### Dear Mother

number of people sustained loss by

the removal of furniture and break-

age of the same. Deep sympathy is

felt for all the sufferers, particularly

Mr. Brandon. His financial standing

is such that he can stand the loss,

but no business man, however, firmly

sand in a ...gnt. And in the village

of Fenelon Falls there is no more

highly esteemed and thoroughly lik-

ed individual than Mr. Brandon. He is always ready to help others in the

hour of need, and his kind heart and

open hand are well known, and in

his present loss he has the sympathy

of all. This, the third large fire

within a few months, will surely

waken the public to increase the fire

protection. What has been already

done saved the village from destruc-

tion on Friday night, but had it been

greater, Mr. Brandon's driving shed

and other buildings could have been

saved as well as all the other stables

and contents. Too much cannot be

said in favor of the people as work-

ers. They cannot be surpassed, and

deserve the nearty thanks of all

Essay on Birds.

PART I.-BIRDS THAT ARE AIDS

TO AGRICULTURE.

The cold weather will soon be here,

and we will miss the song of the

birds. They are nearly all flying

away to the Southern United States,

One of the birds that is an aid to

agriculture is the whip-poor-will.

The whip-poor-will is a beautiful

bird with a black chin and chestnut

and black barred wingfeathers and

call at night, "Whip-poor-will, whip-

poor-will." They fly around and

capture many large-bodied moths in

The house wren is not a gay-look-

ing bird, but is a friend to farmers.

Birds of this species are ofteen seen

in gardens feeding upon insects. In

color they somewhat resemble the

The robin eats many worms, but it

has one bad fault, that is, it eats

the cherries, but the farmer's don't

mind that, because there are not

The chicadee gets from 200 to 300

insects a day to feed herself and her

young. If it wasn't for the chicka-

des there would be a good deal more

insects than there are. Its color is

PART II .- BIRDS THAT ARE EN

ENEMIES TO AGRICULTURE.

The crow is a big black fellow. Its

cry is a "caw, caw, caw." The crow

steals corn, grain, peas and chickens.

We have often seen scarecrows up to

The black-bird is something like

The English sparrow is well known

to the farmers, as they are seen in

the grain fields where they do con-

siderable damage. They are hardy

little creatures, and stay with us

throughout the winter. These spar-

rows raise from three to four broods

a year. They are great fighters from

the time they leave the eggs, and

few other birds care to live near

The chicken hawk is an enemy to

poultry-keepers as it swoops down

and steal chickens from the flock.

It is, however, also an aid to agri-

culture, because it destroys numerous
