Had To Quit Work

Diarrhœa, especially if left to run any length of time, causes great weakness, so the only thing to prevent this is to check it on its first appearance. You will find that a few doses of Dr. Fowler's Extract of Wild Strawberry will do this quickly and effectively. Mr. Jno. R. Childerhouse, Orillia, Ont., writes:-"When in Fort William, last summer, I was taken sick with diarrhoea, and became so weak and suffered such great pain, I had to quit work. Our manager advised me to try Dr. Fowler's Extract of Wild Strawberry, so on my way home I bought a bottle, and after taking four doses I was cured. We always keep a it for our children, and find it an excellent emedy for summer complaint."
