

Manilla Nine Won Baseball Tournament Yesterday

The annual baseball tournament under the auspices of the Manilla ball team was held in that village Tuesday afternoon in the presence of five hundred people, many of them being ladies.

Four ball teams were present, viz., Woodville, Valentia, Little Britain and Manilla, and at the conclusion of the games the Manilla sluggers once more demonstrated that they are the classiest ball players in the county.

In the first round the Manilla team and Little Britain faced each other in a five-inning contest, the Manilla boys winning by the score of 7-4. Up till the fifth innings the Britain boys failed to score, but in the last of the fifth they had a batting bee and slammed in four runs on as many hits and it looked as if they might win, but "Kid" Keslick tightened up and fanned the last two batters.

TEN RUNS.

In the second round Woodville and Valentia played a most sensational game, Valentia winning by a single run after being ten runs to the good and one inning to play. For the first four innings Victor Suggitt had the Woodville batters at his mercy and not a resemblance of a hit was made off his delivery until the fifth innings, when Suggitt made an aeroplane ascension and was forced to retire. With only one man out the Woodville boys secured seven runs and a dozen safe hits. With three men on bases and three runs required to tie the score Cain of Lindsay, relieved Suggitt and the first ball he threw the batter slammed out a two-bagger, scoring two runs. The next batter also singled and the score was a tie and only one out. Cain then got down to business and the next two were easy outs, Valentia's first sacker making a sensational catch and saving the game. In the last of the fifth Woodville's star kid pitcher,

Heppenstall, walked the first two batters and the next man up singled and scored the winning run. It was a most sensational finish and kept the big crowd on their toes. Scoring ten runs in one inning is going some, and a record for the county.

FINAL GAME.

The final game between Manilla and Valentia was a walkover for the Manilla boys, which was due to the excellent pitching of "Kid" Keslick who had the sluggers at his mercy, only one man reaching third base. Joe Cain of Lindsay was on the mound for Valentia and Joseph was treated to a right royal trimming, being hammered to all corners of the lot, and treated to a coat of whitewash, Manilla winning by 7-0.

At the conclusion of the games a dainty supper was served by the young ladies that was a credit to them, and appreciated by the visitors. In the evening a grand concert was held. The proceeds amounted to considerable and will be used in securing new suits for the ball team.

HALIBURTON.

Haliburton, Aug. 22.—This little burg is booming this summer. The great number of buildings in course of construction is a strong proof of the above assertion. A great number of tourists are here for the first time and all seem to agree on one point, viz., "Haliburton is an ideal summer resort."

Mr. F. P. Austin is preparing his commodious buildings and beautiful lawns for the accommodation of tourists and hope to be able next summer to accommodate all who may apply. Fred intends to have his connection by tram-road with his romantic lodge on "Big Redstone," where the noted trout fields are situated, and where even now may be found beautiful gasoline launches.

The schools have re-opened with a fair attendance after the short holiday.

LIFFORD.

Lifford, Aug. 22.—Harvesting in this part is well under way. Cutting is practically all finished and provided the weather would keep fine, almost all the drawing in would be finished. Indeed some have already finished and the hum of the threshing machine is heard all around. The yield is average.

The intrepid aviators whose stunts in your valuable paper some time ago, have once more given us another exhibition of their skill and daring. This time the attempt was made as the great full moon was silently and slowly enriching the eastern hills with his splendors on the most beautiful Sunday evening we have seen for some time, namely that of Aug. 21. This time the exponents of the great art of aeroplaning left their quadraplane La Rayborne behind and instead each used a monoplane and it seems fully intended carrying passengers. However, their repeated attempts to get away right were all in vain and finally ended in discouraging retirement to the hearty applause (?) of the spectators who were not a few. Then when all was over they proceeded homeward on foot, their "auto" having preceded them some time in its start. So let our heroic aviators fade into oblivion, although 'twas thought by more than one that they were the polar star and rising sun of all that pertains to aviation.

The Misses Ruby Sisson and Edith Mulligan visited their friend, Miss Oia McMullen, Brunswick, over Sunday.

Miss Madeline Campbell after a very enjoyable visit among Lifford friends, returned to her home in Toronto on Saturday.

KINMOUNT.

Kinmount, Aug. 22.—Mr. A. Clarke and family, of Lindsay, passed through here last Tuesday bound for Miner's Bay, where he intends to spend some time. No better place could be chosen for a few week's outing.

Kinmount fair, the fair of the north, will be held on Monday and Tuesday, Sept. 19 and 20. All who read this come along and have a good time.

Quite a number of our villagers went to the picnic at Miner's Bay last Wednesday. Program was furnished by campers who are out there and was first-class.

Asking Father's Forgiveness Girl Tries to End Her Life

My Dear Father.—As I have taken poison, and when you discover this on me, when I am dead, I hope you will forgive your daughter for what she has done. Am feeling sick now. If I live till morning, take me back to Kingston, but lay me beside mother.

Peterboro, Aug. 24.—Leaving the above note addressed to her father, fourteen-year-old Mary Cowan, who lives with her brother and father at 108 Aylmer-st., attempted to end her life this afternoon by taking a quantity of chloride of mercury. She had been ill for some time and in a despondent condition. The fortunate arrival on the scene of Rev. W. E. Riddiford, pastor of the Park-st. Baptist church, however, averted a tragedy and through prompt action on his part the girl was soon out of danger.

There was a panic in the house when the girl's condition was discovered and no one seemed to know what to do to relieve her. Rev. Mr. Riddiford was passing the house when the alarm was given and was called upon for assistance. He advised administering an emetic of sweet milk and grease, and this was done with most satisfactory results. Dr. Marshall was called and the little girl was soon out of danger.

She came here from Kingston some time ago and had been boarding with her father and brother. It is supposed that she became despondent on account of illness.

On the other side of the note paper, upon which she wrote the note to her father, was the following letter, which she apparently abandoned for the other:

Peterboro, Aug. 1910.

My Dear Friend.—As I am not well I think I will go home, for I am boarding at a place where the Mrs. nearly sets me crazy. I will tell you all when I come home. There is no place —

Pickering, are the guests of Mr. and Mrs. H. Gibson.

Rev. Mr. and Mrs. Umphrey and children, of Shonburg, spent Wednesday last under the parental home Misses St. John, of Toronto, are the guests of their cousin, Jennie Glendonning.

Mr. and Mrs. Fred Savage, and son, of Toronto, are spending a pleasant vacation with Mr. and Mrs. Isaac Whitesmith, previous to taking their departure for the U. S., where Mr. Savage intends to conduct a jewellery business. We wish him every success.

Miss Jennie Coburn, who has been spending a lengthy visit with relatives in Manilla, has returned to her home in Bay City, Mich., accompanied by her brother Robert.

Mrs. Charley McInnes, of Cobalt arrived in town on Saturday evening to visit with friends for a time.

Hamilton, Aug. 23.—Developments of a surprising nature involving members of the staff of a London institution may crop out during the investigation to be conducted by Deputy Provincial Secretary Armstrong on the escape of Moir and Taggart.

Superintendent English thinks Trappnell was arrested too hastily, as he would be more use in the investigation if free. He was not suspected till implicated by his comrade, McCullough.

After this, according to Dr. English, Moir will be treated the same as the criminal insane in Matthewan asylum, New York, where Harry Thaw is. He will be virtually a prisoner in one room. He is now in a cell with his hands handcuffed in front of him, the only furniture being the mattress on which he lies when tired of standing. It is said he has evinced no signs of the insanity attributed to him by experts two years ago. He will have an excellent opportunity to become insane now as the terrible restraint he is under will break ever the best men.

WEEDS NOT SO BAD
YACHT OWNERS SHOULD KEEP IN CHANNEL.

There are a large number of yacht owners in Lindsay who do not go up the river very far because they claim that the weeds are very bad. In conversation with Capt. R. W. Carson, of the Government steamer Naiad, which returned from a trip to Port Perry yesterday, this is not the case. At least he states that any person who knows the channel need not be afraid of the weeds.

CHILD WAS KILLED
FELL FROM A WINDOW AND STRUCK ON HEAD.

Kingston, Aug. 23.—George, the two-year-old son of Harry Beardsall, 45 Clarence-st., fell from the third storey window of his home this afternoon and died at 6 o'clock. The child landed on its head on the granolithic walk. During its descent it struck some electric wires, which partly broke the force of the fall. The window through which the unfortunate child fell was wired, but in some unexplained manner the wire became loosened.

POOR HARVEST WEATHER
Ald. M. J. Lewis had occasion to visit in that part of the country lying to the south of the town yesterday, and he reports that the weather is annoying the farmers to no little degree. The wet weather is wetting the grain in the fields, and as there is very little wind the grain does not dry fast enough to load up and harvest the grain in the barns.

Peniel, Aug. 22.—Misses Hazel and Core Groves, of Toronto, are visiting their friend Miss Maggie McLean.

Miss Jean D. Bullock, of Toronto, has returned home after a month's holidays spent with friends here.

Miss Dora Skinner, of Tyrone, is the guest of her cousins, Misses Alice and Mabel Osborne.

Mrs. Douglas Dossie and children, who have been visiting her mother, Mrs. Wm. Lillio, returned to their home in Peterboro on Saturday.

Mr. Ernest Wright and sister Miss Lena spent Sunday at Mr. J. W. Hancock's, Linden Valley.

We learn from good authority that Mr. Albert Arksey, of Lindsay, has purchased a farm in our vicinity. We welcome Mr. and Mrs. Arksey to our midst.

Mr. Charlie McKague and friend Miss Minnie McKague, of Bexley, were the guests of Mr. John McKague over the week end.

Mr. Thos. Love and children, of Cannington, spent Sunday at Mr. G. Bagshaw's.

We are sorry to chronicle the illness of Master Harold McKague, son of Mr. and Mrs. George McKague, it being an attack of appendicitis. Dr. Spiers, of Toronto, operates to-day, Aug. 22nd, and we hope for a speedy recovery.

Mr. John Hardy left to-day for Eldon Station, where he will have charge of the school there for the coming term.

Miss Bertha Short had the misfortune last evening of having her right arm broken while milking. She has the sympathy of her many friends.

The service at Peniel will be conducted next Sunday by Rev. Roach of Valentyne. Our pastor, Rev. Duprau conducts anniversary services at Valentyne.

Mrs. T. Grimstone, of Lindsay, and Mrs. Dyer, of New York, spent Friday at Mrs. Thos. Squire's.

SONYA.
Sonya, Aug. 22.—We have been having such fine weather here lately that nearly all the farmers have completed their harvest work. Threshing is the order of the day.

We noticed the smiling faces of our young people on Sunday last. I wonder what was the reason? Oh, I guess it was because they are going to have a lawn social on Mr. E. L. Williamson's lawn on Tuesday evening next, Aug. 30th. Tea and concert. Don't forget the date. Be sure to come.

We are pleased to see among the strangers in our church Sunday night Mr. McKee and family of Port Perry. They were visiting with Mr. and Mrs. John McTaggart.

We are glad to see Misses Meta and Lillian Williamson home again. Don't forget the meeting of the Women's Institute to be held at Mr. D. McKinnon's on Wednesday, Sept. 7. There will be an interesting meeting as Misses Jessie and Minnie Ferguson will give a demonstration on nursing.

Miss Connie McDougall, of Oshawa, is visiting her cousin Miss Jennie McDougall.

A number of our young people spent a very enjoyable evening at Mr. Willie McMillan's on Friday last. A few boys took in the ice cream social at Salem on Friday night. I think they must have had a good time as they were ready for more cake after coming home.

The new teacher at the Union school is being very much appreciated by the scholars. They all have something nice to say about Miss Douglas.

Manilla, Aug. 22.—Judge D. De Lury and wife, of Walker, Minn., Mr. Ralph De Lury, B.A., and wife of Ottawa, are spending a most enjoyable vacation at the parental home.

Mrs. Berkley and the Misses Berkley, of Hamilton, are enjoying a holiday visit with relatives here prior to moving to their future home in the States. They will be accompanied by Miss Della Pearce who intends to remain with them for sometime.

Work To be Completed in Lindsay

The Examiner learns that the Canadian Machine Telephone Company intends to place the Peterboro system on a paying basis in a short time.

Ever since the installation of the "operatorless" system here there has been no charge for the 'phones. Peterboro has been used as a demonstration point in order that the efficiency and advantages of the Lorimer system could be effectively shown.

Now, however, that the system has passed beyond the experimental stage, the company will place new and improved 'phones in operation here and will commence to charge for the service. It is understood that some fifteen hundred new 'phones have been arranged for, for Peterboro, and will be installed shortly.

In Brantford, the company has some 800 'phones in operation, with an additional seven hundred rural 'phones, and the service is said to be most satisfactory. Work is to be proceeded with on the Lindsay lines. The central office is being completed and the work of installing 'phones will be hurried through. — Peterboro Examiner.

Gold Cuff Links For G. A. Cornish

Peterboro Examiner: The Young Men's Bible class of St. Andrew's church, made a presentation of a pair of gold cuff links and a suitable address to Mr. G. A. Cornish, B.A., last evening, on the occasion of his leaving the city for Toronto. Mr. Cornish has been teacher of the class for some time and the members have thoroughly appreciated and enjoyed his being at the head of their organization. Last evening they took advantage of his being entertained at the residence of Mr. McFarlane, 529 Homewood-ave., to send a deputation to make the presentation. Messrs. Elston Wegg, Gordon and Chas. Lewis represented the class, Mr. Lewis reading the address.

Mr. G. A. Cornish formerly lived in Lindsay, having been for some time a member of the staff of the Lindsay Collegiate Institute. He left Lindsay to accept the position of Science Master at the Peterboro Normal school.
