OBITUARY.

LATE JOHN SUTHERLAND.
 Lorneville, Aug. 6.—We regret to report the death of Mr. John Sutherland at Argyle on Tuesday evening. Mr. Sutherland had been in poor health for some weeks, but death was not looked for and came as a shock to his many friends. A large number of friends followed the remains to its last resting place at Stone church cemetery, Beaverton.

Don't You Need a Tonic?

Good health is an impossibility if the blood is not in a pure, healthy condition as it reaches and nourishes every part of the system. For a time you may not be aware that your blood is becoming vitiated and carrying poisons to all parts of your system, but soon some important organ will refuse to perform its proper function and a serious illness is the result. It is advisable to take an occasional dose of Henderson's Herb Tablets to keep the blood in a healthy condition, even though at the time you may not feel the necessity. Provided you have no serious symptoms, one or two Tablets taken two or three times a week will be found sufficient to preserve the equilibrium.

OBITUARY.

MRS. EDGAR.
 The passing of Mrs. Edgar, of Bobcaygeon, on Monday removes one of the few remaining links with the early days of Bobcaygeon. Mrs. Edgar was a sister of Mrs. Crabtree, and came from Lancashire, England. She was a resident of Bobcaygeon for the last forty-five years, and is survived by her two sons, Charles and Thomas. The illness was a short one, and the funeral took place Tuesday.

MRS. MARY THOMAS.
 A rather unexpected death was that of Mrs. Mary Thomas, which took place at her son-in-law, Wm. R. Kelly, of Verulam on Monday. Mrs. Thomas held the position of Postmistress of Red Rock for several years and was respected by all who knew her. She was a kind mother and a good neighbor. She leaves one son, and two daughters, besides a sister, Mrs. Jas. Lewis, of Bobcaygeon. The funeral was very largely attended and conducted by Rev. Mr. Honey.

The coal consumed by the ocean-going steamers of the world is estimated at 75,000,000 tons, valued at \$250,000,000. All able-bodied citizens of Canada are liable for militia duty until the age of 60.

Lindsay Students Pass Their Matric.

The results of the examination for honor junior matriculation are given below. The standing obtained in each subject is indicated after a candidate's name—I, indicating first-class honors, II, second-class honors, and III, third-class honors, respectively.

The statements of standing of all candidates will be mailed in the course of a few days to the Principals or Inspectors. Candidates should apply to these parties and not to the Department of Education, for further information. The marks obtained by scholarship candidates have been reported direct to the universities concerned.

Results for Victoria—S. A. Flavalle, math. III.; chem. III.; W. G. Hardy, Fr. II.; W. Hopkins, math. III.; R. E. Moore, Eng. III.; hist. II.; C. D. Spence, Eng. III.; H. J. Venis, Eng. II.; math. I, hist. I, Lat. III.; chem. III.; Allen Hughes, Eng. III.; French III.; German III.; D. M. Low, Eng. II.; math. II.; chem. III.

The above comprise the honor list. Further results of the matriculation exams. will likely appear to-morrow.

Road-Building in Mariposa and Ops Tps.

For a real up-to-date piece of country road making, it is worth the time spent to take a trip on the 4th quarter line in Ops., which is a continuation of Kent-st. West, and note the work done by that portion of the line, between Mariposa and concession one in Ops. township. This portion of the quarter line has been neglected to a certain extent, so through a contribution from Mariposa farmers and others they assisted in raising a sufficient sum to have the work done.

Messrs. Joe Shea, H. H. Copeland, John Gumm and Patrick Laddy were the contractors and performed the work done.

The grading which is most perfect, forming a good fall for the water from peak of road to ditches, was executed by Mr. John B. Copeland, who handled the grader with much accuracy.

This road can be used by auto parties going to Oakwood and the west as far as the boundary. The latter road is in a good state of repair, and many rough stretches of highway will be avoided by following this course.

Big Ranch in Victoria County

Toronto Globe: Those counties that constitute the northern sections of older Ontario, which have gone pretty much to waste of late years, since the timber industry died away, are being utilized for another purpose. At least a beginning has been made to utilize the somewhat rough and hilly land up there for the raising of live stock.

Mr. John Sheridan, who already owns about 5,000 acres of ranching land in the vicinity of Kirkfield and Cobocook, has added another two thousand three hundred acres to it, which he purchased from Mr. Hugh Cameron, a ranch owner of that district.

While that country is practically useless for any other purpose at present, it is well adapted for live stock raising. This will no doubt be a good thing for that country. In recent years the towns that sprang up there because of the lumber industry have been at a stand-still or losing ground. An expansion of the new industry would be of considerable benefit to them.

It has been computed that for every 10 messages sent by first-class mail 15 go by telephone.

16-Year-Old Son of Mr. Robt. Graham Met With Very Painful Accident

Mr. Fred Graham, the 16-year-old son of Mr. Robt. Graham, of Naylor's Corners, Mariposa, was the victim of a very painful accident yesterday afternoon, while he was visiting his uncle, Mr. Fred Graham, of Pleasant Point.

Very few particulars are to hand, but it appears that the young man was driving a team of horses in the field, when they became frightened and ran away. They became unmanageable and young Graham was hurled several feet off the wagon to the ground. He alighted in such a manner as to break his ankle bones of both legs. They were broken identically in the same place and the bones protruded through the skin about three inches.

Dr. White, of Lindsay, was called up on the phone and made acquaintance with the seriousness of the accident, and he immediately started out for Pleasant Point in his automobile, covering the entire distance in 25 minutes. The fractures were reduced, and the young man, who suffered intense pain, was removed to the Ross Memorial Hospital.

CONSUMPTION

Means—wasting away; consumption of vitality. It may be the lungs, the bones or the body in general slow or rapidly decaying. Whichever it is you need to build up the system faster than the disease runs it down. Oppose motion to motion in greater degree to the ravages of the destructive forces.

Copeland's Cure For Consumption gives a fighting strength as nothing else will. It is establishing a remarkable record as a life-saver.

Read the following testimonials:
 Mr. William R. Copeland:
 Dear Sir,—For the benefit of other sufferers I would like to state that for fifteen years I have been affected with a severe cough and bronchitis. The last five years I have been getting worse, the doctors telling me my lungs were badly affected. They were all kinds of different medicine, which never proved of any great benefit. I heard of your Consumption Cure and decided to give it a trial. I found myself greatly improved after the second bottle and continued its use. I have now taken twelve bottles in all and am most happy to say that I am entirely free from my cough and in good health. It will be a pleasure to recommend your excellent medicine to others and to tell them that the good it did me.

Wishing you the success its merits deserve. Yours gratefully,
 (Sgd.) JOHN SKELTON,
 Highland Creek, Ont.

Such is the recuperative power contained in this medicine that even the most advanced cases have been cured by its beneficial action. It can be taken by the weakest patient to whom it gives a fighting strength as nothing else will. The appetite comes back, the weakening perspiration is stopped, the lungs and respiratory organs are healed at the same time. Its efficacy to fight consumption, weak or bleeding lungs, lingering coughs and bronchitis is proven beyond doubt—not by what I state but what is stated by those who have taken it and have been cured.

Copies of testimonials will be sent on request. Price \$1 per bottle. Your druggist can supply you or you can be supplied direct, of Wm. R. Copeland, 511 Pape-ave., Toronto, Ont.
