A WINDSOR LADY'S APPEAL

To All Women: I will send free, with full instructions, my home treatment which positively cures Leucorrhoea, Ulceration, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or growths, also Hot Flashes, Nervousness, Melancholy, Pains in the Head, Back, Bowels, Kidney and Bladder, troubles which caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12 cents a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. M. Summers, Box 236 Windsor, Ont.

SAD NEWS

BORCAYGEON MAN RECEIVES SAD NEWS FROM WEST.

Mr. George Elder, of Bobcaygeon, received word that the son of his daughter Stella McKay was killed in an accident. Mr. and Mrs. McKay and son Hugh Elder McKay were going to Winnipeg from Sparing on an auto car, that runs by gasoline some how the car jumped the rails and were thrown into the ditch. The two-year-old boy was killed.

A few days later another telegram was received at Bobcaygeon by Mr. Elder from Winnipeg that his youngest daughter Edith, who is Mrs. Arnold Probin, was very ill and to come at once. No further particulars were given, but it is hoped that nothing serious will result.

LARGE OUTPUT OF BRICK.

Mr. C. Waagstaff, of the Lindsay Brick Works, Brickville, reports a busy season both in tile and brick manufacturing. This firm has turned out about a million already.

RUMORS ONLY.

The report that burglars were at work in town lacks confirmation, and if there has been such lawless happenings transpiring in town no notice has reached police headquarters.

ACCOMMODATION IS GOOD.

Mr. Burnett, hotel inspector, of Toronto, was in town on Wednesday and reports favorably of the accommodation furnished by our local hosteleries.

PETERBORO CHEESE

The twenty factories that were represented at the Cheese Board meeting Peterboro boarded 2,250 cheese in all.

PURCHASED VALUABLE HORSE.

Mr. George Spencely has purchased the heavy Clydesdale stallion, Oliver Prince, from Mr. Chas. Lindsay. Mr. Irwin Sanderson was the previous owner of this valuable horse.

FENIAN RAID GRANTS

Two Fenian raid veterans in this district, have received an acknowledgment of their services during the turbulent times, when the country's safety was threatened by an invasion from the raiders. The parties so recompensed are Mr. J. H. Sutherland and Mr. Robert Bell of Lindsay.

Col. Sylvester has sent in another application within the past week and although settlement with the brave boys who faced the enemy is slowly coming, they are living in hopes that a recognition of their services will be made at an early date.

COULD NOT KEEP MINISTER OUT

Welland, Ont., Aug. 21.—There is trouble in the Disciples church here over the effort made to oust Rev. Mr. Swazie, pastor for twenty years. Recently the congregation engaged Rev. Mr. Stewart, of Pembroke, N. Y., and he was to have preached on Sunday but the aged minister, who has served the church so long, reached the pulpit first in the morning and preached. It is said that in the evening the church door was barred to him, but he climbed in a rear window and again occupied the pulpit and denounced some of the congregation for their actions.

465 BRANCHES OF THE ARMY

No further word had been received at the Salvation Army headquarters this morning in addition to the brief message of General Booth's death that came last evening and a spirit of deep sorrow pervaded the whole building.

The Army was officially started in Canada in Toronto in 1882 by a party of Officers sent from New York.

A marvellous impetus was given Coombs, and later by Field Commissioner Eva Booth. In 1910 there were 465 branches in Canada, 950 bandmen; 37 social institutions; 42 day schools. In the same years 44,000 emigrants passed through their hands.

LIVELY

Two prominent machine men figured in a fierce runnaway about seven miles west of Lindsay on Wednesday afternoon. The parties in the rig were Mr. Wes. Brethour of Lindsay, and Mr. Wm. Waugh of Peterboro, who represent the McCormack Implement Company. The horse which has always been a good nerved animal became unmanageable from some unknown cause kicked over the shafts and started to run towards town. Mr. Waugh was thrown backwards out of the buggy alighting on his shoulders and head, and to-day he is suffering from a stiff neck as a result.

Mr. Brethour was around this morning apparently uninjured. The horse received a large cut in the stifle where the broken shaft penetrated the limb, and is under the care of a Veterinary.

"TEDDY" GIVES HIS ANSWER

Is Glad He's Hated by Penrose and Archbold

Oyster Bay, N.Y., Aug. 24.—Col. Roosevelt sat on the porch at Sagamore Hill yesterday for an hour and a half, and last night dictated a statement in reply to the testimony of John D. Archbold yesterday before the Senate investigating committee.

He reiterated his declaration that he knew nothing of a contribution by Mr. Archbold to the Standard Oil Co. to the Republican campaign of 1904, declared that he did not "for one moment believe Mr. Archbold's testimony is truthful," charged Mr. Archbold with a "wicked assault on a dead man," added that during many calls which Mr. Archbold made upon him while he was President, to urge him not to prosecute the Standard Oil Co., Mr. Archbold never referred to any contribution to his campaign fund, and concluded with the suggestion that the Senate committee should make both Mr. Archbold and Senator Penrose testify at once concerning their relations while Mr. Penrose was a member of the industrial committee.

In his last word, Col. Roosevelt thanked both Messrs. Archbold and Penrose for "making it clear beyond possibility of doubt, that I am the man Penroses and Archbolds of the country most dread in public life."

"This is a wicked assault on a dead man whose high standing and probity was such that no human being who was himself honest, would ever insultively vilify him."

"Moreover Mr. Archbold's perfectly clear, as published reports say, that his corporation has contributed in order to get value for its gift and that the gift was made with the expectation of receiving the improper consideration."

"I do not for one moment believe that Mr. Bliss made any such remarks to Mr. Archbold as that he and the late H. H. Rogers visited me at the White House and that he then remarked to me that there had been some criticisms about campaign contributions. This is a falsehood. Neither on that occasion nor on any other occasion was one word said either by me to Mr. Archbold or by Mr. Archbold to me about campaign contributions."

"Mr. Archbold and Mr. Rogers called on that occasion to protest against any Government action being taken against the Standard Oil Co. This was one of a number of calls which Mr. Archbold made to me to try to prevent action against the Standard Oil Co. by the bureau of corporations in the department of the interior and by the Standard Oil Co. itself."

"If Mr. Archbold had really believed that Mr. Bliss had told him that I knew of any contribution by Standard Oil or had felt that he was jeopardized by having refused to make a contribution to the Standard Oil Co. for having made one, he would certainly in one of those calls have said as much. He never broached the subject."

"He merely said over and over again, that Mr. Garfield and Mr. H. K. Smith were treating him unfairly and he denied, again and again, that the Standard Oil ever got any rebates or ever did anything that was not absolutely proper. And he would keep on saying the same thing until I would tell him that I had in my possession reports from the bureau of corporations and the secretary of the interior which conclusively showed that the Standard Oil had received rebates on the largest possible scale."

"It is believed here that Col. Roosevelt will take the stand within a few days before the Senate sub-committee investigating campaign expenditures and by the Standard Oil Co. yesterday by John D. Archbold that Mr. Roosevelt had knowledge of the use of the Standard Oil Co. in his campaign of 1904."

THE PANNIER.

The new pannier is not so pert and won't make many trips. It's nothing but the bobbie skirt with curtains on the hips.

—Cincinnati Enquirer.

But what have men to do with this. Or what have they to say? They know that their plain duty is to look the other way.

—Boston Globe.

That curtain is what makes us smile As winds give it a flutter; Reminds us how, that flapping style, A Chinese wears his shirt.

—Houston Post.

PALESTINE.

Palestine, Aug. 23.—Mr. Arthur Moncrief, Dalserov, the Messrs. Boynton, Victoria Road, Miss M. Follitt and Master Elmyr McEachern, of Toronto, the Misses Macmillan, High Holm Farm, and Mr. MacArthur, of Kenora, Sask., were the guests of Mr. W. Follitt, of Maplehurst Farm, Wednesday evening.

We regret to hear that Mr. Michael Moran has inflammatory rheumatism, and that his son Duncan is very seriously ill, up in Bounty, Sask., and hope for their speedy recovery.

Mr. S. Keoun's new barn 45 x 85, is about completed. It makes a great improvement to this vicinity. Mr. Archie Graham is contractor.

Western Crops Arousing Great Optimism

Winnipeg, Aug. 24.—With 15,000,000 bushels of last year's crop still waiting to be moved, and the largest crop on record expected this year, the railways in the west are against one of the hardest propositions which they have ever been called upon to face. The crop this year, at the very lowest estimate, will be 250,000,000 bushels and it is doubtful whether half of it can be moved before winter sets in.

One of the remarkable features of this year's crop is the fact that thousands of bushels of wheat, oats and barley will be harvested from lands which four or five years ago were known as "bad lands," and if anyone suggested at that time that crops would grow on that land, he would have been laughed at. This year, however, "dry farming" has been tried, with the result that the yield in many cases will be as high as 28 and 30 bushels of wheat and 100 bushels of oats to the acre.

Reports received here show that in the district between Maple Creek and Swift Current more than 20,000 acres are under cultivation where five years ago people were laughed at for suggesting that settlers be located there. There are being produced in this district this year as fine crops of wheat, oats, flax and barley as are to be seen in the west. In the dry belt between Maple Creek and Brooks the cultivation never was better and the crops are excellent.

One expert went from Calgary to High River by motor car and reports that he never saw better crops. His companion, who was on horseback, rode into a field of oats and the grain was higher than the horse's back. In one field of 1,500 acres, where the grain is being cut, the yield will be between 28 and 30 bushels to the acre, which is an enormous yield. In another field of 500 acres of oats the yield will be more than a hundred bushels to the acre.

From Moosejaw and Regina to Winnipeg the harvesting now is general. Passing through that district on the train, travelers can see the finest wheat to be found, and north and south of the railway tracks the crops are equally as good, if not better. Good crops are general in the whole district.

This year the west will reap the finest crop ever known, and no one can give a proper estimate of the total yield. It will exceed all of the most sanguine expectations.

The railways have a bigger contract on their hands than ever, and the crop cannot be moved by 1913 by any means. What will happen? At the present time there are 15,000,000 bushels of last year's crop on hand, and piled on top of that inside of a few weeks. Hopes are being expressed all through the west that some means will be found by which the surplus may be overcome and the crop moved by the railways.

Harvesting is being commenced earlier this year, and many of the farmers, profiting by last year's experience are shipping as quickly as possible. The railways will have their hands full from now on.

May Cause Grain Blockade.

Ottawa, Aug. 24.—If the strike of the dock laborers and freight handlers at Port Arthur and Fort William is not settled by the Government as quickly as possible, it may result in a serious grain blockade by trying to ship and consequently traffic and removal of congestion on the lakes. A member of the labor department will likely go to Port Arthur to-day to investigate the trouble.

Street Car Jumps Track.

Toronto, Aug. 24.—A Bathurst street car jumped the track at the corner of Front and John streets yesterday morning where the G. T. R. crosses the street. The car, however, did not leave the track and the car ran into the G.T.R. signal cabin. The cars going west were tied up for 30 minutes.

France Sends Troops.

Tangier, Morocco, Aug. 24.—A French army has been ordered to march to raise the siege of the headquarters of El Glawi, which is now being held by the Moors. The troops will march upon the command of Col. Mascin. It is expected that it will take four days to reach the neighborhood of Marakesh, which is now in the hands of El Hiba, who has proclaimed himself sultan.

It is feared, however, that they will have some fierce fighting on the way. Several Frenchmen are with El Glawi, who is friendly to France. These Frenchmen are Vice-Consul Jacques E. Marquet and the three French officers who were engaged in organizing the local police at Marakesh.

The four men left that city after its abandonment by the French troops and tried to make their way to the coast. It is known that they found the road infested by hostile Moors, who compelled them to return to Marakesh, which had in the meantime been occupied by El Hiba.

To Get After Boats.

Toronto, Aug. 24.—Provincial License Inspector George E. Morrison is getting after the steamboats for selling liquor in Ontario waters. He was at the Parliament Buildings yesterday and reported two convictions of captains of boats running out of Prescott. He has instructions to give similar attention to boats complained of from other Ontario points.

A petition has been presented at the Parliament Buildings for cancellation of the fine of a local preacher in a local option municipality, who was convicted for selling native port wine, containing a greater percentage of alcohol than is allowed in dry districts. It is claimed that he supposed he was handling a purely temperance beverage.

MARKET AT CANNINGTON.

A Toronto firm of produce dealers has arranged to hold a weekly market at Cannington.

Beaverton wants sidewalks, but is not willing to pay for them.

Bronx is Committed.

Detroit, Mich., Aug. 24.—Ald. Louis Bronzo of the Thirteenth Ward was yesterday afternoon bound over to stand trial in recorder's court on the charge of having accepted a bribe of \$100 in return for alleged municipal favors to be granted the Wabash Railroad. His bond was reduced from \$5,000 to \$1,000, as in the case of Ald. Glinnan, bound over on the same charge several days ago. Bronzo furnished bail.

When the case was disposed of court adjourned until Monday when it is expected the cases against Ald. Tosny, Ostrowski and Walsh will be taken up.

Detective Walter J. Brennan, who claims to have bribed Bronzo and seventeen other aldermen, was the principal witness for the prosecution again yesterday. On his cross-examination he denied that Mayor Thompson asked him to attempt to bribe any of the aldermen, but he added that the mayor did request him to test the integrity of various members of council.

To Crawl Through Pips.

Ottawa, Aug. 24.—To crawl through 1,600 feet of the narrow, dark interior of the intake pipe at the bottom of the new aqueduct will be the work which Messrs. Haycock and Stuart will undertake as soon as the aqueduct is dried out sufficiently to permit it. The interior is only three feet six inches in diameter and the task will be an exhausting one. They are acting for the city solicitor, who is conducting an investigation into the waterworks department.

They will use electric lanterns and make a thorough examination of the concrete work. Admittance to the intake will be gained through a manhole at one end, egress at the other by similar means. Once they well started on their tortoise journey, crawling on their hands and knees, there is no turning back and there is no halfway home where they can rest or get out of their cramped position.

Typhoid Epidemic Over.

Ottawa, Aug. 24.—Dr. W. T. Shirreff, medical health officer, last night issued a most reassuring message to the citizens of the capital, informing them that the typhoid epidemic had run its course and that the water supply was now fit for drinking. Bacteriological tests of the water supply for the past five weeks show conclusively that it is now free from all contamination and fit for consumption without boiling or otherwise treating it.

THE DIFFERENCE.

Ryan hath four thumbs, mine, Ne'er a one here I; Ryan fares to foreign scenes, Here at home stay I; Ryan lives where servants hurry And the walls are high; Ryan oft has cause to worry, So, alas, have I.

Twenty snits of clothes has he, Only one have I; He makes money easily, By hard working I; In his glass the old wine bubbles, Ryan likes it; dry; Ryan frequently has troubles, Ah, well, so do I.

Ryan is a millionaire, I work, wet or dry; Ryan's losing all his hair, Little hair have I; Ryan oft has indigestion, So indeed have I; What's the difference, you question? This is my reply:

Ryan's daughter has eloped, And his son flies high; Hopes that Ryan fondly hoped Have been doomed to die; Ryan sits alone at night, In his breast a sigh; My kids stay at home and fight—Six of them have I.

MARRIAGES.

FWN—DEMOE.—At the Parsonage Fenelon Falls, by Rev. J. Bedford, on Wednesday, Aug. 21st, 1912, Archie S. Ewen to Della Demoe, daughter of Ewen to Della Demoe, all of Eden township.

BIRTHS.

BESTONE.—In Minden township, on July 18, 1912, to Mr. and Mrs. Edward Elstone, a son.

OBITUARY.

WM. R. LEITH.

Death claimed a venerable and highly respected resident of Haliburton on Thursday, Aug. 22, when the late Wm. P. Leith was called away. Few men in the district bore the esteem of their friends and neighbors to a greater degree than Mr. Leith, and though of an advanced age he will be missed from the community and by the members of the church to which he belonged. He was a man of deep thought, good reasoning, and at one time a correspondent for The Watchman-Warder. His knowledge of the country and the ways of the people made his articles acceptable gifts to the newspaper readers. The deceased was in his 73rd year.

RURAL MAIL ROUTES.

The farmers of Eldon, who reside in the centre of the township, are jubilant over the thought of having a rural mail delivery granted them by the Dominion government this fall. An inspector was through the township last Friday and gave the settlers to understand that their request was a just one, and would be complied with in all probability.

Aviation Dinners.

A French contemporary thinks that aviation will play an important part in dinners such as those organized by the Ligue des Gourmets. With the help of their aeroplanes guests will taste each dish in that place where it is at its best and get finished their dinner within a reasonable time. They will fly to Marseilles for a plate of bouillabaisse and remain there for a red mullet; then to Bourg for a plump young chicken and to Toulouse for a dish of green peas; across to London for a slice of roast beef and back to Valenciennes for a salad such as can only be found in Normandy. A peach at Montreuil and a slice of Gruyere at Emmenthal will conclude a meal perfect in every direction.—London Chronicle.

The female house fly lays from 120 to 150 eggs at a time, and these mature in two weeks. Under favorable conditions the descendants of a single pair will number millions in three months. Therefore all housekeepers should commence using

WILSON'S FLY PADS

early in the season, and thus cut off a large proportion of the summer crop.

Virtues of Buttermilk

It is said that buttermilk freely taken, postpones the ravages of old age. A great many long lived people claim that they owe their good health to this simple beverage. If Ponce de Leon had known of it, he might not have made his long search for the fountain of perpetual youth.

Buttermilk stimulates the liver and prevents the putrefaction of material in the bowel. It is claimed that old age is due to the absorption of toxins or poisons from the bowel, so if these could be prevented from forming one might double his allotted time of some years and ten. At any rate, we know that buttermilk has a beneficial effect upon the digestive tract and, therefore, aids in the prevention of premature old age.

Buttermilk is an excellent food in gastritis and ulcer of the stomach, as it supplies nourishment with little fat on the digestive organs. It is one of the most easily digested of foods. Some who are not able to remain or digest whole milk have found that they would thrive on buttermilk.

Weak, puny babies who seemed to be unable to take any form of artificial food have been found to gain when given diluted buttermilk. This shows how easily digested it must be. It can be modified by adding a little pure cream and milk sugar.

Buttermilk is a wholesome beverage for any one. It is only just that it should be becoming one of the popular summer drinks. It is as refreshing as any of the food drinks and much more nourishing.

Many beauty specialists recommend buttermilk both as a drink and as a face wash. It is said to remove tan, sunburn, freckles and the other summer foes of the pink and white complexion. Taken internally it cleans the skin by stimulating the liver and preventing absorption of toxins from the intestines. Nothing is so disastrous to a beautiful complexion as a sluggish liver. The system must be cleaned out if we would have the skin kept clear and fresh looking.

Buttermilk may be made into a delicious cottage cheese by setting a jar of it where it will heat slowly. After it has separated the curd should be poured into a thin sack and allowed to drain. Afterward it should be seasoned with salt and mixed together with a little pure cream.

Since it is difficult for those who live far from the dairy farms to obtain good, fresh buttermilk, the manufacturers have come to our assistance with a supply of buttermilk tablets. One tablet added to a quart of sweet milk will, within a few hours, convert it into a quantity of buttermilk which cannot be surpassed by even that from the old-fashioned dasher churn.

MARRIAGES.

FWN—DEMOE.—At the Parsonage Fenelon Falls, by Rev. J. Bedford, on Wednesday, Aug. 21st, 1912, Archie S. Ewen to Della Demoe, daughter of Ewen to Della Demoe, all of Eden township.

BIRTHS.

BESTONE.—In Minden township, on July 18, 1912, to Mr. and Mrs. Edward Elstone, a son.

The less some people have the bigger the bluff they put up.

PILES

Do not suffer another day with itching, burning or protruding Piles. No surgical operation required.

Dr. Chase's Ointment, and relieve you at once and as certainly cure you. Get a pot of ointment, or Edmondson, Hobb & Co., Limited, Toronto. Sample box free if you enclose 10 cents. Will send you 10 days' supply.

Just A Little Cleaner Than Ever Before

Children like FAIRY SOAP. Its whiteness shows its purity and appeals to them. It floats always within easy reach; the youngster does not have to dive for it. The shape of the cake is oval—fits the hand—fit for any hand.

FAIRY SOAP lathers freely, cleanses quickly and thoroughly, without smart or stinging of any kind. Being made of edible products

FAIRY SOAP

agrees with even the tender skin of a babe. Try this pure, white, oval cake of floating purity and you'll want no other.

Made by THE N. E. FAIRBANK COMPANY, Montreal.

HYMENEAL.

STEENBERG—GREENAN.

A very pretty wedding took place in St. Mary's R. C. church at 10 o'clock Tuesday morning when Mary Greenan, daughter of Mr. Greenan, of Ops, was united in lock bonds to Mr. Frederick Steenberg, of Saskatoon, Sask.

The ceremony was performed by the Rev. Father Greenan in presence of the immediate relatives and friends, the couple being attended.

At the conclusion of the ceremony the happy couple left the home of the bride's parents where a sumptuous wedding breakfast awaited them.

Mr. and Mrs. Steenberg left on afternoon C.P.R. train for their honeymoon trip to points west.

DEATHS.

LEITH—AT Haliburton, on Thursday, August 22, 1912, William Leith, aged 73 years.

FARM TO RENT—NORTH

lot 9 and 10 in the second con., Mariposa, composed of hundred and fifty acres, eighty-five acres cleared, twenty-five acres pasture, remainder wood, with good house and buildings, good well and cistern house, within three miles of Oakwood P. O. and Mariposa station. Apply to G. N. Bar Oakwood, Ont.
