Serious Stabbing Affray at Fenelon Falls--Two Americans Knife Two Village Boys

Fenelon Falls, Sept. 1.—Another sensational event transpired in this village last evening about a quarter to nine, when a couple of young fellows from Fenelon Falls and two youths from Detroit jostled and vied with each other and finally, to settle their differences entered upon a fistful encounter and concluded with a stabbing affray.

It appears that the two youths from Detroit, who have been spending a few days in the village, were out walking in the direction of the G.T.R. station, with a couple of young ladies. The two Fenelon Falls boys, Messrs. Sam. Nicholls and Jack Barry were on their way to the station and went to pass the other quartet of young people. In passing one of the Fenelon Falls boys jealously remarked, "Half of the sidewalk, please," or something to that effect, and the other youth also made a remark to the effect that they would walk on the green.

It appears that the boys from Detroit took offence, and boastfully retaliated. Words led to blows, and a free-for-all ensued. The Detroit

MINDEN CITIZEN IN POLICE COURT RE VIOLATION OF GAME LAWS

Much interest centered in a trial before Police Magistrate Fielding at Minden last week week, over the charge which had been laid by Mr. H. W. Hyland, late of the Maple Lake Public School, against several citizens said to have violated the game laws of Ontario. The information contained dates in each case and gave the names of at least two witnesses.

Before the time of the trial, the court room was filled to overflowing with people mostly from Stanhope and West Guilford, while Haliburton and Minden each were represented.

When the court was opened Police Magistrate Fielding explained that notwithstanding the fact that Mr. Hyland was not present, he had instructions to proceed without the informant. He felt that it was scarcely fair to do so but would take the evidence as it would seriously inconvenience to the parties if they had to appear again.

The first case called was that of Rev. Mr. Lloyd, who was charged with having venison in his possession on July 22, contrary to the law. Mr. Lloyd denied the charge, and Mr. R. H. Dawson was called to the box. Being sworn, said he never saw any venison there at all, was not there on the date named, and knew nothing about the matter.

Mr. Robert McBrien, next witness, who was supposed to have supplied the meat, being sworn, said he knew Mr. Lloyd and was at his place on July 22; knew Mr. Hyland, who was not there to his knowledge on that date. Did not see any venison at Mr. Lloyd's and did not supply any meat on that day. Being further questioned, said he had killed a some mutton to Mr. Lloyd, but did not take venison at any time. He had witness to prove the killing of the sheep.

All Work and no Play Makes Jack a Dull Boy--Holidays Are Over--L.C.I. Opening

From Tuesday's Daily. Once again the halls and class rooms of the Collegiate Institute resounded with the noise of renewed energy and life. This morning the students who have been enjoying the lazy luxury of doing nothing for the past couple of months betook themselves to another year's hard work. The little fellow and little girl whose conduct of school life has been confined to the Public School, entered on a new existence which will lead them at length into all the intricate mysteries of Foreign Languages and Algebra. It was with timid steps that they crossed the threshold for all was new. But courage was soon regained. There was the older student, just in his glory to greet the "stranger soul," and initiate it into the customs of the Collegiate, giving him a head wash and rub as the preliminary lesson. Within one short half hour the less timid newcomers, as far as ease and perfect assimilation to their surroundings went, could not be distinguished from his senior fellow.

Most of the staff, too, appeared as strangers to the school. Among its eight members three faces alone were familiar. Mr. H. S. Rosevear, Mr. J. F. Macdonald, and Mr. F. A. Reid were the only old teachers there to greet the pupils. The other five pedagogues were perfect strangers.

CHAIRMAN STEWART.
 A pleasing feature of the opening of the school was the assembling of the pupils and teachers in the assembly hall, and the presence of Mr. Thos. Stewart acting as chairman, and before introducing the new principal to the students, made a few timely remarks. He expressed himself as sure that all the pupils would be ready for a year's good solid work. During the long summer vacation they had been building up mind and body for the strain of ten months' study. It was a pleasure to him to introduce the new teachers. They had come to expand their best energy and talents in the interests of the pupils. The board and ratepayers expected from them the very best service that they had to give, and they expected the same from the students. He did not want them to kill themselves, and there was no need of that. There were many holidays during the year, but work during the time when work was required. In concluding, Mr. Stewart said: "Your parents and all taxpayers of the town and county pay heavily for the maintenance of this institution. It costs them a large outlay of money. But they will never grumble so long as all you pupils do good work--so long as you do your best."

Mr. Stewart said he would not say anything about the teachers since they were present, but would give Mr. Kirkconnell an opportunity to address them.

THE NEW PRINCIPAL.
 Mr. Kirkconnell on rising was re-

NO SALE OF CHEESE AT 11 7-8

Last Week Salesmen Refused 12 3-16c--Will Still Wait

The cheese board got a severe jolt at Monday's meeting. Last Monday the board turned down an offer of 12 3-16 cents for the board. Today the same cheese was offered for sale and the best price buyers would put up was 11 7-8 cents. The board's first met in the morning and the following were the number of cheese boarded:

Reaboro	100
Maple Leaf	50
Star	90
North Harvey	55
Dunford	94
Mariposa	155
Omeenee	100
N. Verulam	70
Pine Grove	88
Boycobagon	150
Red Rock	105
Total	1097

Mr. Brown, Mr. Flavelle, and Mr. Gillespie were the buyers. Mr. Flavelle gave a slight shock to the nerves of the members of the board by starting the bidding at 11 7-8 cents. This Mr. Gillespie immediately raised to 11 1-2 cents. Mr. Brown then came forward with 11 7-8 cents. Mr. Gillespie made it 11 9-16 cents, and Mr. Flavelle promptly offered 11 7-8 cents. Mr. Gillespie, after some hesitations, ventured 11 7-8, and here the bidding came to a standstill.

There was a congestion of cheese in the large markets and the buyers were a little chary of paying high prices. Still the board could not see why they should take a lower price than was being paid other places. Finally it was decided to adjourn until 1 p.m. in order to get quotations from the large markets.

At the afternoon meeting Mr. Gillespie renewed his offer of the morning. Mr. Flavelle after a long while, offered 11 7-8, but only one factory, North Ops, would take the offer and then after long and serious deliberation.

The other members of the board decided to wait for 12 3-16, and adjourned for one week. It was understood, however, that the factories have the option of selling any time on the street, as it will be difficult to hold the cheese much longer.

Is Shipping Many Head of Cattle

Mr. Herb. Graham, the well known cattle buyer, of Lindsay, states that he has had many large exports of cattle to Montreal and other points, but that of late the indications point to a slump in the market. He predicts that from what he observes around the country that the coming winter will be a hard one for a large number of farmers. They are just nicely getting over the hard times period, and will go very slow and careful during the coming fall and winter. Mr. Graham is one of the buyers who has had exceptionally good sales this season, having bought and shipped a great many head to the markets.

Mr. Durlin Rednor was charged with having beaver and muskrat fur in his possession on May 27, and promptly denied the charge. Mr. Henderson was the only witness called in this case. She said she was at Mr. Rednor's on May 27, and there were no skins around there on that date and none about the place.

Mr. Ben Sawyer, designated as "Little Ben," was also charged with having fur in his possession in contravention to the Act.

Mr. Sawyer both swore that they saw no furs or know of any at any time. The magistrate read a letter in court wherein Mr. Hyland said those people told him they would, if charged, have to plead guilty, but in the face of the evidence taken, even if Mr. Hyland were there, he saw nothing else before him, but to dismiss the cases, which he accordingly did.

A HIGH RANK

The principal then asked for the co-operation of the senior pupils in the tasking of keeping up the traditions of the school. The Lindsay Collegiate Institute had a high rank among the schools of the province. It had its peculiar features which distinguished it from all other. The school had been so great that the co-operation of all the senior students was needed to maintain these old traditions.

RECOGNIZES SPORTS

While Mr. Kirkconnell believes in good solid work he is not much in sympathy with "plugging." He thought that the sole attention to the development of the mind must be given at the expense of the body. Sports were necessary to the training of students, and he wanted to see them make use of the large grounds at their disposal. The hours for recreation were from four to six; the evening was the time that should be devoted to study. Said Mr. Kirkconnell: "While I may not take part in these sports myself still if the boys are ever short of a first baseman or a short stop I might step in and fill the vacancy."

This grand statement was greeted with loud applause from the boys, which argues strongly for Mr. Kirkconnell's rapid popularity.

In concluding, Mr. Kirkconnell said that he wished the same treatment to be accorded the Collegiate as would be accorded a business institution. The holidays were over for the present and all should be on hand for work in the morning. He hoped that the relations between the staff, the pupils and himself might be more useful and pleasant every day.

The board then withdrew and the principal assigned the students to their various rooms where they would receive full instructions about their work.

COUNTY CORRESPONDENCE.

OMEMEE
 Omeenee, Sept. 1.—A large number of Omeeneites spent the Sabbath at the different points along the river. Our streets looked gay this morning with the bright scarlet uniforms under Adjt. German, Capt. Fee and Lieuten. Thom and Sutton. It was one of the fullest and best looking companies that has marched out during the last six or eight years and Col. Sylvester is popular with all the boys.

It was certainly a war-like looking village this morning. Civilians were preparing for enjoying the duck season. Many have arrived from Port Hope, Brampton and other outside places to spend a few days on the waters.

Our pet hunters, fishers and trappers are naturally jealous of so many outsiders coming in since the opening up of our river. But they will only have to show their extreme skill on some other waters.

Mayor Evans, representing the North Ops, was in Ottawa this evening to meet a railway commission in reference to the removal of our station. The council were too busy shooting ducks, affording more enjoyment.

The Lindsay dailies are all looked forward to with great interest every evening.

Both the Conservatives and Liberals will take advantage of the cheap rates to Lindsay on Thursday.

There is not the usual interest or talk of attending the Toronto Exhibition this year. However, a few will go.

The citizens are glad to know that Mr. J. C. Stephenson has purchased another gas yacht of the best and safest kind and will be here next Saturday.

There has been no accidents with gasoline here yet, and Mr. Beatty has shown the greatest care and skill with his.

There was never such clouds of dust throughout the country and farmers are wishing for rain.

The sad death of W. O. Stacey and Robt. Irvine is heard of with regret by their friends and acquaintances.

STOMACH INDIGESTION.

Per-na Strikes at the Root of the Trouble.

MR. S. J. MASSEY.

Mr. S. J. Massey, formerly a resident of Toronto, and a well-known business man, writes from 247 Guy street, Montreal, Quebec:

"I wish to testify to the good results I have derived from the use of Peruna. Having been troubled for several years with catarrh of the head, I decided to give Peruna a fair trial and I can truly say I have received great benefit from its use. It evidently strikes at the very root of the trouble and good results are soon noticeable.

"I have also found Peruna a very valuable remedy for stomach trouble and indigestion.

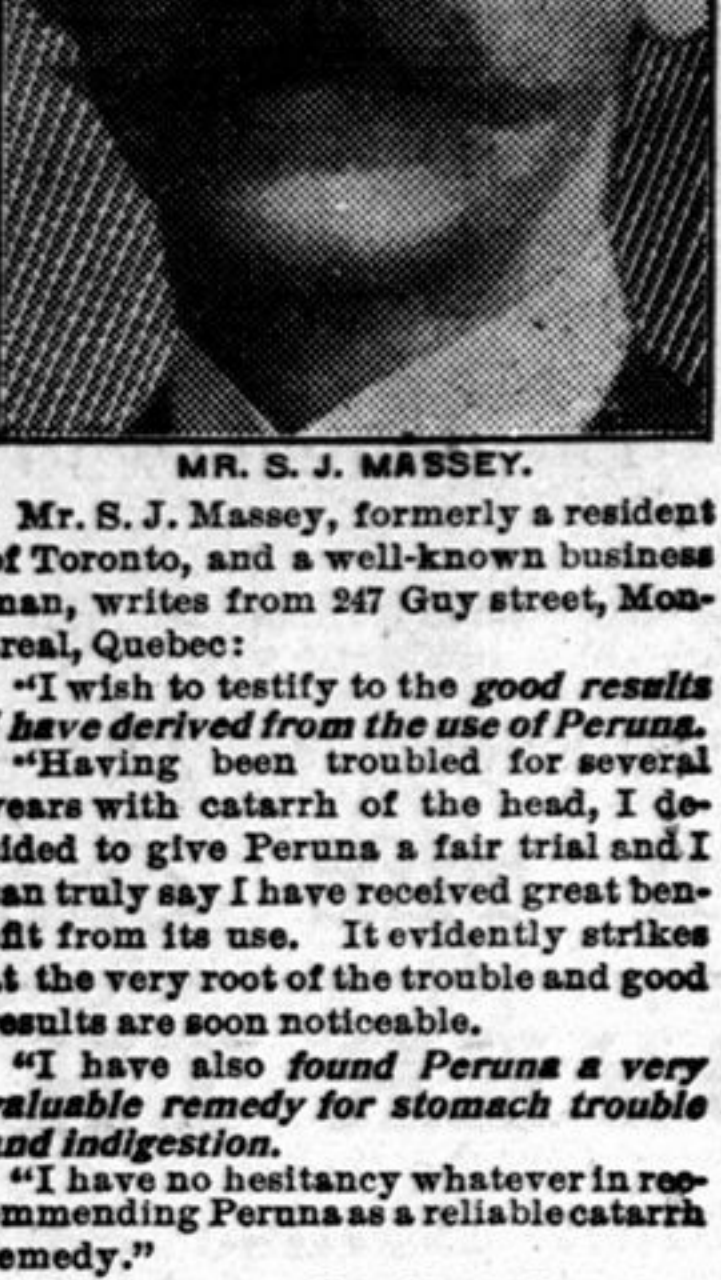

"I have no hesitancy whatever in recommending Peruna as a reliable catarrh remedy."

There are several kinds of indigestion. The trouble may be due to sluggishness of the liver, derangements of the bowels, enlargement of the pancreas, or it may be due to the stomach itself. In nearly all cases of stomach indigestion catarrh of the stomach is the cause. The only permanent relief is to remove the catarrh.

Peruna has become well-known the world over as a remedy in such cases.

STOMACH INDIGESTION.

Per-na Strikes at the Root of the Trouble.

MR. S. J. MASSEY.

Mr. S. J. Massey, formerly a resident of Toronto, and a well-known business man, writes from 247 Guy street, Montreal, Quebec:

"I wish to testify to the good results I have derived from the use of Peruna. Having been troubled for several years with catarrh of the head, I decided to give Peruna a fair trial and I can truly say I have received great benefit from its use. It evidently strikes at the very root of the trouble and good results are soon noticeable.

"I have also found Peruna a very valuable remedy for stomach trouble and indigestion.

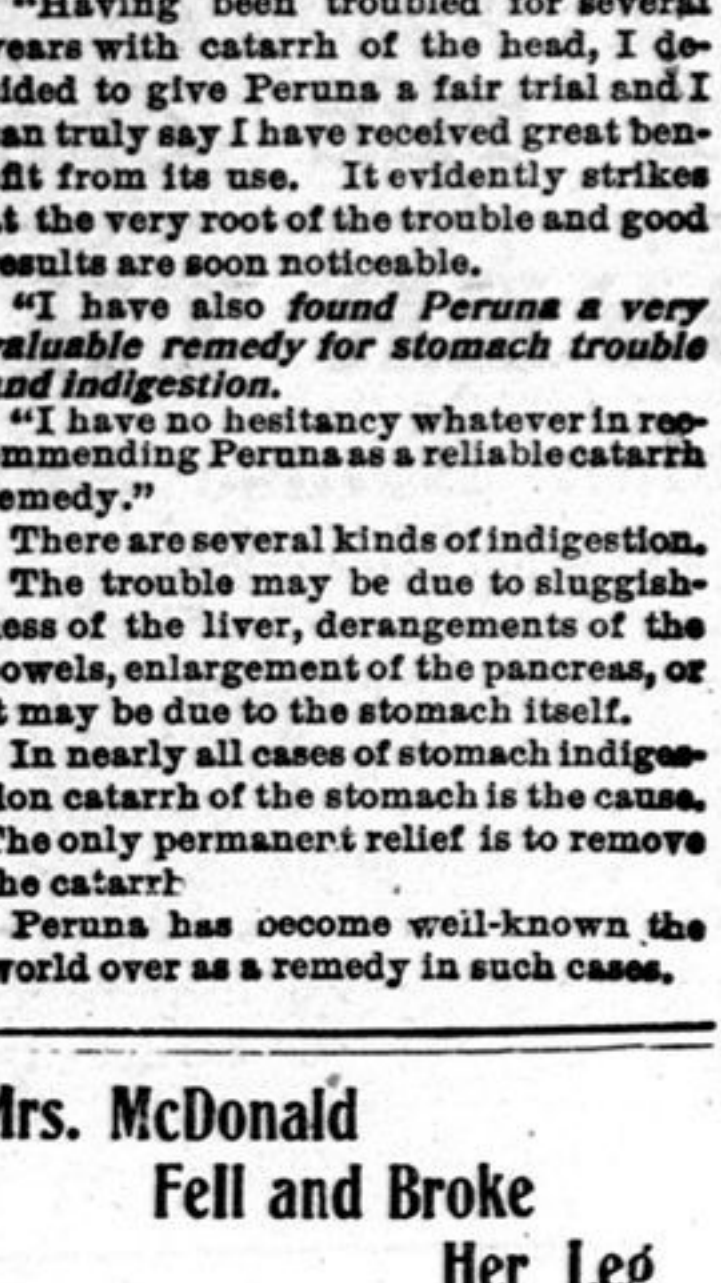

"I have no hesitancy whatever in recommending Peruna as a reliable catarrh remedy."

There are several kinds of indigestion. The trouble may be due to sluggishness of the liver, derangements of the bowels, enlargement of the pancreas, or it may be due to the stomach itself. In nearly all cases of stomach indigestion catarrh of the stomach is the cause. The only permanent relief is to remove the catarrh.

Peruna has become well-known the world over as a remedy in such cases.
