DAY AUGUST 10th, 1899.

LOCAL BUDGET.

NEWS ABOUT TOWN IN BRIEF.

Little Local Lines

and fame from no condition will your part—and advertise. To rent at \$1.50 a month. Apply to Mr. J. H. Sootheran.—19-1f. Licenses issued by Mr. Thos. H. Sootheran, also at his store, Kent-st.—5-1f. A walk on the south side between Lindsay and William streets to the public on Monday. It is a fine walk, and as one walks on the smooth surface it is not only a mental vision of Lindsay's greatness and beauty. Messrs. Harris Company have an exhibit of Webster, mechanical expert, 25 North, to look after the repairs of Self-Binders. Farmers will find their advantage to have their work done by a mechanic thoroughly acquainted with all kinds of automatic machinery.—30-1f. Correspondent of the Watchman-Warder says: "John Short, Inspector for Victoria county, was on Monday on his tour of duty. The gentleman is very careful that the wants of the travelling public are properly looked after and the law enforced." Methodist church is endeavoring to raise a million dollars this year. This is known as the twentieth anniversary fund. The committee, appointed by the Bay of Quinte Conference, "to direct the movement" has been setting forth the objects of the fund, if raised, will be used for the most liberal purposes of the adherents of that denomination. (a) Educational purposes. (b) Missions. (c) Superannuated. (d) Local benevolent. Names of the committee are: Revs. W. R. Sootheran, president of conference, chairman; J. J. Shorey, C. W. Watchman, E. D. O'Flynn, S. P. Ford, M. W. Johnston. Most of these names are well-known in Lindsay and will command public confidence in the movement.

Little Local Lines

—Bring your watch repairing to HUGHAN & Co. Moderate prices; satisfaction guaranteed.—22-1f. —The Omeme Masons propose running an excursion to Cobocook about Aug. 25th, per steamer from Lindsay. —For exchange—First-class organ or piano for two good roadhorses. Apply to SAM. BROWN, piano agent, Lindsay.—31 3. —"Jack" Roach has consented to be tried at Cobourg for complicity in the Napanee bank robbery. The trial will take place on Sept. 19th. —Saturday, August 26th, is the date set for the next trade excursion from points below Bobcaygeon to Lindsay, per steamer Alice-Ethel and barge. —We understand Mr. John McDonald has sold his fine residence and grounds at the west end of Bond-st. to Mr. Beal, tanner, the price paid being over \$4,000. —The Prentice Boys will attend divine service at the Cambridge St. Methodist church on Sunday evening next, when Rev. Thos. Manning, B. A., will preach a sermon appropriate to the occasion. The Orange brethren of the district are invited to join in the service. —Mr. H. Hunter, teacher, of Kingston, nephew of Capt. Hunter, town, won the 20-mile bicycle race in that city on Monday, in which there were 44 competitors. Mr. Hunter also won the bicycle race at Fenelon Falls on July 12th. This is a pretty good record for a young man who only learned to ride his Massey-Harris wheel this spring. —The decorating of the town for the anniversary celebration of the Relief of Derry in Lindsay next Monday will be in charge of Messrs. Turner and Sons of Peterboro, and the town is sure to look handsome in its dress of flags and bunting. An arch will be placed at the junction of William and Kent-sts. The Citizens' band will lead the march about town and also furnish music during the day. —The staff of the new Orillia Collegiate Institute is composed of J. F. Dickson, headmaster and teacher of classics, salary \$1,200; Geo. F. Rogers, science master, salary \$800; T. E. Doidge, mathematical master, salary \$800; Miss Adelaide Langrill, moderns and English, salary, \$600; Miss Kate Beaton, junior assistant, salary \$600. All are specialists in their several departments except Miss Beaton. —On July 21st last John Lucas of the Grand Central hotel, Haliburton, was charged with having kept more than one bar in his hotel on July 12th. The case came before Police Magistrate Fielding, and after hearing arguments of counsel, a report of which was given in The Watchman-Warder last week, the magistrate adjourned the proceedings until the 1st inst., when the case was dismissed with costs. —On Thursday last a complimentary cruise was tendered some distinguished visitors to our town by a few local professional and business men. The guests were Hon. E. P. Rucker of Charleston, West Virginia, the attorney general of the state, John H. Hoyt of Huntington, in the same state, and Dr. Harrison of Winnipeg, who was visiting Judge Harding. The Greyhound was chartered and everything of interest between here and Cobocook (where dinner was served) was enjoyed by the entire party. —Messrs. W. Rose of Port Perry and J. Burke of Greenbank spent several weeks recently in the Virden district, Manitoba. Fields of wheat that will yield 30 bushels to the acre were a common sight, and settlers are sanguine of a big harvest. Potatoes and garden truck compare favorably with anything grown in Ontario. Messrs. Rose and Burke intend removing with their families to Manitoba next spring. They advise Ontario farmers who have not farms of their own to do likewise, as in five years they can have farms of their own paid for. —Shortly before removing to Markham Mr. J. T. Harrington, formerly of the Collegiate staff, had a valuable silver watch stolen from his waistcoat, while that garment was hanging in the kitchen of his residence. The case was placed in the hands of Chief Bell, but nothing more was heard of the matter until a week ago, when the watch was handed into a local jeweller for repairs by a north ward woman. When confronted by Chief Bell the woman stated that her son had found it in a refuse heap in the back yard. A gold dollar was missing from the chain and this she confessed to having taken and exchanged at one of the banks. The boy was then taken in hand by the Chief and confessed to having stolen the watch from Mr. Harrington's pocket while the latter was absent from the room. Mr. Harrington was in town last week and recovered his missing watch, but declined to prosecute the young thief, owing to his mother's pleadings, and the lad's promise to mend his ways and not yield to temptation in the future. —Mr. A. C. Babcock, the William-st. grocer, is going about with his hand in a sling. On Sunday he went to Graham's church a few miles west of the town and conducted the religious service. He was accompanied by Mrs. Babcock and his little son. At the sand-pits on the way home the horse took fright, and by a sudden plunge so far over-turned the buggy that Mr. Babcock was thrown out. His arm was caught in the spokes of the front wheel as he fell and two small bones in the wrist were broken, and he was stunned by the fall. The buggy righted itself and Mrs. Babcock and the little boy remained in. The horse continued to run, but Mrs. Babcock reached one of the lines with her parasol and pulled the animal into the fence. Some men were at hand and captured him. It was a very narrow escape, for a short distance further ahead the corner would have been reached and in all probability the occupants of the rig would have been thrown violently out with serious results. Mr. Babcock will not be able to use his hand for a couple of weeks.

Liberal Dealing.

There is principle in winning business. No secret. It is by honest liberal dealing and manners.

There is a good deal of liberality in trade, but fitful, sometimes excessive, sometimes reluctant, not controlled by a well-held principle, manners are shallow and honesty lapses into "the average practice."

Common store dealing drives customers away. That's why it pays so well to be so really honest and open.

This business is doing better all the while, and "satisfaction echoes through the aisles like the notes of a song."

Looking Towards Fall

More price work to-day, Just such prices as give a bargain to the entire store.

Price tells in a business like this. Not that we under-value influence, friendship courtesies, but these are not the governing principle. The small store holds its trade by knowing its customers personally. The large store makes itself larger by being known for what it is—if the stocks are good and the prices right.

The arrival of Fall Goods necessitates a speedy clearance of all the belongings of Summer. This week will rid us of many if you appreciate good bargains and take quick advantage of them.

Dundas & Flavelle Bros.

Little Local Lines

—To RENT—A square piano, tuned lately, \$2.00 a month. O. BIGELOW.—16-1f. —Miss Mitchell millinery and dress-making, over Campbell's grocery store. —The Oakwood factory has stopped making butter and is turning out a fine quality of cheese. —Messrs. Horn Bros. have just completed an order for \$2,000 worth of blankets for the Dominion government. They will be inspected this week and shipped to Manitoba and the Northwest for the use of the Mounted Police and Indians. —A public meeting of ratepayers of the town will be held in the town hall on Wednesday evening next at 8 o'clock to consider and discuss the raising by debenture of \$27,000 for local improvements. Government Road Commissioner Campbell will be present and address the meeting as to road building. —There is scarcely a case of serious illness in the town at the present time, and our physicians are having a holiday. Drugists also say that little or no medicine is being asked for. This is satisfactory to our citizens, but rough on the profession. However, green apples are in the stores and doctors wink as they pass by. —"LABORERS EXCURSION", AUG. 21st ONLY.—Tickets and certificates purchased at C.P.R. office, Lindsay, are good to start from any railway station. Tickets now ready; come or send for them. T. C. Matchett, Agt. C.P.R. 60 Kent-st., Lindsay. 32-2. —Butter and cheese is looking up. The price obtained for the product of the Victoria County Cheese Board on Monday leads the province; and a few days ago the July-August make of the Lindsay Creamery Co. sold in Toronto at 19c., with enquiries for further deliveries. Manager Dow is to be congratulated on the reputation he is winning as a butter-maker. —On Sept. 1st a new dry goods, clothing and gents' furnishing store will be opened in the old Kennedy's and. Messrs. A. O'Loughlin and A. McIntyre will on that day begin business with a full stock. The interior of the store has been thoroughly overhauled and adapted to the needs of the new firm. Messrs. O'Loughlin and McIntyre are capable and energetic young business men who will get their share of patronage. —The eleven o'clock express from Toronto was several minutes late on Tuesday morning. A fatal accident on the way down was the cause. Near Uxbridge a horse drawing a buggy and driven by Mr. James Vanderburgh, aged 78, became scared at a traction engine and dashed in front of the train, which was running at a high rate of speed. The animal was almost cut in two pieces and had to be killed. The unfortunate driver died in a few minutes after being picked up.

Excursion to Rochester

Under the auspices of Peterboro Oddfellows on Thursday, Aug. 17th, per train from Lindsay and steamer North King from Port Hope. Tickets \$2, children half-fare, good to return Saturday; boat tickets will be extended to Monday if desired. Special train leaves Lindsay at 11.50 a.m. Tickets can be had at Armstrong Bros. store, Kent-st.—31-2

Canada's Greatest Fair

This year will mark the coming of age of Canada's Great Fair and Industrial Exposition, which will be held in Toronto from August 23rd to Sept. 9th. It is just twenty-one years since Toronto Exhibition was established as an annual institution under the present management. During that time it has increased five fold in every direction, and to-day can fairly lay claim to have assumed a national character. Last year upwards of 300,000 people attended, and this year such arrangements are being made as will warrant the expectation of a still larger attendance. Many entirely new features will be presented, while the exhibits, with an increased amount given in prizes (totalling \$35,000), will undoubtedly crowd the six hundred thousand dollars' worth of buildings to their utmost. The usual brilliant military spectacles will be given, illustrating recent famous feats of arms on land and sea by both England and America, and arrangements have been made for an illustration of wireless telegraphy, wireless telephoning and the improved X rays. In short, the exhibition will be more than ever up-to-date.—30-1

Obituary

DUNCAN J. MCFADYEN.

It is our sad duty this week to record the death of Mr. Duncan J. McFadyen of Moorefield, but formerly of the township of Eldon. Mr. McFadyen was a native of Argyleshire, Scotland, and immigrated to this country in 1863. After that time he was a resident of the township of Eldon until some seventeen years ago, when he went to Toronto and continued his trade as a carpenter. While there he was married to Mary J. Brady, daughter of Mr. Edward Brady, of the county of Wellington. Ten years ago he left the city and moved to Moorefield, where he engaged in farming up to the time of his death. Deceased was a highly respected and popular citizen amongst his large circle of acquaintances. In every undertaking in life he was industrious and energetic, and a man who in his judgment seldom made an error. He had been ailing for the past twelve months, and although at times very ill, yet hopes for his recovery were entertained until quite recently. Death ending his sufferings on July 31st. The funeral on the 2nd inst. was an unusually large one. His widow and family of five boys have the sincere sympathy of the community in their deep affliction and in the loss of a kind husband and loving father.

Coming Events

MONDAY, AUG. 14.—Grand celebration of the Relief of Derry in Lindsay, under the auspices of the Prentice Boys and other Orange orders. Addresses by leading Orangemen and others. Large number of lodges from Toronto and different parts of Ontario will be present. Excursions by train and steamers. Single fare from all stations within 75 miles of Lindsay.

Fenelon Falls, Aug 14th to 17th; Lindsay, Aug. 18th and 19th.

Prof. J. H. DeSilberge, the celebrated eye specialist from Germany, expert optician, will be in Fenelon Falls, on Monday, August 14th, and remain till the 17th. May be consulted at the Mansion House. On Friday and Saturday, 18th and 19th, Prof. Silberge will be in Lindsay, and may be consulted at the Benson House. Eyes tested free of charge. Those having weak or imperfect eyes should not fail to consult the professor. Satisfaction guaranteed.—31-1

Chapter of Accidents.

—Mr. J. S. Jewel of Linden Valley met with a very painful accident a couple of weeks ago. In alighting from a hay-rake his foot became entangled in the rake, resulting in the breaking of a small bone at the instep and the wrenching of the foot. It will be a couple of weeks yet before he can have the full use of the limb.

—A very sad accident occurred in Blackstock, Cartwright township, about a week ago. The youngest child of Anson Taylor, reeve of the township, was playing around and fell head-first into a pail of water, and was drowned. Mrs. Taylor had only left her sitting on the verandah a few moments before, and when discovered the child was quite dead.

—On Sunday evening last Mr. Patrick James O'Connell, one of the most popular and successful fishermen on the Scougog, while harnessing a favorite horse was kicked on the back of the head by the animal, and knocked down. One of the corners of the shoe penetrated the flesh and severed an artery. Mr. O'Connell was carried into the house and every means taken to stop the flow of precious blood, but to no avail. A messenger was despatched with all speed to Lindsay for medical aid, and on the arrival of Dr. White the unfortunate man was very low—in fact the only evidence of life was that his tongue was still wagging. When the flow of blood was finally stanchd a change for the better set in, and his recovery is confidently looked for by his numerous friends. Much sympathy is expressed for Mr. O'Connell, as he will be unable to work for some time, and as this is a very busy season the loss of his valuable assistance will be much felt by the farmers of the section.

Teachers' Institute at St. Joseph's Convent.

A very successful institute was held at St. Joseph's Convent, Lindsay, on Tuesday, Wednesday and Thursday, August 1st, 2nd & 3rd. About 25 Sisters who are engaged in Separate School work in various convents were in attendance and papers on educational subjects were read by Mr. W. Elliott, formerly headmaster of the Hamilton Model school, and lately appointed vice-principal of the Toronto Normal school; Mr. T. Porter of the Toronto Model school; and Mr. M. O'Brien of Peterborough Collegiate Institute. Inspector Knight acted as chairman throughout. The following program was carried out:

Tuesday—Opening address, Rt. Rev. Mgr. Laurent; chairman's address, Inspector Knight; Psychology applied to method, Mr. Elliott; Self-questioning, Mr. Porter; School Government, Mr. Elliott.

Wednesday—Spelling and Composition, Mr. O'Brien; Grammar, Theory and practice, Mr. Elliott; Mathematical Geography, Mr. Porter; reading, Mr. Elliott; Fractions, Mr. Porter.

Thursday—Question drawer, answers by Mr. Porter; Incentives to Study and Work, Mr. Elliott; Question drawer, answers by Messrs. Knight, O'Brien and Elliott.

Sturgeon Point Notes

—Mr. and Mrs. Geo. Little and Mr. and Mrs. J. McAdam and family have taken up their abode at Mr. Hamilton's cottage, and will remain for a few weeks.

—Rev. Mr. MacNamara, curate of St. Paul's church, conducted service on Sunday. A very large congregation joined in the worship and listened to the preacher's thoughtful and earnest discourse.

—Complaint is made that picnickers at the Point do not show as much regard for the order and sanitation of the place as they ought. Moreover they sometimes eat their lunches in the church and leave papers and crumbs scattered about while the benches are smeared with preserves. Young men have so far forgotten themselves as to play cards in the building. These things all arise from a thoughtlessness on the part of visitors, and if they will avoid them in future it will be appreciated.

—What might have been a serious up-set occurred about 10.30 on Sunday. A nice wind was blowing and Dr. Allen accompanied by his two boys went out for a sail. While one of the lads was holding the sheet a sudden gust capsized the boat and all hands went into the water. It was about mid-way between the Eva wharf and Willocks' bay and there was danger enough. The doctor, however, is a strong swimmer and kept the boys afloat till rescue parties consisting of Messrs. Lin. Flood, R. Walters, G. H. and R. Hopkins and F. K. Begbie reached them.
