The New Store with the New Stock  
Opposite the Post Office - LINDSAY

**The Raising of the Barn.**  
It is one of the finest in the country. It is built upon a substantial and decidedly handsome stone wall, twelve feet high. It is a six-bent barn, ninety-five by fifty-four feet, and required a large number of men to "raise" it. The morning of the "raising" broke clear and fair, and the visitors began to arrive early in the day. By 2 o'clock in the afternoon the barnyard was crowded, and fully three hundred persons were present. They came from the farms in Verulam and surrounding townships, and from Fenelon Falls and Bobcaygeon. Not only the rural population turns out at a "raising," but the villages and towns assist in swelling the crowd, and the business men of Fenelon Falls were well represented. Almost every description of vehicle was to be seen. There were strong farm waggons, open buggies, covered buggies and single and double carriages, both covered and open. Among the procession streaming towards the farm from all directions during the afternoon were some very handsome conveyances and splendid-looking horses. The farmers of the county are justly proud of their horses, several well-known racers having been raised on Verulam or Fenelon farms. Many bicycles were among the crowd, but the throb of the motor and the odor of gasoline were absent. The auto has not yet invaded the rural districts of Victoria county. The first business of the day is always the choosing of captains, and Messrs. Robt. Curtis and Robt. Eyres were soon selected from the happy, good-natured gathering. These captains then chose their men, and about a quarter to four the two sides were ready for work. The frame was laid in readiness, everything properly fitted, and at four o'clock precisely the first bent was "raised." The "raising" of the bents is exciting work. In the old days, when the jug of strong rye was everywhere in evidence, it was dangerous work, but in the present day of sobriety and temperance the danger has become minimized to such a degree that only pleasant exhilaration possesses both workers and spectators. When once the bents are "raised" the plates are added, and this latter is the most exciting part of the day's work. On their tall poles, the men bear the heavy plates, and the breath of the watcher comes quickly for a brief space, lest something should slip and the pleasant scene be changed to one of confusion and sorrow. But steadily and firmly the solid timbers were borne aloft and slipped into their places, everything fitting to perfection, and Robt. Curtis' men ended with a cheer, and were seated at supper on the lawn by half-past five, twenty minutes ahead of the other

**A Man Who Drinks Hard**  
needs "Bu-Ju" if he wants to keep his health. Beer, whisky, wine—all alcoholic beverages irritate the kidneys. Pain in the back, headaches, brick dust deposits in the urine—prove that the kidneys are seriously inflamed.

## Bu-Ju

**THE GENTLE KIDNEY PILL**  
strengthens and invigorates the kidneys, heals the inflammation, clears the urine, and takes away the pain.  
"Bu-Ju" is not a cure for the drink habit, but "Bu-Ju" does protect the steady drinker against kidney disease.  
All druggists have "Bu-Ju" or will get them for you.

THE CLAYTON CHEMICAL CO. LIMITED  
WINDSOR, ONT.

Very inviting to tired men looked the long tables, with their snowy cloths, stretched beneath the beautiful trees of the lawn, and fairly groaning under their appetizing load. If anyone desires to become entirely cured of loss of appetite and all its attendant miseries, let him sit down to the supper prepared for the workers at a "barn raising" in Victoria county, and all his ills will vanish. Delicious home-made bread, gilt-edged butter, golden cream, the first ripe strawberries, perfectly cooked fowls and cold meats, delicate salads, pickles, preserves and pies and cakes of every description abounded. Everything was home manufacture. There was no possibility of microbes or bacteria from the packing house or elsewhere. All could sit down to that meal without fear or trembling. Among the large gathering were a few of the old-timers. They watched the proceedings from start to finish, and could tell how it was done in the 'fifties and 'sixties, or even before. They are thinning out, but let all honor be given to those who remain. Give them the coolest seat in the porch in summer and the cosiest and warmest seat by the fireside in the winter. Let the prosperous, up-to-date farmer remember that it is to the old man who loves to dream and smoke in front of the open fireplace that the easy path of to-day is due. He may be old-fashioned and cause smiles among his grandchildren when he talks about the "fall and cradle." But the laborious work was done by him before the day of modern improvements, and the most honored place in the household, and the best which the farm can now produce, are only his just reward.

**Obituary.**  
MISS IDA CALVERT AND MR. THOMAS CALVERT.  
The death of Miss Ida Calvert, of Reaboro, occurred at Ross Hospital, Lindsay, on August 31st, to the sorrow of a large number of relatives and friends. The deceased had been suffering from a spinal trouble for some years. Twice she had undergone operations, which brought her relief, but did not effect a cure. A third operation was found necessary if life was to be prolonged, and this was performed by Dr. Bingham, Toronto, at Ross Hospital on Tuesday, August 28th. Her weak and emaciated condition, however, prevented her recovering from the great shock, and though she regained consciousness for a short time, she grew weaker, and life ebbed away on the following Friday.  
Miss Calvert was a member of the Baptist church, and was for some years a teacher in the Sunday school and clerk of the church. She was always of a bright and winsome disposition, and when she became weak and suffering, this cheerfulness of spirit was still maintained. The secret of her patience and cheerfulness was her trust in Christ.  
Two days after the death of his daughter, Mr. Thomas Calvert passed away at his residence in Reaboro. The deceased had been in failing health for some time, and for several days it was seen that death was not far distant.  
Mr. Calvert who was well known and respected for miles around, was the son of the late Mr. George Calvert, and has lived at Reaboro for about 40 years. Up to fifteen months ago, when he gave up farming, he lived at the old homestead. He was a deacon of the Baptist church in Reaboro. He served one year in the Ops township council and was a member of the board of health for some years. He always took a great interest in the Lindsay Central exhibition, where his presence will be much missed.  
The remains of both father and daughter were laid to rest in Riverside cemetery, Lindsay, on Sept. 3, the service at the home being conducted by Mr. W. Westell, student pastor of the Reaboro Baptist church, assisted by Rev. G. R. Welch, pastor of the Baptist church, Lindsay.  
The deceased gentleman leaves a widow, three sons, Elias, Silas and Charles, a daughter, Mrs. Thomas Downey, and three brothers, Mr. John Calvert, of Reaboro; Mr. Geo. Calvert, of Lindsay; Mr. Wm. Calvert, of Montana, U.S., and two sisters, Mrs. Garnett, of Lindsay, and Mrs. Houghton, of Ops.

**C.P.R. and Peterboro**  
Mr. J. W. Leonard, Assistant General Manager of the Canadian Pacific Railway, made a statement last week as to the company's new line from Victoria Harbor, he said it would probably pass a few miles north of Peterborough, and connect with the main line between that city and Havelock. The reason of this decision is not to go through Peterboro was because an easier grade and shorter line is obtainable through territory north. A grade of 3.10 per cent. would be found. The construction of the road, including terminals and elevators, would cost about \$5,000,000.  
Regarding its proposed line from Montreal to Toronto, he said it would leave the present line at or near Kemptville Junction for Brockville, from where it would skirt along the St. Lawrence River and along the north shore of Lake Ontario to Toronto, touching all the towns en route. It is expected the grade will not exceed a maximum of 3.10 per cent. It will be some time before surveys are completed.

## COMBINATION OFFER

The best Home and Fashion Magazine published for fifty cents a year is The **New Idea Woman's Magazine**

It contains over 100 pages each month of Current Fashions, Economy Articles, Household Advice, Dressmaking and Millinery, Short Stories, etc., beautifully illustrated with half-tone and color plates

**OAKWOOD GETTING BUSY FOR THE ANNUAL FAIR**  
Friday, Sept. 28, is the Day—Notes of Personal Mention—Venus Looks like a Fire Balloon from Oakwood

Miss M. Johnson, of the post office, is spending her vacation at her home in Woodville.  
Miss Ethel Prouse who was ill last night is fast recovering.  
Miss M. Ferguson, of Manilla, visited friends here last week.  
Mr. Harry Perrin, of the Ontario bank at Sudbury, is home for a few week's holidays.  
Many citizens attended the Woodville fair on Tuesday last week.  
Mr. Gordon King, proprietor of the local hotel, is attending the fair with his fancy fowl and is receiving a goodly share of the awards.  
Mr. and Mrs. Philip Puley, of Bowmanville attended his brother's wife's funeral last Saturday.  
Messrs. Boxall and Staples, of Lindsay, conducted the service in the Methodist church last Sunday morning for the benefit of the children.  
Of course everyone is going to the Lindsay Central fair this week.  
Miss Hazel Cameron, of Toronto, for a few days last week.  
Was on a visit at Mr. A. Cameron's. At a meeting of the school trustees Saturday evening Mr. G. B. Rennie was re-elected for another year. They will advertise for another teacher for the junior department.  
Mariposa's 58th annual show is again to hand, and in official terms,

"No effort is being spared to make it the best ever." The Sylvester band has been engaged for the day, and should prove attractive. A two-mile track race for the boys, young and old, has been added to this year's speeding in the ring. The day will end with the usual grand concert and to this every young fellow is invited to bring his best girl or the next best. Friday, Sept. 28th is the day.  
Mr. Wm. Silverwood has returned from the west, having disposed of the horses he took over. He is preparing to leave with another consignment in a few weeks.  
While in Toronto attending the exhibition, Mr. Fred Dames, the cement man, purchased a 12 horse power gasoline engine of improved type as he found his old one was not fast enough for his increased work.  
Mrs. Thos. Puley passed away at her home just east of the village on Thursday morning last after an illness of many weeks. She was of a very quiet disposition, but was much respected by all who had made her acquaintance. The funeral took place to the east Oakwood cemetery Saturday afternoon.  
A. Clarke, tailor, Lindsay, will be in Oakwood on Friday, Sept. 29th, to take orders for suits, overcoats, etc. Call and see him. His prices are right, fit and finish guaranteed.  
In the matter of road locomotion inventors have yet to produce the old reliable, at least Mr. E. G. Lytle thought so when on the way to Cambury in an auto one day last week. After the bridge gang had wisely assisted the machine across that condemned structure on the 12th

## L. MACPHERSON

OAKWOOD

concession, it refused to budge farther. It may be thought that if it couldn't cross anything it came to unassisted, it wouldn't go at all. The journey was completed with horses and the services of the repair man sought.  
Mr. Andrew Hogg, of Toronto, is spending a few weeks in the village.  
Mr. S. M. Porter of the Watchman-Warder, was a caller in the village on Saturday.  
Mr. Fred Lorne and Orval Degeer each had a pleasant drive to town Sunday evening.  
Residents here have been "seeing things" of late. It happens to be a balloon in the present instance. The appearance of an unusually bright star-like object in the south west immediately after sunset, has caused a good deal of speculation. The report comes that it is a large-sized airship sent up nightly by an advertising agency in Detroit. It is said to contain twenty persons. Some of the clearer sighted ones have actually seen the waving of hands. Doubting Thomases say they are not so easy as to be taken in with old wives and stories, and admire the far-reaching faith of their more credulous brethren. We admit we are in a quandry and wish some good reliable scientist would settle the question once and for all.  
Mr. Sandy McLean and Miss C. Lake, of Peniel, were visitors in the village Sunday.  
What is required along the south street at Pascoe's sheds is a notice about the size of a barn prohibiting farmers and others from tying rigs across the pavement in this locality. This nuisance probably won't abate until Police Washington is compelled to exercise his authority and run some of the offenders into coop for over night.

**How the Auto went up at Lodore.**  
New York Tribune.  
You have heard how the water came down at Lodore. (If you haven't you oughter; It's old, as old Yore.) But perhaps you may never have heard tell before, How the auto went up. In the town of Lodore. It blew into the place At a deuce of a pace, Puffing and snuffing, And sporting and snorting, And booming and fuming, And rattling and rattling. And shaking and quaking, And chinking and stinking, And chugging and gugging, And grinding and binding, And howling and yowling, And goggling and snoring, And rocking and shocking, And maiming and laming; And fixing and whizzing and hissing, And skipping and ripping and zipping, And bubbling and doubling and troubling, And grumbling, and rumbuling and tumbuling, And banging and whanging and clanging, And clattering and battering and shattering, And braying and swaying and slaying, And honking and skunking and punking, Pelmelling and yelling and smelling.

## A HEALTHY OLD AGE

**OFFEN THE BEST PART OF LIFE**  
Help for Women Passing Through Change of Life.

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Nervous exhaustion invites disease. This statement is the positive truth. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary J. Dabruz, of 100 Main Street, Winnipeg, Manitoba, writes: Dear Mrs. Pinkham—

"Lydia E. Pinkham's Vegetable Compound has been a blessing to me through-out delicate period known as the change of life. For six years it disturbed my entire system. I had hot flushes, was extremely nervous, became pale and debilitated, very irregular in the monthly flow, and the frequent palpitation and throbbing of the heart; in fact, my whole system seemed to be in disorder.  
"I received no relief from the suffering incident to this period until I took Lydia E. Pinkham's Vegetable Compound; but I date my relief from the time I took the first bottle. I gradually improved, nature took her course painlessly, and in due time I was a well woman.  
"Miss Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost."
