A Store Full of Bargains

This week the Safe Satisfactory Store continues to celebrate it's first birthday. One year is not a very long time, and yet it is long enough to make a beginning. The S. S. S. came into being one year ago and whatever else may be said, it certainly has made very fast headway in the race for merchantile honors. Now we are not content to rest on our oars and let good enough alone, but we must keep forging steadily ahead. Here are three good reasons why we are determined to do greater things this year. First, because our stocks are much greater in variety, style and value. Second, because the people in and about Lindsay were never in a better position to buy good goods than they are to-day. Third, because in our way of thinking,

there is no standing still. If business is not going ahead its going behind. Just to celebrate our birthday we'll sell brand new goods at a saving of a third to a half. Bring

this list with you when you come to the store for comparison with the goods.
