Courtney, who is always noted for perfection in accomplishing his undertakings.

The harvest is now almost finished in the surrounding community and threshing is now the order of the day. The Sanderson and McGinnis brothers report good yields and it is unanimously thought that the crop this year will surpass any yield for many years past. Mr. Robert White has leased the farm owned by Thomas Collins, consequently we are pleased and sorry; pleased to know that Mr. White is to remain in our section and sorry to learn that Mr. Collins is to take his departure for Peterborough in the near future, where his work will be somewhat changed.

A number of the young people of this vicinity attended the marriage of Miss Effie Gillanders and Mr. B. Stacey on Wednesday, Aug. 29th. The bride and groom are both very highly thought of in this community, and all join in wishing them every happiness which this life can bestow upon them.

ARGYLE

The marriage of Miss E. Gillanders, daughter of Mr. and Mrs. L. Gillanders, Argyle, with Mr. R. Stacey of Lifford, was solemnized at their residence and lawn on Wednesday, Aug. 29th, and was characterized by a certain variety and beauty not always present at weddings. Promptly at five o'clock, while the strains of the wedding march, which has accompanied so many bridal processions, were rendered by Miss M. McRae, the bridal party took their places on the lawn, the bride leaning on the arm of her father. The bride was charmingly dressed in cream corded cashmere trimmed with cream satin and all-over lace; the graceful veil which crowned her head was fastened by natural flowers and fell in artistic folds about her. She was assisted by Miss McEachern of Toronto who was beautifully dressed in cream silk and linen trimmed with valenciennes lace. Little May Campbell, robed in white embroidery and carrying in her hand an immense sheaf of flowers acted as maid of honor. The groom was ably supported by Mr. O'Stacy brother of the groom. The ceremony was performed by Rev. Mr. McDonald of Lorneville. After hearty congratulations from one hundred and forty friends the company partook of a sumptuous wedding feast spread on the lawn. The bride received many handsome and costly presents showing the high esteem in which she was held by the people of the community.

The farmers of this vicinity are rejoicing over their abundant harvest irrespective of the intense heat, which at times makes it almost unbearable in the harvest field. Peas are greatly rushed this year and are yielding from 25 to 30 bushels an acre.

Pleasant Point is the scene of much merriment during the past two weeks. Every evening the shore is lined with campers and a fine bonfire lights up the surroundings. In the meantime a gramophone under the management of Mr. R. Morgan gives ample entertainment for the occasion. The point is fast becoming the favorite resort of the Kawartha lakes. More cottages are to be erected by Mr. Hay and things promise to be still more progressive next year.

Friday last was a very fine day, very fine indeed. So thought the wide-awake people of that lesser Britain, for it was their annual civic holiday. The committee had arranged everything very nicely and the parts of the programme regularly succeeded each other like the scenes in some engrossing play. And then at last the football match between Southern Mariposa and Oakwood was loudly proclaimed by the "committee." Alas! alas! that "we the committee" should be so short-sighted as to dare to place the wearers of the white and black on a stubble field that apparently had undergone the ravages of some recent violent earthquake. Therefore owing to the disadvantage of the pit-falls the Oakwood Ironclads could only hope to hold their own against the easiest of craven-hearted foes. Finally, I say, if the pig-skin klookers (and their actions, committee inclusive, suggested the stubbornness of that animal) of Southern Mariposa have backbone and manliness in sufficient quantity to play a return match in the Agricultural grounds here, they shall pass through an experience which shall live in the annals of Little Britain's history as the greatest physical shock its youth has ever experienced.

Large orders for supplies for the Imperial and Indian troops in China are being filled in Canada.
