Stylish Garments.
It is part of our policy to get the finish skirts and suits, and sell them for little enough to make the business profitable. The basis of all trade here is value. You should see the stock, you should see the values we are giving.
Furs
The market is full of all sorts of Furs, not good, but shams. Our Furs are all made of choice skins. The second grades so often found with the firsts, cannot be found in them. Shop around a bit and see what we mean by a complete Fur stock. We've got one here.
