

**Better Spices**

For your "meat and pickling" recipes you need the kind of spices you get here. Spices are drugs and you buy them as carefully as you do any other item of drugs. We buy our spices on the basis of quality. Our first effort is to get the very best, our next to get them cheaply as possible. You will find that these good spices go so much farther and give so much better results as to be far more economical than the grade that is cheap in price only.

**MARIPOSA FALL FAIR.**  
The diamond jubilee of the Marioposa fall fair will be held at Oakwood this year on September 28 and 29. It is the 60th annual fair and this time every effort is being made to make it worthy of the occasion.

**HORRIFYING RUMORS.**  
Rumors horrifying to the soul float in through trade channels that next winter's hat is to be far larger and to contain a far greater amount of trimming than the "Merry Widow" ever was or did.

**GOES TO COBBOURG.**  
None are so healthy, so buoyant, and full of life as those who regulate with Dr. Hamilton's Pills. Even in one night they work wonders. Fur and coating they relegate to the tongue, headaches they relegate to the past, biliousness and stomach disorders they prevent and absolutely cure.

**LEGAL ACTION.**  
The village of Millbrook has taken legal action to recover from Police Magistrate Holland of Port Hope and License Inspector Kennedy of Pontypool, the sum of \$75, being the amount of a penalty imposed by the said magistrate upon one Sothorn for violation of the local option by-law in that village.

**ENTERTAINED FRIENDS.**  
Miss Jennie Moohan entertained a number of her friends Friday at her home on Lindsay-st. The evening passed pleasantly, dancing and progressive euchre being indulged in. Miss Mary Curtis and Mr. Stanley McLean were the winners, and Miss Meta Powers carried off the "booby prize." Refreshments were served during the evening.

**IMPORTED FOR FAIR.**  
Several of the most prominent breeders and shippers in Canada have made special importations for the Canadian National Exhibition, Toronto. The Graham Bros., of Claremont, are particularly prominent in this respect, and have brought over a number of winners from the recent Royal Agricultural Show at Newcastle-on-Tyne.

**A CORRECTION.**  
Principal Jardine, of the Omemee High School, writes to inform us that out of the sixteen pupils who wrote on the entrance to the Normal School exams at Omemee, 8 passed, while 8 failed. Last week The Watchman stated that 7 passed and 9 failed. This would make the percentage 50 instead of 48.

**ARRESTED AT TORONTO.**  
Harry O'Neill, the man accused of decamping suddenly from the gypsies camp and taking with him a good horse and buggy, and for whom a Chief of Police issued cards descriptive of man and outfit, has been arrested in Toronto, with the entire outfit intact. He will be brought to Lindsay, where he will be tried.

**NEW LOCOMOTIVE.**  
The first of the twenty locomotives being built at Toronto for the Grand Trunk Pacific has been turned out. Already there are employed west of Winnipeg along the line 67 locomotives. As the company expect to assist in the movement of the present crop which promises to be a record breaker, there will in all probability be at least 100 locomotives working on the prairie section by the end of this autumn.

**A NEW COACH FOR C.P.R.**  
The C.P.R. had the newest kind of a coach made on it this morning. It is a fine heavy coach and fitted out in a rich manner. The seats are of the latest make, which means that you would scarcely know you were riding on a train. The coach is also so much heavier and stronger than the older ones. It is not known whether it will be left on this line or not.

**GREATER THAN ALL.**  
While the celebrated hippodromes of New York and London make boast of their vastness and therefore of their ability to produce spectacles of a huge scale, it is a matter of fact that the spectacle at the Canadian National Exhibition, Toronto, this year, will occupy more space than has ever been devoted to any two hippodromes put together. The stage at Toronto is 750 feet wide, and 300 feet deep, while no other stage, outdoor or indoor, can boast of similar capacity.

**HALIFAX TO WINNIPEG.**  
Mr. D. C. Ross, directors of bands and music at the Canadian National Exhibition, Toronto, states emphatically that the music will be of a higher class and stronger in force than has been known in any previous year. Especially will this be true so far as Canadian bands are concerned, engagements having been made as far asunder as Winnipeg, Man., and Halifax, N.S.

**TORONTO MUSICAL FESTIVAL.**  
One of the prime features of the Canadian National Exhibition, Toronto, Aug. 31st to Sept. 14th, will be a truly national musical festival, bands having been engaged from various cities extending from Halifax in the east to Winnipeg in the west. Eight or ten bands will take part every night in the proposed international festival, in which there will be no fewer than 300 musicians. Internationalism will be represented by bands from New York State and Illinois.

**A TRAMP SCORE.**  
There is a tramp scare in Ontario, and the Ontario Government has been asked to send detectives to various centres to round up vagrants, but there are only four Provincial inspectors and they're busy. Generally these requests for Government aid in chasing hobos close with these words "the high constable has taken no action."  
The Government's attitude seems to be that the counties should be able to handle tramps, many of whom are not all violent, merely lazy. An expert detective is not needed in guarding or arresting tramps. Ordinary men with some strength and courage are good enough.—Toronto Star.

The scenery will occupy a stage 750 feet wide, and 700 feet in length, much of it, of course, dove-tailing, and at its highest point is 65 feet high. **FUN AT TORONTO.**

The avenue of amusement, or midway at the Canadian National Exhibition, Toronto, has received special attention with a view to bringing it up to the highest standard yet reached. While there will be a variety of objectionable, that will amuse and delight old and young alike. Trained animal shows are always wonderful, and there will be one seen here that has been the centre of attraction on its own account, for several years in the past.

A vaudeville will be another centre of attraction, and so will be Frank Fraunfeiler's animal curios, a special feature that is entirely new.

A pony and monkey circus will be another crowning feature in the amusement avenue, and so will the Seven-English Roses, a bunch of exceedingly pretty girls, who give a bright pantomimic entertainment. Some seals and sea lions lend themselves for admiration by their intelligent acts. "The Lilliputian Village," Tom Thumb as the bright particular with the widow of the late General star, will delight the youngsters and astonish the older people. Besides these, there will be many old favorites, including The Little World, The Temple of Illusions, glass blowing, and other things which contribute to the making of an entertaining and amusing whole. One of the latter will be a fat woman, supposed to be the fattest woman in the whole world, weighing nearly forty-two stone, or nearly five hundred and eighty pounds.

**FOR WEATHER AILMENTS**

A medicine that will keep children well is a great boon to every mother. This is just what Baby's Own Tablets do. An occasional dose keeps the stomach and bowels right, and prevents sickness. During the hot weather months stomach troubles speedily turn to fatal diarrhoea or cholera infantum and if a medicine like Baby's Own Tablets is taken, the child may die in a few hours. The wise mother will always keep a box of Tablets in the house and give them to her children occasionally to clear out the stomach and bowels and keep them well. Don't wait until the child is sick—the delay may cost a precious little life. Get Tablets now and you mother who uses these Tablets praises them and that is the best evidence that there is no other medicine for children so good. And the mother has the guarantee that the Tablets contain no opium or harmful drug. Dealers sell the Tablets at 25 cents a box or you can get them by mail from The Dr. Williams' Medicine Co., Brockville, Ont.
