NEARLY 800 WERE PRESENT

Flavelle Milling Co. Employees' Annual Gathering at Sturgeon Point
Fully eight hundred people took in the annual outing of the Employees of the Flavelle Milling Company and Cold Storage to Sturgeon Point on Saturday last. The happy gathering was favored with "Queen's weather," and while the day was clear and bright it was not too hot for pleasure. The steamer Crandella and palace barge Lindsay left the wharf at 10 a.m., reaching the Point with its load of merry-makers just about twelve o'clock. On the barge everything went merry as a marriage bell, and while many of the young people enjoyed the pleasures of the gay and festive dance, others admired the beauties of the scenery and spent the time in social chat.
Arriving at the Point it was unnecessary to herald the fact that the hour had arrived for the moon-day meal, and the large gathering scattered by mutual consent and here and there all over the pretty grounds were to be seen little groups seated around snow-white table cloths, which were decorated with the contents of well-filled baskets and luncheon was partaken of in real picnic fashion.
After ample justice had been done the viands, the energetic committee, with Mr. J. D. Flavelle in their midst, were in readiness to commence the program by the customary distribution of toys, whistles, horns, pop-corn, nuts, candies, etc., to the army of "little tots," and it was certainly a great day for them.
Then followed the program of athletic sports. Every event being hotly contested, furnished excitement and pleasure to the spectators. Several of the events received so many entries that the races had to be run in trial heats, the winners of which were the contestants in the finals.
Following is the list of prize-winners:
Boys' race (under 15 years) — 1st, Cotey, 2nd Koyle, 3rd Lennon, 4th Murtha, 5th McDonald, 6th Clarke.
Girls' race (under 15 years) — 1st R. Fee, 2nd Kinnear, 3rd Henderson, 4th Curtin, 5th McLean, 6th Griffiths.
Married ladies' race, (open) — 1st Mrs. Massaw, 2nd Mrs. Fee, 3rd Mrs. Reeves.
Men's race, 40 years and over, (open) 1st McDonald, 2nd Maloney, 3rd Massaw, 4th Watson.
Married ladies' race, (employees) — 1st Mrs. Fee, 2nd Mrs. Massaw, 3rd Mrs. Nichols, 4th Mrs. Miller, 5th Mrs. Watson.
Men's 100-yard race, (open) — 1st G. Bell, 2nd A. Parkin, 3rd H. Hartley.
Young ladies' race, (employees' daughters) — 1st Miss Kinnear, 2nd Miss McDonald, 3rd Miss Miller.
Men's 100-yard race, (employees) — 1st H. Hartley, 2nd R. Powles, 3rd A. Parkin, 4th M. McDonald, 5th J. Kinnear.
Running hop step and jump, (open) 1st H. Hartley, 35 feet, 8 1/2 inches; 2nd N. Jackson, 35 feet; 3rd Conklin, 34 feet, 10 inches; 4th J. O'Leary, 33 feet, 9 inches.
Tossing Caber, (open) — 1st M. Lucas, 19 feet, 5 inches; 2nd Peter Massaw, 18 feet, 2 inches; 3rd F. Hutton, 17 feet, 4 inches; 4th W. J. Fee, 17 feet, 3 inches.
Committee and judges three-legged race — 1st Fee and O'Neill, 2nd Watson and McDonald, 3rd Miller and Hart, 4th Flavelle and Lytle.
Married men's race (open) — 1st Geo. Bell, 2nd M. McDonald, 3rd L. Maloney, 4th N. Zealand.
The committee of management then awarded the prizes to the victors in the various events.
Then came a noisy and highly entertaining game of baseball between teams representing the mill and egg house respectively. The cold storage team had it all their own way, and concluded the fifth innings with a score of 17 to 7 in their favor. Mr. Frank Dennison officiated as umpire, and his decisions were so just that he had no occasion to inflict penalties on either players or on-lookers. This concluded the days events, after which most of the merry-makers were fortunate enough to have anything left in their baskets sought pleasant spots and proceeded to investigate the same. Shortly after six o'clock the "last whistle" was sounded and all took passage for the home trip, voting the day the pleasantest of the season.

LOCATING THE STREET LIGHTS

Mr. Burgess Meets the Committee and Arranges Matters
The council were called together again on Tuesday for general committee work. The first business was locating the street lights for the Lindsay Gas Company and the police and lighting committee took the matter in hand. Mr. Burgess of the company was present and submitted a blue print of the town map for the committee to decide upon the position of the street lights. The area enumerated includes nearly all street corners from St. David-st to the east to the hospital at Angelina-st in the west, and from Elgin-st in the north to Mary-st in the south, together with a number of lights placed midway on long blocks, between cross streets and at important points where an extra light is considered necessary. These lamps are all of 150 candle power. There will be in use in the new system six 1500 candle power lamps which are to be located as follows: — One at Lindsay-st bridge, one at the corner of Durham and Lindsay-sts., one at the corner of Wellington and William-sts., one at the corner of Elgin-st. and Victoria-ave., one at the corner of Kent-st and Victoria-ave., one at the corner of Durham-st and Victoria-ave.
An account to the Light, Heat and Power Co was recommended to be paid.
Town Property
The committee on town property then took up their work and recommended the payment of accounts as follows — Boxall and Matthee, \$12.19; C. H. Jones, \$1.50. Ontario Rubber account referred to water-works commissioners.
Commissioner Chalmers reported that the clerk's office and vaults could be fitted up for \$150.— Laid on Table.
Board of Works
Chairman Touchburn then called his committee together. The accounts of R. Bryans & Co. \$53; Rathbun Co. \$112.72; J. McCrea, \$35.75; Albert Duck, \$2.85; were ordered to be paid. John Carew's and J. G. Edwards & Co's accounts were referred back to be certified.
The complaint of Mr. Tucker re stagnant water was considered and the commissioner instructed to attend to same.
Mr. O. Biglow's request for sewer connection was referred to the solicitor.
The complaint of Mr. Stephenson was considered and it was agreed to have the matter attended to at once.
Finance Report
Ald. Jackson took the chair and called his committee to order. On motion all accounts recommended by other committees were ordered to be paid.
The request of the Home for the Aged for the removal of Wm. Reynolds an inmate was left with the Mayor with power to act.
The clerk was instructed to have debentures printed at once.
The communication of W. G. Romage was referred to the Board of Trade.
Mayor Morris' communication and that of the Municipal Association were laid on the table.
The clerk was instructed to acknowledge the receipt of letter from Ames and Co. re debentures.
Mr. Sootheran's communication was referred to the town solicitor.
A number of unsettled accounts for river stone were referred to the solicitor for collection.
The account of the Home for the

AGED FOR \$27.90 AND CHARITY ORDERS

amounting to \$2.75 were ordered to be paid.
The complaint of John and Julia Burke re an error in their assessment was referred to the Court of Revision.
The chairman of town property was on motion requested to get an estimate on cost of matting for hall and isles for new council chamber.
This concluded the business for Tuesday.
Court of Revision
On Tuesday morning a Court of Revision was held when the appeals against the frontage assessment for the Colborne-st sewer were heard and amicably arranged. On motion the assessment was then confirmed and court adjourned.
Another Special Session
The council then met for the transaction of public business. Mayor Ingle explained that the special session was called to deal with the Colborne and Russell-sts sewers.
Solicitor Hopkins took up the latter and explained how the petition came before the council and after being reported on was adopted. Now two parties asked to have their names removed, this could have been done by council if they had applied before council had adopted report. Now they would have to go before the judge.
Mr. McSweyn was present for the persons on the cross-petition and while he agreed with Mr. Hopkins' reading of the bylaw he did not think the matter should unduly hurry the matter before they had a chance to appeal to the judge.
Mr. Jackson pointed out that the council had no power to grant one petition and decline another. All they could do was to comply with the requests of all petitioners.
Moved by Ald. Jackson, seconded by Ald. Touchburn, that the question of the sewers be left over for one week in order that those opposed may have ample time to appeal to the judge.—Carried.
The chairman of town property was instructed to secure the necessary matting for the council chamber.
Council then adjourned.

Stories of the West
Country boys would be amazed at some of the strange mistakes made by city boys. On Saturday afternoon a youngster saw a couple of haystacks up at Exhibition Park and called to his father: "Papa, see the big bee hives." He had never seen a haystack before.
At the Exhibition last year a youngster came upon a large island, about fifty feet square, surrounded by water. He was looking at it when he saw a man standing abruptly out of the water. The youngster asked: "Father, what about what Britain was doing when it first rose out of the water?"
