## Salvation Army Library

To the Editor of the Watchman-Warder. SIR,—I wish to draw the attention of our friends in Lindsay to an effort we are making to equip a library in connection with our work here. The purpose of this library is to supply good reading in connection with our junior work. Donations of books or money will be thankfully received. Yours truly, W. F. WIGGINS, Adjt.

## A Few Facts from the Oak Front Grocery.

I don't wish to spend money boring the public with puff advertisements, as some firms do; but I will say that we buy nothing but the best goods from the best houses, and pay cash for them, thereby securing the lowest possible prices. Therefore I can give you first-class goods as cheap, if not cheaper, than you can buy second-class or old goods elsewhere. Our trade is growing every day. Why? Is it built up with flashy advertisements? No; it's won by fair dealing and good goods. JOHN FLURY.—38-tf.

## Sporting Notes

—The many friends of Mr. Robt. Wallace are complimenting him upon the excellent showing made by his handsome little pony pacer, Robt. Wallace by Fairlawn Medium, in his first race. The little brown struck the hotest green race that was ever seen in Lindsay and he got the worst of a couple of very close decisions to say the least. Geo. Harmon also came in for his share of the glory as he has been instructing him how he should go.

—Admirers of speedy equines in this district will regret to learn that Mr. John Aldous of Fenelon Fall has sold the popular pacer Little Hector 21 1/2, to Mr. Anthony Weller of Detroit. The price was a good one, \$1,500 in gold, and the new owner pays the duty, which runs him up close to the \$2,000 mark. We have since learned that he has since been sold for the sum of \$2,500. With care and expert handling there is no doubt but he will touch the 2.05 mark.

—After disposing of his favorite pacer, Little Hector, in Detroit last week Mr. John Aldous purchased a prospective trotter, and sire of trotters, the five-year old Anteam, 30,258, A.T.R. Anteam is a rich brown in color, with blaze face, two hind and one front fetlock white. He is hardly in show shape, but is of smooth conformation throughout and possesses fine clean bone and plenty of it. Mr. Aldous states that he can go a mile to-day close to 2.30, although never trained since a two-year-old, and he thinks he has got a good successor to Little Hector. Anteam is royally bred his sire being Antevola, 7618, a producing son of the great Electioneer and Columbine. Anteam's dam was Lucy (dam of Antea 2294) by Black Hawk Morgan; grand dam Sis, by McGregor Warrior. This is the first sire of the Electioneer family to come to this district.

## Heavy Loss by Fire

A disastrous fire took place on the farm of Mr. Frank Sanderson, lot 5, con. 5, Verulam, on Thursday afternoon at about 4 o'clock. The steam thrasher was working at the time and it is supposed a spark set fire to some straw at the end of the barn for it was from there that flames sprang up and in two minutes had enveloped the barn, and in scarcely less time, the house also, in flames. A team of horses was taken from the water tank to draw the cleaner out but everything else was a total loss. A calf and some fowls were the only live stock burned. Over 50 tons of hay and 1,110 bushels of grain were lost. The house was 120 feet away from the barn and being a frame structure could not be saved. Some furniture was taken out. The total loss was \$1,200 while the insurance was only some \$700.

## Obituary

EDITH LAURA SEATON A death that has caused wide-spread regret and hearty sympathy for the bereaved, occurred on Monday morning last when Miss Edith L. Seaton of the east ward passed away. Miss Seaton had for several years been clerk in the law office of Crown Attorney Devlin. For some time she has not been in vigorous health and a week before her death had been compelled to remain at home, but it was not until Friday that alarming symptoms developed. From that day, in spite of medical skill, she sank steadily to the end. Miss Seaton was proficient in her calling and of a kindly unassuming disposition that made her many friends. The funeral took place at Riverside on Wednesday at 2.30. We extend sincerest sympathy to the bereaved.

—Graham's heavy All-Wool Suit at \$4.50 are worth \$6. Graham, the King Clothier, Lindsay.

## Chapter of Accidents.

An aged lady named Mrs. Mitchell, who resides with her daughter Mrs. Dr. Kenny was struck by a horse attached to a delivery wagon yesterday afternoon. The force of the blow fell her to the ground and inflicted nasty though not dangerous injuries on her head and one leg.

—A little daughter of Mr. James Haugh, the popular G.T.R. engine driver, had her left arm broken between the wrist and elbow and her right hand badly crushed. The poor little girl who is only 4 years of age was looking out of an open window on Tuesday when the raised sash fell and inflicted the above painful injuries.

—A nasty explosion of acetylene gas occurred in the store of Ivory & Sons, Omeme, on Tuesday night. No lights had been lit and the cause of the explosion is unknown. It was sufficiently strong to knock Mr. T. Ivory down and injure Mr. Frank Adams who was in the store at the time. The machine was wrecked.

—On Saturday night last an upset occurred between here and Downeyville that resulted in two young ladies each having an arm broken. A Mr. Hickey of Ennismore and Miss Hickey of Downeyville and Miss Cooke of Ennismore were driving home after dark, when the horse stumbled and the rig was overturned in the ditch. The driver escaped, but the young ladies were injured as above stated. The fractures were reduced by Dr. Blanchard and no serious results are anticipated.

—On Saturday forenoon Homer G., the six-year-old son of Robert Kennedy, Wellington-st., was drowned in the river below his father's mill. He was playing with some other boys on a scow and when using a pike pole toppled in. His companions gave no alarm although several men were working not far away. At noon a young son of Mr. D. Scully told his mother that Homer had fallen into the river and came up twice and he thought he got out again. This roused fears and inquiry at the young lad's home proved that he was actually missing but his parents supposed he had gone to the fair grounds. The river was dragged at the place young Scully indicate and in a short time the body was recovered. The funeral took place on Sunday. The bereaved parents have the heartiest sympathy in their sad and sudden loss.

—A distressing fatality occurred on the farm of Mrs. John Moore, some four miles west of the town, on Thursday evening last. A young man named John Robertson, son of Mrs. J. Robertson of lot 15 on the 6th concession of Ops, was kicked by a horse and so injured that he died in about half an hour. The unfortunate

young man had been plowing all day until about 5 o'clock when he said to the man who was working with him that he would hitch to the wagon and draw a load of straw. Before he got to where the wagon stood his companion heard a cry and saw the team running away. Mr. Robertson was writhing on the ground and never returned to consciousness. Dr. McAlpine arrived shortly after death took place and found that it had resulted from a kick over the heart that had smashed several ribs and driven them into the lungs. Another blow had struck the left hip. Deceased was 26 years of age and a popular and exemplary young man. The funeral on Friday was largely attended, and expressions of sympathy with the bereaved friends are heard on all sides.
