to the effect that 10,000 people arrive in the city every day, and there are only 3,981 rooms to accommodate them in the existing hostels. While the political parties are considering how best to attack the evils arising from the open bar, the City of Toronto is growing at the rate of 30,000 a year, and the hotel men and capitalists are standing still. Every day the pressure on the existing accommodation for transients becomes heavier.

A small metal matchbox which clamps on the stem of a pipe is a recently patented novelty for smokers. Robert Hope, of Villiers, Ont., has attained the great age of 100 years.

The Crops To-Day

Lindsay, Ont., July 22.—The farmers in Victoria county are wearing the broad smile these days. Their crops are turning out excellent, the recent rains doing untold good. The hay crop was never better, and is nearly all housed, while other crops are coming to a head fast. The barley and wheat, as well as the oats crops, are going to be a good length, and they are already a golden russet. Although quite a number of acres of peas were drenched out by the heavy rains earlier in the season, the late peas are a good crop. Barley is an extra fine crop. Garden truck is splendid, and the fruit crop is doing well.

KINGSTON RATHER GLOOMY. Kingston, Ont., July 22.—The long dry spell of weather has led to poor prospects for grain. Wheat, oats, barley, peas, etc., will be about half a crop. Small fruits are very scarce. Apples, pears and plums will be a fair crop. The root crops may develop better than anticipated owing to the rain during the past week. Hay was a good crop hereabouts.

GUELPH DISTRICT HAPPY. Guelph, Ont., July 22.—Recent rains have placed crops in this section in the best possible shape. Hay is a good crop, and is now being gathered. Wheat is good—what was not winter-killed. Other grains are looking splendid and will be a heavy crop.

FALL WHEAT IS FINE. Peterboro, Ont., July 22.—The fall wheat crop is in splendid condition, and cutting has already begun. This crop has seldom looked better in this district. Hay is a fair crop. Most of it has been cut, and is drying in the fields. Peas are much less than a full crop. Other grains are fair. Potatoes have been greatly helped by the recent rains. The berry crop is generally reported good.

AN AVERAGE YIELD. Stratford, Ont., July 22.—The drenching rain early Sunday has helped the grain crop in this district and at least an average yield is assured. Hay has panned out better than was expected. Raspberries are a failure. Roots and corn promise well.

RUST DAMAGED WHEAT. Chatham, Ont., July 22.—The crop conditions in this county at the present time are very favorable. The recent rains have done a lot of good and from present indications there will be a very bountiful harvest. Barley in many cases will yield 40 or 50 bushels to the acre. It is being cut now. Oats will be a heavy crop and will probably yield from 60 to 70 bushels to the acre. Corn is coming along well. The late corn will not be as heavy as the early crop. Wheat seems to be the only failure. The crop will not be large and the sample will likely be very poor. The rust has also damaged the straw.

OBITUARY.

LATE MRS. KYLIE. A large number of friends attended the funeral of Mrs. John Kylie, which took place Tuesday at Peterboro from 464 Charlotte-st. to St. Peter's Cathedral where requiem high mass was sung. Rev. Father Ferguson officiating. The pall bearers were Messrs. Richard Kylie, John O'Reilly and J. W. Diamant. Lindsay, Mr. Jas. Kylie, of Hiawatha, and Messrs. Martin and Denis Kylie, of Peterboro.

Martin Egan, a young farmer near Chatham, was fined \$237.64 for keeping a "blind tiger."

KIRKFIELD CIVIC HOLIDAY.

Bad Storm at Zion, Fenelon

Zion, Fenelon, July 22.—Miss Martha Wilson, who has been visiting friends at Fenelon Falls returned on Sunday last.

Mrs. D. Moynes entertained a few of the young ladies at her home on Wednesday afternoon. Quite a number of our Leaguers were at the picnic at Bald Point on Monday last and enjoyed a splendid time. The afternoon was spent on the water boating. The Leaguers hired a gasoline launch for the occasion. Tea was served in the old fashioned way. Everybody brought their baskets and helped themselves. The three Epworth Leagues of this circuit, Cambray, Eden and Zion were well represented. In the evening a program was held. Mr. M. Rogers, of Eden, furnished some music, also Mr. Cecil Brown, of Zion, gave a mouth-organ selection. Miss A. Downer, elocutionist, of Cambray, gave some selections and Mrs. W. Gilbert, of Cambray, gave an excellent report of the Summer School. She gave us some splendid points, and in fact everything she brought back was good. The program was closed by all repeating together the League benediction.

Miss Z. Creuss, of Linden Valley, is spending a week here renewing old acquaintances. Mr. and Mrs. George Gilson, of Penit, visited at the home of her brother, Mr. Wm. Parkin, Sunday.

Mr. Arthur and Miss Lizzie Parkin of Cameron, spent Sunday at Zion.

If you want to look at good grain, come to Zion. The grain fields around this section are looking beautiful now, and some of the farmers are going to start cutting grain next week. Having is about finished here. The Young Men's Christian Band on this circuit took charge of the meeting on Sunday afternoon. Owing to the rain all of the band were unable to be here. Mr. Atley Greenaway, of Eden opened the meeting and read a couple of chapters. Mr. Fred Pethick, of this place, rendered a beautiful solo. Mr. Frank Richie of Cambray gave a good address, also Mr. Wm. Parkin, of Zion. Messrs. George Parkin and Cecil Brown sang a duet entitled, "When the Harvest is Past." Mr. Greenaway then closed the meeting as usual. We are very pleased to have this band come and we hope they will again favor us at some future date.

Fenian Raid Grants Being Paid Slowly

Ottawa, July 24.—The issuing of the Fenian veterans' one hundred dollar grant is proceeding very slowly. In two weeks but 450 grants have been paid. This delay is not due to any lack of applications, but rather because of the number of letters or requests being received at the Militia Department from men who believe that they are entitled to the money, although they actually never were in active service. A number of these applications have to be carefully examined and returned and the process of sorting the good from the bad is a slow one.

Premier Borden and colleagues conferred with British ministers. Probably if everybody had to pay \$2 to vote, like going to the theatre everybody would go to the polls. An auto belonging to A. Waite of Sanborn, N.D., has been seized at Guelph for alleged violation of the bond under which he brought it in from the United States free of duty, because of his having used the machine as a taxi in Guelph.

Hon. Martin Burrell will increase the number of fruit inspectors, so as to protect the home-grown product from the competition of under-grade American fruit. Lambton county farmers are making big strides in scientific agriculture.

Miss Daisy Cooper, of Powles Corners, spent Sunday at Zion.

Quite a few in this community are looking forward to the Women's Institute picnic of the Islay and Zion branches which will be held as usual at Birch Point on Wednesday afternoon.

Quite a lot of damage was done in this neighborhood during the electric storms. Mr. George Parkin's house was badly wrecked, the lightning striking the chimney wrecking part of the house. Mr. Neil Marks' barn was struck but fortunately it did not burn. Mr. J. Marks' phone was put out of working order. Mr. Samuel Worsley had nearly every tree in his orchard split in two or else torn up by the roots. This will be quite a loss to those people and every-one here now looks forward to a thunder-storm with ill favor. Owing to the rain on Thursday night only a few braved it and came to League. But for all that we had a splendid meeting.
