

MAGISTRATE CURED OF PILES & ECZEMA

One of the latest prominent gentlemen to speak highly in Zam-Buk's favour is Mr. C. E. Sanford of Weston, King's Co. N.S. Mr. Sanford is a Justice of the Peace for the County, and a member of the Board of School Commissioners. He is also Deacon of the Baptist Church in Berwick. Indeed it would be difficult to find a man more widely known and more highly respected. Here is his opinion of Zam-Buk. He says:—

DEATH OF JOSEPH COOPER

Continued from page 2.

His courtesy were always in evidence. He had a passion for work and when engaged in journalistic work he was ever zealous, the result being that he built up not only a large circulation for his paper but also a splendid reputation. He was earnest and conscientious in his opinions and charitable in his judgment of others. The late gentleman was one of whom it can be said, "It was a pleasure to meet him"; he was pleasant and affable, and there was an unusual purity of contour and delicacy of chiselling in his visage. In conversation and in private life he was modest and retiring. He had the usual common school education, but he had to go into the world as soon as he was able to earn his livelihood, so that the best part of his education was gained in that Albert Hubbard describes as "the University of Hard Knocks."

WON SPECIAL PRIZE.

Wm. Downer and Son, of Little Britain, won the special prize offered by Mr. Peter Ferguson, of town, for the best yearling horse on the grounds at the Woodville fair. The same colt won first prize in the agricultural class.

Vancouver, the "New York" of the Pacific Slope--Snap Shots of Methodist Conference

A country must from the very nature of things either develop and prosper or be non-progressive. The Pacific regions have greatly developed within the last few years, but it is only by comparison that the observant traveler finds out just how much the country has developed. The pastor of the Cambridge-st. Methodist church, Rev. J. P. Wilson, B. A., has just returned from a trip to Victoria, B.C., where he combined business with pleasure. Rev. Wilson was enjoying a well-earned vacation and at the same time also attended the annual conference of the Methodist church, being a delegate from the Bay of Quinte conference. Sunday morning instead of preaching a sermon to his flock he delivered an excellent address on the recent conference, touching on other public questions of the hour.

PHENOMENAL GROWTH. It was in the course of his address that he lauded the regions of the Pacific slope, stating that since his visit across the mountains some years ago he noticed many developments. The growth of the country was termed phenomenal; little hamlets are now progressive villages, towns have grown into cities peopled with industries, progressive people.

"The success of the country is assured," said Rev. Wilson. "Beyond the 55th parallel successful farming is being carried on and the people are building fine homes. In the not far-distant future one hundred million people will people this vast country of ours. We have a heritage out there that no man can estimate."

GREAT GRAIN MARKET. Continuing the pastor said: "Winnipeg is the first great city of importance we meet on our way out to the coast, with its one hundred and thirty thousand inhabitants—the greatest grain market in the empire. Winnipeg has six miles of street railway in the city and forty miles outside the city. The city also has four hundred miles of Parks.

A THRIVING CITY. "Calgary is the next city of importance, although we pass through other fine cities including Brandon. The city of Calgary operates its own street railway and electric plant. It is a great, thriving city.

THE COMING CITY. "Victoria, the seat of the Methodist conference, is a beautiful city, but Vancouver is the great city of the west, and as one of our fellow-citizens said, it was 'New York of the Pacific slope,' with the finest harbor in the world—a city rebuilt after the great fire and well rebuilt. It will be the coming great city of the whole Pacific coast."

THE BUSY WEST. The above remarks by Rev. Wilson were but an introductory to his address, and at this juncture he commenced to relate about the business which occupied the attention of the Methodist conference. He stated that he was, along with others, bitterly opposed to the holding of the conference away out on an island at the Pacific coast, but all eyes had been opened, and all were able to see the vastness of the country, the people and the struggle which was going on to maintain the British rule and the Christian church. The country was found to be thickly populated with people from many countries, real estate agents were many and the excitement of business was noticed to be most intense, and in the grip of young men.

"But," prophesied the speaker, "if they forget God in their struggle for riches then they will not prosper. However, we found the church with its back to the wall fighting the good cause. We speak of the 20th century as being Canada's century, but do we mean by that the hoarding of riches, cattle, horses and land, or do we mean the

20th century for men? THE EUCHARISTIC CONGRESS. "On the one hand we have worldliness and Christianity and on the other idolatry and Romanism." Continuing Pastor Wilson referred to the recent Catholic congress held in Montreal, stating that "to bow prostrate in the streets of Montreal to a piece of bread and a bottle of wine is idolatry of the worst kind. If our church is not aroused by the scenes in the east and in the west then the cardinal is right, we are a 'soulless people,' but I am glad the whole world bristles against the idle statements made by a venerable father."

A SUCCESSFUL CONFERENCE. Referring more particularly to the conference Rev. Wilson stated that it was attended by four hundred and thirty-six delegates; it was a big gathering and a very successful one. The conference was formally opened on Monday by that "grand old man," Rev. Dr. Carman, who went back again into office with a sweeping vote. The committees were very busy holding daily sessions from 9.30 a.m. till 12, 2.30 p.m. till 5.30 p.m., and 8.30 p.m. till 10 p.m. The state of the work was reported to be most encouraging, great emphasis being laid on the necessity of home religion. Methodism was shown to be on the increase on all sides.

A TEMPERANCE HOTEL. The committee on temperance gave an excellent report. One of the best hotels in Vancouver is a temperance hotel and is patronized by the best railway lines. The missionary report was also a good one, and we have the interest of fourteen million people in our hands.

CHURCH UNION. "The union question" of the Methodist, Presbyterian and Anglican churches passed without a debate of any extent, the vote standing 220 to 35 in favor of church union. "Dr. Clever's resolution against Er. Jackson caused a heated discussion, and Dr. Watson's resolution to the same matter passed with a majority, but I was with the minority, because I felt that we should recognize Jesus Christ as the infallible teacher. The resolution was again modified to suit all."

OTHER DEPARTMENTS. The speaker referred briefly to the matter of preacher's salaries. The Women's Missionary Society was given an enlarge field in the Sunday school. Woman's suffrage was given ten minutes and voted down. Mr. W. Flavell's motion to enlarge the Bay of Quinte conference so as to take in part of Toronto was discussed, but no action taken. THE FAMOUS FOOTNOTE. "A vexed question was the foot note," said Rev. Wilson, "and it aroused considerable discussion. The great weakness with the foot note was that no person knew how it ever

Suffered from Heart Trouble and Nervousness for Six Years Lost All Desire To Live.

WAS FINALLY CURED BY THE USE OF MILBURN'S HEART AND NERVE PILLS.

Mr. Regis Lavallee, Sorel, Que., writes: "For six years, at least, I suffered from heart trouble and nervousness which took from me all desire to work and even to live. "When I found myself in this condition and getting worse I took the medicine the doctor prescribed for me but without any result."

"One evening I was reading the paper when I saw your advt., so cut it out and the next day went to the druggist and procured a box, and since that time my nervous system has been in perfect condition."

"Be assured, gentlemen, that I will never be without Milburn's Heart and Nerve Pills for they gave me strength to work and support my mother, who is an infirm widow and of whom I am the only support."

Milburn's Heart and Nerve Pills are 50c per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SAMPLE SHOE SALE. Great chunks will now drop off the prices on Sample footwear to-morrow. Look at these prices and your feet and purses will both get uneasy.

FELIX FORBERT

got there—the general conference did not put it there. It was weak because it mentioned certain things and left out a whole lot of other things. Dr. Andrew's resolution eliminated the foot note in detail, but retained the great principles. ELOQUENT SPEAKERS. "From Bermuda to Victoria the conference was one great connection in Methodism. Some of the most eloquent men were present representing other conferences, and many eloquent addresses were delivered. There was no diversion of opinion in regard to the great work of Methodism. The great conference closed and every man felt as John Wesley did when he said, "The World is my Parish."

C.N.R. Will Build A Costly Hotel

Winnipeg, Man., Sept. 15. — The Canadian Northern Railway will begin shortly to build the proposed hotel in Winnipeg to cost \$2,000,000. President William Mackenzie, who arrived from the West to-day, intimated as much. The location for the building, Mr. Mackenzie stated, was the corner of Water and Main-sts., where the old Northern Pacific formerly stood. This is the natural site for the building, Mr. Mackenzie stated, and here it would be built. The property, of course, belongs to the company. With the building of the hotel, the structure at present used as a depot will be renovated.
