And there, in her dream, she is walking slowly up a long aisle, and seeing in a kaleidoscope, a series of faces and rich dresses, but noticing nobody except her aunt Sarjent, who is prominent in the foreground in emerald velvet and sables, until she sees Captain Glynne's face as stands before the altar waiting for her, gazing at her with calm critical eyes, without a trace of emotion or embarrassment.

This is the dream that the girl the white silk robe and the bridal veil has been dreaming; and now she awakes, in her own room in No. 9, Rutland Gardens, to know that the dream is all real, and that her wooing and her wedding, her six weeks' engagement and her bridal moraing, are all deeds of the past-done.
