Among those from our town who attended the Toronto Exhibition were Mr. and Mrs. J. King, Master Jack King, Mr. and Mrs. Chas. Gusty, Mr. J. Mackay, Mr. J. Mosgrove and Mr. Russel Smith. Rev. Dr. MacDonald took the service in St. Andrew's church on Sunday afternoon. An unusually sad death occurred last week, when Mrs. Drury, who was going to the West, with her granddaughters, Misses Burns, died suddenly at Fort William. The remains were brought home on Monday and interred in the Roman Catholic cemetery.

We were visited by a severe thunderstorm on Thursday night, during the course of which Mr. David Stevenson's barn was struck by lightning, and totally destroyed by the resultant fire. Everybody will extend the hand of sympathy to Mr. Stevens in his misfortune. A few short weeks ago alarm rumors were circulated with regard to the dwindling membership of our church choir. Dame Rumor is indeed a fickle jade! We have now five new lady choristers, namely the Misses Ella McKinnon, Florence McDonald, Jenny King, Flossie McTaggart, and Viola Brown, and all rendered a splendid account of themselves on the occasion of their initial bow to the congregation on Sunday last. Great improvement was noticeable in singing of the choir as a whole, and the reason is not far to seek, for our choirmaster, Mr. Peter Wilson, has once more taken up his duties. More power to his elbow! At the after-meeting on Sunday evening the Rev. H. D. Leitch gave an instructive outline of the life of the Rev. R. M. McCheyne, the Scottish minister and author of that well known hymn "Jehova Tsidkenu." There was again a large attendance, and some singing practice was indulged in, as a preliminary item. The St. Andrews Guild opened its program on Monday evening, when our esteemed ministers delivered an address, entitled "Our Bible." Prayer meeting will be resumed on Thursday evening at 8 o'clock, when numerous support is hoped for. Every one is requested to kindly attend in good time. Those who come late miss a great deal. The members of the choir propose holding a concert in October. Of this more anon. The farmers are sowing their fall wheat now, and the English immigrant who imagined that this particular grain was wheat sown before the fall of man, has now been enlightened. Our village supplied quite a few visitors to the Toronto Exhibition, and we venture to state that this distinguished patronage since its inauguration. If the automobilist who makes it his habit to pass through here on Saturday nights will give somebody else a turn, we shall feel much obliged. Buggies monopolizing the sidewalk is not an edifying sight, and the acrobatic feats accomplished by the occupants of the same, are startling in the extreme. We can recommend them to the management of Scarborough Beach. We hope all motorists will remember that "it's the pace that kills."

WOODVILLE School opened here last week with a very large attendance, especially in the junior department. Mr. A. Good as principal, and Miss Mary McCallum as assistant, make a very able staff. Miss Belle Staples leaves for Whitby this week to attend the Ontario Ladies' College. Mr. Goddes, a prominent merchant of Sarnia, is visiting with friends here this week. Everything promises well for our fair on the 12th and 13th inst., with a larger number of entries than in any previous year. The race track is in better condition than it has ever been here-to-fore. The attendance ought to be a large one. A. E. Staback visited Victoria Road and Kirkfield last week. Visitors to Toronto Exhibition last week were: J. Murchison and wife, Bella Carmichael, Maggie Campbell, Lillie Gilchrist, Alda Campbell, Dan Jamieson, D. J. McCrae, and Jessie D. Campbell. Mr. John Kirkland, who has had serious trouble in his eyes for some time past, went to Toronto last week to consult an oculist. His daughter, Miss Minnie, accompanied him. Miss Mary D. Campbell, who has been visiting friends in Manitoba for the last three months returned home last week. Mr. Murray Wilson, principal of the Cannington High School, paid Woodville a visit last week. Stanley Menish, of Brockville, is now on the staff of the Standard Bank here, Mr. Fred Gibbs having resigned to take a position in the Home Bank, in Cannington. Miss Ethel Thomas, who has been on an extended visit to friends in and around Toronto, and also attending the fall millinery openings, returned home last week. We are informed that John Gordon agent for the Massey Harris farming implements, is soon to move to Lindsay.

Westlake and Mr. Westlake were among the guests at their sister's wedding. We are all extend our heartfelt wishes for long and happy life to Mr. and Mrs. Burns. The Methodist congregation received a very rare treat on Sabbath evening, when Miss Pearl Jordan, of Woodville, very ably rendered the beautiful solo, "Face to Face." Rev. G. R. Clare, of Millbrook, will take the anniversary services at the Ebenezer church, on the 2nd inst. Miss Vivian Marvin and her cousin, Miss Pearl Jordan, have left for Albert College, Belleville. We wish them an enjoyable and prosperous term.

E. Weeks occupied the pulpit of the Methodist church on last Sunday.

Mr. Isaac Burnett, one of our progressive and up-to-date farmers, has added to his already well equipped building, which he considers of the most useful adjunct to the farm. Mr. Wm. Griffin has been clearing some of his fields of stumps, which are so numerous on the north end. In a short time Griffin will have one of the most beautiful places in the north. He tends going largely into fruit and cherries, which he thinks are grown most successfully here. Mr. A. Fielder has sold his farm to Mr. Harry Forster, and intends voting his time to agency business.

On Saturday fire broke out in part of Mr. James Gordon's residence adjoining the G. T. R. track. The fire was badly burned, but fortunately there was no building enough to be damaged; it is estimated that the fire had its origin in a spark from a passing locomotive. That Kirkfield is a progressive town no one has ever doubted. She took a long stride forward last week, when about a dozen of our best citizens, who were installed in the various places, nearly all having a distance connection, too.
