LINDSAY, ONT., THURSDAY, 12TH SEPTEMBER, 1907.

NUMBER 37

Fall, 1907 THE LINDSAY BAND

It seems hard to realize that Seven Days from this issue will see our Fall Fair in full swing. Great improvements have been made by the management, in fact everything points to the best yet.

Out of town visitors to our great Fair will find us ready with the best display of fall and winter wearables and general Dry Goods we have ever show. Six months ago we purchased our present business quarters, filled them up and think we have one of the most conness quarter and neatly equipped business houses in Lindsay.

We are situated opposite the Terry Retaurant, between Morgan Bros., druggists, and Boxall and Matthie's stove and hardware store, on the direct line to the Fair grounds.

We particularly desire a visit from old friends and have a hearty welcome for new ones. We sincerely think we have one of the best locations in town. Let us have your opinion when visiting Lindsay.

Women's Wearables

CROPS IN THE WEST

The Edmonton Journal has opinion that the outlook for the crops in the West is a promising one year, and publishes the following. J. H. Southwell, of Red Deer, who is spending a few days in the city,

gave to a representative of The Journal, some interesting information regarding the crop conditions throughout Alberta yesterday. Mr. Southwell has just returned

from an extensive trip throughout the province in the interest of his company, and is well qualified speak on crop conditions in Alberta. He states that the majority of the crops are in an excellent condition and that no damage has resulted from the recent fall in temperature. Inside of the next week harvesting will well in progress over the entire pro-

threshing is well under way. In the to the lateness of the spring, the of the J. H. Remick & Co., music wheat fields, are somewhat behind publishers, and the singer went there with the result that cutting will not commence until next week.

In the Clover Bar district harvesting of barley is well under way, and published it and everybody around many fields will exceed the production of last year.

Some of the old-timers state tha this year will be one of the best the district has ever experienced. James Conrad, who has been a resident the Clover Bar district for over twenty years, states that the outlook the best it has been during his resi-

Mr. Southwell is very enthusiastic over the conditions prevailing in the province, and is of the opinion that next year will see a much larger exodus of settlers from the United States to Canada as the conditions in that country this year has proven very unfavorable to the production of grain throughout the Western States,

Fruit Shower

will hold a Fruit Shower in aid of the Hospital, in the Council Chamber on the afternoons and evenings of Wednesday and Thursday, 18th and 19th of September. All ladies of the town and county are requested to come and bring a jar of fruit. All jars to be returned .- 37-2.

A Sample of Excellence

The Watchman-Warder has received a copy of the special exhibition number of the Canadian Pottery Glass Gazette. The publishers say that they are proud of this handtrade of Canada-that such work, so to compete in this class. Entry fee,

duct of Canadian publishers. The Canadian Pottery and Glass Gazette has OUTLOOK IS FAVORABLE. SAYS set a high standard, and their suc cessive numbers show that they mean to grow in goodness with each issue. The number is a mechanical, artistic and journalistic success, and must be seen to be fully appreciated.

"DREAMING"

HE SWEETEST SONG EVER WRITTEN-PHENOMENAL DE-MAND EVERYWHERE FOR NEW BALLAD.

In Detroit, Mich., the city employs a fine military band to furnish music during the summer months at Belle Isle and other public parks. Professional singers are also engaged for these free concerts and thousands of people are thus enabled to enjoy good music and the latest popular melodies without cost.

Several weeks ago a very promment caudeville artist was selected as vocal soloist for a series of these concerts. Detroit is the home office in quest of something new in the way of a ballad. "Try Dreaming." suggested Mr. Remick, "we have just this office is crazy about the song. Personally, I think it is going to be a bigger seller than our 'Cheyenne,' 'Why Don't you Try' or 'Apple Tree.' I wouldn't take ten thousand dollars right now for the copyright."

At the next public park concert "Dreaming" was sung with band accompaniment and received repeated encorse. Crowds left the park humming and whistling the tune. That started the craze for "Dreaming." To-day it is the best liked popular song in America. The publishers, through running their presses night and day, have just managed to partly fill orders, and dealers all over the country have been supplied.

"Dreaming" is a beautiful song and a person with even the most indifferent taste for music must like it. One of those sweetly simple tunes which when first heard takes such a grip on the memory that you can't forget it. "Dreaming" is published in three keys, for high, m dium and low voice. It is easy to sing, has a splendid pian.) accompaniment and in every way deserves the tremendous popularity it has so quickly won. Don't do anything until you hear "Dreaming."

This beautiful song is to be sung at the weekly concert of the Sylvester band, in the Park on Friday evening, by Mr. Peter Wilson.

Special Prizes at the Fair

some special issue. And well they fer special prizes for best turnout may be. An ordinary issue of this team of horses harnessed to any four bright and progressive trade journal wheeled vehicle. Outfit must be greatly is a credit to the publishers, but this owned by exhibitor, driver to be acmissed. Mr. Jordan was a director special number, with its perfect press- companied by a lady.
