**MILCH COWS FOR SALE.**—The undersigned has two milch cows for sale. No. 1 is an exceptionally good Durham milch cow, nice color and very breedy in appearance. No. 2 is an extra well-bred two-year-old heifer from a good milking family, red in color. Both are high-class animals, quiet and docile, and suitable for town or city. Apply to THOS. DEYELL, Mount Horeb.—31-3.

**VALUABLE FARM FOR SALE.**—The west half of lot No. 8, concession 14, Mariposa, containing 125 acres of which about 115 are cleared. A good frame barn, 46x56, with stone stables beneath. Comfortable frame dwelling. The farm is situated within two miles of the village of Woodville and five miles from Cannington. The soil is clay loam of the very best quality. Terms easy. For further particulars apply to the undersigned. JOHN D. SMITH, Lindsay P.O., or to D. R. ANDERSON, Barrister-at-law, Lindsay.—31-3.

**TO RENT.**—Lot 20, Con. A. Mariposa, 1/2 mile from Valenta, 100 acres, about 65 cleared; 14 acres in seeds; 1 acre orchard. On the premises are a good brick dwelling house and frame kitchen with woodshed attached; hard and soft water. Barn 36x50, with stone foundation, sheep pen, pig and poultry houses, two implement buildings. The farm is situated near Methodist church, school, store, telephone and post office, blacksmith shop, Orange lodge. Plow leave after harvest, possession on or before March 15th, 1902. ALSO FOR SALE.—9 acres of land in Valenta. Dwelling house, log stable, good well, fruit trees, etc. For further particulars apply to Wm. HOBBS, Lindsay P.O.—30-tf.

**A LARGE AMOUNT** of private funds to loan, 4 1/2 and 5 per cent. WM. STEERS, Solicitor, Dominion Bank Building, William-st., Lindsay.—24.

### SEWERAGE SCHEMES UNDER DISCUSSION

#### MEETING OF GENERAL COMMITTEE OF COUNCIL

##### Communications and Finance Matters—A Sad Case

On Friday evening a short general committee meeting of the town council was held in the clerk's office. The members were all present with the exception of Ald. Sinclair.

**A Sad Case**  
The application of an unfortunate man named Lacombe, who is almost blind and unable to provide for himself, asking to be placed in the Home was the first business taken up. In reply to questions the unfortunate stated that he had lived in Lindsay for some time and his father piled lumber on the Scugog for many years. He had been an inmate of the institute for the blind for eight years, up to his 21st birthday. He was in his fortieth year and had also lived in Peterboro.

Ald. O'Reilly stated that he was well-known in the east ward and many of the people expressed regret for him. The poor man had been out in the rain on Sunday and some boys took him to Dovey's mill. He had no place to stop.

The council were united in the opinion that it was a sad case and they instructed the mayor to provide for him until they had time to investigate his case.

#### Communications

The following communications were read:

From W. Blackwell, Peterboro, re plans for fire hall.—Received.

From R. M. Beal acknowledging receipt of resolution passed in council, also complaining that agreement re fire protection had not been carried out and threatening action at law.—Received.

From Street Commissioner Chalmers submitting account for \$6.—Ordered to be paid.

From G. H. M. Baker, stating that Mr. J. Murdoch was an employee of the Rathbun Co. and should not be compelled to secure a carter's license.—Received.

From G. H. Hopkins giving his opinion that Mr. Murdoch should secure a license.—Received.

From Commissioner Chalmers, reporting cost etc. of sanitary sewer on Russell-st. and Simcoe-st. to river.—Report accepted.

From G. H. Hopkins, re grading street at the pump house. Mr. O'Reilly stated that he had seen Mr. Begbie, who informed him that all they wanted was to have the grader clear the gutters and throw the dirt upon the middle of the roadway when they would cover it with cinders and make a good road.—Referred to the street commissioner.

From the W.C.T.U., re spitting on sidewalks.—Received and filed. Commissioner Chalmers stated that he had engaged Mr. Mullen to inspect sewers at \$2.75 per day.—Filed.

#### Accounts

The following accounts were ordered to be paid:

A. Gillespie, M.D.	\$14.00
M. E. Sheriff	7.75
F. Fowler	10.00
Jas. Chalmers	6.00
G. J. Brumwell	1.40
Thos. Fowler	10.00
Light, Heat & Power Co.	4.40
G. W. Beall	11.35
Home for the Aged	25.00
Bell Telephone Co.	50

#### The Kent-st. Sewer

Mr. G. H. Hopkins stated that at the court of revision that morning certain matters were brought out that made it necessary to refer the report on the Kent-st. sewer back to the council. He then read the report and pointed out that the frontage of the new hospital had to be paid for and the hospital did not propose to pay for it. He also referred to the increased size of the sewer from Sussex to Cambridge-st. The persons who were to be benefited had already paid an extra sewer assessment and if the \$400 was to be levied on them they would object. It would certainly prove a hardship. His reading of the report went to show that they purposed using the \$1600 granted by the county to reduce the cost of sewer to all persons. He failed to see any reason why the property-holders should be treated different to people on other streets. He had talked the matter over with the county committee and what they favored was: 1st, the grant should be used to pay hospital frontage; 2nd, to assist in putting in larger sewer from Sussex to Cambridge-st.; 3rd, then if there was a balance, to assist the town in paying for the large frontage on Kent-st. There was the market, park and school properties to be considered. He said there was no use in these people looking to secure the grant to relieve them of their just proportion. Neither could they block it, because it could be taken up by the board of health and put through on the initiative plan.

Mr. McNeillie, county clerk explained the way in which the grant was made to the hospital committee. They did not think it wise to have any more property in the town, but wished to aid in the hospital scheme. He failed to see that property owners had any claim to share in the grant.

Ald. O'Reilly asked if county council would permit them to use a part of grant to meet this extra levy for large pipe and also pay the hospital share as well.

Mr. McNeillie suggested that they

go to the committee and lay the facts before them and ask for an explanation. This course was decided upon and they postponed further discussion.

#### Board of Works

Ald. Touchburn read the report of the board of works stating that they had considered the petition of Mons. Laurent and others for sewer on Russell and Simcoe-sts. to Huron-st. thence to the river and recommended the same to be granted.

Mayor Ingle stated that there were three names on the petition who wished to be struck off.

Ald. O'Reilly—Only one, Mr. Burk. Ald. Jackson said that all that was left for the committee to do was to adopt the report. Those opposed to the sewer could take the matter before the county judge. The report was adopted.

The following accounts were recommended to be paid: J. McDonald \$10; McLennan & Co \$9.44; James Bogue \$10; J. P. Ryley \$30; Daxall & Matthie \$2.50. The account of James Bogue for delivering earth to park for \$5.25 was filed. The account for \$2.60 from J. G. Edwards & Co. was referred back for vouchers.

#### Finance Committee

Ald. Jackson read a number of accounts which were recommended to be paid.

Mr. Hamilton's complaint that taxes had been collected twice was referred to the court of revision. The report of the arbitration re school rates for Ops pupils attending Lindsay public schools was confirmed.

Several minor matters of detail were referred to by the chairman, after which the committee adjourned.

#### Amended Spelling.

The Herald is the name of a small four-page sheet published in Toronto in the interests of "amended" spelling. The following is a sample of the system advocated. The spelling is right in line with some of the contributions furnished us at times by correspondents:

"Our continental rivals are, fortunately for themselves, less afraid of being called faddy. The German government has introduced several important improvements in spelling German, and the French government has recently folod suit by officially sanctioning simplification of some troublesome rules of French grammar. With a little good will by boards of education and newspaper editors, it o't be possible to introduce minor changes, appreciable the small, if no more than get rid of g in have, live, give, or superfluous l in full, fill, will, kill, etc. Millions of superflous letters ar ritn and printed every day, and time and ink wasted must make a large sum. We cud, if inclined to rekies revolution, get rid of a in death, head, etc., and go so far as risk a national calamity by dropping gh from plough, and ugh from though, thorough."

#### TORONTO'S FIRST CITIZEN.

The Late Senator Allan Was So Regarded in All Circles.

Senator Allan deserved to be regarded, from more than one point of view, as Toronto's first citizen. His whole life has been passed here, says The Toronto Globe, and it was, it might almost be said, coeval with the life of the community. His tastes and public duties touched those of his day and generation at a dozen different points. In his finance, education, art, philanthropy, horticulture, he had labored with zeal and distinction. Indeed, there were very few laudable lines of improvement in which he had not borne his share of work.

It is a tribute to the stability of our life that he died in the same great house in which he was born almost eighty years ago. Moss Park was the Allan family house long before Toronto attained the rank of a city, and its late master had the training and education that an English squire gives to his sons: After leaving school he made the grand tour, and doubtless returned to the little community in the York woods with enlarged ideas of the world beyond the seas, and the applicability or non-applicability of its conditions to the new world. The persons of position which were connected with the early life of Ontario in all probability dreamed of the possibility of founding families here. Sleepy Hollow, the Grange, Moss Park, and other such houses were the provisional seats, at least, of this squirearchy. The air of this continent, or perhaps its lack of laws of primogeniture and entail, makes the continuance of such families somewhat precarious. In the case of Senator Allan it can be said, however, that he had the culture, sense of public duty and honorable traditions that form a class, the best recommendation of such a class. His leisure was not spent in trivialities or idle pleasures, but in an endeavor to do whatever duties came to his hand as a member of the community. To his munificence it is largely due that Toronto possesses one of its handsomest public squares, and it is to be hoped that at some early day a memorial will be erected in the Horticultural Gardens which will remind visitors to them that the city owes them to the generosity of George William Allan.

#### Minute Caution.

"Every woman ought to know something about cooking," said the wise girl. "I don't know about that," answered Miss Cayenne. "In case of incompatibility it gives the husband a chance to blame her for his dyspepsia."—Washington Star.
